VOLUME XXIV.

UNIVERSITY OF OREGON, EUGENE, WEDNESDAY, OCTOBER 25, 1922

NUMBER 19

## GROUP SELECTED TO BRING MEN OF GREATNESS HERE

**Lindsay First of Galaxy Who  
Will Come to University  
to Address Students**

**POET ARRIVES SATURDAY**

**Tickets for Appearance Will  
Be Distributed on Campus  
And in Eugene**

Vachel Lindsay, tramp poet and singer of the beauty found in the lonesome stretches in all sections of the world, who comes to the campus next Saturday to appear before the students and people of Eugene, is to be the first of a galaxy of world-famous men who will visit the University this year, according to the plans recently made by a committee of students. One of the great men visiting the campus last year was Alfred Zimmerman, the noted English scholar, who came to Oregon and spent several days associating with the students and speaking to various assemblies.

Perhaps something of the desire to make the University of Oregon the Oxford of the West, of the United States, was in the mind of student president, John MacGregor, when he appointed a permanent student committee to care for the visit of Vachel Lindsay, one of the first great men to visit the campus this year. It is the plan of that committee to bring other nationally and internationally known men regularly to the campus, to speak to and associate with the students. That was the way in the first Greek and medieval universities, far from our rigid system of classes, the students learned from association with those who held the knowledge of the times.

**Michelson Heads Committee**  
Fred Michelson has been appointed chairman of the committee to care for prominent visitors to the campus. Michelson outlined his plans briefly yesterday afternoon.

"It is the idea of the committee," he said, "to bring to the University men who will charge admission for the students to hear them. We hope by this means to accumulate in the treasury a surplus amount to be used for guarantees, and the like, in bringing especially prominent speakers here.

"Eugene is out of the main line of travel, except that which goes north and south through the valley, and it is not a metropolis. Due to just this, we have missed in the past many splendid opportunities to hear prominent visitors to the west. This committee is to be a permanent committee, and we hope in some time to bring such speakers here, as shall give the University and Eugene an enviable reputation, so that the visitor shall feel that he, as well as the students, has gained much by his visit to the campus."

**Lindsay Here Saturday**

Vachel Lindsay will arrive in Eugene some time next Saturday, but definite plans as to the beginning, length and termination of his visit, have not yet been learned. He will, however, speak in old Villard hall, on Saturday evening, and the committee anticipating the desire to see him have put forth 1000 tickets for sale on the campus, and in town. More will be released later if necessary.

Instancing the common pleasure at the visit of Lindsay is the offer of Mrs. E. S. Bates to sell tickets among the women's clubs of Eugene.

Raymond Boyer is in charge of the sale of tickets on the campus, as well as throughout the town. For the present, tickets will be on sale at Kuykendall's Drug store on Willamette street, and at the Co-op. Other places of sale will probably be announced later. Representatives will sell in the different organizations. Sale of tickets in the women's houses will be under the direction of Margaret Skavlan. There will be a student in a booth next Friday in front of the library selling tickets, and it is expected that a large number of students not living in organizations will secure their tickets there.

**COLONEL LEADER WILL SPEAK**

Today noon, the staff of the physical education school will meet at a luncheon in the Anchorage where they will be addressed by Colonel Leader. The colonel will discuss with them the matter of intramural sports in England applied to America. Colonel Leader is of the opinion that the American youth does not know the variety of games that his British cousin does. Some of those that the colonel has mentioned are "stickey," "raquets," and "fives." These, says Colonel Leader, would be played by the American boy if he only knew them. The feasibility of adapting these games into American colleges will be his main topic.

## DISTRESSING MALADY PREVALENT ON CAMPUS

**Sickness Is Not Epidemical But Is Due  
to Bad Water or Sprayed Fruit;  
Warnings Issued**

The malady, not epidemical in nature but apparently due to contaminated water or sprayed fruit, which is resulting in considerable distress in different parts of the state, has made its appearance on the Oregon campus and the health authorities here have sent a general letter of advice to the houses of residence, suggesting that every precaution against further spread of the sickness be taken by boiling water and carefully washing fruit.

Physicians have several explanations of the complaint, which appears in the form of stomach trouble. It is believed that fruit sprayed with poison may be the cause, as such fruit is frequently eaten without being peeled or washed. Another theory is that impure water is being used. Students have been warned to thoroughly wash all fruits before eating.

