Alumni Make Good Regents

The announcement of the appointment of Fred Fisk, an Oregon graduate with the class of 1897, as a regent of the University to succeed A. C. Dixon emphasizes a new field for graduates. What better way to serve the state and the cause of education than by acting as a regent of a state university? And where can better material for such positions be secured than among the body of the alumni?

The work of Mr. Dixon during his term of office has been a distinct service to education. It would have been difficult to find a man better suited to act on the board. It is only the fact that his successor is also well suited to the demands which will be made upon his time and on his knowledge that insures perpetuation of the effective service given by Mr. Dixon. Fred Fisk has demonstrated his interest in the University since the day of his graduation. His work as upholder of the interests of higher education in the legislature just closed has been signal.

As a regent of the University Mr. Fisk will have an opportunity to do more for education than has been possible in the state senate. The judgment of Governor Walter M. Pierce has been good.

Whitman's Song Contests

At Whitman College prizes are offered for the best song in an annual contest. A committee is chosen to make the selections, which are incorporated into a college songbook. This idea goes along with that of Professor Thacher, in urging more songs for Oregon. Why not have an annual contest here along the lines of that conducted at Whitman?

Up in Portland a man was recently arrested for saying hello to a woman. Maybe he was an Oregon student.

Why not have an old-fashioned all-University smoker? The night of the April Frolic would be a good time.

It is almost time to distinguish campus politicians by their profuse "hellos."

OREGON STUDENTS WIN SUCCESS AT PRINCETON

Physics Men Take Advanced Work in Research

Two men from the physics department of the University have made marks for themselves in advanced work at Princeton within the last two years, with aid from valuable scholarships, says Dr. W. P. Boynton.

Arthur Bramley, who came to the University of Oregon in the spring of 1920 from British Columbia, and attended Oregon for two years, received the experimental science fellowship of Princeton last year. The scholarship allows \$700 and tuition annually. Bramley did wonderful work here, Dr. Boynton says. During the time he was here he seldom fell down to a II on the grade sheet. One semester he made a record of eighteen hours of I and three unregistered hours, also I. He was a member of the University Honor society, and has recently been elected to Phi Beta Kappa.

Dr. A. E. Caswell of the physics department spent 1920 at Princeton doing research work. He was aided by the national research council of the Rockefeller Foundation. From it he received \$2000, and was allowed to choose the institution at which to study. He investigated the electrical and magnetic properties of metals.

Besides these, one ex-student, Marion O'Day, is doing graduate work in physics at the University of California, and is expected to get his doctorate this May. Donald Wilkinson, sophomore in engineering, will go there next year. Howard Wise, graduate assistant in the mechanics department, Dr. Boynton said, is considered the best physics student now at the University, and one of the best that has ever taken work here. Wise, he believes, would make a good successor for Bramley at Princeton. He will continue his studies somewhere next year.

WHITMAN COMPILES SONGS
 Whitman College, Walla Walla, Feb. 24.—(P. I. N. S.)—Compilation of the songs for the new Whitman song book is to be placed under the supervision of the Women's League and the Wake-elita society. The contest in writing new songs will be ended March 1, and it is hoped that with the new songs thus obtained and with revision of some of the old ones, that the new book will be an expression of the present college generation without losing any of Whitman's traditions.

"A FRONT PAGE STORY," CASTLE
 Stories of American life are winning the praise of critics of literature not only in the United States, but abroad. Writers have been seeking to capture the true spirit of this nation of one hundred and twenty millions of people and some of them have succeeded. The translation of American novels to the screen has been accomplished with varying results, but no motion picture has been presented in the last ten years that so surely portrays American life than "A Front Page Story," which is showing at the Castle theater today and Wednesday.

RADIO LECTURE HEARD
 Dr. Joseph Schafer, former head of the history department of the University, and now in Madison, Wisconsin, reported to the Portland Center of the extension division that he heard a University lecture on his radio from the Oregonian tower in Portland. Dr. Schafer will teach history on the Oregon campus during the summer session from June to August.

