The Distinctive Qualities First

Junior Week-end comes but once each year and the festival occasion not only acquaints the visiting preppers with the University, but likewise gives Oregon hospitality a chance to exert itself to the last ounce. Not that there must be a false assumption of hospitality, for there is more to the democracy and friendliness moulded into the spirit of this University than that. The preppers are to be welcomed and entertained in true Oregon style, which does not consist of the tinsel glamour, only surface deep.

The preppers who visit the campus today and tomorrow have a definite purpose in mind. They too are serious and do not wish to participate in a whirl of social gaiety to the exclusion of the real purpose of becoming acquainted with the University which means for them, the opportunity to complete an education only fairly begun when they have reached the stage of seniors in their respective high schools. The hosts cannot overlook the highly important point any more than can the visitors.

While they are here, the real University as it is must be shown them, not the mere gilded side of the social life. The real students of Oregon are proud of the opportunities for intellectual development offered here, the liberal education, which can be had for the exertion, the freedom of self government, and the coordination of the athletic teams which take their place in the general development of better citizens of this great State. These things must not be forgotten during this festival occasion for after all, they are the things which make this University distinctive. A delightfully gilded and tinsel whirl of social activity can be offered by any institution; these can be purchased for the money. The distinctive qualities of the University of Oregon can never be duplicated.

The action of the Executive Council in reelecting Jack Benefiel to the position of graduate manager is deserving of commendation. Benefiel, although one of the youngest graduate managers on the Pacific Coast, has likewise demonstrated that he is one of the liveliest. His foresight and careful management during the past year in the arrangement of schedules and in attempting to better the financial condition of the associated students' treasury, have been productive of gratifying results.

Through the efforts of Professor Thacher, a number of practical experts in the field have been brought to Eugene to address the classes in the advertising department. This is an example which might well be followed by other instructors, for after all there is the practical aspect to be considered as well as the theory of text book and lecture, and the only way to get this practical aspect is by coming into direct contact with it, or with someone else who has it.

For the associated students to approve of a budget calling for the expenditure of \$24,000 for next year's football season appears to be a big step until it is pointed out that this is not above the average of former years and that only a fair football season usually nets about that amount in returns. The schedule arranged for next year should net a greater return than those for years past.

Theta Sigma Phi, women's national honorary journalism fraternity, will take over the editing and copy writing of The Emerald tomorrow. This is the usual Junior Week-end custom, and the regular staff is indebted to the co-ed organization which makes the vacation possible on such a festive occasion.

WEEK-END VISITORS HERE

(Continued from page one)

lan, Ward Johnson, and Verden Hockett.

The first event of the afternoon is the tennis match between the frosh and the rooks. This is scheduled for 1 o'clock. On the heels of these matches comes the frosh-rook track meet on Hayward field at 1:30. The Varsity tennis squad will open their doubles matches with O. A. C. at 2 o'clock. The baseball game which was planned previously to be held at the time of the track meet, will not be played until 3:30 o'clock.

Canoe Carnival at 8:30

The canoe carnival at 8:30 p. m. is the last event of the day. It will be held on the mill race by the Anchorage. The fete will form at the bend in the race above the old military bridge. It will commence promptly at 8:30 o'clock and if there are no delays should be finished in an hour and a half. The bleachers constructed by the junior class for the occasion are all in readiness. High powered spotlights are being installed on the bleachers to give proper illumination to the floats. Footlights are also being placed by the bleachers for light to seat the spectators.

Saturday another baseball game will

be played with O. A. C. at 10 a. m. The track meet with Washington will be the main afternoon event. The finals of the Oregon-O. A. C. tennis matches will also be played in the early afternoon.

The Junior Prom will be the final event of the program. John Palmer, in charge of decorations, says that there is a predominant spirit of laziness in the junior class. The Armory cannot be procured for decoration until 12:00 midnight tonight. "We will start decorating at 12:30," said Palmer yesterday, "and work until we finish. I hope that when the call comes for work, the decorators will snap out of it."

INVITATIONS SENT ALUMNI

Four Classes Will Hold Reunion at Graduation Time

The alumni secretary is sending out letters to all alumni of the University, inviting them to attend the graduation exercises from June 15 to 17. Saturday, June 17, is to be Alumni Day.

The classes of 1882, 1897, 1912 and 1917 will hold their fortieth, twenty-fifth, tenth and fifth reunions respectively, and members of these classes are to be guests of honor on the campus.

BULLETIN BOARD

Notices will be printed in this column for two issues only. Copy must be in the office by 4:30 o'clock of the day on which it is to be published and must be limited to 25 words.

For students and their guests not wishing to attend the Junior Prom, a party will be given at the Y. M. Hut by the Y. W. C. A. and the Y. M. C. A. on Saturday evening, 8 o'clock. Games, music and dancing. Visitors admitted on tickets issued at Administration building upon arrival.

Senior Men—Will meet at the senior bench at 8:30 this morning for the dispatch of such business as may present itself. Wear your sombrero, and bring your star and cane, side arms, and a cut of fruit cake.

Notice—Will those students in the school of business administration who belong to the National Guard call at the school of business administration at once?

Newman Club—Will hold open house for visitors, faculty and students from 4 to 6 this afternoon in Newman hall. Social hour to be held. Refreshments.

Library Closes at 8—On account of the canoe fete Friday night, the library will close at 8 o'clock instead of 10.

NEW FEATURES ARRANGED FOR U. OF W. JUNIOR DAY

University and Alumni to Be Guests of Class June 3; Many Prizes to Be Awarded

University of Washington, Seattle, May 18—(P. I. N. S. Special)—The annual Junior day is to be June 3, when the entire university and alumni will be guests of the class of 1923. New ideas are being worked out by the two committees to make the day larger and more novel than in previous years.

