

# WARM-UPS SHED BY TRACK MEN

### Old Sol Generates Cinder Path Enthusiasm

## STEAM ROOM DESERTED

### Meet Saturday Promises to be Best Yet

By W. S. A.

No, it isn't summer time yet; but the hot sun induced some of the track athletes to shed their warm-ups and yesterday Coach Hayward was busy instructing a flock of white-skinned prospects in the secrets of cinder path art. Even the pole vaulters have at last come out from their winter hibernation in the gymnasium to romp in the sunlight with the rest of the boys.

The warm sun even inspired that veteran of many seasons, Bill Hayward, with the old spring unrest. He wasn't satisfied with showing the boys their mistakes, but would put the shot, show the correct form in starting a sprint, and hurl the javelin, seemingly, not so much to demonstrate the points he was desirous of making, as to unburden himself of that surplus energy which seems to generate from the sun these first spring days. Truly this is the time for the making of track teams.

### "King" Wilson Loses Trade

Old "King" Wilson, who presides over the steam room, that place where charlie horses and buckskins and numerous other track complaints caused by cold weather and pre-season carelessness are renovated by hot towels and vicious massaging, bemoaned his lonesomeness. Old Sol fried out the men in the natural course of afternoon events and a hot shower did the rest. The King was left alone in his steam-wreathed cavern with its individual odors of liniment and alcohol—but he'll have his revenge, for, according to statistics, winter isn't over yet.

Yesterday some of the boys were given an opportunity to view a real walker going against time. Bert Beagle, who is working at one of the camps south of town, came in to have a conference with Coach Hayward concerning the Olympic tryouts. Beagle was in the army tryouts for the Olympics in 1920; but through illness was unable to enter final competition. He hopes to "make the grade" this year and go across with the boys again. This trip will be different than his last trip—which was with the signal corps, U. S. A.

### More Events May be Added

If the weather holds, next Saturday's meet promises to be the best so far this season; the men

are getting to the point in their training where they can extend themselves without fear of injury, and rivalry and competition is narrowing down from a horde of track aspirants to a number in each event who are anxious to excel in their chosen sport. There will be four races and two field events in Saturday's meet, at least; Bill says that he may add another field event or two and perhaps one of the longer races. He will decide later in the week. Those which will surely be run are: hurdles, 440, 660 and 100-yard dash, the two field events now listed are: broad jump and high jump.

## 'SCHOOL FOR SCANDAL' TO BE GIVEN IN MARCH

### Period Costumes Planned for Classical Comedy

The date for the presentation Sheridan's "School for Scandal" has been changed from February 22, 23 and 24, to March 6, 7 and 8, announces the department of drama and the speech arts. The play will be given at Guild hall by members of the senior company. Mr. Reddie is directing the play.

The "School for Scandal" is a brilliant comedy of the eighteenth century; and is one of the most renowned of classical comedies. It is a satirical picture of the society of that time, and as such, has a large cast. The cast includes Elizabeth Robinson, Wenona Dyer, Katherine Pinneo, Betty Belle Wise, Bernard McPhillips, Darrel Larsen, Dave Swanson, Virgil Mulkey, Gordon Wilson and Paul Krause.

The production of the play will be simple, in order that its original value as a classical comedy may not be obscured by modern realism. Of special interest are the costumes which will be worn. These period costumes, and the quaint air of artificiality which pervades this famous old comedy will serve to make it of rather more than usual interest to campus playgoers.

Fustro's "The Two Virtues," an extra planned by Mr. Reddie, in which Miss Banfield and Mr. Reddie will star, will be produced some time in March. This is a modern comedy; a gentle satire on manners with humorous situations, clever lines, a good plot, and especially lovable old bachelor and a charming and mysterious woman for the leading figures.

### FORMER FOOTBALL STAR AND GRADUATE OF '04 DIES

John Penland, a graduate of the University in the class of '04, died at his home in Albany, Monday morning, of bronchial pneumonia. While at the University, he was a star football man, playing guard on the varsity team for several years. Mr. Penland was a prominent resident of Albany and a well known engineer, holding the position of county engineer and roadmaster at the time of his death. His widow and three small children survive.

## SIXTH CONFERENCE OF EDITORS TO START

### Annual Affair Expected to be Well Attended

The sixth annual Oregon Newspaper conference, which will open on the campus tomorrow, has a program designed to give the editors, publishers, printers, and advertising men what they want. This conference brings together newspaper men from all over the state. Already about forty newspaper men have signified their intention of attending the conference either for one or both days.

The conference, this year for the first time, will have the Willamette Valley Ben Franklin club meet simultaneously with it. The conference has come to be also the winter session of the Oregon State Editorial association.