The malady is prevalent in Portland, Eugene, and at the Oregon Agricultural college. The symptoms are stomach distress, nausea and sometimes vomiting, a temperature running to 102 degrees in some cases. Frequently colic and intestinal trouble accompanied the other symptoms.

The complaint doesn't resemble acute influenza, but some physicians intimate that it is a mild form of influenza.

## EVANS SELECTS FIVE NEW WOMEN FOR CLUB

**Glee Tryouts Draw 50 Aspirants;  
Lasts One Week**

Five girls have been selected to fill vacancies in the Women's Glee club by John Stark Evans, director. Approximately 50 girls tried out for the club, and the selection of girls for the club, while always difficult, was doubly so this year because of the excellent quality of voice material available on the campus.

The tryouts were conducted for about a week and consisted of scales for voice placement and range, solos, and part work with the club.

New members of the club are: Second soprano, May Fenno, Eugene, Alice Tomkins, Cascade Locks; first alto, Mildred Brown, San Jose, Cal.; second alto, Hortense Hough, Grants Pass and Alberta Carson, Hood River.

Hold-over members of the club are: First soprano: Gwaldys Keeney, Portland; Joanna James, Portland; Florence Garrett, Hillsboro; Kathleen Kem, Cottage Grove; Allegra Ragsdale, Baker; Ruth Akers, Wasco. Second soprano: Marian Linn, Eugene; Constance Miller, Centralia, Wash.; Leona Gregory, Molala; Dorothy Poill, Eugene. First alto: Bernice Altstock, Portland; Vera Price, Scappoose; Alice Baker, Oakland; Marvel Skeels, Coquille; Eloise McPherson, Portland. Second alto: Maxine Buren, Salem; Margaret Powers, Marshfield; Muriel Meyers, Portland; Reta Ridings, Eugene.

## MAJOR GENERAL MORTON VISITS CAMPUS R. O. T. C.

**Head of Ninth Corps Area Addresses  
Students Informally on Military  
Policy of United States**

General Charles G. Morton, ranking major general in the United States army, stopped at the R. O. T. C. barracks this morning for a few hours to inspect the local unit of the University.

He addressed about 160 students having their lecture period at the 10 o'clock hour, informally, telling them in a jolly way of the purposes and aims of the military policy adopted by the United States.

The general is taking a three weeks trip over the ninth corps area, of which he is in command, comprising the states of Oregon, Washington, California, Idaho, Montana, Utah, Nevada, and Wyoming.

He served in the Philippines, where he became acquainted with Dr. Warren D. Smith, of the geology department, who was carrying on his work there at that time. General Morton also saw action in the World war.

He left at 10:30 for Corvallis where he reviewed the O. A. C. unit in the early afternoon, later proceeding to Portland.

## WARNER RECEPTION HELD

At an elaborate reception held at the Hotel Osborn yesterday afternoon, Mrs. Murray Warner, donor of the magnificent Warner art collection which is housed in the Woman's building at the present time, together with Miss Lillian Auld and Mrs. Lillian Seton of this city, bade farewell to the people of Eugene and of the University. More than 500 persons gathered to say goodbye to the trio who are leaving today for the Orient where they will make studies of Oriental art for the University of Oregon and for the Smithsonian Institute.

## LIVELY PROGRAM ON TAP FOR BIG UNIVERSITY MIX

**County Fair Will Be Feature  
of Informal Gathering  
Staged by Y. W.-Y. M.**

**DATELESS NIGHT DECREED  
Impromptu Pre-Game Rally is  
Planned; Interesting Stunts  
Are Booked**

The Y. M.-Y. W. all-University mix and "county fair," to be held in the Armory, Friday night, promises many new features. This event in the past has been attended by more students than any other affair during the year. Last year, there were 1500, and as large a crowd is expected this year. In spite of the fact that a large number of students are going to Portland for the Idaho game, attendance of all those who remain on the campus is expected. Marion Lay and Chuck Lamb are general chairmen of the affair.

The "county fair" may be attended in appropriate costume, and the campus rustics will hold sway for the evening. Side shows, concessions, cider, songsters, minstrels, dancers, speelers, and stunts are on the program. The variety of entertainment will provide something of interest to everyone. There will be something to please the most fastidious taste. If one phase of the fair does not thrill, another will, according to the chairmen.

