

JUNIORS VOTE TO ABOLISH CLEANUP DAY ON WEEK-END

Program of Entertainment To Take Place of Work on Saturday Morning

STUNT TO ADVERTISE SHOW Men of Class Called Out For Fatigue Duty on Bleacher Construction by Race

The Junior class voted last night to abolish the clean-up feature from the annual junior week-end campus day and to substitute a program of entertainment for the hundreds of visiting "preppers." The decision was made on the grounds that the arrival of guests on the campus is not an occasion for an annual spring clean-up any more than visitors at home are received amid the flurry of spring housecleaning. It is probable that the clean-up work will be moved ahead of junior week-end, possibly to the Saturday preceding May 18, the opening day of the festivities.

Considerable interest was aroused last night in the presentation of the advertising stunt for the varsity vanities. A prominent Oregon junior is to be masked and disguised generally to appear on the campus at various times before the Vanities show, May 3. A liberal prize is to be given to the first person who guesses the identity of the "Oregon Jester," as the mystery man will be called. More details are to be announced later by Ted Baker, chairman of the show committee.

Will Construct Bleachers

Eddie Edlund, head of the canoe fete committee, issued a call for every junior man to report in front of the anchorage at 9 o'clock Saturday morning to assist in the construction of a group of temporary bleachers for the canoe fete. The girls of the class are meeting in Villard this noon at 12:30 to plan a "feed" for the workers. A committee will call on juniors who fail to respond to this call, according to those in charge.

A meeting of the entire canoe fete committee will be held today at 4:15 in the accounting and auditing room on the third floor of the commerce building and representatives from every organization on the campus are asked to meet at the same place at 4:15 Thursday to discuss the canoe fete. Each representative should be the head of the canoe fete float in his or her organization, says Ed Hanley, the committee head, who is calling the meeting. A directorate meeting will also be held in conjunction with the meeting of home representatives.

The main body of discussion was taken up over the matter of the clean-up. Doug Farrell, chairman of the entire junior week-end committee, will talk for the proposed change before the student council tonight. Jack Myers and Eddie Edlund reported on the progress of their work.

Fisher Is Thanked

The class officially thanked H. M. Fisher, superintendent of grounds, Mrs. Edna P. Watson, and Frank Wright for the work they are doing to advance the junior week-end plans. Prize awards were announced for girls who succeeded in selling boxes at the Varsity Vanities production. The request was made at the meeting that junior workmen bring hammers, rakes, hoes, shovels and other tools Saturday morning, when they report to Mr. Fisher's crew of supervisors to build the bleachers on the mill race.

A plea for the whole hearted support of very member of the class in the staging of Junior week-end was made by Jimmie Meek, class president.

Elsie Ferguson's Personality Obliterates Mundane Thoughts

By Jeanne Gay
Moonbeams—Elsie Ferguson—forever. A face that was alive with personality and animation, entirely free of all make-up, a warm grey ribbon hat under which masses of soft wavy auburn hair curled, and light blue eyes smiled—this was Miss Ferguson as she stood on the platform of the depot yesterday, slim and correct in her grey tulle with its long wrap-around coat and a wrap-around skirt, that hung down in a point in the back, her beautiful silver fox, her black silk stockings and black patent leather slippers completing the stunning costume.

And then she started talking, the material evidences such as freight trains and signs, people and noises all disappeared as if by a magic wand and

DONUT MEN OUT IN EARLY HOURS

Sunrise Practice Is Rule Among House Teams

Will the early bird win the championship of the doughnut baseball? In order that the old adage might remain true to form some of the teams will have to start at midnight. For the past few days three or four houses have been getting out as early as six a. m., and going through the strenuous efforts of making year-round tea hounds into baseball players.

It is indeed a strange sight to look upon the crews in their motley costumes performing on the diamond. It is quite different to throw a league baseball around on the ball grounds than to pass the sugar around for another cup of tea. But despite their awkwardness too much credit cannot be given to these mighty sons of Oregon Spirit, who brave the early morning dews for the good of their organizations.

If only George Bohler could get out and see these proteges of the national pastime—his worries regarding a winning varsity would be over. And if Bill Hayward could set his alarm clock at the early hour when only crooks and moles should be about and see the Paddocks and Rays dashing at a maddening speed after a gracefully muffed fly, wouldn't he take an extra rub at his eyes and quickly get out a pad and pencil and sign up these hidden wonders?

With the first doughnut baseball game only a short time off it is necessary for the organizations to get their practice whenever possible and from all observances it seems as if the boys were taking advantage of the early morning coolness to get the kinks out of their arms and their batting eyes back into shape. The next question which arises is, what to do for grounds in case all of the houses come out in the morning!

