

'THE GREEN GODDESS' STAGED FOR NEXT WEEK

Men of Senior Company Fill All Roles But Two in First Play; Darrell Larson Has Cast Lead

"The Green Goddess," the first Guild hall production of the year, will be presented on October 31, November 1 and 2. The cast will be men of the senior company, and Charlotte Banfield in the only woman's part with the exception of a small role which will be filled by Rose McGrew.

The play was very successful in New York and has since been playing in the movies with George Arliss in the lead. The plot is gripping and the entire piece is interesting in situation, lines, and characterization.

Darrell Larson in the lead will be interesting since this is the kind of a part which Darrell fills best. Charlotte Banfield is even more imaginable in her part because of the versatility she has shown in all past productions. The two ought to work well together.

A tremendous amount of work is being put on the scenery which, it is said, will be beautiful. The cast follows:

- Raja of Rukh.....Darrell Larson
 - Lucilla Crespin.....Charlotte Banfield
 - Major Crespin.....Virgil Mulkey
 - Dr. Traherne.....Dave Swanson
 - Watkins.....Barney McPhillips
 - Lieutenant Cardew.....Joe Clark
 - High Priest.....Paul Krause
 - Ayah.....Rose McGrew
 - Servant.....Henry Sheldon
- Priests, soldiers, natives, and others.

REMINDER OF BRUTAL S. P. HOLD-UP RECEIVED

Dean of Women Gets Charred Remains of Letter Mailed Prior to Robbery of Ill-fated Train

A charred shred of an envelope bearing the name of the University and containing a well-baked scrap of type-written page care all that remain to tell the story of the fate of a letter mailed by Mrs. Virginia Judy Esterly, dean of Women, just previous to the recent outlaw hold-up of a Southern Pacific train near Ashland, Oregon, in which four men were killed.

This tangible evidence of the destruction of mail as a result of the hold-up, reached Mrs. Esterly yesterday from the post office department at San Francisco with a brief statement attached which ran as follows: "This mail damaged by fire and dynamite in hold-up of Ashland and Gerber train, number 13 at Siskiyou, Oregon, October 11, 1923."

All of the mail in the dynamited mail car was collected after the burning car had been taken from the tunnel and the flames had been extinguished, and was sent to the Postoffice at San Francisco for sorting. Those letters which were not too badly damaged to be identified were returned to the senders.

right guard fell on the ball on the Columbia 25 yard line.

A couple of line smashes and a 10 yard pass from Minnaugh to Jones put the ball on the six yard mark where the defense of the Portland lads stiffened and the frosh were held for downs. During the rest of the first period, Minnaugh and Johnson engaged in a punting duel with the honors about even. At the beginning of the

second quarter, the frosh took the ball on their own 47 yard line and in eight line smashes by Jones and Agee put the ball on Columbia's 18 yard line. Here the babes were stopped by an offside penalty and a few minutes later, when the frosh again threatened, a fifteen yard penalty for holding caused them to lose the ball on downs, and Johnson, the Columbia quarter, kicked out of danger.

The third quarter was the only one in which the freshmen were able to make their superiority show for a score although they outplayed Clipper's outfit all through the game. Taking the ball on the Columbia 36 yard line where Carl Johnson, the frosh started intercepted a pass, the frosh entered their successful march to the goal. Agee smashed left tackle for 3 yards, and a pass, Harrison to Jones, netted three more. Another Harrison to Jones pass went for 15 yards and first down. Stonebreaker crashed the center of the line for two yards and Agee added two more off right tackle. Harrison smashed the other tackle for eight yards and on the next play Jones slid through left tackle for the remaining three yards and a touchdown.

The frosh started another offensive later in the last period when they ploughed from their own 40 yard line to the Columbia 13 yard line and were still driving through the opposing line when the timer's whistle ended the game.

The lineup was as follows:
Frosh Columbia
C. Johnson.....C.....Cavanaugh
L. Johnson.....RGL.....McElhaney
Carter.....LGR.....Logan
Kjelland.....RTL.....Hicks
Kearns.....LTB Ransavage, (e)

HONORARY PLEDGES DEAN

Mortar Board, Senior Organization, Elects Mrs. Virginia Judy Esterly

Mrs. Virginia Judy Esterly, new dean of women, was pledged Thursday to Mortar Board, senior honorary society. Mrs. Esterly was a member of Prytanean, an honorary organization at the University of California which is similar to Mortar Board but is not national. The pledging took place before assembly, and the members attired in their caps and gowns presented the new pledge at assembly.

Active members of Mortar Board are, Freda Goodrich, Miriam Swartz, Mary Alexander, Rosalia Keber, Harriet Veazie, Velma Farnham, and Anabel Denn.

SPECIAL WIRE LEASED TO GIVE GAME RETURNS

Sigma Delta Chi Will Announce Varsity Football Results Play by Play in Men's Gymnasium

A special wire has been leased by Sigma Delta Chi, men's national honorary journalism fraternity, in order to give the returns of the three big football games scheduled to be played by Oregon at other places. Lyle Janz, in charge of leasing the wire for the organization, states that the returns will be given in the men's gym play by play as the news is flashed over the wire from the football field. It is planned to have a yell leader and make the affair in the nature of a rally. Other features of the afternoon will be announced later.

The three games of which the returns will be given will be the W. S. C. game to be played at Pullman November 3, the Stanford game which will be played in Portland November 10, and the Washington game in Seattle, December 1.

This will be the first time that returns have been given to the students on the campus play by play, although on previous occasions the news has been given out at the end of quarters. The down town newspapers have also reported and posted the returns from games, but this will be the first time

that students will be enabled to actually know how the game is going almost as soon as a play has been made.

CLASSES TO MEET MONDAY FOLLOWING ARMISTICE DAY

Word was received from the president's office yesterday that unless further notice is given, classes will meet as usual on Monday, November 12, following Armistice day. The University does not always observe legal holidays, except by some appropriate service, and in this case, fitting tribute will be paid Armistice day on the campus.

Evolution Interprets

Man—His Tools and His Ideals

Man was created in the image of God, we are told in one creation story in Genesis. In another story in the same book, which is really an earlier story and more closely related to the folk-lore of the Jews, the text runs: "And the Lord God took man and put him into the garden of Eden to dress it and to keep it." According to the interpretation of evolution, humanity has progressed altogether by means of inventions and discoveries adapted to general usage. When man acquired the rudest mastery of fire and began to use flints for arrow heads and knives, he was started on the road to civilization. Hence it is possible to figuratively apply the reason given for man's existence in the Old Testament story, that he was placed on earth to "dress it and keep it." It is certain that by his struggle for mastery over his environment and by his tools he has made all his practical gains—has in other words become civilized. Likewise, intellectually and spiritually, he may be said to reflect God himself as he grows in knowledge and love and therefore when we grow philosophic

it is permitted to say he was created in the image of God. This is of course a very free interpretation of biblical texts and is made chiefly to introduce the theme: "Man—His Tools and His Ideals." Tools and ideals are more closely inter-related than we think. Unless with the gain in power acquired by new tools, there is a corresponding gain in idealism man becomes drunken and mad and achieves temporarily only ruin. Just now, the wisest and sanest voices in the world warn us that our modern civilization trembles in the balance for just this reason. So let us consider together tools and ideals. The paragraphs quoted above are the introductory matter of a sermon which will be preached at the Unitarian Church Sunday morning by the Rev. Frank Fay Eddy. This is called "The Little Church of the Human Spirit" and extends a welcome to all University folks. The church is located on East Eleventh ave. at Ferry street. The hour of service is 10:45 o'clock.
