

SOCIETY

By Catherine Spall

Social functions which were interrupted for a short time by the Easter holidays, are being resumed and are occupying the freer moments of the college set. On Saturday the installation of Phi Beta Kappa was one of the largest and most important events, with prominent alumni from all over the United States present in honor of whom many social affairs and much entertainment centered. Saturday evening ushered in two gay affairs, April Frolic, an annual costume affair among the University women, and the annual men's smoker.

The Oregonian, the faculty social organization, was the host for a delightful evening of dancing and other forms of entertainment Friday night at the Woman's building. A number of guests present included alumni here for Phi Beta Kappa installation.

Miss Ernestine Block of Denver, Colorado, Province Deputy of Delta Delta Delta, who was an interesting visitor on the campus this week, was the inspiration for a lovely tea given by the local chapter of the fraternity in the Alumni Hall of the Woman's building, Wednesday afternoon. In the receiving line besides Miss Block were Mrs. W. F. Graham, Mrs. A. R. Sweetser, Miss Mattie Patterson and Miss Tekka Haynes. Miss Carmen Espinosa poured. Thursday evening a dinner was given at the chapter house with Miss Block as guest of honor.

Social events in connection with the installation of the Oregon chapter of Phi Beta Kappa, Saturday, included the banquet held in Hendricks Hall Saturday evening, where toasts, responses, and addresses by prominent Phi Beta Kappas comprised the interesting program. Following the dinner a reception was given in the Alumni Hall of the Woman's building. In the receiving line were Professor Robert C. Clark, president of the local chapter, with Dr. Henry Rand Hatfield, dean of the faculties of the University of California, President and Mrs. Prince L. Campbell, Dr. and Mrs. Richard C. Scholz, Dr. A. R. Benham, Dr. R. M. Winger, of the University of Washington, Dr. E. O. Sisson of Reed College, Dr. M. Ellwood Smith of O. A. C. and other guests. Music was furnished throughout the evening by an orchestra. Mme. Rose McGrew of the school of music sang two numbers.

Today the members of Phi Beta Kappa are being feted with dinners at the homes of various faculty members and campus organizations.

The marriage of Miss Frances Ward, '26, of Salem, and Mr. Edwin C. Purvine '26 also of Salem, occurred in Portland April 2, during the spring vacation. Mrs. Purvine who is majoring in dramatics is continuing her studies here this term. Mr. Purvine was on the freshman football team this year and is a pledge of Sigma Chi fraternity. He will not return this term, for he leaves in a few weeks to accept a position with the Western Electric Co., of Portland.

The young couple will make their home in Portland during the summer.

Jane Thacher, pianist of the school of music, and Pauline Miller Chapman, mezzo-soprano, were presented in recital by the Lane County Alumni Association, Tuesday evening in the Woman's building. An enthusiastic reception was rendered the artists for the charming program given.

Cards have been issued announcing the engagement of Miss Beatrice Conway, '25, of Portland, to Mr. Adam Wilhelm, '23, of Monroe. Miss Conway is a journalism major in her sophomore year. Mr. Wilhelm completes his course in business administration in June. He is a Kappa Delta Phi fraternity man. The date of the wedding is not known.

Epsilon Omicron of Phi Gamma Delta entertained with their annual Easter breakfast Sunday at the Osborn hotel.

Broken mirrors, open umbrellas, black cats and question marks, were the effective decorations at the hard-luck, Friday-the-thirteenth dance given by Friendly Hall at their residence Friday evening. Attending the affair were thirty couples. Patron and patronesses were Professor and Mrs. Roland Miller.

The juniors of Kappa Alpha Theta were hostesses at a formal dance given

in honor of the seniors Friday evening, at the residence of Mr. Campbell Church. The color motif of gold and black was interestingly carried out in the decorations about the rooms and the dance programs. Five guests from Portland were present at the function. Mr. and Mrs. Campbell Church acted as the patron and patroness.

The engagement of Miss Margaret Alexander, '24, of Portland to Horace T. Byler, '23, of North Bend, announced Saturday evening at the Kappa Kappa Gamma house, is one of the most interesting engagements announced on the campus this year, because of the prominence of each in campus activities.

The news was made known at a feed where there were served mocha squares and clever little artificial flower pots filled with ice cream containing either miniature fleur-de-lis or white roses, signifying the flowers of the fraternities. Hidden in the center of the flower were two little hearts bearing the names of the couple. At the Sigma Chi house the news came out when the customary cigars were passed.

Miss Alexander is a junior majoring in the School of Education. She is the vice-president of the junior class, a member of Kwama and of Kappa Kappa Gamma. Mr. Byler is a prominent football man and is majoring in economics. He is a member of Sigma Chi fraternity.

The wedding of Miss Velma Freeland of Portland and Holmes Bugbee of Burlingame, California, Monday afternoon in Portland came as a complete surprise to their friends. Mrs. Bugbee was a junior in the University majoring in English. She is a Delta Zeta sorority girl. Mr. Bugbee is a pledge of Chi Psi fraternity and a freshman in the department of Drama and the Speech Arts.

Raggedy Anne, little Red Riding Hood, gypsies, the Gold Dust twins, Polly Prim, Sunbonnet Sue, old-fashioned ladies, strutting males, and characters unending in their variety and number, mingled in the gay, colorful throng of participants in April Frolic, that exclusively feminine gathering where restraint is unbound, given last night in the Woman's building. Each of the seven stunts put on by the women's houses was very clever and

showed a great deal of practice and skill. Between the stunts there was dancing and ice-cream sandwiches partaken of. A silver loving cup was awarded for the best stunt put on, and for the best costume a prize of five dollars was given.

Patronesses for the affair included Mrs. P. L. Campbell, Mrs. John Straub, Mrs. E. E. DeCou, Miss Helen Broeksmith and Alice Betts.

Genevieve Laughlin and Arthur Kuhnhausen, both of the class of '22 were married in Portland, at St. David's church on Thursday afternoon at five o'clock. Miss Laughlin is a member of Alpha Phi sorority, and Mr. Kuhnhausen of Kappa Sigma fraternity, Alpha Kappa Psi, and Order of the O. Miss Florence Garrett was maid of honor, and Mr. Floyd Bowles acted as best man. The couple will live in Portland.

The engagement of Miss Mary Watson of the English department to Walter C. Barnes, professor of History, was announced Monday evening, at the Pi Beta Phi house, of which Miss Watson is a member.

The engagement of Isabel Hollister and Cecil Bell was announced at the Alpha Sigma house during dinner Thursday evening. The rooms were decorated in pink and lavender. Before the last course was served a little messenger girl brought in corsages of pink sweet peas and forget-me-nots in which small hearts in pastel shades bearing the names of the couple were concealed. Cigars were passed at the Phi Kappa Psi house of which Mr. Bell is a member.

Miss Hollister is a sophomore in the University and is from Pasadena, California. Mr. Bell is a senior in the University and comes from Pendleton.

anti-intellectualism, also to a degree. You are training in a university where the lines of thought, the studies, even down to dramatics and music, are sciences.

Each mode of thought embraces the whole life process. The two meet. There is conflict. Conflict generates thought.

I ask you, if you are not here to think, why are you here?

In the Literary Digest the other day a man supposedly in touch with college affairs was quoted as saying that the college phase was only temporary, that when we left our assorted campuses we would go happily back to the beliefs we used to hold.

We might ask him why we came to college!

As to which side fights the losing battle—and it really isn't much of a scrap—we can say that if a foundation of fact has any survival value, between a man who holds to correct premises and one who holds to incorrect ones, the former has the better chance.
