UNIVERSITY OF OREGON, EUGENE, FRIDAY, FEBRUARY 29, 1924

NUMBER 108

## DEBATE BY RADIO WILL BE TONIGHT

Oregon and California Men  
to Broadcast at Plants  
in Portland and Oakland

## BOK PEACE PLAN TOPIC

Receiving Set Installed in  
Music Building; Contest  
Will be Judged by Public

The first radio debate ever held will be staged tonight when the University of Oregon and University of California teams broadcast their arguments to all within a radius of several thousand miles. Oregon will take the negative end of the subject, which is, "Resolved, that the Bok peace plan should be adopted as a part of the international policy of the United States."

### Team in Portland

The Oregon debaters who will uphold the varsity end of the argument are Joe Frazer and Walter Malcolm. Both men have been very active in forensics in the past and have participated in several intercollegiate meets. Hugh Ross, who coached the men, considers them well prepared for the contest. The two men are in Portland now preparing for tonight's program, which will be broadcast by the Oregonian station KGW.

The California team will consist of Harold Cherniss and Raymond Sanders, both juniors in the California institution. These men have had considerable debating experience, Sanders having been on the Idaho intercollegiate team. This is their first intercollegiate meet in California, however, but they have had extensive debating experience in squad competition, as members of the Congress Debating society of the University of California. Both men have been selected from open competition.

### Will Start at 8

The program is to commence at 8 p. m. and will be of two hours duration. Harold Cherniss will be the first speaker for the affirmative. Preparations have been made for a limited number of persons to listen in on the debate. Dean Landisbury will have his receiving set installed in the music building, and will have a magnavox attached, so that a greater number will be able to hear the speakers.

There are no seat reservations made, so that persons arriving first will have the best opportunity to obtain advantageous locations.

### Public to Vote

The outcome of the debate will be left to the judgment of the public. Each person hearing the debate will be entitled to one vote. Votes are to be sent to the two papers up to Friday, March 7. Persons living north of the California line are to send theirs to the Oregonian radio department, and those south of the line to the radio department of the Oakland Tribune.

Saturday, March 8, the votes will be counted and compared by the two newspapers, and on Sunday,

(Continued on page three)

## SPORTS TO BE VOTED ON

Girls to Determine Popularity of  
Various Spring Games

Today, in the women's gymnasium classes, there will be a vote taken to ascertain the popularity of the various spring sports offered by the physical education department. By this means, the games liked best by the girls will be found, and a schedule can be arranged to accommodate the majority.

There are 10 sports offered and each girl is to give her first and second choice. They are archery, baseball, dancing (folk and interpretive), field hockey, golf, riding, swimming, tennis, track and volleyball.

## DR. HUSTON RECOVERING FROM ATTACK OF GRIPPE

Dr. John Huston, of the University health service, has been ill since last Tuesday with a mild case of la grippe. He is much improved now, reports Dr. W. K. Livingston, head of the health service, and will probably be able to be on the campus again by Monday.

Member of Squad  
for Radio Debate

Joe Frazer

## GIRLS' RIFLE TEAM IS DEFEATED 928 TO 905

Rifle Squad Women Urged  
to Do Record Firing

The girls' rifle team was defeated last week by the University of Cincinnati with a score of 928 and by the girls of the Utah Agricultural college with a score of 938, to 905 made by the Oregon women. This week the women are firing against Northwestern university, University of Montana and Riverside Polytechnic school of Riverside, California. Captain J. T. Murray requests that all women on the squad come out and do their record firing as soon as possible this week.

The men's rifle team was defeated last week by the University of Michigan with a score of 3,623 to 3,101 for Oregon. They also fired against Mississippi A. and M. in prone and sitting positions only, and were defeated by a score of 1,910 to 1,756. The result of a match fired against Penn State last week, Oregon's score, 3,101, has not as yet been announced as the Penn State score has not been received.

The Oregon men are firing against the Michigan Aggies, University of Delaware and Iowa State college this week.

No match between Oregon and O. A. C. women will be held this year, according to Captain Murray, who states that O. A. C. has no women's rifle team.

## Y. W. PLANS CONFERENCE

Oregon Asked for Large Delegation  
to Attend Training Session

The annual state cabinet training conference for student Young Women's Christian associations will be held this year at Willamette university, April 4 and 5. Representatives from seven universities and colleges in Oregon will be at the gathering.