The events in the canal on the south end of the campus are to take place in the afternoon. They will be competitive events between organizations. A banner will be awarded to the men's organization sending the greatest number of points and a silver cup to the women's organization ranking the highest. Individuals will also be awarded prizes of sweaters and bathing suits.

Besides the regular swimming and diving events, the committee has arranged a large number of spectacular features, such as an aeroplane exhibition, a crew race, surf board riding, log rolling and diving stunts, including a dive into the lake from the aeroplane. A special radiophone program is being arranged for the afternoon by the Post-Intelligencer.

PACKARD AND CROSLAND SCIENCE CLUB OFFICERS

Eight Named as Honorary Members of Campus Organization; Represent Many Science Branches

After a special dinner at the Anchorage Tuesday evening, the Science club elected officers to preside over the organization for the coming year.

Nominations of officers were made by a committee. By unanimous vote Dr. E. L. Packard was elected president of the club and H. R. Crosland, secretary and treasurer.

Several students of the University, who have shown interest and adaptability along the lines of science, were elected honorary members of the club. They are: Hugo Reed, William Skidmore and Roger Truesdail of the chemistry department; Ian Campbell and Claire Holdredge of the geology department; Richard Elliott of the mathematics department; W. H. Wise of the mechanics department, and Thomas Cutsforth of the psychology department.

LUMBER CAMPS NEED MEN

Mrs. Donnelly Gets Call for Summer Workers in Sawmills

Mrs. C. R. Donnelly, hut-mother at the Y. M. C. A., is in receipt of two letters from lumber companies asking for about 100 men each for work during the summer months. The wages are 37½ cents at one, and 35½ cents and up, according to experience, in the other. The work is of several different kinds—in sawmills, in box factories, and in the woods.

Anyone interested should see Mrs. Donnelly at once, as the companies are anxious to know how many men the University can furnish.

NOMINATIONS ARE POSTPONED

Due to the fact that less than two-thirds of the members of Women's League were present at the meeting in Villard hall yesterday afternoon at 5 o'clock, nominations of candidates and the regular business of the league were postponed until next Tuesday. Election will probably be held the following day.

STANFORD PLANS OPEN OPERA

Construction work has commenced on the stage for the open-air grand opera to be given in the Stanford university stadium in June. The finished stage will be 80 feet wide and 45 feet deep, and will be placed so as to face about 20,000 seats for the audience, permitting unobstructed sight and hearing.

INTRAMURAL TENNIS SERIES NEARLY ENDED

Men's Doughnut Tournament Is Over, Except for Only Two More Matches

All the men's tennis double matches in the intramural tournament have been played with the exception of the two between the Phi Delta Phis and the Phi Delta Thetas, and the A. T. O.'s and Bachelordon. These two matches are to be played off before the week is over. The finals will then be played on the schedule to be announced by the physical education department.

The results of the matches to date are:

Beta Theta Pi lost to the Oregon club, 6-2, 6-2, and 6-3.

S. A. E. went down before the Deltas to the tune of 6-4, 6-4, 6-3.

Sigma Chi lost the three sets to Sigma Nu, 6-2, 6-3, 6-4.

Kappa Delta Phi won the first set from Kappa Theta Chi, 5-7, but lost the next two sets, 6-3, 6-4.

Chi Psi lost to Friendly hall, 6-1, 6-4, 6-2.

Phi Gamma Delta met defeat from the Phi Sigma Pi men, 6-2, 6-3, 7-5, and Delta Theta Phi was beaten by the Kappa Sigs, 5-6, 6-4, 6-1.

It is probable that the new schedule for the finals will be announced within the next few days.

SCHOOL OF OPTOMETRY ON CAMPUS SUGGESTED

Dr. Dayton, President of State Board, Wants New Course in University

If the plan of Dr. Floyd B. Dayton, president of the state board of optometry, materializes, the University of Oregon will have another school on the campus. Dr. Dayton, who was a visitor in Eugene last week-end, announced that plans were under way to arouse interest throughout the state in favor of a school of optometry to be annexed to the University. He said that it would compare in its standard with similar schools at Columbia, California, Ohio, and Texas universities.

Karl Onthank, secretary to the president, stated yesterday that there is nothing in the idea so far as the University officers are concerned. "Dr. Dayton's plans are just as much news to us as they are to you," he said. "Six or eight years ago there was the same agitation for some such school. As far as I know, the dream is no more near realization than it was then. The plan will have to be brought up to the board of regents. They may establish a new school if they see fit, provided they have the necessary funds."

The announcement of Dr. Dayton has come as a complete surprise to the students and faculty. What steps are to be taken by him are not known.

FOUNTAIN CLEANED AND FILLED

The fountain between the library and Deady hall has been cleaned and is now filled with cool waters. During the winter there is little use for the fount, but during Junior Week-end John L. Hanna, superintendent of buildings, says he likes to have it full of water to attract the visitors on the campus as well as for other useful purposes.

BEST HITTER TO GET SHOES

To the member of the Oregon baseball team who makes the most hits in the two-game series with O. A. C. this week-end, the Model shoe store of Eugene is offering a pair of Florsheim shoes. The sports editor of the Emerald will designate the player who is to receive the award.

FROSH GIRLS DEFEAT SOPHS

The freshman girls' baseball team defeated the sophomores 10 to 2 yesterday afternoon at 5 o'clock. On Tuesday the seniors scored 48 to 18 on the freshmen. The final game will be a feature of Field Day, May 27, when the championship will be decided for the Hayward cup which is now held by the elsas of '23.
