

HEALTH SERVICE ADDS EQUIPMENT

Metabolism Machine Is Life Process Gauge

X-RAY PROVES USEFUL

Pharmacy Has Extensive Stock of Drugs

The latest addition to the equipment of the Health Service, which already includes an excellent pharmacy, a well-equipped bacteriology laboratory and a gas-oxygen machine for anaesthesia, is a \$250 metabolism machine, according to Dr. W. K. Livingston, head of the University Health Service. This machine is to measure the rate of combustion in the individual.

Oxygen Is Measured

Metabolism, or the life process, of each individual is not only the combustion of food or tissue into energy, but it is also a measure of the amount of oxygen used in this process. By measuring this oxygen it is possible to determine the amount of thyroid secretion in the individual, whether he is normal or tends toward goiter, as the thyroid is the principal gland in control of combustion.

The Health Service has a pharmacy of about \$1,000 worth of drugs, using about \$50 a month in drugs. There is also an excellent X-ray machine which is used a great deal in the work with students. One of the principal uses is for dental work. Two very small pictures are taken each time, one of which the student takes with him to the dentist and the other, which is filed in the office.

Own Negatives Made

The charge for X-ray work is only 50 cents, and two views are taken each time. The machine is also used for fluoroscopic examinations of the chest.

There is also a dark room in which all X-rays are developed within a few minutes and the machine reloaded to be always in readiness for an emergency. An interesting fact about X-ray is that it will go through everything but metal.

JOE MADDOCK HERE TO VISIT THE CAMPUS

(Continued From Page One.)

dine with the members of the executive council.

His time Friday morning will be taken up by conferences. If plans under way materialize, he will be the luncheon guest of the Michigan alumni.

According to Director Earl, there have been no changes in the personnel of the assistant coaches and those under contract to the students will continue in their same capacity.

Maddock Plays Bezdek

A bit of the interweaving of the threads of destiny was brought to light in that Maddock once played against Hugo Bezdek, when the latter was playing at the University of Chicago. It was back in 1903 that Michigan journeyed to Chicago and Yost football triumphed over Stagg football by the score of 38 to 0. During the previous season the Michigan team ran up a total of 744 points as against a total of 6 for its opponents.

Maddock will still make his head-

quarters in Idaho Falls for the present, due to the fact that he is still tied up with his business interests in that city. Maddock is married and has two boys, the eldest of whom is 14 and is a freshman in high school at Idaho Falls. "We'll give a long cheer for Joe's men. They're out to win again!"

"ROSITA," FEATURING MARY PICKFORD, HERE

Johanna James Sings Selection for Atmospheric Prologue for Picture at Rex

"Rosita," Mary Pickford's latest starring vehicle, opened yesterday afternoon at the Rex theatre, to a large crowd. "The Queen of the Movies" is supported in this picture by a strong cast, which includes Holbrook Blynn, who played the leading part in "The Bad Man" and other plays of note. Irene Rich, George Walsh and Charles Belcher.

The story itself is one of a street dancer, who has the audacity to sing her songs in derision of the king. She is arrested and sent to prison and a certain nobleman is also arrested in an attempt to defend her. Later she is freed by the king to marry this same man, although neither knows who the other is. Her husband is sentenced to be shot, but the execution is prevented by the timely interference of the queen, and the play ends with the usual scene of domestic felicity.

The settings throughout the play are very effective, and, according to some who saw the picture yesterday afternoon, the entire production breathes an atmosphere of Old Spain. The street scenes of the carnival at Seville are particularly striking.

Johanna James sings "Rosita" as an atmospheric prologue to the piece. The entire picture is accompanied by the Rex Wurlitzer, played by Rosson. A Cameo comedy, "His New Papa," completes the bill.

FINALS IN HANDBALL START NEXT MONDAY

Championship Will be Decided in "Round-Robin"; Doughnut Wrestling Planned

Starting on next Monday, the final round of the handball tournament will get under way. Up to date the ratings of the teams has been worked out, with eight leading teams in the first division and the remainder of the squads in a separate league.

The championship will be decided among the eight teams in "round-robin" fashion. Due to the number of squads in the second league, the best squad will be picked by straight elimination matches.

Plans for doughnut wrestling were worked out yesterday at a meeting of doughnut athletes. Wrestling will start about two weeks before the final exams or around the first of March. Promoting keener competition and a higher standard of sports, all men participating in the mat game, will be required to spend seven "work-outs" before being eligible for competition. The names of all men trying out, should be in the gym office before Friday of this week in order to work out a well-balanced schedule. There will be seven weights in the league. They are as follows: Batam, 115; feather, 125; light, 135; welter, 145; middle, 158; light heavy, 175 and under; heavy, 175 and over.

EMERALD STAFF MEETS

Matters Concerning Week-end Conference Discussed

An important meeting of the Emerald staff was held yesterday afternoon in the Journalism building. Matters concerning the coming editor's conference were discussed and a round table was held on general problems of the daily.

The following were present: Margaret Morrison, Josephine Rice, Frances Sanford, Thelma Hamrick, Marian Lowry, Frances Simpson, Ted Baker, Leon Byrne, Pauline Bonduant, Velma Farnham, Ned French, Mary Celin, Margaret Vincent, Helen Reynolds, Mary West, Parker Branin, Alan Batton, Lester Turnbaugh, Walter Coover, Rupert Bullivant, Norma Wilson, Beth Fariss, Clifford Zehrung, Margaret Skavlan, Pete Laurs, Jack Burselon, Lillian Baker, Josephine Ulrich, Velma Meredith, Phyllis Coplan, Webster Jones, Ed Miller and Catherine Spall.

