

KAPPA SIG HEADS LIST IN INTRAMURAL SPORTS

Baseball and Tennis Remain to Be Played Off

SIGMA CHI STANDS SECOND

Ratings of All Teams Given; Rules to Be Compiled

With the addition of the swimming, track, and handball scores to the all-year doughnut schedule, the Kappa Sigs seem to have the plaque cinched, for with their total of 18 points they are 10 points ahead of their nearest competitor, Sigma Chi, and there are only two more sports to be added, in both of which the Kappa Sigs stand to get sixth even if they do not win another match.

The score of 18 points is an exceptional one considering the fact that there are nine sports on the doughnut calendar, in only one of which the winners placed first, but they also have never dropped lower than fifth place, where they placed in boxing. The Oregon club and Sigma Chi have each gathered in three firsts in the doughnut sports, but have fallen very low in others, the clubmen going to eleventh place in track, while Sigma Chi took seventh in both boxing and basketball.

Schedule to Be Broadened
The doughnut schedule this year has been much more inclusive than ever before, and, taking into consideration the number of men who have entered into competition in each of the seven sports that have been run off so far, it has been very successful. The prime

purpose of the plan is not to find which organization has the best group of all-around athletes, but to develop physically, with the possibility of bringing out some of Varsity calibre. Tennis and baseball remain to be run off after Junior Week-end, but since tennis is on a straight elimination basis, and the first round of baseball is over, with only six teams left in the running, these should be finished by the week after next.

Delts Stand Third
Delta Tau Delta stands third in the list, with a total of 30 points. The Delts have only one first, which they annexed in track. The Oregon club is fourth with 38 points, although they have three firsts to their credit. Sigma Alpha Epsilon is fifth with 36 points, although they have never taken better than third in any one sport.

The track finals gave Delta Tau Delta, first; Kappa Sigma, second; Alpha Tau Omega, third; Bachelordon, fourth; Sigma Chi, fifth; Beta Theta Pi, sixth; Phi, seventh; and Oregon club, way down with only 11 points. Handball finals gives Sigma Chi, first; Kappa Sig, second; Delt, third; S. A. E., fourth; Phi, fifth; and Kappa Theta Chi, sixth.

Rules Give Trouble
There has been a great deal of trouble over the different eligibility and playing rules in the doughnut schedules this year, but the intramural committee is to draw up a set of written rules before the end of the year, in order to have a fixed form to govern contests next season. This set of rules will be worked out with the help of the different coaches, and the officers of the school of physical education, and will cover all questions of eligibility and other points over which discussions have arisen this season.

The tabulated standings of the teams are as follows:

	Penetration	Wrestling	Boxing	Handball	Swimming	Track	Total
Kappa Sigma	1	2	3	5	2	3	18
Sigma Chi	7	1	1	7	1	6	28
Delta Tau	7	3	4	8	3	4	30

THREE CANDIDATES ARE SUGGESTED FOR PRIZE

Final Winner of \$25 Prize Will Be Chosen by Vote of Senior Class for This Year's Activity

Recommendations for the winner of the Albert prize of \$25, which is given annually to the member of the senior class in the University who has made the greatest advance in activity on the campus and in scholarship during his final year, were made at a meeting of the committee of faculty and students who are in charge of the award, yesterday. According to Dr. John Landsbury, dean of the school of music and chairman of the committee, three names have been selected from the members of the class and will be proposed to the entire senior class for the final vote before the award is made. These will not be announced and only that of the winner will be revealed.

Members of this committee who represent the student body and were appointed by Lyle Bartholomew, president of the A. S. U. O., are Alice Evans, Mildred Ferguson and Arthur Campbell. In addition to Dean Landsbury, who is chairman of the committee, Miss Elizabeth Fox, dean of women, and Dean John F. Bovard of the school of physical education, represent the faculty on the committee.

YOUNG REDDIE DOES PORTRAIT

MacIvor Reddie, son of Fergus Reddie, and instructor in the Museum of Fine Arts of Boston for about a year, is now painting a portrait of Miss Munsell, daughter of Munsell the painter, who died recently. Munsell, in his will, asked that MacIvor Reddie do this work. He also has done an orange chalk drawing of Coningsby Dawson, the English writer, which he sent to his father here.

CARNIVAL TO BE FRIDAY

(Continued from page one)

Omega and Sigma Chi first. We hope that no delay will be encountered between the floats, so that the carnival may be run off in record time. Last year the parade commenced at 8:30 and was still going at 11:30. This will not happen again."

In order to handle the crowd during the evening, Franklin street from the intersection at 11th street to Emerald will be closed to traffic after 7 o'clock. No parking of automobiles will be allowed within this territory.

The lighting committee has made arrangements to have some good spot lights at effective elevations to provide illumination for those floats which require it. Organizations with such floats are advised to notify Al Krohn immediately so that arrangements may be made. Entries will be numbered. If they are not ready to start in their order, they will be placed at the end of the procession.

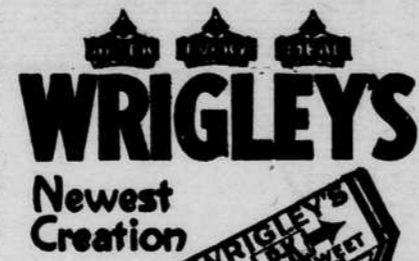

Glee Clubs Will Sing
During the review of the floats both the men's and women's glee clubs will sing. John Stark Evans will direct.

Judges for the fete are Wilkie Collins, W. F. G. Thacher, Miss Ida Turney, Mrs. Marion McLain, and Miss Maude Kern. The prize winner will take both cups, one going to the women's and the other to the men's organization. The parade will commence promptly at 8:30.

PROTECT YOUR CLOTHES AND FURS FROM MOTHS
—Do it the sure, convenient, inexpensive way

Keep your garments, wraps and bedding stored in a well-made, moth-killing

Genuine Red Cedar Chest

Millions of dollars worth of clothing, furs, blankets and textile goods are destroyed every year by the ravages of moth-worms.

The United States Department of Agriculture recently had a series of tests conducted to determine the value of Red Cedar Chests as protection against damage by moths. The Department's Report shows how these chests "are effective in protecting fabrics from clothes-moth attacks" because "cedar chests do kill young larvae" (moth-worms).

This is Cedar Chest Week—May 15th to 20th

We have a complete stock of these Chests ready for your inspection in a variety of styles, designs and prices, and in finishes which will match period furniture.

Now, when you are getting ready to lay away your Winter things, is the time to get one of these Chests and **make sure** of safe storage for your clothing and furs.

Come in and ask us for a copy of this valuable booklet. It tells what the Department of Agriculture tests proved about the value of Cedar Chests and how to care for your garments to insure their safety.

Your copy is here, ready for you, with our compliments—no charge.
