

# NEW PROFESSORS TO TEACH ENGLISH

Course in Written Work Will be Made a Requirement for Graduation

Changes in the English department for next year include the transferring of Professor C. D. Thorpe to a position as head of the written English section with special supervision of the written and spoken English division. New instructors in this division include Gerrit Demmink, who takes his B. A. from Michigan this year, and Walter Snyder, who will receive his M. A. from the University of California. Another instructor is yet to be secured to teach classes in public speaking and oratory.

Due to the resignation of Mrs. Norma Dobbie-Solve and the fact that Miss Mary Watson will instruct only part time next year, there is a vacancy in the English literature section. It is possible that arrangements will be made for next year and the vacancy will not be filled at once in order to give more time for locating a person qualified for the place, says Prof. H. C. Howe, head of the department. "The aim is to obtain someone who will teach literature as a study of life and thought; who will teach thought as well as form," according to Professor Howe, who stated that the usual thing is to teach form instead of content so that difficulty is encountered in selecting an instructor for the position.

It has been necessary to make changes in the written English section due to the fact that a one year course in written English will be required for graduation hereafter. Therefore it is necessary to make provisions for more students in the department. Courses which fill the requirement will be offered by Professor Thorpe, W. F. G. Thacher, Miss Julia Burgess, Miss Mary Perkins, and Miss Ida M. Turney. John Schumacher, who is a teaching fellow in the department will have charge of the English A work. Elementary short story and magazine writing courses and other subjects including the teaching of grammar and sentence structure will be considered as satisfactory courses to meet the requirement.

The increased number of students in Universities has become a problem all over the country according to Professor Howe, since it has meant the overcrowding of elementary courses with the result that advanced and honor courses have been limited. There are fewer advanced English courses offered in the University than there were a number of years ago, states Professor Howe.

## HAVE YOU LOST ANYTHING?

Library Proves Catch-all for Small Articles; Students Asked to Call

Of all the places on the campus where useless property and articles that seem at all superfluous can be left the library seems to be the most popular. A large number of all kinds of small ar-

ticles are left there daily by the hurrying students and much of this property is never called for.

The class of uncalled for articles which seems to be running up the biggest accumulation is that of gloves. It may be that spring is here and gloves are no longer needed to keep the hands warm or it may be that they are going out of style, but at any rate, the case at the library now contains three perfectly good pairs of gloves and four single ones.

Pencils come next in number for there are four silver and gold pencils at the call desk which no one seems to own. Other things which the janitor has picked up and which still remain in his possession are: three umbrellas, two vanity cases, three handkerchiefs, a pen cap and a small package.

Perhaps one of your long lost possessions is being temporarily housed at the library. It would be advisable to go and get it before it is turned out into the cold hard world.

## FROSH DANCE IN GYM IS COLORFUL AFFAIR

(Continued from page one.)

elements by a bright red sash. Country lassies galloped about after the men folks in the Davy Jones promenade. Davy is brother of Paul and both promenade. Paul trod the deck and Davy walked the plank.

Oh to be sure, Algernon Lemonface and Percival Giggenspiffic were there. What would a riot be without these two worthies and several of their porch piffin' cohorts who add zipper to the occasion with their suave manners and immaculate attire.

Vampires, boys and girls in short clothes mingled with the other lights vied with them in seeing who could make the most noise. Colored gemen', individuals who looked like nature fakes, patent medicine experts, graduates from a correspondence school, thugs, pickpockets and others gyrated about the maple in the wild fanfare of wax walking.

Bob Mantz, eagle-eyed floor manager read the riot act and handled the crowd in approved riot style, seeing to it that no one beat the gun or got offside in the center rush tactics employed.

To add to the attraction of the occasion, the youngsters held moot court for their elders and passed sentence on them, punishing them with the paddle. In the midst of the riot they stopped rat-racing long enough to indulge in a little hand to mouth contest with food as the party of the second part. It was a riot.

## TEAMS WILL COMPETE FOR FAIRBANKS TROPHY

University Men Who Go to American Lake Will Try out in Rifle Shoot for "The Doughboy of the West"

A rifle team picked from the University men who attend the R. O. T. C. camps at American Lake this year will compete for "The Doughboy of the West" trophy by the Ninth Corps Area to the institution producing the best shots during the annual camp.

