

# KAPPA SIGS LOSE TO OREGON CLUB

## Sigma Chi Players Show Chi Psi Tossers Under With a 20 to 1 Score

In a loosely played contest the Kappa Sigs lost the first game of the do-nut basketball season to the Oregon club, 27 to 25. The game was decidedly ragged as to teamwork, neither squad displaying much combination play. This is due, no doubt, to the short practice period before the opening of the season. Both teams showed promise of making the others in the league hump to keep them in sight during the race for the flag.

The victory of the clubmen was due mainly to the sensational shooting of Murray, who scored 16 of his team's markers. Bryant of last year's champions rolled up 17 of the 25 points and Fraser annexed the other 8. Gunther, of the winners displayed rare form during the time in which he was in, making four baskets from the field. Culbertson and Leake gave a good account of themselves while they were in the game.

The Sigma Chis snowed the Chi Psis under in the second game of the season by the score of 20 to 1. The winners displayed excellent passing and teamwork throughout the game. At no time was the Sigma Chi hoop in danger due to the great guarding of Ringle and Peek.

Palmer was high point man with 10 markers chalked up after his name. Sorsby and McCabe were not far behind with 4 and 6 points respectively. Oliver and Gant showed to advantage for the losers, Gant annexing their only point on a foul. The lineup:

## Y. W. CAMPUS DRIVE TO COMMENCE WEDNESDAY

### \$1400 Must Be Raised Among Women Students; Time Pledges Given

The Y. W. C. A.'s financial campaign, with its goal of \$1400 to be raised among the women of the University, will be launched on the campus Wednesday, and will continue for the remainder of the week, according to Katherine Watson, chairman of the finance committee of the association. It will be necessary to raise this amount among the students, entirely apart from all outside assistance, in order to carry on the work of the "Y" for the present year. One girl from each living organization on the campus will handle the collection of subscriptions in her group, and it is hoped to have as many of these donations as possible in cash. For those who find it impossible to pay in cash, time pledges will be given.

The budget of the association for the present year includes proportional support of national and foreign student secretaries, the upkeep of the bungalow, social expenses and contributions to the general religious undertakings of the organization. The association at Oregon, together with the Y. W. associations in the colleges and universities of Washington, Idaho and Montana, are at present supporting a Y. W. worker in Japan, who is engaged in educational and field work connected with the association. This expense is also included in the year's budget.

A similar drive will be made under the auspices of the Y. M. C. A. for \$1200, to be raised among the men of the campus. Webster Ruble is in charge of the campaign. The plan of soliciting is practically the same as that of the women, and the drive will take place during the same time.

fore she gets through with twelve men on twelve different occasions. She has a very sweet disposition—now.

This thing ain't fair. A certain president of a certain class that I know of has darned near got his quota of dates, while a certain fellow who played center on the local football team before he hurt his leg, has been acting nice to every girl on the campus for almost three days, and—he still has room on his program. (The sad thing is, the strain is making a different man out of him.)

On with the leaping!
