

**TOOZE URGES STUDENTS TO WELCOME OLD GRADS**

Organize Alumni in Every County is Plan

"This year it is particularly important to carry out the instructions announced by Leith Abbott at assembly," said Lamar Tooze, "for the old graduates even as recently as 1912 will find things very much changed, for at that time there were no buildings this side of thirteenth street, except the President's home and the Sun Dial. The visiting alumni are more appraising and will observe any possible shortcomings on the part of those here, so the Oregon Spirit, unless it is made a distinct part on the greeting of each, will be impersonal to him."

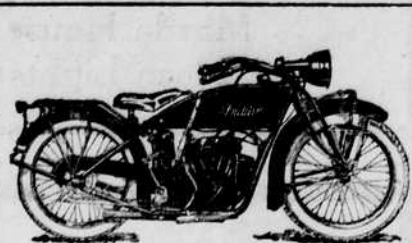

"It is on the part of the fund to get the cooperation of all the alumni, but it is one thing to get them here one year and another to get them back the next. The way to do this is to show them a good time, and every student should go out of his way to show them this good time."

It is the plan to organize the alumni in every county in the state. This has already been done in Portland, Roseburg, Albany, and Salem. The Astoria alumni are on their own initiative working toward a gift University and a meeting is planned for Astoria in the near future.

It makes a picnic on lawn or table.

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.