All members of both the old and new cabinet and council are expected to attend these meetings. Miss Helen Keller, national officer in the Y. W. C. A., and a recent visitor at the local association, sent word yesterday that she hoped Oregon would send a large delegation.

## OLYMPIC COACH NAMED

Walter Christie to Have Charge of  
All Weight Throwers

University of California—(By P. I. N. S.)—Walter Christie, veteran California track coach, has been appointed a member of the Olympic games committee, and will have complete charge of all field events at Paris this summer. Two track coaches will have charge of the American track and field men.

Robertson of Pennsylvania will look after the track men, while Christie will train the weight throwers and field men. Both men will determine the personnel of the track team that will represent America in the games.

## SENIOR-SOPHOMORE TEAM WINS SWIM FROM FROSH

By a score of 35 to 24, the combined senior-sophomore second team defeated the freshmen, team 2, in the meet yesterday afternoon. Katherine Graef took the most points, making 13, for the freshmen. Marguerite Myline, a senior was second, with 10 points.

## Y. W. NOMINATES EIGHT OFFICERS

Election to be Wednesday  
Between Hours 9 and 4;  
Florence Buck Is Named

## YEARLY REPORTS READ

Revision of Constitution  
Accepted; Cabinet and  
Council Are Combined

Eight University women are candidates for offices in the Young Women's Christian association for the year 1924-25, as a result of the business meeting of the association held last night at 5 o'clock in the Y. W. C. A. bungalow. By decision of the nominating committee, next Wednesday has been chosen as election day during the hours between 9 and 4 o'clock, at the Y. W. bungalow.

Florence Buck is the only candidate out for president of the association. Neva Service and Mary Donaldson are running for the office of vice-president.

For secretary, Marian Lowry and Margaret Boyer have been nominated. Claudia Broders and Lois Easterbrooks have been selected to run for treasurer. For the position of undergraduate representative, Helen Andrews is the only candidate.

### Changes Are Made

Other important business completed at the meeting was the acceptance of the revised constitution, as prepared by Florence Buck and Elizabeth Phelps.

The outstanding change in the constitution is the consolidation of the council and cabinet into one executive group. In the new executive group, there are to be the president, vice-president, secretary, treasurer, undergraduate representative and 12 department chairmen heading the departments of social work, membership, church cooperation, girls' reserve, world fellowship, personnel committee, Bible study, finance, meetings, service, publicity and bungalow. The president of the freshman commission will also be a member of this group.

### New Branch Outlined

The personnel department is a new branch of the Y. W. C. A. The duties of the chairman of this department will be to make the acquaintance of women on the University campus, and find out their interests, both as to Y. W. C. A. work and activities. All heads of these various departments will be selected after the election of officers.

Other amendments read before the meeting and accepted pertained to the revisions of the duties of the association officers. Hereafter, the president, treasurer and undergraduate representative will sit at all meetings of the Y. W. C. A. advisory board.

Reports made on the work of the association for the past year were given by Florence Buck on the undergraduate representative's work; Margaret Seymour on the finance department; Mary Bartholomew on the social service work; Beatrice Myers on church cooperation and religious education; and Helen Andrews on membership.

### Membership Is Listed

It was decided that from now on, the nominating committee should consist of three members of the cabinet, one member from the association and two members at large.

Members of the nominating committee making the report yesterday were: Edna Largent, chairman; Mrs. E. E. DeCon, advisory board member; Miss Florence Magowan, advisor; Mary Clerin, Marie Meyers, Mary Jane Dustin, Mary Bartholomew and Marian Lowry.

Lois Easterbrooks gave a solo as the special number of the program. Bernice Myer announced the annual Y. W. C. A. banquet, to be given at the College Side Inn next Wednesday evening at 6 o'clock for all members of the association, and advisory board members. Preceding the business meeting, tea was served from 4:30 to 5 o'clock.

### PLEDGING ANNOUNCEMENT

Kappa Delta Phi announces the pledging of Roy Gurnea, of North Bend, Oregon.

## 'Big and Little' Sister List to Be Out Monday

Sponsors Should Have  
Dates Before Tea

The Big Sister committee of the Women's league is revising the list of "big" and "little" sisters, and the new list will be posted in the library next Monday, so that all upper class women having sponsees will be able to get in touch with them before the next tea, Wednesday, March 5.