**Committee Is Appointed**  
The committees for the fair are now at work, to make October 27 a big night on the campus. The managerial committee consists of John Palmer, chairman, Art Rudd, Mildred Le Compte, Ed Fraser, Doug Wright, Bill Purdy, and Jack Newhall. Managing the stunts are Katherine Pinco, chairman, Wenona Dyer, Bob Hill, and Gordon Wilson. George Gouchour is supervising the cats.

Since this is the night before the Oregon-Idaho game, there will be an impromptu rally. This will be followed by singing Oregon songs, as an education to the freshmen, and an inspiration to the old students. "Skinny" Reed will lead the first Oregon song fest of the year, and will add his musical ability to the evening.

Small coins will be necessary for admission, and for the purchase of hot dogs, peanuts, and various other fair accessories. The evening has been announced as a no-date night in the women's houses. If former affairs of this nature are any criterion, this announcement will apply only to dates made previous to the affair.

**Journalists Plan Paper**  
Journalists who were recently initiated into Sigma Delta Chi, national honorary journalism fraternity intimate that the cream of the world's news is to be broadcast hot from the press. The initiates are not yet willing to make their plans for rapid and interesting news distribution known, but it is believed that a sheet far more modern than last year's Fizz Bang will be distributed at the "county fair."

The all-University mix, held annually under the auspices of the campus Y. M. C. A. and Y. W. C. A., is the one big event of the scholastic year in which informality is the dominant note. In the past the stunts have always proved interesting and the committee in charge promises "home made" theatrical performances which will be up to the standard.

## NO HUNGRY GIRLS TODAY

**Co-Eds May Fill Up on Milk and  
Crackers at Woman's Gym**

Somewhere between the cold gray hours of dawn and those long-drawn out coons where luncheon time seems as far off as Christmas, comes a gnawing sensation in the pit of one's stomach that can not be overcome. It makes study impossible, and causes one's head to swim.

A remedy for this situation has at last been discovered. Women's League, always on hand to help, has solved the problem by putting on sale at Mrs. Hempy's counter bottles of rich, creamy milk, and stacks of crisp, brown Graham crackers. And for ten cents one may purchase a whole pint of milk and enough crackers to go with it.

Today the sale begins, and now there will be no excuse for pangs of hunger among the co-eds, in the afternoons or the morning. For those who crave sweets, Hershey bars also are on sale, and someone will be at the counter at all hours to supply the needs of hungry folk.

## SHORT AND SNAPPY SLOGAN SELECTED FOR HOMECOMING

**Theme Like Those Which Have  
Been Featured in Past;  
150 Submitted**

**FRESHMAN WINS \$5 PRIZE**  
**Committee Has Difficulty in  
Choosing Between Two  
Similar Phrases**

"Home Again; Fight Again; Win Again."

This is the slogan which has been chosen for the 1922 homecoming. The new battlecry was written by Steele Winterer, a freshman from Carlton, Oregon, residing in Friendly hall. More than 150 slogans were submitted, most of which were regarded as too long to be effective. Others sacrificed too much point to gain a rhyme.

Bernice Shaw, a Portland girl, submitted a slogan which was an exact duplicate of the one written by Winterer, with the exception that she had Oregon affixed to the ending, thus lengthening the slogan while decreasing its effectiveness. Winterer wins the \$5 cash prize offered by Jack Benefiel, graduate manager. The committee which chose the slogan was composed of Miss Grace Edgington, George Turnbull and Jack Benefiel.

**Gilbert Won Last Year**  
Last year the slogan contest was won by Dr. James "Jimmie" Gilbert, '03, with his slogan "Home to Meet 'Em, Back to Beat 'Em." Some other slogans which have decorated the campus and blazed forth in myriads of multi-colored lights in the past were, "You Can't Beat Oregon Fight," "Home Again, Win Again, Oregon," and "The admitted peer of them all "Fight 'Em Oregon" of the Bezdek era.

According to a tentative program issued by Leith Abbot, general chairman of the homecoming committee, the event will begin with a big rally on Friday night which will be followed by get-togethers in the various organizations and at the "Y" hut. The American Legion parade will be the Saturday morning feature and at noon the campus luncheon will be held.

**Game to Be Saturday**  
During the afternoon the W. S. C. Oregon game and allied features, which includes the Pacific Coast conference cross country meet and the parade of the order of the "O," will be staged on Hayward field. The homecoming dances will be held Saturday evening.

