

FROSH GLEE WILL BRING SURPRISES

Annual Freshman Dance to Be Largest, Says Committee in Charge

"There will be one surprise after another for all attending the Frosh Glee tonight," said Floyd McKalson, general chairman of the dance. Several new features and surprises have been planned by the feature committee. The feature this year will be on the stage, so that everyone in the ball room may be able to see.

Rodney Keating, chairman of the patron and patroness committee, is ill at the infirmary, and Imogene Lewis is taking his place as chairman.

Governor and Mrs. Walter M. Pierce and ex-Governor and Mrs. Ben W. Olcott have sent in regrets that they will not be able to act as patrons and patronesses at the glee because of other engagements. The patrons and patronesses will have the enjoyment of spending most of the evening in alumni hall. They will find it much more comfortable there than at past dances where they have been crowded on one or two davenport.

Jack Myers' Mid-Nite Sons orchestra will furnish the music at the dance. Several new pieces that have never been played here before will assure excellent music, according to Mary Ellen Ray, chairman of the music committee. Plans are under way to enclose the stage in such a manner as to put the orchestra there. It is hoped that this will be possible, as it would give more floor space, better music on the sunporch and in the entire room.

Freda Runes, chairman of the decorating committee, urges every freshman to be at the dance, beginning today promptly at 3:30 o'clock to assist in decorating. The decorations are all ready to be put up with the cooperation of the freshmen they will be in readiness for the dance.

An invitation was sent to the Oregon Agricultural College students sometime ago to attend the Frosh Glee, and a great many students are expected at the dance. "The whole freshman class will act as a floor committee for the O. A. C. students attending the dance and we want to see that they have a good time," said Floyd McKalson. The affair is put on annually—the freshman class paying the entire expense.

The Varsity basketball game will begin at 7:15 at the Armory and the Frosh Glee at 9 o'clock at the Woman's building, therefore, the girls will have ample time to see the basketball game and dress for the dance. The frosh-rook games are called for Friday and Saturday at 4 o'clock.

The committees working on the dance say, "This will be the best Frosh Glee ever, so come prepared for a good time."

GIRL RESERVES PROGRAM OUTLINED AT Y. W. MEET

Esther Dayman, Regional Director of Group, Discusses Ideals and Activities of 'Teen Age Students

In an illustrated informal talk yesterday at the Y. W. bungalow, Miss Esther Dayman, regional director of the Girls' Reserve, outlined a program of the Y. W. C. A. for girls of the 'teen age, and gave the purpose of the organization.

A club is of value to a girl because it is a means toward an end and the purpose of the reserve is to teach a girl to face life squarely and to give her best. It provides or supplements those ideals, activities and convictions which help a girl to live as a Christian of her age should, Miss Dayman said.

There are 158,000 reserve girls in the United States. The majority are composed of American girls but some are Chinese, Japanese, Russian, Armenian, Spanish and colored. There are two reserves is so important: first, it puts the girls of other nationalities on the same basis with the American girl, and second, personal contact is gained through the association with the very finest type of foreign girls. The movement is very broad—it causes girls to think of themselves in connection with other girls all over the world, pointed out Miss Dayman.

The quotation, "Life is made up of work, recreation, fellowship and religion," is carried out in the Girls' Reserve, the speaker said.

The program in the Girls' Reserve is divided into three sections: 1. Girls of grade school age; 2. Girls of high school age; 3. Young girls who are working in the industries. Real leadership is necessary and there is a great opportunity to give real service, said Miss Dayman.

SWEETSER MAKES TOUR

Ashland, Grants Pass, Medford Visited; Speeches Made at High Schools

On his lecture tour to southern Oregon last week, Professor Albert R. Sweetser spoke to several organizations and student bodies in Grants Pass, Medford and Ashland. In Grants Pass on February 3, he spoke to the Women's clubs on the "Conservation of Flowers."

He visited the science classes and the assembly of the Medford high school on February 5, and spoke on "The Study of Biology" to the classes, and

on "Flower Conservation" to the assembly.

In Ashland on February 6, Professor Sweetser talked to the classes in the high school and grade schools and in the evening to the City Improvement club on the "Conservation of Flowers."

While in Ashland, Mr. Sweetser visited the lower grade classes in Biology, conducted by Miss Geraldine Ruch, a graduate of the University of Oregon. No textbooks are used in her classes as all work is being done by personal experimentation.

VARSITY TEAM WILL MEET O. A. C. ON MAT

Oregon Wrestlers Confronted by Strong Squad

The Oregon wrestlers will make their debut on the home mat this afternoon at three o'clock on the main floor of the men's gym when they tackle the strong O. A. C. aggregation. The Aggies were the class of the conference last year and as most of the men from last year are back this will undoubtedly be the toughest match of the season for the Lemon-Yellow squad.

The men who will represent Oregon, as announced by Coach Widmer, are Chet Sumption, 125 pounds, Ray Garrett, 135 pounds, Harvey Robertson, 145 pounds, James Bradley, 158, and Jens Terjeson, 175. The squad is in good condition and represents the best men in their weights with the exception of the lightweight division, which is represented by Raymond Garrett. Tom Chatburne is the best bet of the lightweights but at present he is out of the running with a broken rib.

