

### NEW MEMBERS ADDED TO YEAR BOOK STAFF

Appointments Made by Editor  
Announced Yesterday

Several new staff appointments for the Oregana were announced yesterday by Freda Goodrich, editor of the year book.

Marian Lowry, day editor on the Emerald staff, is to have charge of the forensic department; Catherine Spall, member of the Emerald staff will handle both publications and society; Paul Krausse, the medical section; Phil Bergh will have charge of all the art work; and Lester Wade, on the business staff of the Emerald, will be in charge of pictures and engravings. This position is a new one on the Oregana staff. The one in charge has the supervision of all pictures that go into the year book, with the exception of portraits, makes arrangements for having pictures taken and sends engravings to Portland.

Preliminary dummies for the Oregana are being turned in by all section editors and it is planned that a dummy of the whole book will be complete by Thanksgiving vacation.

The cover design, by Phil Bergh, turned in several weeks ago, has been approved by the eastern company in charge of making it. According to present plans a definite period design will be carried out all through the book, including page covers. As yet it has not been announced what period design will be used.

Students are urged to have pictures taken as soon as possible, according to time previously scheduled. Organizations are asked to send lists of members in to the Oregana office as soon as possible and are reminded that

checks for reservation space will be due December 1.

the edge, but the dope is haywire this year and each game has to be figured out after it has been played. When the varsity faces the Cougars Saturday on Rogers' field it will be anybody's game. Breaks may figure in the score and the team getting them will win.

Oregon goes north on her second road trip with the grim determination to play a harder game than that against Idaho and against a big team with one of the foxiest coaches in the conference. Exendine has something up his sleeve and he is going to let it out Saturday.

The varsity will leave on the O. E. and stop over in Portland long enough to get a good workout on Multnomah field before entraining for the lair of the Cougar.

which they create should not be stinted in the awarding of praise. The atmosphere is Oriental, elaborately Oriental in the second act. This second act, although rather wordy in places, was especially well acted in last night's performance.

In general, the play was very well put on for a first night offering, the makeup convincing, the interpretation and setting of a kind that holds interest. If you like good melodrama or if you have a sense for atmosphere, the writer believes that an evening spent viewing "The Green Goddess," would be well spent.