BIBLE MISSION HOLDS SERIES OF MEETINGS

Sessions Will Last Over Three Days; Well Known Speakers Will Take Part in Program

A cartoonist, who draws serious and comic pictures as he talks, will be one of the features of a series of meetings under the auspices of the Flying Squadron Foundation, to be held at the Bible Standard mission, Seventh and Pearl streets, beginning this afternoon at 2:30 o'clock. Meetings will be held Tuesday, Wednesday and Thursday, February 27, 28 and March 1, afternoon and evening at 2:30 and 7:30. These meetings will be free to the public.

The Honorable Frank S. Regan, lawyer, cartoonist and tax expert, who has been a lyceum and chautauqua speaker for 28 years, and Rev. Fred W. Corbett will speak the first afternoon and evening and James H. Woertendyke, constitutional lawyer, will speak on Wednesday afternoon and evening. Mr. Woertendyke will explain how the eighteenth amendment may be preserved and how also it may be repealed if a proper sort of vigilance is not maintained.

On Thursday afternoon and evening Hon. Oliver W. Stewart, who has spoken in every city of importance in the United States and in the principal capitals of Europe, will discuss the scientific, ethical and political phases of prohibition. Rev. Norma C. Brown, who has spoken more than 1,200 times during the present tour of the squadron, will also speak Thursday afternoon and evening.

"OREGON HYMN" NEEDED, SAYS DR. CAMPBELL

Original and Simple Song Is Held Beneficial

The need of a new Oregon song has been arousing interest recently among faculty and students and President Campbell yesterday expressed himself as being heartily in favor of a new song. He is interested in having a definite plan formulated for a competition in which the campus talent will have a chance to display itself.

The president believes that Oregon needs a new type of song, the type which he calls a "hymn"; something similar to "Fair Harvard" or "Old Nassau," Princeton's song. The need is for a song with both dignity and appeal; a song that can be sung by a miscellaneous group of mixed voices and does not necessitate the working out of parts in order to be well rendered. Songs that have a charm makes them universally popular give a school a certain prestige and distinction which is worth while.

The songs Oregon has now are good, excellent in their way, the president believes, but the real necessity is for a song of a different type, and one that is wholly original. Several Oregon songs are semi-steals from other school songs, as "Mighty Oregon," which is similar to "Mighty Michigan." Those songs which are original, as the Pledge Song which the Men's Glee club sings, are often too difficult to permit of general group singing.

President Campbell is in favor of having a competition, under the direction of certain members of the faculty, which will stimulate interest in the writing of a new song with original words and music. The competition, the president believes, might become a yearly event and thus in several years time one or two songs should be written which would stand out as first rate compositions. The president is anxious to have the general student body take an active interest in the idea of a new Oregon song.

GIRLS PLAN PAPER CHASE

Freshman Commission Sponsors Outdoor Event Wednesday

A paper chase is being planned by the Freshman Commission of Y. W. for Wednesday evening from 5:15 to 7, instead of the regular meeting. All freshman girls are urged to come, bring their own lunches and a cup and five cents for coffee.

The chase will start from the Bungalow. It is planned that the girls who are there first will be hares, and those arriving late, the hounds.

Freshman girls living in town are asked to sign at the Y. W. bungalow if they can go, and Hulda Guild has charge of the girls who can be reached through organizations.

If it rains Wednesday, the chase will be postponed, but the girls are asked to bring their lunches to the Bungalow, where coffee will be served as planned.

RESERVE CORPS GIRLS MEET

Miss Esther Dayman, who is organizing a Girls' Reserve Corps here, met seventy girls from the University high school and the Geary school last Saturday afternoon. The girls played games under the leadership of Maud Graham, after which Miss Dayman spoke on the ideals and purposes of the Girl Reserves. After her talk, the girls divided into four groups, each under the leadership of a University girl. There are at present two Reserve Corps at each of the two schools.