Those newspaper men who have already signified their intention of coming to the conference are: "Art Work" Lawrence, Corvallis; Z. C. Kimball, Independence Enterprise; A. T. Rahn, Salem; L. Sondheim, Northwest Insurance News; George A. Nelson, Daily Record Abstract; Edgar B. Piper, Portland Oregonian; J. H. Hullett, Beaverton Review; C. P. Sonnielsen, Hood River News; A. E. Frost, Corvallis Courier; George A. Seibird, Union; W. J. Hofman, Portland Oregonian; C. E. Knowland, Salem, N. D. Elliott, Salem, Arthur Brock, Salem; Edgar M. Rowland, Salem, W. Arthur Steele, Clatskanie Chief; Mark A. Cleveland, Stanfield Standard; Addison Bennett, Portland; J. M. Bledsoe, Myrtle Point; Curtis L. Beach, Portland; Arthur W. Prialux, Drain Enterprise; M. D. Morgan, Harisburg Bulletin; A. L. Malley, Oakland Tribune; John L. Brady, Oregon Statesman; Carle Abrams, Salem; Thomas Nelson, Junction City Times; Carl P. Cloud, Rid-

die Enterprise; Elbert Bede, Cottage Grove Sentinel; Paul R. Kelly, Portland; Ralph R. Cronise, Albany Democrat; Hal E. Hoss, Oregon City Enterprise; Jerrold Owen, Pacific Legion; B. F. Irvine, Oregon Journal; C. E. Ingalls, Corvallis Gazette-Times; Marshall N. Dana, Oregon Journal; E. M. Reagan, Albany Herald; S. S. Smith, Medford Mail Tribune; Lee D. Drake, Astoria Evening Budget; Edgar McDaniel, North Bend; George A. Angell, Oregon Farmer; Robert W. Sawyer, Bend Bulletin.

## FRESHMAN QUINTET TO GO SOUTH TODAY

### Eight Men and Coach Leave to Play High Schools of Roseburg, Medford and Ashland

The freshman five will leave this afternoon on their trip south during which they will play Roseburg, Medford, and Ashland high schools, on succeeding nights. Coach Evans and Westernman, Westergren, Kiminki, Flynn, Okerberg, Reinhart, Chiles and Hughes will make the tour.

Westergren is still suffering slightly from his injured foot, but will be in sufficient shape to cause any opposing forwards considerable trouble. Westernman, his running mate, has had a bad charley-horse but is in pretty good shape now. All of the rest of the squad is in good trim and are raring to go.

The team has been trained carefully for this tour and are ready for the eventuality that one of the high school teams will be stronger than here-to-fore supposed. Roseburg, Medford and Ashland all have speedy aggregations and will give the freshmen some stiff competition before the latter return home.

### PRESIDENT CAMPBELL IS REPORTED MUCH BETTER

President Campbell is recovering rapidly from his illness and is eager to get up. The doctors state that he must be kept quiet for several days, although he is getting along very satisfactorily.

## FOREIGN LANGUAGE STANDARD CHANGED

### Student Grade Resolution Goes to Committee

In accordance with a motion passed by the faculty at its meeting yesterday a student may present 12 term hours of language in lieu of one year, (three terms) and 24 term hours in lieu of two years (six terms) to fulfill the foreign language requirements for a B. A. or B. S. degree as given in paragraph 50 of the University regulations.

The resolution adopted by the committee representing the living organizations petitioning the faculty to give out scholarship information by posting the same on the bulletin boards of their respective departments, was referred to a committee of three to be appointed by the president.

The motion of professor Caswell to the effect that students who receive a grade of "F" in any "a, b, c," course shall not be required to pay for a fee for dropping the course

was referred to the committee on scholarship requirements. This motion also provides that any student who has complied with the prescribed registration procedure in paragraph 25 of the University regulations shall be assumed to be in residence and attending classes in accordance with his study program. Such a student shall not be required to submit any other evidence that he is attending the classes for which he is registered and that no instructor be required to furnish a list of those attending his classes except as their names appear on his grade report.

## PLANS ARE ACCEPTED

### Idaho Will Build Science Hall at Cost of \$200,000

UNIVERSITY OF IDAHO—(by P. I. N. S.)—Plans for a new \$200,000 science hall to be constructed at the University of Idaho have been completed and accepted by the university executive committee and by the state director of public works. It is expected that actual construction of the new building will begin about April 1.

The construction of this building will complete the semi-circle of buildings which was planned when the campus was laid out. The struc-

ture itself will be three stories high and is expected ultimately to house the departments of general chemistry, agricultural chemistry, botany, zoology, entomology, plant pathology and bacteriology.

### IANTHE SMITH, EX-'24, IS VISITOR ON CAMPUS

Ianthe Smith, ex-'24, is a visitor on the campus for a few days. Miss Smith left the University in her sophomore year and is attending Albany College now. She expects, however, to return to Oregon next year.

How would you like to be able to play golf whenever you felt like it as you get a little further along in life? An Equitable pension contract will provide you with balls, clubs, and caddies,—as well as financial security in your old age.
