

CLASSICS ARE INCLUDED IN MUSICALE PROGRAM

Recital Will Be Given by School in Alumni Hall

The school of music is giving its first chamber musicale tonight at 8:30 o'clock in Alumni hall, with a program planned from the classical school of music, with the exception of Paul Juron's Silhouettes.

Juron is one of the most brilliant composers of the Russian school of music, and Silhouettes is one of the few things written for violins and piano that is unusual and beautiful. Like most of the German and Russian music, it was not heard in this country during the war, and has only recently been published in America. Rex Underwood, instructor in violin in the school of music, heard it while he was in Chicago this summer, and it will be played tonight by Aurora Underwood, Alberta Potter and Mr. Underwood.

Beethoven's Quartette, opus 16, is to be played by Dr. John Landsbury, piano; Lora Teshner, cello; Alberta Potter, violin, and Rex Underwood, violin. Aurora Underwood, Lora Teshner and Rex Underwood will complete the program with Schumann's trio, opus 105. Dr. Landsbury has announced that the recital is to be formal and that it is complimentary to faculty and staff members, house mothers and every one else who is interested in music.

VETERANS WILL STAGE BOXING BOUTS TONIGHT

Farmer Vance, Idaho Middleweight Champion to Meet Ad Gustavo, Champion of Argentina

The Veterans of Foreign Wars are staging a smoker tonight in Dreamland hall, the proceeds of which are to go to the veteran's fund. There will be two matches each of boxing and wrestling.

"Blacksmith" Cossman will battle Tiny Wiley in the heavyweight division. Both men are from Eugene. For the other fistic encounter, the Veterans have obtained the services of Al Holmes of Junction City, and Pug Johnson of Cottage Grove. These two boys will enter the ring at 145 pounds.

Henry Burke, of Eugene, will grapple with Ben Howard, of Monroe, for 60 minutes or to a fall. They wrestle

in the light heavyweight class. Howard is a brother of Dr. Howard, of Eugene. The fastest mat struggle of the evening is expected when Farmer Vance, middleweight champion of Idaho, will meet Ad Gustavo, middleweight champion of the Argentina republic. Gustavo has been working out with the varsity wrestlers. Students with student body tickets will be admitted for half price.

SEVERAL ALUMNI VISITORS

John Pierdorff of the Portland Telegram, Stanley Eisman of the Salem Statesman, Alexander G. Brown of the Albany Herald, and Don Davis were visitors on the campus this week-end. They are all University of Oregon alumni.

CO-ED CODE DISCUSSED BY WOMEN'S LEAGUE

Committee Is Appointed to Judge Suggestions Offered by Organizations, and Adopt System

A new co-ed code is being formed by members of the Women's League, under the direction of Dean Fox. Last year the formation of a code for University women was discussed, but nothing definite was done, and no permanent code was adopted. However, with closer organization, a code is now being formed, which with the approval of a committee of Women's League officers and Dean Fox will be formally adopted for use by the women of the University of Oregon.

Each house and organization will be asked to submit a model code, which shall be judged by a committee composed of Chloe Thompson, Margaret Winbigler, and Geraldine Root, and the most favorable and suitable code will be adopted.

A letter from Helen Carson, last year's secretary of the A. S. U. O., now teaching school in Hood River, Oregon, has been received by Women's League, asking its aid in judging a code for high school girls. The same committee will pass judgment upon this code, and the rules governing the formation of such a code, whether for high school or University women.

UNIVERSITY ECONOMIZES

(Continued from page one.)

1. Absorption of a loss of \$25,000 in 1923 from decreased valuations.
2. Absorption of \$28,000 of an unavoidable fire loss.
3. Absorption under its present millage of a costly increase of 37 per cent in full-time residence registration.
4. Postponement of several construction items so expensive that they cannot be done under the millage.

The University has two items in the 1923 Legislature: one for reimbursement for two-thirds of its fire loss of \$84,000, second for \$215,000 for the Medical School.

Medical Demands Smaller
The Medical School, in asking for its usual appropriation, is placing the

figure at about \$55,000 less than it asked and received two years ago. The program for the Medical School includes not merely the training of medical students, but extensive work in disease prevention. This work is now being carried on in research laboratories. The cost of a medical research in this state has been kept comparatively low in the last two years by the financial cooperation of the General Education Board, a branch of the Rockefeller Foundation. This board has appropriated \$163,500 in the last two years to supplement the \$271,000 appropriated by the legislature two years ago. Much of this money went into the construction and equipping of research laboratories and maintenance of a research staff.

SOPHOMORE LOTTERY PLANNED FOR FRIDAY

Class Party at Campa Shoppe to Be Informal Affair; Drawing to Be Declared Square

The sophomore class will hold their 'steenth annual square lottery next Friday evening at the Campa Shoppe. It is to be an informal dance as all lotteries are and the entire Campa Shoppe will be at the disposal of the class. The Dreamland Seven piece orchestra has been secured. A novel feature has been planned but the committee, of which Ted Gillenwaters is chairman, will not divulge the secret until later.

Now comes the news that everyone has been waiting for with suspended breath for the last few weeks. The lottery is out and is absolutely square. The names of the class members were placed in boxes and drawn, first a man's and then a woman's, just as they came. According to Gordon Wilson, chairman of the lottery committee, any man that drew the woman he wanted was indeed fortunate.

Dollars and Sense!

Don't buy 'til it hurts, but do buy WHERE it pays. You spend your own money—create your own demand and glorify in your independence—but—

Remember This ---

You have to pay for YOUR OWN extravagance. It's YOUR bank account that you overdraw and you write YOUR OWN "I O U's."

Merchants that can save you money are advertising in the Emerald. Merchants that believe in their goods, that have student supplies at student prices are telling you so in these columns.

Then Patronize the Advertisers!

They are advertising in YOUR paper because they want your trade—and because they believe that they have the goods.

Think It Over