ALPHA PHI GIVES \$1000 TO STUDENT UNION FUND

Fraternity Fifth on Campus To Make Contribution

Alpha Phi, women's fraternity, stirred up renewed interest in the recently lagging contributions to the proposed Students Union of the University by moving that the chapter contribute \$1000 to the fund for the building, as being a worthy object, and a good investment on the part of the student-body of Oregon.

Alpha Phi is the fifth organization on the campus to donate \$1000 to the union project which sprung up almost spontaneously on the campus, but which has been sponsored in large part by the June graduating class. Besides these five organizations, the members of the senior class are pledged to contribute to the fund, and a \$1000 fund was given by alumni of Kappa Sigma fraternity, although this amount was not definitely specified as going toward a student union. At the time of the Kappa Sigma alumni donation, the idea of a union had not yet sprung into being among the students on the campus.

The method of investment of the sum which will be available for use in ten years, has not yet been decided according to Chloe Thompson, president of the local chapter of Alpha Phi. It is expected that the means will be selected by the chapter this week after careful consideration.

"We felt that a donation toward the erection of a student union was the best use to which our money could be put," said Miss Thompson. "The chapter was unanimous in feeling that such a project was worthy of the hearty support of every student of the University of Oregon."

Following are the members of the

DO-NUT BASEBALL PLAY WILL START MONDAY, APRIL 30

First Three Games of Series Scheduled for Next Week on Military Diamond

RULES FOR LEAGUE POSTED Organizations to be Divided Into Classes; Teams Will Play at Least 3 Times

The do-nut baseball league will get under way Monday, April 30, with the following schedule for the week beginning on that date:

April 30, Alpha Beta Chi will play Bachelordon at 4:00 p. m., on the field in the military parade ground. Tuesday, May 1, Phi Sigma Pi will meet Kappa Sigma at 4:00 o'clock on the parade ground. Wednesday, May 2, Phi Gamma Delta meets Kappa Delta Phi at 4:00 p. m., at the R. O. T. C. field.

The do-nut schedule for the remainder of the week is broken by the two Varsity games on Thursday and Friday with Pacific University. No do-nut games will be played on those two days.

Three Games Sited

The three teams will compete in the first round of the tournament which will be run off a game a day when the circumstances permit. The weekly schedule of games will be announced at the beginning of each week, according to George Bohler, who has charge of the tournament. The first round was paired off by lottery: Alpha Beta Chi vs. Bachelordon, Phi Sigma Pi vs. Kappa Sigma, Phi Gamma Delta vs. Kappa Delta Phi, Alpha Tau Omega vs. Phi Delta Theta, Sigma Chi vs. winner of Alpha Beta Chi, Bachelordon game, Delta Tau Delta vs. Beta Theta Pi, Sigma Alpha Epsilon vs. Sigma Nu, Delta Theta Phi vs. Oregon Club, Friendly Hall vs. Phi Kappa Psi.

A sheet of rules for the do-nut tournament will be posted on the bulletin board in the men's gymnasium. The most important are those relating to the rounds of the contest. It is strongly urged that all the team captains make themselves thoroughly acquainted with the rules so that no mistakes will be made.

The teams are to play games of seven innings and if there is light enough the games will be played after six o'clock. The first round constitutes the games listed in the pairings selected by lottery. The winners in the games in the first round will go into the first replay round.

Replay Round Planned

After the entire first round is played off the first replay round will be played. The losers of the first replay round are given another chance to come back by going into the second replay round.

After the second round is played off, the second replay round is played as in the case of the first round. The winners of the second round will go into the third round. The losers of the second round go into the second replay round.

The winning teams in the second replay round go automatically into the third round while the losers in the second replay are eliminated from the tournament.

In the third round the winning teams go into the fourth round while the losing teams are eliminated from the contest. In the fourth round the winners go into the fifth and the losers are eliminated. The fifth round winners go into the last and final round, the sixth, and the losers are eliminated.

Team Plays Three Games

Thus by this system a team plays at least three games. A team may lose the first two games and by winning in the second replay round get into the third round and by not losing any more games may win the cup. If a team loses the first game and wins the second it will go into the second round; and if it loses in the second round it will go into the second replay round to play to enter the third round. The winning teams of the first and second replay rounds will be matched. This does away with the unsatisfactory method of selecting by lottery. If five or six strong teams are grouped in order a team by either losing or winning will be paired with a stronger or weaker team. Thus team captains should plan their strategy of playing from the chart in Bohler's office.

