with Hawaiian things predominating, and an excellent block print of Mount Rainier.

Three prints by Frances H. Gearhart, head of the art work in the Los Angeles public schools, show marked ability. Two Lemos brothers, employed on the art staff at Leland Stanford university, have work in the collection. These Portuguese artists have done rather characteristic California scenes. Two Mexican studies done in Mexico last summer by Bessie Hazen, of the southern branch of the University of California, add a different note to the others.

BENEFIT CONCERT IS SCHEDULED BY CLUB

Arthur Johnson, Graduate, to Sing for Event

Arthur H. Johnson, Oregon 1923, a tenor of widening reputation, will appear in concert Friday and Saturday nights, February 15 and 16, in Guild hall under the auspices of the Fortnightly club of Eugene. The proceeds from the concerts will go for the benefit of the University student scholarship loan fund.

The student loan fund is sponsored by the Fortnightly club and is considered one of the most worthwhile funds benefiting University students, for it enables those not having the means to finance themselves entirely through the University to receive a sum which they can repay after completing their course.

The tickets for the concerts, are on sale in all houses on the campus and also at the Campa Shoppe, Co-op, Oregona, College Side Inn, and Laraway's Music store.

Mr. Johnson is well known on the campus, having appeared as soloist for the men's glee club for three seasons. Last year he carried the leading role in "The Hour Hand," a Swiss folk-opera. While attending the University he starred in a number of plays, and last season took a leading part in "Julius Caesar."

His accompanist for both concerts

will be R. Charlyle Goffreiere, former student of the University.

MADDOCK TO COME TO OREGON CAMPUS SOON

student body and supporting public."

Choice Seems Good
This certainly sounds good. After looking over the trail of victories left by Maddock, we begin to think that a better choice could not have been made under the circumstances. The good point about the situation is, that Maddock has never been in a losing institution. He builds up. He built up the Utah athletic situation, and that is why the Rocky Mountain school would like to have him return there. Everything he takes in hand he makes better.

According to those who know him, he is a pleasing man, easy to get along with, a driver who knows just how to get results and make his men like him.

He will be here tomorrow or next

EDISON PHONOGRAPHS

We carry Edison phonographs because they reproduce the original music with such fidelity of tone that the critics cannot distinguish the re-created music from the original.

Come in and get a copy of what the critics say. Ask to hear Anna Case sing, "Come Where My Love Lies Dreaming," or any other re-creation of her voice.