The new list is being made to include this term's registrations and to give all freshmen women an opportunity to meet a greater number of women in the University. This list will be used for the rest of the school year.

These teas are held in the dining and sun rooms of the Woman's building, and they have always been very well attended. Genevieve Phelps is chairman of the committee in charge, and Mary Jane Hathaway and Katherine Salde are assisting her.

## FACILITIES ARE NEEDED SAYS FRED LOCKLEY

Education First Fostered  
by Early Settlers

Oregon students and Oregon graduates can exercise the influence needed to give the University the facilities to carry on the program of education and character building begun by the pioneers when they faced the dangers of the unsettled West, believes Fred Lockley, special writer of the Oregon Journal, who spoke at assembly yesterday.

"Do you ever stop to think what it meant to the early settlers of the Oregon country to establish schools for their children?" he asked. "It meant that these hardy old pioneers were willing to make the utmost sacrifices that their children might have the advantages of the best that was to be offered in the field of education. The pioneers were not afraid to face the great problems that confronted them. Do you fear that the problem ahead of you is too large?"

"In the light of what our fathers and the early settlers of the country did to provide for education when the country was a wilderness, why should we put up with an inadequate library, insufficient dormitories and a lack of necessary equipment, when the state is now rich and prosperous? If every person who graduates here and if every student who is studying here, will go to his friend and say that Oregon needs to lead in the field of education as she leads in many of the industrial fields; if everyone interested will do this, there will be no difficulty in raising the money desired."

Mr. Lockley, who was introduced by R. A. Booth, of the Booth-Kelly company, as the man who is laying the foundation for the great story of the Oregon country which men will some day love to read, traced briefly some of the early settlements made in the Oregon country. The struggles of Jason Lee when he came to the then forlorn field to preach the gospel, the colonizing expeditions of Marcus Whitman, the bringing of the first printing press to the country from the Hawaiian Islands, all were told by the Journal man.

"If ever a country was full of romance," he said, "it is Oregon. If ever a writer wants material, he can find it here. The activities of the Whitmans and the Spauldings of the early days are all rich in material for the most romantic and adventurous kind of literature. 'The vigorous life of those days stimulated the mentality of the pioneers and of those who have in-

(Continued on page three)

## TROY PHIPPS PREPARING FOR MASTER'S EXAMINATION

Troy Phipps, graduate assistant in the physics department, is now preparing to take his oral examination for his master's degree. "He will take it some time during the opening weeks of the spring term," said Dr. W. P. Boynton, head of the physics department. "The object of holding the examination so early is to relieve him of that worry around commencement time."

## FROSH TRYOUTS NEXT SATURDAY

Yearling Track Team to be  
Chosen by Competition;  
Relays Come March 8

## MEDLEY WILL BE RUN

Lettermen Will Compete;  
First Year Men Are  
Doped to Win Meet

The date for the inter-class relays has been set for March 8, and tryouts for the freshman team will be held next Saturday in addition to the regular meet. This will be Coach Hayward's first opportunity to get a line on his frosh squad as a unit, and to discover what the individuals among his 70 or 80 aspirants are capable of doing under real competition.

Five races are on the elimination contest program for next Saturday and the first four men from each race will be chosen to form the yearling team, which will compete with the other classes March 8. Bill seems to believe the juniors and seniors will have to combine their efforts to give the sophomores and yearlings proper competition at the carnival; and even with this combination the freshman racers have the best chance of carrying off the honors, unless something unexpected happens to bolster up the upper-class morale.

### Six Relays Listed

The five races listed next Saturday for the frosh tryouts are: the 100, 220, 440, 880 and the mile. By picking the first four men in each of these events, Coach Hayward expects to have a strong aggregation contending in the six relay events the following Saturday. The relay races to be run then are the 440, 880, mile relay, two-mile relay and four-mile relay. There will also be a mile medley race.

This medley is a peculiar affair in that it gives the spectators an opportunity to watch both sprinters and distance men working the same race. Two men will run 220 yards each, then one will run a quarter mile and another will run a half mile. With teams from the three aggregations entering, this should prove one of the best races of the afternoon.

