

CURRICULA CHANGE GRANTED BY BOARD

Pre-Library And Pre-Nursing Added to Courses Given At University

At a meeting of the State Board of Higher Curricula held in Portland Wednesday evening, April 25, several changes in the courses to be offered in the University next year were passed upon. A new five-year course in architecture, a course in pre-library training and one in pre-nursing were the three main changes recommended by President P. L. Campbell, who represented the University at the meeting and presented these points for consideration by the board.

In compliance with the demands of an increasingly large student body for courses preparatory to library training and an equally strong desire on the part of many women students in the University for work which would fit them to take a professional nurses' training after they leave the campus these two additional courses will be offered, beginning next fall. They will include only preparatory work in both cases, as the University is not prepared or equipped to give professional work in either of these branches of training, and the nature of the subjects included will necessarily be academic. They will, however, lead up to professional work and will fit students to take the training and intensive courses in special schools for librarians and nurses. The pre-nursing work will be given in connection with the courses offered in the medical department under the direction of Dr. Harry Beal Torrey.

A five year study program outlined by Ellis F. Lawrence, dean of the school of architecture and allied arts, and leading to a degree of Bachelor of Architecture, was recommended and passed by the board. The program in architecture has been increased to a five year period in order to allow the student to apportion his professional work throughout his college course and include also the amount of academic study desirable for students receiving this degree. The plan will go into practice next year.

The meeting of the board was held at the office of its chairman, Dr. C. J. Smith, in Portland. Oregon Agricultural College was represented by President W. J. Kerr. The presidents of the two institutions of higher learning in the state, together with five men who have no connection with either the college or the University, make up the membership of this board, which has control over the curricula offered by them both.

OREGON KNIGHTS TO DANCE

Entire Student Body Will Take Part In Maple Mashing Marathon

Tonight the Woman's building will be the scene of a maple mashing marathon, when the student body convenes for a little terpsichorean pastime. The affair is a regular student body dance, but is under the auspices of the Oregon Knights and the proceeds will go

to that organization. The Mid-Nite Sons will furnish jiggin' harmony while the sheiks and sheikesses gambol over the boards in the ankle-agonizing set-to.

This is the first big dance of the spring term and every jigger and jig-gess ought to see that they get there. It is rumored that we will soon have some hot weather which makes rat-racing more misery than pleasure, so get your date and amble up to the gyrating contest.

Patrons and patronesses for the occasion are Mr. and Mrs. F. S. Dunn, Mr. and Mrs. Phil Janney and Mr. and Mrs. M. T. Solve.

ONLY 14 MEN QUALIFY FOR GOLF TOURNAMENT

Matches Scheduled with Reed College and University of Washington; Prizes to be Awarded

So far only 14 men have qualified to play in the University golf tournaments. There are at least 35 men on the campus who are playing golf all the time and could qualify, according to Donald Goodrich, member of the golf committee.

Golf in most universities has become an inter-collegiate sport like football, basketball, tennis, etc., and it is hoped by golf fans that greater interest will be shown so that Oregon may compete with other universities the same as in other athletics. There are two matches scheduled this year in golf, one May 6 with Reed College and the second with the University of Washington early in June.

The Eugene Country club has been very generous and has turned over the privileges of the links to the University for golf practice and tournaments.

Matches for the flights will be played off this week-end and the following week up until Friday when the finals will be played. Prizes have been offered for the first flight by Lipman and Wolfe, of Portland, two golf clubs; Meier & Frank, two golf clubs, and A. G. Spalding & Company, two dozen golf balls.

The four highest scores held on the campus so far are, Donald Goodrich, 95; George Bronough, 98; Ambrose Cronin, 99; and William Swindells, 101.

Scores were due Thursday. If the University of Oregon is to have any chance at all with other schools more men must turn out immediately, said Donald Goodrich. This tournament will also determine the champion in the University and prizes will be awarded winners in the flights.

FROSH WILL CONTEND ON CINDER PATH TODAY

Linfield College, High School Track Teams in Meet

This afternoon at 2:30 the freshmen trackmen will have their first real test of the season when they compete with representatives from Linfield College, Eugene high school, Salem high school, and Corvallis high school. The regular list of events will be run off, with the exception of the relay which will be a medley relay instead of the regular half mile relay, two men running 220 yards, one running 440 yards and the last man running a half mile.

Just what the calibre of the invading teams is, cannot be ascertained as their lists of entries were not turned in yesterday. It is almost assured that a galaxy of stars will be numbered among the prepper teams and the first year men will have to extend themselves. Stiff competition can be expected from Linfield College for they usually turn out a good representation of track athletes.

The competing teams have been limited to 12 men each, which necessitates pruning the frosh squad considerably. The men who failed to be picked for today's meet should not become disheartened as there will be other meets later on, the coaches say.

Officials for the meet have been selected by Coach Hayward from the varsity track men and the meet will be run off in rapid order. Running a track meet off in quick time is a hobby of Bill's and this meet will prove no exception to his rule.

The frosh who will compete tomorrow are: 100 yard, Kelsey, Bertrand; 220 yard, Bertrand, Carlburg; pole vault, Cleaver, Richmond; shot put, Mautz, Beattie, javelin, Anderson, Beattie mile, Keating; broad jump, Kelsey, Anderson, Richmond; 880 yard, Gerke; discus, Mautz; high hurdles, Kelsey, Tuck; low hurdles, Kelsey; 440 yard, Carlburg, Hermance; high jump, Cleaver, Tuck; relay, 220 yard, Bertrand, Cleaver; 440 yard, Carlburg, 880 yard, Gerke.

Officials for the meet are: starter, Bill Hayward; field judges, Bowles, Spearow, Phillips, Starr, Byler, Kamna; inspectors, Peltier, Kays, Dunsmore; scorer, Bradeson; clerk of course, Abbott, McKinney; announcer, Rockhey;

assistant announcer, Sundleaf; press stewards, Hoyt, Fraser; field marshalls, Rud Brown, King, field doctor, Dr. Livingston; timer, Scott, Bovard, Barnes; finish judges, Hodge, Thacher, Janney, Colonel Sinclair.

WOMEN WILL HIKE TODAY

The annual Woman's Athletic Association hike, the biggest hike of the year, will occur today and hikers will leave Villard hall at ten o'clock in the morning. Miss Waterman of the physical education department, will lead the hikers which will be out the Loraine road. Food will be furnished by W. A. A. and those attending are asked to bring their own cups and spons. Baseball, bats, and horseshoes will be taken and games will occupy a considerable part of the time after the destination has been reached. It is expected that the party will return in the late afternoon or early evening covering a distance of about ten miles in all.

HARVARD Graduate School of Business

A two-year course in business, open to college graduates, leading to the degree of Master in Business Administration

Points of interest regarding the Harvard Business School:

- The above graph shows the growth in enrollment and the large number of students coming from institutions other than Harvard. During the present year 158 colleges are represented.
- The case method is used. Actual problems obtained from business are used as the basis of instruction. A staff of investigators is constantly at work gathering problems.
- Business is regarded and studied as a profession.
- What the students in the School think of the training which they receive is indicated by the high percentage of eligible first year men who return to complete the course—84 per cent. the present year.
- The training in the School materially shortens the apprentice period in business. A prominent business man recently said: "On the basis of our experience with your graduates, I estimate that you are saving them five years net. Six months after they come to us, your men are as well fitted to assume responsibility and to make decisions as the typical college man at thirty." The enrolment is limited in first year courses.

For further information and enrolment blanks, write to Harvard Graduate School of Business Administration University 23, Cambridge, Massachusetts
