### MUSICIANS WILL APPEAR IN JOINT CONCERT MAY 9

J. B. Siefert, Tenor, and L. A. Coon, Pianist, in Benefit Recital in Presbyterian Church

Phi Mu Alpha and Mu Phi Epsilon, national men's and women's honorary musical fraternities, will present John B. Siefert, tenor, and Leland A. Coon, pianist, in a joint concert on Tuesday, May 9, in the Presbyterian church.

The presentation is to consist of three voice groups sung by Mr. Siefert, and two piano solos by Professor Coon. These compositions are chosen from the older music, foreign classics, and from modern American songs, none of which have been heard on the campus before.

One of the selections to be played by Professor Coon was composed by Isador Phillip, of the National Conservatory

at Paris, under whom he will study in France next year.

Both Mr. Siefert and Professor Coon are connected with the University School of Music and are well known for their talent and ability.

The purpose of the concert is to finance the purchase of furnishings for the fraternity chapter room in the Music building. The two fraternities are well-known to students of the University, a number of concerts having been given by the organizations during the assembly periods, as well as an outdoor musical which was delivered last week by Mu Phi Epsilon.

A joint committee of the two societies, composed of Ralph Poston, chairman, Mrs. A. C. Dixon, Florence Garrett, and Herbert Hacker, is in charge of the affair.

### BLEACHERS FOR FETE TO BE FINISHED SOON

#### Committees Tighten Up on Junior Week-end Plans

Plans for Junior Week-end are now developing rapidly, according to reports made last night at the regular Wednesday meeting of the general committee by chairmen of the committees handling the various events. With only three weeks to go before the annual week-end event takes place, there is a noticeable tightening up in all phases of the work.

According to the decision reached yesterday afternoon by the student council, work on the campus luncheon will now go forward rapidly. The usual plan of collecting money and food from the various campus organizations will be repeated. The bleachers are to be finished within the next two weeks. One more work party of the junior men is planned by the committee in charge.

Names of all floats for the canoe fete are to be in by May 1. Although nearly all houses are now working on floats this early date will necessitate a speeding up on the part of many.

A number of novel and interesting entries are expected as a result of the combination of men's and women's organizations in preparing them.

Posters will be out Friday, and will be sent throughout the regular. Stories have been going out regularly to all daily and weekly papers.

The juniors are preparing to secure considerable funds toward defraying the expenses of the week-end through the Junior Vot-ville, which will be staged May 6. This year's show has been unusually well worked out, and is expected to get over well. Nothing has been planned at present to take the place of the student body dance which was called off last week-end.

### FAMILIES ARE IN DISTRESS

#### Tearing Down of Bleachers on Kincaid Field Destroys Homes

A dozen or more Eugene families are in distress this morning as a result of the destructive activities of three University workmen who started tearing down the old bleachers on Kincaid field yesterday.

The warm weather of the past two weeks has been a great stimulant to the home-making instinct. A great deal of activity that no one dreamed of has been going on in Kincaid's old relic.

The bleachers would no doubt have been torn down some time ago had it not been for the long delay in the arrival of warm weather. Bohler's twirlers objected to twirling in the rain; so a floor was laid and nets put up in the old grandstand and the pitchers practiced there.

But warm weather is here at last, and baseball can be played in the open, so the bleachers are now being torn down. The removal of some of the seats revealed a dozen or more robins' nests, some of them containing small blue eggs, on the sills and braces of the structure.

### SOCIOLOGY MAJORS TO DINE

#### President Campbell to Speak at Gathering Friday at Osburn

The students and faculty of the Sociology department will hold a get-together dinner at the Osburn hotel Friday evening. President Campbell, Dr. Parsons, and Mrs. Azile Howard, executive secretary of the Red Cross, will be the speakers of the evening.

Alice Smith, of the Chi Omega house, will tell the members about the prize which will be given by that house to the best student majoring in sociology. Music will be furnished by the Chi Omega trio, Miss Kennedy, Miss Greene and Miss Lorenz.

This meeting will probably be a start toward some organization of the department.

### VARSITY TENNIS SINGLES TRYOUTS ON THIS WEEK

#### Dirt Courts Soon to Be Ready, to Relieve Congestion

In the tryouts for the varsity tennis team this week on the courts west of the library, Smith defeated Hayden 6-1, 6-3, Monday afternoon, and Williams won from Culbertson 4-6, 6-2, 6-1. Tuesday Culbertson defeated Darby 9-7, 6-2.

The dirt courts on the west end of the campus are being repaired and with these additional courts the present congestion on the cement courts will be relieved to a certain extent, although there will still be some "waiting" for them. One court will be reserved for practice for the fresh tennis men who are tentatively scheduled to meet the O. A. C. courts at Corvallis during O. A. C.'s Junior Week-end, May 12. The fresh team will probably be selected early next week.

The first game for the varsity will be next Saturday morning at 11 o'clock when the three single matches will be run off. Following this game the Oregon team will play Reed college at Portland, May 5, and on the 6th will meet the M. A. A. C. team. On May 8 the varsity will start on their California trip to participate in the Pacific Coast tennis tournament to be held at Berkeley. During Junior Week-end the locals will battle with the racquet-wielders from O. A. C.

### EXHIBIT TO BE AT Y. W. HUT

#### Display in Conjunction with Student Volunteer Movement

In conjunction with the Student Volunteer conference to be held on the campus during the latter part of the week, an exhibit of data relative to missionary work will be shown at the Y. W. Bungalow. A large map of the world will be on display, showing in diagrammatic form the number of former Oregon students now serving in missionary fields and the places where they are located.

The same plan will be adopted for students of other Oregon colleges and universities. There will be also a display of posters with statistics showing the state and condition of the missionary fields of the world. Native mis-
