

# The---HEILIG

---Eugene's Leading  
**THEATRE**

☐ One day this past week a bright and clever salesman from the office of the little sheet that publishes and distributes all worth-while dope, data, opinions and news of interest to good old Oregon and its students, dropped in at the office of our Amusement Institution and persuaded us to part with enough sheckels to buy this page ad. He said that you would all see it and reminded us that we wanted your patronage and that this would help to bring it and all this being true we had no argument, and anyway we wanted the opportunity to say that the management and the entire personnel of this theatre welcomes all the students of Oregon back again for the new term.

☐ Yes, we do want you to come to the Heilig and we invite you to come but more than that, we are going to make you come by giving you the greatest line of attractions on the market.