POLITICAL CLUB OPENS MEMBERSHIP DRIVE

Republicans to Have Talks on Current Problems

A campaign for members for the student Republican club will begin on the campus today with one representative in each student living organization preliminary organization of the club soliciting memberships. The club is well under way under the leadership of Arthur Rosebraugh. The recent acceptance of Judge Harris and Mr. Louis Bean, prominent alumni of Eugene as members of the advisory committee and the congratulations telegraphed by Senators Stanfield and McNary from Washington, D. C. have lent valuable support and encouraged the promotion of the new club. It is the first of its kind to be formed on the campus and is one of a large number which have just been organized in Universities of this country under the direction of the Republican national committee.

A statement from Jason McCune, chairman of the membership committee of the club on the campus makes the purpose of the organization clear.

"A knowledge of things political can be cultivated in our only too restricted and isolated student body by an earnest effort to bring the outside world to us. The newly formed Republican club offers the active opportunity for acquiring this knowledge. During the late winter term and spring it will secure speakers of the highest caliber in political circles to address the club members on subjects dealing with current political systems, problems, questions and issues. The Republican club is interested wholly in creating in the student body an interest in things political, a knowledge of current diplomatic affairs and a desire to cultivate the slacking phase of college life, on which, in looking towards the future, should be one of the most developed sides of activity. It is the political, more than the party, that we wish to stress.

But a real live interest is essential to encourage this movement. An active membership enrollment with a large group of members who desire to learn of the political aspect and situation of the nation.

The work of this club in promoting interest is continual and thus it is a permanent organization. Election of officers will be held every year and membership will continue to be active while in school changing to alumni membership upon leaving college.

Membership in the club assumes the obligation to abide by its constitution and by-laws when accepted, and to carry the interest in the affairs of the club. No fees or dues are attached and in no way is accepting the membership to the Republican club, a passing of freedom of personal opinion, for strictly Republican views are not required of members. Students and anyone connected to the University of Oregon may join whether they are of voting age

NEW PARKING SIGNS FURNISHED BY CITY

Tractor Included in University Equipment; Campus Lawns to be Beautified

Fifteen blue metal signs, upon which will be painted the new parking limit for Thirteenth avenue from Kincaid to University streets, have been received at the University depot.

The signs, which were sent by the city council, have claims to hold them to posts. On them will be printed: Parking limit—20 minutes—7:00 a. m. to 9:00 p. m.—Kincaid to University streets.

A new Fordson tractor, which will be used to haul slab wood from the yard to the boiler room in the heating plant, has been added to the University equipment. Four trailer trucks, upon which can be hauled three or four yards of wood at one trip, complete the equipment.

Due to the application of lime, which will remove the moss, and of fertilizer, the University lawns will be exceptionally beautiful this year, according to H. M. Fisher, superintendent of buildings and grounds. "We will have the nicest lawns this year we have had in a long time," he said.

Commerce Women to Vend Doughnuts for Scholarship Fund

Rallying under the cry, "A doughnut for all entering the Commerce hall," members of Phi Theta Kappa women's honorary commerce fraternity, will appear in the Commerce building early Friday morning and throughout the day will vend huge, delicious, sugary sinkers to those who pass through the building of a thousand assets.

Money derived from the sale of the doughnuts will be applied to a scholarship fund being raised by Phi Theta Kappa. The scholarship is annually awarded by the organization to the best all-around upper class woman. It was won last year by Ramah Her, a major in the school of business administration.

The doughnuts, which are declared irresistible, will retail for five cents each.

ARTHUR JOHNSON TO SING AT GUILD HALL

Student Scholarship Loan to be Beneficiary

Arthur Johnson, who is to be presented Friday and Saturday by the Fortnightly club of Eugene, at the Guild theater, for the benefit of the student scholarship loan fund, will feature songs of American composers. Intermingled, however, will be songs of Italy, Germany, Scandinavia, France and Spain. The Scandinavian number are sure to prove of special interest to Eugene audiences, as also are the Spanish group which will introduce several new songs.

Mr. Johnson has become well known throughout the state since his graduation from the University last June. He was soloist in the Columbia and Liberty theaters in Portland for several months and also travelled with the Ellison-White chautauqua.

A very favorable criticism was made of his voice by Mrs. C. Hilton-Turvey, music critic of the Portland Oregonian, after his appearance recently at the municipal auditorium in Portland. Following is an extract from the article: "Mr. Johnson displayed a pure tenor voice of lyric values and dramatic feeling." Thus adding her praise to that of Joseph MacQueen who wrote: "Mr. Johnson is fortunate to have that rarity, a ringing, clear, fine tenor voice, which is well controlled."

While on the campus Mr. Johnson was prominent not only in music, but also in dramatics. He was a member of the company, of which he was manager for one year. He is also a member of Phi Mu Alpha, national men's musical fraternity and Phi Beta Kappa, honorary scholastic fraternity.

Labor day, February 29, calls for a program of construction and improvement of a magnitude which it is believed will far surpass any similar undertaking in the history of this tradition.

Labor day is a custom of long standing. Each leap year, on the extra day which falls in February, an academic holiday is declared and the student body turns out en masse to make needed improvements about the campus. Other features of the day include a luncheon for the laborers and a dance.

SENIOR SWIMMING TRYOUT TODAY; TEAM TO BE CHOSEN

Tryouts for senior class swimming will be held this afternoon at 5 o'clock. All those who have taken part in the doughnut swimming or who are at all interested are urged to turn out. Friday is reserved for general tryouts, for all those who could not compete on the regular day. The teams will be chosen the last part of this week or early next week.
