

ART BUILDINGS TO BE CHANGED

Studio Extension to Give 50
Feet of Skylight

MORE SPACE UTILIZED

Former Power Plant Is
Being Remodeled

Preparation for further changes in the buildings for the school of architecture and allied arts include plans for the extension of the fine arts studio on the ground floor of the architecture building, and the moving of several partitions.

The extension of the fine arts studio will give a frontage of 50 feet north exposure of skylight instead of the present 25 feet. Some changes will be made in the slant of the glass for the lighting, as well. The office of Professor Alfred Schroff, head of the fine arts, is to be somewhat enlarged, as is that of Prof. Virgil O. Hafen, of the fine arts department.

More Room Given
Part of the present painting and drawing studio is to be partitioned off for locker space, and the present locker room added to the design room. The partitions will be arranged so that the floor of the new art and architecture library, which is beginning to sag, will be supported.

The changes will not only provide better lighting space, but will be a simpler arrangement of partitions. The space is to be utilized to better advantage, with greater simplicity of apportionment, such as nine feet added to the Schroff office to the east, and three feet taken off to the south.

Plant Is Changed
The tall brick chimney which was a part of the old power plant has been almost entirely dismantled, a space being cut in the wall of the sociology building, also, through which the smoke stack was taken out. The overhead steam pipe line is to be removed, and deep trenches are being dug to make it underground.

The architecture students declare that if they had their way, a still further improvement would be added—a rope ladder by which to enter the building to work on Sundays!

WESLEY CLUB BRINGS WILLAMETTE SINGERS

Members Arriving in Eugene Friday
Are to be Entertained at
Church Supper

The Willamette Glee club, scheduled to give a concert in Eugene, Friday evening, February 15, will be entertained at a supper and social by the Wesley club, sponsor for the concert. Members of the U. of O. Glee club will meet the

Willamette men at this time, and renew friendships formed when the former gave a concert at Salem last year.

The Glee club is traveling in a chartered bus and is now touring southern Oregon. The members expect to arrive in Eugene about noon Friday, and will sing several numbers at the Chamber of Commerce luncheon, if they arrive in time.

The supper will be held in the University department of the Methodist church at 6 o'clock, followed by an informal social hour. Members of the Wesley club will act as hosts and hostesses to both glee clubs.

Members of the U. of O. Glee club have volunteered to take charge of the ushering and the ticket sale at the door. Tickets will be on sale during the week at Kuykendall's drug store on Willamette street, and at the University Co-op store. The general admission price is 50c; the price for students is 35c. The concert will be held in the auditorium of the Methodist church at 8 o'clock.

BOTH UNIVERSITY RIFLE TEAMS MEET DEFEAT

Seven Matches Arranged
This Week for Men

Both the men's and women's rifle teams were defeated in all the matches fired last week. The women fired only one match against the University of Washington women and the northern school won by a score of 465 to 450 out of a possible 500.

The men made a score of 3006 out of a possible 4000 against the following scores: University of Washington, 3556; University of California, 3445; Oregon Agricultural college, 3547.

Only five men fired against Drexel institute and in prone position only. The scores were: Drexel 497, Oregon 438. Through some misunderstanding the match between Nevada and Oregon is not as yet considered official. Nevada made a score of 2990 to Oregon's 2006.

Captain J. T. Murray, in charge of the gallery rifle teams, urges members of the squad to start their practice firing as soon as possible this week. The girls' team will fire no matches this week but members are urged to get out regularly for practice firing.

The men's team will fire against the following institutions this week: University of Wyoming, University of Iowa, W. S. C., University of Montana, University of Minnesota, Utah Agricultural college, Ripon college. All squad members are requested by Captain Murray to practice as much as possible before commencing their record firing.

ART MURAL PLANNED FOR COLLEGE SIDE INN

Mill Race Scenes Offered
as Tentative Design

Preparations for painting a mural with a campus subject for the College Side Inn are going forward in the class in stained glass and mural decoration under the direction of Alfred H. Schroff, head of the fine arts.

