

## PROGRAM TO FEATURE HIGH SCHOOL SESSION

Music, Movies and Stunts to Entertain Visitors

A "two-bit" show as the first "college night" ever attempted on the campus will be held in the Woman's building next Friday night at 8 o'clock as a special entertainment feature for the visitors at the high school conference, scheduled for next week-end.

The first part of the program will be movies, showing campus and junior week-end views. Painting the "O", millracing the frosh, burning the green caps, rehearsing the senior play, and the tug-of-war are among the scenes. Then there will be a reel of the Oregon-O. A. C. football classic of last season and some slow moving athletic pictures of Bill Hayward's, himself explained by the veteran coach himself.

Music and stunts will make up the second half of the evening. The glee clubs are scheduled to produce some of their best harmony, under the direction of John Stark Evans, and the University Symphony orchestra, with Rex Underwood holding the baton, will play. Some readings and special stunts will be given.

The idea of the evening is to show the visitors a few samples of Oregon activities and give the entire student body an opportunity to meet the guests. Students are expected to turn out "en masse" as the admission will be only 25 cents.

One feature of the entertainment is the fact that this will be the first time the three campus musical organizations will have appeared together on the same program. The program will be completed and announced next week.

Jack Benefiel, graduate manager; Lyle Bartholomew, student body president; Alfred Powers, of the extension division; Bill Hayward, track coach; James Meek, president of the Oregon Knights; Rex Underwood, director of the orchestra; John Stark Evans, director of the two glee clubs, and Art Rudd, glee club manager, are cooperating in staging the show.

## CONFERENCE OF OFFICERS

(Continued from page one)

alumni hall of the Woman's building at 8 o'clock.

On Saturday morning at 8:30 o'clock the conference will meet again to hear Dean Sheldon of the school of education speak on the topic, "High School Clubs," and at 9 o'clock to hear Professor H. R. Douglass of the school of education speak on the question of "Student Body Finances." At 10 o'clock a group picture of the delegates will be taken on the steps of the Administration building, and from 10:30 to 12:00 the dean of each school in the University will give a short talk to the delegates on the general theme of higher education.

From 1:15 to 3:15 the delegates will meet to form some sort of a permanent interscholastic organization and to elect officers. This meeting will officially close the conference, and after this the delegates will attend the finals of the all-state relay, which will be held Saturday afternoon on Hayward field, and in the evening will attend the University honor day in which all University students who have by their work in student activities merited some recognition from the Associated Students, will be presented with the letter or pin which is awarded in that activity.

Two of the senior women of the University, Ella Rawlings, president of the Woman's league, and Helen Carson, secretary of the Associated Students, will have charge of the high school secretaries' program.

## ENTRIES ARE MANY

(Continued from page one)

for awhile that Tommy would not be here to take part in the meets, which would have put a crimp in the not overly strong half mile team.

Seven entries were made in the mile. Beatie came in first, Walkley second, Koepf third and Bidwell fourth. Beatie looks like a comer in this race. His form and general condition have improved very remarkably, and in the two years left to him he should be able to develop into a top-notch cinder artist. Walkley, Koepf, and Bidwell are in first class shape and add materially to lemon-yellow track aspirations in the coming meets.

In the low hurdles, Kuhnhausen beat

Webber out by a close margin, McKinney getting third. Kuhnhausen is a hard and conscientious trainer, and seems to be in fine condition. He and Webber will represent Oregon this week in that event.

Tryouts in the shot put ended the varsity competition for the day. Scotty Strachan had the edge on both McGraw and Von der Ahe, who competed with him. McGraw took second. Other tryouts in varsity events will be held early this week.

In the frosh 220, Virden came first, Paulson second, Hunt third, and Johnson fourth. While the time was not given out it was good enough to make the rooks feel uncomfortable. Bill says that Virden is a comer, and expects to build him into an all-around athlete in the course of another year or two.

In the 880, Bill Peek came in first, Sholtz second, Thering third, and Jordan fourth. Other freshman tryouts will be held this afternoon.

## F. L. STETSON TO RETURN

Extension Man to Be on Campus After Three Years' Absence

Prof. F. L. Stetson of the school of education is returning to regular class work on the campus this spring after an absence of nearly three years. In 1910-1920 Prof. Stetson, who was then a resident member of the school of education faculty, received a leave of absence, spending it at Columbia University where he took graduate work in education. The following two years were devoted to extension work in Oregon, including the teaching of several classes in the Portland extension center and a large amount of field work in high school visitation and lecturing in institutes.

During the spring term Prof. Stetson will have courses in social aspects of teaching, high school administration and supervision, and special problems in secondary education. These classes began this week, as Prof. Stetson has been in Spokane, Washington, attending the Inland Empire Teachers' association last week.

## UNIVERSITY HIKE ENJOYED DESPITE RAINY WEATHER

Old Baldy Scaled by All But Four; Pictures Taken

Intermittent showers, hailstorms, wet and muddy footing failed to dampen the ardor of the 30 hikers who Saturday, under the leadership of Dr. Raymond H. Wheeler, of the psychology department, scaled the slippery slope of old Baldy. During the strenuous 16-mile hike everyone conducted himself in a real sportsmanlike manner and an excellent time was enjoyed by all those who participated. On the return trip the benefits gained by the hike were discussed and there was much speculation as to the date of the next University hike.

At 9:30 the party boarded the Springfield car. Leaving it at the end of the line they walked by way of Hayden's bridge and then up the Mohawk and across field toward Baldy. Taking a cart road the party ascended to a sawmill, half way up the hill. This mill was reached at 12:30 and a fire was made and lunch served. The hikers rested there and took some pictures, although the day was not suitable for kodaking.

Taking to the open pastures, the climbers gained the summit about 4:00. Only a short stay was made. An excellent panorama of the Willamette valley to the south and west was obtained. Because of the cloudy sky it was impossible to see the Cascades. Some pictures were taken at the top. All but four made the ascent, these remaining at the base of the steep ascent.

The descent began at 4:20, the party skirting the south brow of Baldy and coming down the side at the caves. The caves were inspected and pictures

taken. The hikers crossed to Seavey's Ferry and from there most of the party walked in and got the 5:30 car. The slow plodders took their time and made the next car. With the exception of two girls getting lost, there were no incidents to mar the first University hike of the spring term. Hiking enthusiasts are eagerly looking forward to the announcing of the next excursion.

## GIRL MAKES HIGH SCORE

Lieutenant M. E. Knowles, in charge of the University women's gallery rifle competition, announced yesterday that Wave Anderson, a freshman in the competition, has made a high score of 97 out of 100 possible shots. This beats a score made by Beryl Jarvis, a student at O. A. C., of 96 out of 100.