It is expected that the R. O. T. C. and the band will take part in the parade Saturday morning, and Leith Abbot requests that every ex-service man on the campus will turn out either in uniform or in civics and cooperate with the local Legion post in the morning ceremonies. In order that everyone can participate in the morning ceremonies the Alumni meeting has been advanced to 9 o'clock so as to avoid any conflicts.

The homecoming directorate will meet in Dean Straub's office this evening at 5 o'clock and the general committee will hold a meeting at the same place at 7:30.

## FILIPINOS ON CAMPUS FORM ORGANIZATION

**"Oregone Philippines" Name of New  
Society; Remigio Ronquillo  
Elected President**

One of the newest organizations on the campus is an honor society called the "Oregone Philippines," which is composed of Filipino students. The aim of this society is to encourage higher scholarship and to produce a greater feeling of loyalty among the Filipinos at the University.

"We want the citizens of this state, the faculty, and the student body of the University of Oregon to know that we Filipino students acknowledge what this state is doing for us," declared Mr. Felipa Gamboa, one of the three organizers of the honor society. "We wish them to realize that we are grateful, 'Ten million dollars in ten years' is also our slogan," continued Mr. Gamboa. "If we are still here at the end of that time, the University will at least hear from us."

The officers recently elected are as follows: President, Remigio Ronquillo; vice-president, Gregorio Reyes; secretary, Honofre Hipe; treasurer, Narciso Soberrano.

Mr. Gamboa is in charge of all social activities that the society may undertake. Dr. Warren D. Smith of the geology department of the University is to be the adviser. The society intends to ask the Student Council soon for recognition.

## PHI BETA KAPPA TO BE INSTALLED HERE

**Faculty Honorary Society Makes Plans  
and Elects Officers to Promote  
Oregon's Application**

Preliminary steps toward the organization of a chapter of Phi Beta Kappa on the University of Oregon campus were taken at a meeting of faculty members who belong to the honorary scholarship fraternity, in room 8, Commerce building, Monday afternoon.

It was voted to continue as officers of the preliminary organization the officers of the University Honor society, who cooperated in the work of promoting Oregon's application for the chapter. Dr. R. C. Clark, professor of history, is president; Miss Mary H. Perkins, professor of English, vice-president, and George Turnbull, professor of journalism, secretary.

A committee made up of R. Justin Miller, chairman; F. L. Stetson, and Dr. Dan E. Clark was named to prepare a set of by-laws for the organization. Another committee headed by Dr. W. D. Smith was authorized to consider the matter of foundation members, who will be selected from faculty members and alumni. Dr. Smith will name four other members of the organization to act with him.

Meanwhile the local organization is in communication with Dr. Oscar M. Voorhees, secretary of the United Chapters of Phi Beta Kappa, working out the arrangements for the installation of the chapter. The date is yet to be set.

The University of Oregon faculty contains 21 members of the national honorary society. Election of undergraduate members will be made from the highest ranking upperclassmen this college year for the first time.

## LOW RATE TO PORTLAND SECURED BY BENEFIEL

**Oregon Electric May Run Train  
Returning Saturday Night**

A reduced round-trip rate to Portland and return has been secured by Jack Benefiel, graduate manager, for the benefit of those students who wish to go to the Oregon-Idaho football game. The Oregon Electric company will sell tickets for \$5.08 to students going to Portland Saturday morning, and returning not later than Sunday night. Benefiel is now trying to get a special train to bring the team, band, and rosters back to Eugene Saturday evening after the game. It is proposed to have it leave the metropolis about 8 p. m.

A reserve section has been set aside for the 800 rosters who will attend the game. Tickets for the game are now on sale at the Co-operative store, being sold for 50 cents. Students are advised to purchase their seats in Eugene, for there will be no tickets sold in Portland for less than 75 cents. Student body tickets must be presented when the seats are bought.

Yell King Rosebraugh warns all rosters that they must be wearing rosters caps to the game in order to secure admittance to the special rosters section. The R. O. T. C. band is going to Portland in full uniform, and may lead a serpentine about Multnomah field between the periods of the game. The rally before the game on Saturday morning is a certainty. It will start from the Imperial hotel and go through the city to the field.

The yell staff in all its glory will carry on its antics before the cheering section. Keeney, Oberteuffer and Rosebraugh, will be bedecked in full staff regalia and expect to do wonders with the "Oske" and other yells.

