Two Buildings

Two new University buildings have recently been completed. They are equally useful. Both have enough classroom space, both have room for students to do their work in a satisfactory manner. But there is a difference! The student of one looks out upon plain walls—sees orderly lawns—is conscious of a dim and stifling conventional regularity. The rooms seem a dull brown—he hardly remembers. The tired student finds nothing to ease his mind—to relieve his monotonous existence.

In the other—arches and a quaint court—pleasing architecture—huge flagstone pavements and walks—perhaps sometime a fountain—sunlight—shadows. The crevices between the flagstones are sand. Grass overgrown would not be out of place. Perhaps the afternoon is beginning to drag—your drawing, or your book becomes tiresome—you lift your eyes expecting tiresome walls, monotonous roads. It is changed—your book is left behind—you are in a garden—you can sense the presence of the artistic past. Life is reinterpreted for you—and you return to your book with renewed spirit.

It seems that the buildings are equally useful. But one is more than merely useful.

The Facts Are Startling

Phi Theta Kappa, women's business administration fraternity, has published a little booklet in an effort to emphasize the ill effects of the n. s. f. checks. It is planned to educate the students as to actual conditions in order that they may realize the seriousness of the problem. The solution to the difficulty lies in methods of this nature. If Phi Theta Kappa and the Interfraternity council and other organizations will continue to emphasize the importance of good business methods there will be little call for disciplinary action on the part of anyone.

In the Coos Bay country during the spring vacation people travelled for miles to hear the University Symphony Orchestra. Press reports of the trip have been very complimentary to the Oregon musicians and it goes without saying that the house will be packed when they appear in home concert Friday night.

The fact that the R. O. T. C. cadets "showed splendid spirit" in the inspection last Friday despite the rain is but another indication of the effectiveness of good leaders. Colonel Sinclair has this year proved himself a capable executive in the face of a difficult situation. The results speak for themselves.

Baseball fans are usually good sports—and they know that the job of the "umps" is not an easy one. A game would not be a game without "kidding" the officials, but it should be good-natured. If there are any complaints, wait until after the game before you make them.

Candidates for student offices who wish to announce themselves in the columns of the Emerald should do so as early in the day as possible. It will not be possible to run names brought in later than nine o'clock in the evening.

SCHEDULE FOR DO-NUT TENNIS IS ANNOUNCED

Jerry Barnes Gives Out Dates and List of Contestants; Crowded Courts Will Cause Delays

The schedule for doughnut tennis, first of the three inter-fraternity tournaments to be run off this spring term, has been announced by Jerry Barnes, in charge of the tournament.

Owing to the lack of courts, the games will have to be played at some time that the teams can conveniently arrange. The tourney will be in doubles only and it is absolutely necessary that all three sets be played in order to rank teams. After the games, the score should be reported to the office in the men's gymnasium. It is urged by Barnes that the teams get in touch with their opponents and play off the sets before the date set.

The schedule with the latest time

the games can be played is as follows:
May 1—Kappa Delta Phi vs. Phi Delta Theta.
May 2—S. A. E. vs. Phi Gamma Delta.
May 3—Sigma Chi vs. Delta Tau Delta.
May 4—Alpha Beta Chi vs. Sigma Nu.
May 8—Delta Theta Phi vs. Kappa Sigma.
May 9—Alpha Tau Omega vs. Oregon Club.
May 10—Chi Psi vs. Phi Kappa Psi.
May 11—Bachelordon vs. Phi Sigma Pi.
May 12—Friendly Hall vs. Beta Theta Pi.

SOCCER TEAM NEEDS PLAYERS
Faculty soccer has gotten interest only on paper. Unless at least ten more of the faculty turn out, if the weather is good, the thing will be definitely dropped. Practice is on Tuesday and Thursday at 4:30 sharp.

CAMPUS BULLETIN

Notices will be printed in this column for two issues only. Copy must be in this office by 4:30 on the day before it is to be published and must be limited to 25 words.

Oregon Knights Meeting tonight at 7:30.

Y. W. C. A. Meeting at the bungalow tonight at 7:15.

Organizations entering floats in the canoe fete send a representative to the Accounting and Auditing room of the Commerce building, 4:15 Thursday. Important.

SUGAR PINE GROWS ON CAMPUS

Few students realize that on the campus, there is a sugar pine tree. It was planted by the class of 1885, the same year that the corner-stone of Villard hall was laid. It grows below Deady hall, a little to the right of Deady lane and is recognized by the long nut-bearing cones and the short needle leaves. It stands about 70 feet high with a diameter of 2 feet.

BETTY PRIDE LEAVES SCHOOL

Betty Pride, who has been quite prominent in campus activities, has been called to her home in Idaho and will not return to school this term. She is a member of Phi Theta Kappa and Delta Delta Delta. She is junior woman on the Student Council and is active in the Woman's Athletic association.

Sox Insurance!

ASSURANCE of comfort, insurance for wear. A happy combination. Silk, lisle or wool—for sports and "sports." Buy them by the box. Make yourself the beneficiary. Buy here and you pay the lowest premium.

ZOE HAGER TO BE MARRIED

Engagement Announced at Dinner of University Graduate Club

The engagement of Miss Zoe Marie Hager and Judge Mark G. Hoffman, was announced last Thursday evening at the monthly dinner of the University Graduate Club.

Miss Hager is well known as a high school teacher and journalist. For the past three years she has been head of the Commercial and Spanish departments at Milwaukee High School. She was at one time a student at Valparaiso University and is a graduate of the University of Oregon. For the past two terms she has been a graduate student in the department of sociology at Portland Extension center.

Judge Hoffman is president of the Pensacola Excelsior Company and of the Pensacola Chamber of Commerce.

The wedding takes place in Pensacola, Florida, on June 2d.

After a brief honeymoon trip to Cuba, Judge and Mrs. M. G. Hoffman will be at home in Pensacola.

FACULTY SPEAKERS AVAILABLE

There are 28 members of the faculty who are available for high school commencement addresses. The services of the speakers are entirely without cost, though in every instance actual traveling and hotel expenses will need to be provided. Where the distance from the University is great, reduction of expenses is frequently possible by two or three neighboring schools dating their exercises on successive days so as to use the same speaker.

"ADAM'S RIB" AT THE CASTLE

A pretty wife longing for romance—A husband immersed in his millions—

A fascinating "other man"—A flirty flapper daughter—De Mille has taken these very modern very human people and, with his usual skill and lavish hand, woven them into the screen's greatest love-drama of today, showing at the Castle for the rest of this week, and showing at regular admission prices. Don't miss it.

FARMER IS GILBERT'S TOPIC

James Gilbert, of the Economics department, will speak in Wailerville when he opens the meeting of the farmers Wednesday night. He will address them on the causes of the present economic condition of the farmers.

Society Brand Clothiers

as far back as when shirts buttoned up the back . . .

The pattern made the sale—but it was always the fit and fastness that brought the customer back!

This season we were shown a line of shirts at \$12 a dozen—beautiful patterns before the eye, but not worth \$12 a gross after the laundry!

The beauty of the patterns we are showing for Spring is that the fabrics and the fit back of the shirts will never backfire!

It pays to know what you carry home with the pins!