The Orange and Black grapplers will arrive on the campus shortly after noon today, headed by Coach Rathbun and Captain "Bud" Fish. Fish was last year's collegiate champion of the Pacific coast in the 145 pound or welterweight division. In a letter to Coach Widmer, the Aggie mentor said that it was probable that he would not use Robin Reed, the 135 pound flash, who cleaned up on the best lightweights in the country last year. The probable lineup of the Ag bonecrushers will be Fulton, 125; Nixon, 135; Fish (capt.), 145; Coyner, 158; Stenstrom, 175.

Ted Thye, the Multnomah Club wrestling instructor who recently annexed the light-heavyweight championship of the world, will referee the matches.

BALKAN TROUBLE

(Continued from page one)

to Dr. Clark. The Bulgarians, Serbs, and Roumanians are each, by establishing their own schools and by imposing their ideas and civilization upon this nation, attempting to attend a football in this country. The Albanians with their persistent resistance of Greek and Turkish influence complicate the Balkan situation.

Rivalry Creates Discord

"The rivalry between the western powers for commercial privileges," said the speaker, "has created less cordial relations and a delicate situation between these nations. The English bitterly resent a treaty signed a little over a year ago between the French and Angora governments whereby the French received mining concessions in Asia Minor and certain parts of the great railway in this region."

In the opinion of Dr. Clark one of the factors in the downfall of Lloyd George was the bitterness of the English people toward the statesmen who allowed the Turks to come back into Europe after their defeat at Gallipoli. "The deep sentimental feeling in England regarding the Dardanelles and the cemeteries at Gallipoli was not forgotten and one of the principal causes of the exaltation in England at the time of the victory was not only the defeat of the central powers, but more so the defeat of the Turks."

"THE DANGEROUS AGE," CASTLE

They say the "Dangerous Age" is a hard-boiled age.

His wife refused to allow him to eat hard-boiled eggs because they weren't good for him.

Therefore, when he heard a girl on a railroad diner order her eggs boiled hard he made overtures which were turned by fate into complications that made him glad to be able to return home and eat his eggs soft.

HENDRICKS HALL WINS DONUT CHAMPIONSHIP

Oregon Club Loses Thrilling Game by Score of 25-20

Hendricks hall won the championship of the women's do-nut basketball series last night when she defeated the Oregon club team 25 to 20 in a fast and hard fought game. During the first half of the game, Hendricks hall managed to get considerably ahead of its opponents, but in the last half and especially the final ten minutes of the tilt, Oregon club came back with a spurt, partially evening up the score and causing great excitement, especially among the spectators. The Hendricks hall team worked as a machine, each player being a cog in its proper place. Grace Sullivan, forward, was again the star for the winning team. Of the 25 points annexed by Hendricks hall, 20 were due to her accurate shooting and the ease with which she netted the baskets was decidedly worthy of praise. Much credit is due each individual player, who has aided the team in completing a very successful season with no defeats chalked against it. The cup, awarded each year to the winners of the do-nut series will again be in possession of Hendricks hall, last year's champions. This cup is awarded every year and does not remain in the permanent possession of any one organization.

The Oregon club team put up a steady fight against their opponents, and gained considerably on them during the latter part of the game. The guarding was the greatest source of weakness to the team. Charlotte Howells, upholding her reputation, did clever work especially during the second half, playing guard. Her ability as a "dodger" is proven. Fouling occurred heaviest on the Hendricks team, and Vernetta Quinlan, forward was successful in converting 6 out of the 9 foul throws.

"The do-nut league has been a decided success," said Miss Waterman, who refereed the last night's game. The cup was more highly contested for this year than last, as the Alpha Phi, Oregon club and Theta teams, were all tied for first place in the second league. Up to last night's tilt, the Oregon club players had had but one defeat, previously losing to the Alpha Phi 17 to 11.

The lineup for the game was:
Hendricks Hall Oregon Club
M. Crain.....C.....R. MacGregor
W. Chattin.....SC.....C. Howells
S. Haglund.....G.....C. Cheadle
P. Lewis.....G.....C. Sartain
E. Alexander.....F.....L. Quinlan
G. Sullivan.....F.....V. Quinlan

DOCTORS WARN AGAINST SPREAD OF POISON OAK

Infirmary Closed to Visitors But Grippe Epidemic Declared on the Wane

Coincident with the occurrence of several house formals, an increasing number of poison oak cases have appeared at the infirmary for treatment. A few warnings and suggestions have been given out by Dr. W. K. Livingston as to prevention and treatment of the ailment.

It has been discovered that the infection is caused by an oil on the twigs of the plant which is especially prevalent this time of year owing to the absence of leaves. "When you come back from a trip to the woods," says Dr. Livingston, "wash in good strong laundry soap which contains a great deal of alkali, as it helps to kill the germs before they spread. An application of ordinary baking soda to any spots that seem to be affected, will also help to block the eruption before it appears." Anyone who becomes affected should go to the infirmary at once, as a strong medication is the only remedy to stop it after it has once started.

"Though the infirmary is still closed to visitors, the grippe seems to be on the wane," said Dr. Livingston. "No one can say just what will happen in the future, as it lies within the power of the students, individually, to control the situation by taking care of themselves."

MRS. TORREY VISITS CAMPUS

Mrs. Harry Beal Torrey was a visitor on the campus during the first part of this week. She came down from Portland Sunday with Dr. Torrey and returned Wednesday, after a short visit with her daughter Elizabeth.
