

FIRST MUSIC SERIES WILL BE GIVEN AT 1:30

Service Outlined for Term With Work in Ensemble, String, Quartette and Solos in View

The first of a series of student recitals planned by the school of music will take place this afternoon at 1:30 o'clock in the Woman's building.

These recitals are to be held once a month and will not be limited to advanced students, but every student in the school will be expected to appear some time during the year.

The recitals will be informal and have been arranged in order that the students and faculty may become better acquainted with each other and the departments of the school.

The committee for the recital today is composed of Madame Rose McGrew, Mrs. Jane Thacher and Rex Underwood. These people will have charge of the programs for one term and will appoint their successors, who in turn will appoint others.

PIANO

The program to be given is as follows:

- Lotus LandCyril Scott
Claire Collette
Gavotted'Albert
Camilla Lorenz
Ballade in G Minor.....Chopin
Arthur Hicks
VOCAL SOLOS
Chant Hindos.....H. Bemberg
Hortense Hough
Silent as Night.....C. Bohm
Wake UpPhillips
Dorothy Poill

LEADER COACHES HOCKEY

Colonel Supervises Difficult Battles on Cemetery Ridge

Tut! tut! Be careful! Zumumph! All of which translated means "Raspberries" or something stronger. Use the clubs on them!

After much diligent sleuthing by a capricious cub, the code from which this was translated was found in the possession of Colonel Leader and Miss Westerman, official coaches of women's hockey.

Conditions are greatly improved now, however, and the hockey battles war furiously on Cemetery ridge every night and Colonel Leader declares that there hasn't been fiercer fighting since the Civil war.

"It is wonderful for me, too," he said. "And after this the war in Ireland will be child's play for me."

His husky fighters are challenging the faculty next week and eleven Sigma Chi's the following week.

Colonel Leader is a great believer in men and women playing against each other. "The worst thing the University has ever done is in not promoting games with mixed teams," he declares.

STRAUB RECOGNIZES GRAD AFTER 30 YEARS ABSENCE

Royal F. Reasoner, '85, Among Those Who Participated in Pledge Day Exercises

A college professor never forgets a student who has been in his classes.

Thursday at the Pledge Day assembly Dean Straub "nearly jumped off the stage" when he saw a man in the audience who recalled old days to him. Could it be?—It was Royal F. Reasoner, Oregon '85, and Dean Straub had not seen him for 29 years.

So great was Dean Straub's excitement when he looked from his chair on the platform and recognized his old student who used to be in his Greek classes that he almost forgot that Colonel W. S. Gilbert, the speaker, was talking.

Mr. Reasoner stopped off in Eugene Thursday to visit old classmates, Judge E. O. Potter and Mrs. Potter of Eugene, while on his way from Corvallis, where he has relatives, to his home in Winters, California.

Mr. Reasoner was a major in Greek while in the University and was graduated in 1885.

During his visit on the campus Mr. Reasoner, with the help of W. L. Morthland, janitor at Villard, located the tree that the class of '85 planted. The tree was planted at the south corner of the old tennis court about 100 yards to the right of the walk leading from Deady to Twelfth street.

He was formerly a minister in the Presbyterian church but on account of ill health was compelled to give up this and is now raising lemons on a fruit farm in California. Part of these lemons, he says will be given to the gridiron gladiators of a sister institution in the annual football game November 18.

TWO GENERATIONS ATTEND

(Continued on page three.)

- David Bristow, '94; Helen Bristow, '25.
Oscar D. Eby, ex-'94; Marvin B. Eby, '23.
Alfred W. Elkins, special; Ethelwe Elkins, '25.

Mabel Straight Linn, '94; Marian Linn, '23.
W. A. Kuykendall, '94, Abigail Kuykendall, ex-'00; Helene Kuykendall, '22.

U. ASSISTS HEALTH SHOW

School of Social Work Has Miniature Campus Which Attracts Crowd

The University is very well represented at the Oregon Health exhibition at the Auditorium in Portland this week. The medical school has eight booths, representing different departments as surgery, anatomy, and pathology.

The University school of social work in Portland has two booths, one of which is creating much attraction, according to Prof. Earl Kirkpatrick, of the extension department. The booth is made into a miniature college campus with appropriately dressed dolls representing students, nurses, and social workers.

TRE NU "AT HOME" SUNDAY

Tre Nu, women's vocational organization, will have charge of the Y. W. C. A. "at home" Sunday. Tea will be served and there will be music during the afternoon. The bungalow is to be the scene of these informal affairs very Sunday from 2 to 5 and the invitation is extended to all of the girls on the campus to come and meet new friends and to indulge in reminiscences with old ones.

ORIGIN OF TRIPLE A IS FRESHMAN REVELATION

Loan Fund to Help Foreign Students to Get an Education is One of Activities

Triple A has long had a mysterious past but its origin and meaning have been dug up by this year's freshman class. Some years ago four women's organizations were started on this campus called A, B, C, D, standing for freshman, sophomore, junior and senior, respectively.

At a meeting held last Tuesday afternoon in the ethics class in Villard hall a resume of the work done by the Student Loan fund was given by Josephine Evans, ex-chairman of the committee. This fund is for the purpose of helping foreign students, especially in Europe, to gain an education.

Lucille Branetter, president of the group two years ago, explained what Triple A had previously accomplished in social service work and Norma Wilson, last year's president, told about the work carried on by the organization in regard to helping poor families at Thanksgiving and Christmas.

A meeting of the officers of Triple A was held last Monday on the library steps to discuss the advisability of appointing an executive committee for the year. If this was done the committee would outline the plans which would first be presented and accepted by the entire group.

ART CLASSES CRAMPED BY LACK OF QUARTERS

Professor Fairbanks Hopes for Future Aid; Portland Branch Also Is Crowded

The campus art classes are not the only ones cramped for space, according to Avarad Fairbanks, professor of sculpture. The Portland division of the art department has almost tripled its number of students, having 30 this year to 11 last year.

Even so, a large number are discouraged from taking classes because they are at night, and up four flights of stairs in the Labbe building which borders on Chinatown. This is especially true of the women.

"We can only hope," said Mr. Fairbanks, "that the state will recognize

the arts as the source of some of the greatest contributions to refinement and taste. Expenditures by the state would be repaid many times, and would possibly yield some of its greatest treasures. The extension life and modelling classes are getting along on exactly the same equipment this year as last, with no additions, and can only have a meager existence."

ALL LAB FEES DUE TODAY

Today is next to the last day to pay laboratory fees. Payment may be made on Monday, as the time set for paying fees is from October 15 to 30; but as the 30th comes on Monday, today is considered the best opportunity to pay up.

As there are so many new departmental fees, all students are strenuously urged for their own financial benefit to pay their fees today.
