

UNIVERSITY'S CHANCES FOR 1922 TITLE GOOD

Dopesters Declare Oregon to Have Material to Defeat California Bears

LAST YEAR'S OPENING GAMES UNSUCCESSFUL

Coaches Produce Strong Team to Meet Both Aggies and Washington State

(Continued from page one)

Graduate Manager Benefiel is already laying his plans to get every student to Corvallis for the game and special rates will obtain on the railroads.

The Varsity will finish the northern season against the University of Washington in the Seattle Stadium on the last day of November. At present writing it appears that Washington is the team that Oregon will have to beat for the championship of the north and the right to play California a post-season game for the coast championship. An all Oregon fans are praying for another chance at California on an equal footing.

Four Not to Return

Four great football players will not answer Head Coach Huntington's roll call next fall. Spike Leslie, one of the great tackles of American football, has played his last game under the Oregon colors and Spike will be missed, for stone-wall proclivities on the defense, his smash in the attack, his punting ability, and most of all for his sportsmanship and fight. Mart Howard, captain of this year's crew, is another great player whose place will be hard to fill. Mart put in four years on the Varsity and was always in the game. Billy Reinhart, who always played great ball but whose hard luck jinx kept him out of practically all the games last fall, is through and in him Oregon loses a great player. Bark Laughlin, too, is going out. Bark is a great football player and though light for the position of center, was always there, fighting and using his head.

The rest of the crew will almost all be back, all of them as far as it is known at present, and with the material available from the freshman crew and the substitutes, Oregon will put a real team in the field next fall.

Willamette university will graduate 74 students on June 14. This is the largest graduating class in the history of the university, and bears the distinction of holding the highest average of any organization in school.

FROSH QUINTET TAKES 10 GAMES WITH NO LOSSES

Rooks Defeated Four Times; Ashland State Title Team Beaten

The freshman basketball team this year distinguished themselves by the remarkable record of 10 straight victories and no defeats. Prospects at the first of the season looked rather black because of the fact that of the 20 men that Coach Eddie Durno had counted on for his team, only six were eligible.

Four of the ten victories were taken from the O. A. C. rooks, the first time for years that such a feat has been accomplished. The team lacked experience at the first of the season, but soon gained confidence and grew much better toward the end of the year.

First Game with Eugene

The first game was played with Eugene high school as a preliminary to the varsity game with Idaho. It was a slow game throughout, the frosh finally pulling through on the long end of a 25 to 21 score. The next two games were with the Chemawa Redskins here, and the frosh had very little trouble in packing off the scalps in both the games. The scores were 49 to 25 and 54 to 16.

The four big games of the year came next, the first two being played here against the rooks. They were doped to be close as the rooks had several prep school men with big records, but in both of the mixes the frosh succeeded in walking off with the bacon. The other two games with the rooks were played the following week-end at Corvallis and were replicas of the first, as the frosh took them both by safe margins.

Second Rook Game Close

The last one of the two was the most thrilling of them all, for up to the last five minutes of play the Aggies were leading. King's success in eluding his guard several times near the close of the game soon put the frosh ahead. "Chappy" King certainly showed his worth in the four meets with the rooks, for he made the most of the frosh points in all of them, although the rooks had two men on him in the last games.

The trip to Southern Oregon, on which the team won all three of the games, finished the season. The game against Ashland high school was a close squeeze for the frosh, as these were made in the last minute of play. This was the second time that Ashland had ever been beaten on their

home floor, and was made the more remarkable by the fact that Ashland later won the state high school championship. The final score of the game was 31 to 28. Two games were won from Medford by good scores, the first being 43 to 23, the second 26 to 31. The outstanding star on the frosh team was the diminutive "Chappy" King, who could always be counted on for a goodly number of points, no matter how closely he was guarded. Alm, at guard was the fastest man on the team, and with a little more practice in the shooting end of the game will make a strong bid for varsity. Crandall played the other forward position on the team, while Poulson and Jost alternated at center, Haynes and Alm were the two guards, while Jones was a utility man who could fit in any place. Some of the men who were ineligible but who should put up a strong fight for varsity positions next year, are Shaffer, Spear, Bliss, and Brown.

The Laun-Dry-Ette Way

is the greatest labor-saving system of washing that has ever been devised. For the Laun-Dry-Ette is both a washer and a dryer.

No Wringer to Feed

The Laun-Dry-Ette has no wringer. Instead of your having to force the clothes through a wringer one or two pieces at a time, the Laun-Dry-Ette whirls them dry in one minute—a whole tubful at a time.

No Extra Tubs to Handle

The Laun-Dry-Ette washes the clothes quickly and thoroughly with remarkably efficient vacuum cups. Washing, rinsing and bluing are all performed in turn in the Laun-Dry-Ette. And instead of wringing the clothes after each operation, you merely press a pedal, turn a switch, and the Laun-Dry-Ette whirls the clothes wringer-dry.

No Buttons to Sew On

In seven years no Laun-Dry-Ette has ever broken a button or injured a fastener. This is because the Laun-Dry-Ette system of centrifugal drying makes it impossible to injure the clothes in any way.

If you want the greatest labor-saving electrical washer you will buy the Laun-Dry-Ette. Please call, phone or write.

TWO WEEKS LEFT

What a Grand and Glorious Feeling

And then you will start on your vacation. The Varsity wishes to extend to the students wishes for a very happy and successful one. Just remember when you return that we are still on the map and the old "hang-out" will be wearing a welcome smile on the window. When you drag in after a well-spent vacation; thirsty, tired, or hungry, "Follow the Trail to the Varsity."

During the last two weeks of college we will still be serving those delicious meals and fountain specialties. You know we'll be glad to have you come in. We'll miss you when you're gone.