The trophy is a miniature of the statue by Prof. Avard Fairbanks of the University, which was recently unveiled on the campus of the University of Idaho at Moscow. Information received a few days ago by the military department from the area headquarters at San Francisco included a large photograph of Professor Fairbanks' work.

The best seven men of the 27 or more who will go to Camp Lewis will make up the team, and the firing will be done at the camp. The trophy was won last summer by the University of Wyoming and in 1921 by Pomona College. The institution winning it each year takes possession of it until the next summer. Any school winning three times becomes the permanent owner.

## SUMMER SCHOOL GETS GOOD HISTORY COURSES

Work in Political Science and Economics to be Offered

Prominent among the courses in history to be given on the campus during the summer session will be two by Dr. Joseph Schafer, one on "Social Movements and Problems in American History," the other on "American Statesmanship and Statesmen." Other courses on Europe, England and United States history will be given by Dr. Charles W. David, of Bryn Mawr and by Dr. Dan E. Clark of the Extension Division, bringing the departmental offerings up to seven courses.

Dr. R. C. Clark will be in charge of the history department at Portland, assisted by Dr. Samuel B. Harding of Minnesota. The Portland courses include "The Making of the Modern World," "The Age of the Renaissance," "Foundations of American Nationality," and "American World Relations."

Economics will be represented at Eugene by two courses given by Dr. N. K. Cameron, professor of economics at the University, and work in the same department will be given at Portland by Professor Victor Morris of Grinnell College. Professor Dan E. Clark will also give two courses in political science at Eugene, while instruction in sociology will be in charge of Dean F. G. Young, who will offer two upper division and one graduate course.

Dr. Ben H. Williams of Pennsylvania announces two courses in political science at Portland and sociology will be represented at this session by Dr. Kilpatrick, director of the session; Mr. Charles Reynolds, executive secretary of the University of Oregon Medical School; Professor Ralph Boas of Springfield, Massachusetts; Mr. Henry Grant, executive secretary of the Oregon Social Hygiene Society, and Miss Margaret D. Creech, secretary of the Confidential Exchange, Portland Community Chest. Dr. Boas' courses on Americanization are a new feature of the summer school and have already aroused much interest. "Principles of Sociology" will be given by Mr. Reynolds, "Biology and Social Adjustments," by Mr. Grant, and "The Small Town," by Director Kilpatrick.

## "CRASHIN' THRU" AT REX

Worshippers at the feet of the great god Thrill are offered their last opportunity to see Harry Carey in "Crashin' Thru" at the Rex theatre, where this picture will be given its final run today. The mad stampede of thousands of crazed horses charging down the canyon through walls of flame, the dynamited mountain, the awe-inspiring

avalanche, amazing storm, grim cabin fire—combined with a love story of gripping complications and stinging speed, all these have given Harry Carey a Western vehicle that travels like lightning and smashes home like a thunderbolt.

## CO-OP WILL PURCHASE BOOKS

Students are urged to stop and consider before they rush to make a bonfire of their old textbooks at the close of the term. For about examination week, Mr. McClain at the Co-op says, that store may start in buying many of the books used this school year. Only those books which can be used in the courses to be taught next year, will be purchased.

## FAMOUS CAST IN CASTLE SHOW

George Melford's latest Paramount production, "You Can't Fool Your Wife," shows for the last time at the Castle today. It is a highly entertaining domestic drama of high life in which Leatrice Joy, Lewis Stone, Nita Naldi and Pauline Garon play the featured roles. The supporting company is of the finest grade.

**Does the Cook Know It's Spring?**  
Does your cook serve hot meals on hot days? We sometimes think that cooks get so used to standing over a hot stove in winter time that they never know when spring comes.  
Supposing some one does tell them that spring is here. They never show it in the food they serve beyond an occasional cool salad or cool dessert. They never seem to realize that it would be much easier for them to prepare a cool meat dish.  
The Eugene Packing Company has a wide variation of cooled meat products to offer campus cooks. You might try some of our cold ham, beef loaf or sliced tongue. You will appreciate them.