Varsity or freshman men listed on their respective squads will not be eligible for do-nut games, unless they have been withdrawn before the first regular varsity or frosh game is played. After that a man will not be eligible unless he is cut from the squad by the coach. All men not cut from the squad and not taken on the northern trip will be eligible after the last Varsity

(Continued on page three.)

CANDIDATES FOR PRESIDENCY ARE YET TO COME OUT

Katherine Watson Would Be Oregana Editor; Is Third Aspirant For Position

POSSIBILITIES ARE MANY Harley Covalt, Mary Skinner, First to Enter Race For Student Council Seats

From the way aspirants for the presidency of the A. S. U. O. are avoiding publicity it would seem that this year's race would be the hardest for years. No candidates have yet announced themselves, which would seem to indicate that the contest will be close and interesting. There is no thought of a dearth of candidates, however, and it is too early to begin to think of possible darkhorses.

Announcements made yesterday for council jobs will doubtless start the list, which is sure to be long. For senior men on the student council, Harley Covalt has entered the arena, and for junior woman on that body, Mary Skinner. With the declaration of Katherine Watson for the editorship of the Oregana, there are three in the field.

Katherine Watson Enters

The latest entrant into the lists for the head of the annual, Katherine Watson, is a sophomore in the University. She has been in the University Company and prominent in Y. W. C. A. work for two years. Last year she was chairman of the finance committee of the campus association and this year acted as treasurer. She is a member of Pot and Quill and Dial and is on the staff of the Emerald. She belongs to Pi Beta Phi.

Harley Covalt, who aspires to the position of senior man on the student council, will represent the University in track at the Seattle Relay Carnival. He is a junior and has been prominent in track. He majors in law and is a member of Delta Theta Phi and Phi Sigma Pi.

Mary Skinner, aspirant for junior woman on the student council, is a sophomore and has been active on the campus for two years. She is a member of Kwama and was one of the founders of Thespians. She has been chosen advisor on the freshman commission of the Y. W. C. A. for next year. She is a member of Kappa Kappa Gamma.

WOMEN'S LEAGUE WILL NOMINATE AT MEETING

Florence Jagger Committee Chairman; Body Will Choose Candidates; Dean Edgington To Talk

Although there has been no announcement as yet of any names for candidacy in Women's League, the air is tense with excitement, and many whispers have been buzzed about.

Whether rumors are true or not will be determined at Women's league mass meeting in Villard hall, Thursday at five o'clock. The nominating committee, composed of Florence Jagger, chairman, Margaret Scott, Ellen McVeigh, Mary Alexander, Marjorie Flegel, and Velma Farnham will then announce candidates, and others may be nominated from the floor.

Elections will take place the following week in the library entrance, with Margaret Scott in charge of polls, several assistants being chosen by her.

Dean Grace Edgington will for the first time appear before the women of the University in her capacity as Dean of Women, and will speak for a few moments at the meeting. There will also be musical numbers.

Other topics of interest to be discussed at the meetings are, the sale of concessions at the spring baseball games, the Tuesday teas, which will be continued throughout the Spring term, and plans for the Sunday breakfast at which Women's league council will be hostesses for members of Student and Executive Councils.

W. A. A. DELEGATES LEAVE

Florence Jagger and Georgia Benson Attend Conference at Stanford

Florence Jagger, president, and Georgia Benson, secretary, of the local Woman's Athletic association, left Monday night for Stanford University where they will attend the western sectional conference of the National Woman's Athletic association conference. Miss Benson will act as secretary to the conference, Oregon being elected to fill this office last year when the conference was held in Eugene. The session will last three days and the delegates will return next Monday.

Prominent Actor Appears Tonight

Claire Keeney

HUMOR WILL FEATURE BARRIE PLAY TONIGHT

Keeney Has Good Comic Role; Love Tangles Unraveled

Claire Keeney, whose work in comedy roles is well known to campus audiences, will play an extremely funny part in "The Professor's Love Story," James Barrie's three-act comedy which will again be produced by the University Company tonight for the first time since 1914 when it toured Southern Oregon after a successful appearance at home.

Pete, Keeney's role, is the part of a canny Scotch servant, who is in love with Effie, also a servant. His love affair is very muddled because of the presence of Henders, who, also in love, with Effie, and just as canny as his rival, hesitates to propose to her unless he is sure Pete is going to pop the question.

The triangle is subordinated to the Professor's love affair, which involves several other persons. Fergus Reddie played the role of the professor in the last appearance of the play and it is known as one of his best comedy roles. Charlotte Banfield plays Agnes the sister, who also has a love story, not as amusing as Effie's, or gay like the professor's, but with the sadness of disillusion.

Mabel Gilham does some very good acting in the role of Lady Gilding, carrying out the character of that designing person in an artistic way.

