

## WINIFRED GRAHAM MADE SECRETARY OF JUNIORS

### Plans Made for Underclass Mix and Cord Caper

Winifred Graham was appointed to act as class secretary during the absence of Margaret Powers, at a meeting of the junior class yesterday.

Plans for the annual underclass mix, in charge of the juniors, were discussed by Jack High, chairman. As usual, the mix is to be conducted absolutely on the square, with senior cops in attendance. Posters and programs will be out the latter part of the week.

The mix program is to include some new features this year. There will be a pushball contest, with a pushball imported from Multnomah club for the event. The feature will be a tieup contest and the tug-o-war, bag rush, and flag rush will all be as usual.

Stu Sawtell, chairman of the committee in charge of the first junior class social event of the year, urged every member, highbrow or otherwise, to descend to the "bourgeois" for one evening and make the "Cord Christening Caper" a huge success. The "caper" will be held on Saturday, October 20. No dates will be made, for, according to Sawtell, a plan has been devised whereby all junior class ladies will be safely conducted to the scene of the party.

Good food and plenty of it, and excellent music is promised. But if everyone comes in "Sunday best" their good time will be taboo.

The financial standing of the class was told by Frank Wright, treasurer.

Plans are already being formulated to make Junior Week-end, for which the class is entirely responsible, a success in every way.

Don Woodward, president, announced that all students who are juniors in the University, whether they fulfilled all requirements or not, were allowed to be class members. This is the last year that full junior standing will not be required for membership in the class. However, senior class privileges will not be extended next year unless the requirements are made up during the present year. All juniors who were mistaken about class membership and registered in the sophomore class will be allowed to change their cards at the registrar's office.

### FEES ARE DUE NEXT WEEK

Office Will be Open Every Day from Monday Till Saturday

All university fees are to be payable from the 15th to and including the 20th of this month, according to a notice from the business office. This includes registration and non-resident fees as well as all laboratory fees. A warning is issued to students that the office will keep open during the usual hours, 8 a. m. to 3 p. m. During registration the windows were open until later but no special hours can be made for fee paying.

After the 20th, students will be liable to a three dollar penalty for non-payment of fees. Late registration fees are being paid when the card is filed.

### SCRIBES TO HAVE MIX ON SATURDAY NIGHT

(Continued from page one)

"Come, and you will enjoy your-

self," says John Piper, who heads the Sigma Delta Chi committee. "Stay away, and you will suffer the total loss of not having made any friendships or struck up any acquaintances. There will be food at this bust, and

there will be a special newspaper printed on the scene of the brawl, published by the new Sigma Delta Chi pledges. The success of the party depends upon the support and the attendance of all."

## Real Beauty in Rubber Fountain Pens

THE new Wahl Pen in engine-turned black rubber is unlike any fountain pen you have ever seen. Anyone who writes will be proud to own a pen of such grace and splendid writing performance. It is as practical as it is beautiful.

The man-size fist with the cast-iron grip will find a Wahl Pen to fit it. And so will the dainty feminine hand. There are sizes and shapes to suit every man and woman in college or business.

Wahl Pen is made by the makers of Eversharp. It is another leader. The Wahl filling device fills the pen brim-full of ink every

time. The Wahl comb feed regulates the flow so that the pen writes the instant you touch it to paper. You never have to shake it. The ink never floods.

The everlasting nib is 14-karat gold, tipped with the hardest, finest iridium. Unbiased experts say it is the ultimate in nib-making.

Clipped in pocket, purse or note book, Wahl Pen cannot leak—the patented cap construction prevents it. Wahl Pen is so perfectly balanced and proportioned that it seems made just for your hand alone. It writes perfectly. Ask your dealer about Wahl Pen. All styles and sizes. \$2.50 up.
