One of the fastest games of the do-nut season was played last night with the Kappa Sigs and the S. A. E. teams furnishing the thrills. The game was a battle all the way through with the score see-sawing back and forth until the final whistle blew. The S. A. E. team won by the scant margin of one point, the score being 21 to 20.

Fraser and Bryant put up a game fight for the losers. By winning this game the S. A. E. team won the right to a place in the semi-finals, making a three-cornered tie for second place in League B.

Kappa Theta Chi scored an easy victory over the Chi Psi quintet last night, holding them to the small end of a 23 to 3 score. The game was rather slow, neither side exhibiting a great amount of teamwork. The Chi Psi team has one game yet to play with the Delta Taus next Monday at 4.

## BATTLE AT O. A. C. TODAY

(Continued from page one.)

as can be judged. Taking the Multnomah game as a method of comparison the Beavers really have the advantage, as they held the Clubmen to a 6 to 0 score while the best Oregon could do was a 20 to 0 exhibition.

Every game for the Lemon-Yellow for the rest of the season is an important one, as a single defeat will effectively put the team out of the running for coast honors, while if the team can pull a victory from both Washington and the Aggies they still have a fair chance to represent the West in the inter-sectional game which is to be played at Pasadena on New Years day, as California has withdrawn her entry for this battle.

There is really no dope on today's game, as the under dog in all Oregon O. A. C. games usually comes out and fights his way to a tie game—or even wins sometimes. Oregon has persistently upset all dope in this regard, as time after time the Varsity teams have humbled the Orange and Black when they were doped to be walloped by several touchdowns.

**Oregon Wins "Rubbers"**  
The fact that on two preceding occasions when there has been tie scores for two consecutive years, that Oregon both times came out the third year and trotted off with a victory should help out a great deal in today's encounter.

The men who will start in the line will probably be Bill Spear and Rud Brown as ends, Tiny Shields and Vonder Ahe as tackles, Prink Callison at center and Cogs Campbell and Floyd Shields as guards. This is the most formidable line that Oregon has put on the field this year, so if the Aggies make the 21 points they dope themselves to win by, it will have to be some other method than line plunging.

Rud Brown and Bill Spear on the wing positions played a whirlwind game against Washington State, and really seemed to find themselves, so should

be able to hold the heavy Aggie backs to small gains on end runs.

**Aggie Line Heavy**  
Present indications are that the field will be a mud hole, and this will give the beefy Aggie eleven quite an advantage, as their line outweighs the Lemon-Yellow about 20 pounds to the man, while the backfield will outweigh Oregon's by 10 or 15 pounds per man.

Another time when the teams had played tie games for three successive years Oregon also won the fourth year so precedent is all with us today. Oregon also has a far greater number of victories than the Aggies as in the 26 games between the teams they have carried off 16 while the Aggies have been collecting only 4, and six of the struggles ended in tie scores.  
Coach Huntington was noncommittal yesterday when asked about the score, but declared the Oregon team was up against one of the hardest struggles of the year, as the Aggies so far have been faring very badly with other conference teams and have been pointed to make up for their other defeats by beating Oregon.

## SCRIBES WILL FROLIC IN JOYOUS JAMBOREE

"Square" Lottery Abandoned in Favor of Free for All at Men's Gym Next Saturday Night

Next Saturday night, the last night of festivity preceding Thanksgiving vacation, the weary and careworn newsmongers of the school of journalism will gang together in Hayward hall, otherwise known as the men's gymnasium, for the annual genuine free-for-all brawl, this year to be in celebration of the erection of the new journalism wing, and the passing of the "shack." This promises to be a high powered blow-out. Shades of T. N. E. and Torch and Shield! It is expressly purposed to sweep the tired and dissipated editor and reporter off his feet, and snap him out of the neurasthenic prostration which has taken possession of his frail copy-paper constitution.

Journalists, come one, come all! See Dean Allen dance the Highland Fling, and Dean Dymont sell hot dogs. There are to be sights for sore eyes, let alone the fun each individual will experience, and the money with which he will part. There is to be no "square lottery" this year, but all of the 165 students of the school of journalism are invited to come and bring themselves only, with the intention of having a good time for once.

There are to be special features which will make the hair of all the bald-headed men stand up on end, and there is to be food, and there is to be music, and there will be a jig or two, and most of all, above everything else, there is to be the greatest brawl that will have happened on the Oregon campus since the mill-race was dug. And, oh yes, there is to be a scandal sheet published on the floor, up to date, a jazzy sheet on the evening's gossip.  
Come one, come all  
To the Journalists' hall;  
Bring your mace and your maul,  
For a free-for-all brawl.

## AD CLUB REORGANIZES

University Students Affiliate With National Group

Reorganization of the University Ad club was effected Thursday evening when students of advertising and members of the Emerald business staff met in the "shack," which at present houses the school of journalism. Officers elected for the ensuing year were R. Kuhn, president; Lyle Janz, secretary-treasurer, and Webster Ruble, vice-president.

The University Ad club has recently been granted affiliation with the Associated Ad clubs of America, with national headquarters in New York City.

Following the organization, the members of the club discussed plans for the coming season. One of the purposes of the club is to cooperate with the Eugene business men in their relation with the University students through the medium of advertising. Kuhn, president of the Ad club on the campus, supervises the Emerald Advertising Service agency.

## ONE MILLION A YEAR IS SPENT BY STUDENTS

Statistics Show Business Turn-over Enormous

Statistics from the chamber of commerce industrial survey bulletin of Lane county show that the students of the University of Oregon have a business turnover of one-sixth of the amount of the greatest industry in the county, namely, agriculture. The turnover of the University students last year was the sum of \$1,000,000.

Below is a list of the several county industries and their respective financial standings. The farming industry has a business turnover of \$6,000,000; manufacturing, \$8,900,000; public service, \$3,000,000; wholesale, \$2,100,000; and finally the University with an expenditure by the students of \$1,000,000. This estimate shows that the 2000 students spend \$500 each in Eugene in one school year.

## LIBRARY PRESENTED WITH 13 TEXT BOOKS

The large open court between the architecture building and the new art building will, therefore, have a nine foot covered loggia on each of its three sides, and the new structure will form its fourth side.

The second floor of the building will contain three classrooms and several smaller rooms.

## ROOTERS TO HAVE SECTION

Delegation Goes Early to Reserve Seats in Bleachers for Students

A delegation of Oregon students is to leave the University campus early this morning and be at Corvallis in time to see that a rooters' section for the Oregon Thundering Thousand is reserved. In past years other persons have crowded into the Oregon section, leaving no room for the students and the mission of the delegation is to see that this does not happen again this year.

All men are requested to wear rooters' caps and the women are asked to wear as much and as many Oregon colors as they can carry comfortably.

Students are again reminded that they should take their A. S. U. O. tickets to the Co-op store and turn them in for a ticket which will admit them to the game. The price of this ticket will be 50 cents.
