

GREATER OREGON PLANS COMPLETED FOR EASTER

Members Will Speak Before High Schools of State

Plans have been completed for the work to be done by the Greater Oregon committee during vacation, according to Curly Lawrence, chairman of publicity. In addition to members speaking in their home towns, it has been arranged to have them cover high schools in other towns where the committee has no representatives. Some members of the faculty will also speak at various places in the state.

Probably every high school of any importance will hear a representative before the beginning of next term, the object being purely educational in character and not for the purpose of recruiting students. It is to supply the preparatory school seniors with information about the University and to answer any questions which they may wish to ask.

Motion pictures will probably be used showing the campus and college life at Oregon. Dances may be given also in an endeavor to bring the high school and University students in closer contact with each other and to enable them to become better acquainted.

It has been decided to reduce the Greater Oregon committee from 80 to 5 members as it is believed that more efficient work can be accomplished with a smaller body. The reorganization will probably be effected next term.

Appreciation for the part that the University of Oregon has played in cooperating with the United States Veterans' Bureau in carrying on the rehabilitating of the disabled men of the Northwest has been voiced in a letter received by L. D. D. Johnson is resigning from his position as assistant chief of the Veterans' Bureau and, in the letter, says he wishes to express his appreciation to Mr. Johnson and members of the faculty of the University for the cooperation shown in providing the sort of training for the men disabled in the service which is best adapted to the overcoming of their vocational handicaps.

REX

Soiled, muddy shoes? That's where you lose, appearances will tell.

Here in this chair I'll put a glare upon them something swell.

I'll also fix those yellow kicks and make them black as night;

No acids used, no shoes abused, with black I treat you white!

Each pair I shine is right in line with patent-leathers, pard!

Selected stock that none can knock, so keep this little card—

It points the way to the only kinds:

They are the Right-way Real.

House Mothers Jubilee

Over Freedom

A great dilemma is upon us, but even so, there is cause for rejoicing on the part of the house mothers of the campus.

The house mothers jubilee for Tuesday it is doughnut handball, Wednesday doughnut boxing. On Thursday comes doughnut baseball and on Friday the girls of the We-Gos-Sip-a-Lot organization peddle the fruit all over the campus.

And now comes the announcement that there is going to be doughnut golf! When and where it will be "goffed" is an unanswered question.

Since this seems to be the trend of action OBAK comes to the front to show that he is not so far behind the times and offers a series of doughnut pool, doughnut billiards and doughnut snooker.

Also, while speaking of doughnuts, don't forget that he has doughnuts and coffee on tap at all hours.

Arrangements have been made for special sticks and tables. When the competition gets hot a section of bleachers are to be installed to afford sufficient room for yelling supporters.

To show he's not a slacker he will offer a prize of six Wm. Penn cigars and a box of matches to the winning organization with a loser's reward of a new brier pipe, tobacco and lights.

Of course if a lady should take the top place we could rig up something else as a reward; perhaps a shot of Society that regularly retails at 25 cents.

While we're passing we might note that many will have the feeling, after exams, that more doughnut studying contests should have had the first place in the lists.

Delight for two bits.

It has been known through the ages that a pipe of tobacco or a good cigar is the lovesick's best friend. If OBAK can not make you forget, take a Little Bobby and go sit on the bridge.