## STUDENTS WILL MARCH IN ARMISTICE PARADE

**Cadets Vote Unanimously to Cooperate  
With Commandant and Ex-Service  
Men November 11**

At a vocal election held at the regular drill period yesterday, the men of the R. O. T. C. voted unanimously to participate in the Armistice day activities to be held down town. They will take part in the monster parade, which will be made up of all ex-service men and local military organizations in and near Eugene.

Colonel Sinclair, commandant of the University battalion, announced to the cadets that the drill on Armistice day would not be compulsory, but asked that the men, out of a spirit of patriotism, turn out. Not a single dissenting voice was heard when he called for a vote on the question.

The band, which now numbers 47 pieces, will also take an active part in the exercises. It will begin the day by playing in the parade down town, then at noon music will be furnished for the homecoming luncheon, and in the afternoon will appear in all its harmonic verborosity for the Homecoming game with W. S. C.

The 15 minute yell practice will continue to be a feature of each drill period, according to Colonel Sinclair.

## WASHINGTON GAME LOOMS AS NEMESIS OF FROSH PLAYERS

**With Game Four Days Away,  
Part of Team to Be Entirely  
Developed Again**

**FROSH REGULARS CRIPPLED**  
**Purple and Gold Has Two Complete  
Squads Which May Be  
Pitted Against Oregon**

Gloom of the deepest and most disheartening sort pervades the freshman football camp. With the toughest game of the season but four days off, Coaches Williams, Manerud and Earl face the prospect of developing almost an entirely new team, for in all probability six of the most dependable men will be unable to play at all, while several others are badly handicapped with injuries.

The tie game with Columbia University last Saturday was dearly earned. As a result of the strenuous fight which the yearlings made against their heavier rivals, Purvine, one of the best half-back prospects in the squad is suffering from severely wrenched muscles and probably will be out of the lineup for two weeks. Hunt, who played a whole of a game at guard, is limping around with a badly crippled knee, and his prospects for participating for at least a week are very slight. Gosser, the yearling's fighting center, is laid up with injuries to his chest. Shreeve, another promising halfback sustained an injury to his hip which may incapacitate him for some time. Wilcox, another guard who plays a bang-up game, suffered injuries to his ankle which will probably keep him on the sidelines for ten days.

The disappointment occasioned by these casualties was augmented by the news that Warren, an end of ability, has been forced to discontinue football for the rest of the year.

**Players Handicapped**  
In addition to these major injuries to the team, nearly every other freshman who participated in the fracas Saturday is handicapped in some way or other with minor hurts, and the coaches may be forced to develop an entirely new lineup. With the biggest and hardest clash on the Frosh calendar in sight it is no mean job that the coaches are facing. This big game is scheduled for the University of Washington stadium at Seattle next Saturday at which time the Oregon yearlings will journey to the Puget Sound metropolis to battle with the freshmen of the Purple and Gold institution, in the second game ever played between the first year teams of the two institutions.

That the Oregon lads will face tough opposition is a certainty, judging from the reports which have been emanating from Seattle regarding the work of the Washington yearlings. The Washington frosh have been trouncing all comers with startling regularity so far. In fact, there are so many good pigskin artists turning out for freshman football at the Seattle institution that they have been organized into two teams of practically equal strength. One of these is known as the Golds and the other the Purples, and each of them has been playing a game every Saturday since the season started, neither as yet having tasted defeat.

A victory over Everett High, last year's champions of the Northwest, is the latest achievement of the Golds.

Which one of these two aggregations Baz's proteges will meet is not known but they may face an eleven composed of the combined talent of the two, in which case the going will be twice as hard. In the face of all these obstacles Coach Williams has very little prospect of victory next Saturday.

**Half Team Crippled**  
"With half the team crippled, we can't expect to make much of a show unless pure fight will hold down the Washingtonians," was his comment last night. Last year the Oregon Frosh were defeated by the big score of 42 to 7.

The work of the freshmen against Columbia Saturday has established the fact that they have a very good line but the work of the backfield is ragged in spots. With a view to alleviating this raggedness the coaches are paying much attention to the backs this week. Albert Sinclair, who has been playing a great game at tackle, may be shifted to the backfield. Several other changes are contemplated.

## LETTERS MUST BE SIGNED

To insure the sincerity of the writer and to safeguard readers against joke perpetrators, hereafter all communications to the Emerald must be signed with the writer's name, not merely initials or a pseudonym. If it is desired the name will not appear in print, but will be kept on file in the editor's office.