Arthur Johnson plays Dr. Cousins, and Wade Kerr plays Dr. Yellowleaves, both engaged in the curious case of the professor, whose health seems to be failing for no apparent reason. Lorna Coolidge is playing in the role of Lucy White, the secretary.

MRS. HEARD IN EUROPE

Former Librarian Sends Message To Miss Hair of Extension Division

Mrs. Roy Heard, formerly Miss Margaret Upleger, who will be remembered by the faculty members and older students, as having worked in the University library for many years, is now on a trip to Europe with her husband, Capt. Heard.

Capt. Heard has been stationed in the Philippines, but is now traveling because of ill-health. A card received by Miss Mozelle Hair, of the extension division, from Mrs. Heard, written from Rangoon, March 13, says they will stop at Colombo, Ceylon, Port Said, Cairo, Alexandria and Vienna, after which they hope to return to the United States.

Student-body Officers' Duties Demand Time, Skill, Interest

Article III STUDENT BODY OFFICERS

Everybody knows that the race for the positions of student body president, vice-president, secretary and editor of the Emerald is lively, and all wait with poorly concealed excitement to learn the final returns on election day. Few of the students, however, know what really is in line for these candidates not privileged to join the Lane Ducks after the fun and suspense of election day is over.

The president of the student body not only presides at the regular and special meetings of the Associated Students, but also at all of the meetings of executive council and student council, one of which meets each week, and meetings of the finance committee of executive council, which also meets once each week. Aside from this there

GOOD STICK WORK WINS VENGEANCE FOR OREGON NINE

Varsity Takes Measure of Vandal Hurler Before Invaders Can Score

RESULT IS 13 TALLIES TO 7

Errors Help To Spell Defeat for Gem Staters; Shields Works Well on Mound

An otherwise perfectly keen afternoon was ruined for a young man named Golden, when Oregon ran in a squad of runs in the second, third and fourth innings of yesterday's game and had it practically sewed up before the visitors from Idaho had succeeded in hooking a single counter.

The final count was 13 to 7, and until the first of the seventh the Vandals were unsuccessful in getting a single counter due to the good work of "Tiny" Shields, who appeared on the mound for the Lemon Yellow, coupled with an airtight defense, which weakened slightly in the last two frames.

Idaho Off Color

The Idaho nine was completely off color and several times more than one error was pulled in an attempt to make a play. "The Comedy of Errors" was what one of the Vandal men dubbed the melee. He named it appropriately, as his side accounted for a total of 10 during the afternoon.

The three-inning slaughter which put the contest on ice for Oregon was started by Doug Wright, who was first up in the last of the second and got to first after being hit by pitcher Golden. Umpire "Spike" Burke from Portland demurred proof from Wright that he had been hit, but when Doug was able to present a badly bruised finger, the Umps finally decided that he deserved the walk.

Latham Gets Two-Bagger

Sorsby, up next, hooked one for a hike to first, and Earl Shafer followed with a beautiful sacrifice, which put Wright on third and Sorsby on second. Hunk Latham then cracked a two-bagger which scored Wright, and Cook not to be outdone hooked one of Golden's offerings for another two sack clout which scored Sorsby and Hunk. "Tiny" then came up and by cracking out a nasty little fly, brought Cook in and ended the scoring for that inning.

The Oregon nine pepped up and by this four run lead, hooked three more in both the next acts, which performance caused the Idaho coach, McMillan, to send in Al Fox to replace Golden with the opening of the fifth frame. Al performs nearly as well on the mound as he does on the basketball floor and kept the hits fairly scattered for the rest of the game, leaving the Webfooters off with only three counters for the five innings that he did the heating.

This game broke the series even and leaves Oregon with an even record of

(Continued on page three.)

ASTRONOMY COURSE POSTPONED

Those interested in the stars, the moon, and other celestial fixtures may devote as much time as they desire at star gazing this term, but not under the supervision of Professor E. H. McAllister, since there will be no course in astronomy this year, according to an announcement made by McAllister yesterday. Astronomy was scheduled for the winter and spring terms, but because of an excessive amount of work during the winter term, Professor McAllister was unable to start the course which will now be postponed until next year.

are innumerable more or less informal and students.

Then, the student body president is Oregon's representative abroad, and at home. He attends the conferences of student body presidents. He is called meetings of committees both of faculty upon for speeches of welcome to visiting bodies, such as the Legislature, High School conferences and the like. He plays a big part in Homecoming. In order to "get away with" the office of student body president, a man must be capable of organizing work—he must know the student body, and know who can be depended upon in order that the various undertakings of the student body may be run smoothly.

The president of the student body has a seat and a vote in Executive and