A temporary stretcher has been built for the canvas 13½ feet by 11½ feet. The canvas will be mounted on it and covered with two coats of glue and whitening to prepare it for the actual painting process.

The students are now busy with their designs for the problem, and the final one will be decided by competition. A number of colorful mill-race scenes have had various interpretations. One is a moonlight, with a scene from the canoe fete, and gay Chinese lanterns hung in the willow branches along the water. Another shows a wise old owl guarding discarded books and sombrero, while brilliant Japanese umbrellas mark spots of color where the canoes glide. A bird of brilliant plumage completes the composition.

As soon as the mural, on some joyous side of college life, is decided upon, the large cartoons will be begun. With that accomplished it will remain to place them on canvas and trick through the design, finally executing the painting. When it is half done it will be taken down to the Inn and tried on the wall before the color scheme can be finally carried out.

Last year the class in stained glass and mural decoration designed and executed the eleven panels of medieval glass for the doors of the arts building.

CREW PRACTICE BEGINS AT UNIVERSITY OF CALIFORNIA

University of California—One hundred and thirty crew men reported to "Ky" Ebright, new U. C. coach, at the sign-up rally recently. Only two months of practice remain until the annual meet with Washington in April. California will probably go East and possibly compete in the Olympic game tryouts if she turns the trick on the crack Washington crew this year.

VISITING ADVERTISERS WILL BE ENTERTAINED

Breakfast at Anchorage Is Planned
as Feature of Conference
by Oregon Group

The members of the University of Oregon Advertising club are planning a breakfast to be given Saturday morning, February 16, for the advertising men attending the newspaper conference at that time. The affair is to be at the Anchorage and plans are being made for the 20 members of the club and about twenty or twenty-five guests.

This is the only function of the conference program that is for advertising men exclusively. One large group of these men is coming from the Portland Advertising club and another from the Advertising Men's association. This latter group will include Charles Duncan, of San Francisco, the manager of the Foster and Kleiser Outdoor Advertising company.

No set program has been planned for the breakfast, but informal talks will probably be given by some of the prominent guests.

NORMAL SCHOOL CLUB TO HEAR DR. DEBUSK

Meeting and Banquet to be Thursday;
Organizations Formed
by Girls Last Fall

Dr. B. W. DeBusk, professor of education on the campus, will speak to the Oregon Normal school club at its monthly meeting and banquet at the Campa Shoppe Thursday evening, February 14, at 6:15. A representative of Oregon Normal is expected to be present at the banquet, according to Hazel Robinson, secretary of the organization. All those expecting to attend are requested to sign the paper on the bulletin board in the library.

Helen Burfield will sing a solo, while Edith Striver will accompany her at the piano. Dr. DeBusk has not selected his topic, but expectations are that he will have something to say in the field of education, according to the secretary's announcement.

The University O. N. S. club was organized last fall by a group of girls formerly students at this state

institution for the preparation of elementary school teachers. This organization is believed to be the first one of its kind in the state, said Secretary Robinson. They are now springing up all over the state. The aim of the club is to furnish support and help to the Normal school.

Lost in the Woods

EXPERIENCED woodsmen say that when a man gets lost in the forest he usually travels round and round in a circle.

That's just the way some folks shop. They hit the buying trail, stray from it a bit, and before they are aware of the fact, they are lost—wandering in a maze of counters—gradually growing wearier and wearier—and finally get back home mentally and physically tuckered out without having accomplished much.

Up-to-date shoppers make up their minds what they are going to buy before they leave the house. They know exactly what they want, how much they want to pay, and just where they will find the right goods at the right prices. To them shopping is a pleasure.

These modern shoppers read the advertisements carefully and regularly. They find that the advertisements save them steps, bother, trouble and time.

Let the advertisements guide you—
That's their job.