### Hurdlers to Race

In the regular meet Saturday, the mile, 880, shot put and 100-yard dash will be run by entries from both freshman and varsity teams. There will also be an 80-yard high hurdle race for varsity candidates only. Coach Hayward is staging this to give the men an idea of what they are able to do and of what is expected of them under real competition.

Even though it is not the custom for lettermen to compete in most inter-class activities, Bill has arranged so that varsity lettermen will compete in the meet March 8. This gives the upper-class teams as a whole some advantage, but the frosh have a far greater number of men turning out for each event, so things are not so uneven as they at first appear. The meet Saturday will start promptly at 2:30.

## NAMES MUST BE FILED

Organizations Urged to Enter Lists  
of Members Immediately

The business office of the University gave notice yesterday that if all the honorary and professional organizations on the campus did not immediately turn in the names of their members, grade lists for the groups would not be made out for publication.

So far, there have been not more than eight or ten lists turned in. Of the 20 organizations which turned in lists of their members last year, only four have sent in the names of members this year.

## TWENTY-FIVE RESPOND TO FIRST VOLLEYBALL CALL

About twenty-five girls turned out to the first doughnut volleyball practice held yesterday afternoon. More are expected to attend before the end of the week. For most of the girls who are practicing, this is their first trial at the sport. Practices will continue till next Thursday, when the house teams will be chosen.

Debater in First  
Contest by Radio

Walter Malcolm

## "SCHOOL FOR SCANDAL" WILL BE PLAYED HERE

March 6, 7 and 8 Dates Set  
for Presentation

A large all-star cast will produce Richard Sheridan's "School for Scandal" at Guild hall, March 6, 7, and 8. Members of both companies are taking leading roles in this comedy. Mr. Reddie, head of the department of drama and the speech arts, is directing the play. It has been rehearsing for a long time, and the work now is to polish it.

The "School for Scandal" is a very famous classical comedy, picturing 18th century society satirically. It is full of clever lines, good comedy situations and subtle humor; in some places, however, its wit becomes jocularity. Everyone is familiar with the cranky but lovable Sir Peter Teazle, saucy Lady Teazle, and the far-famed "School for Scandal," that assemblage of sharp-tongued people who sharpen their wits on other people's reputations.

The "School for Scandal" is fundamentally human, but its construction is artificial, and the society it represents is artificial. In its production Mr. Reddie aims to keep as much as possible that spirit of brilliant artifice, in order to preserve its original merit as a classical play. Stage settings and acting will be, therefore, of strictest simplicity.

### The cast is as follows:

Sir Peter Teazle, Bernard McPhillips; Sir Oliver Surface, Virgil Mulkey; Joseph Surface, Darrell Mulkey; Charles Surface, Dave Swanson; Crabtree, Wade Kerr; Sir Benjamin Backbite, Gordon Wilson; Rowley, Walter Malcolm; Moses, Lextro Prillaman; Trip, Henry Sheldon; Snake, Paul Krauss; Careless, Tora Hubbard; Sir Harry Bumper, Boyd Homewood; Servants, Clifford Zehring, Boyd Homewood; Lady Teazle, Elizabeth Robinson; Marie, Betty Belle Wise; Lady Sneerwell, Wenona Dyer; Mrs. Candour, Katherine Pinneo; Maid, Portia Kidwell.

## NORTON TO HEAD NIGHTS

Groups' First Annual Informal  
Dance to be Held Saturday Night

Charles Norton was elected president of the Oregon Knight chapter of the Intercollegiate Knights at a regular meeting of the organization held last night. Norton succeeds Ed Tapfer, whose office expired a few days ago. Charles Norton has been treasurer of the chapter and has been active on important committees of the organization.

The regular meeting time is set for Wednesday night at 7:15 and will possibly be held in Condon hall, instead of the Woman's building.

Saturday night the Oregon Knights are giving their first annual informal dance which all alumni members of the organization are invited. Plans have been made to accommodate 50 couples and decorations of old knighthood effect are to be used.

## USE OF LIQUOR MAY CAUSE EXPULSION FROM SCHOOL

Washington State College—(By P. I. N. S.)—Following a motion made at the Associated Student meeting February 21, the student body went on record as favoring the expulsion from school of any person found possessing or being under the influence of intoxicating liquor.

## VARSITY MEETS AGGIES TONIGHT

Pennant Hopes Crushed But  
Second Conference Place  
Is Still Within Reach

## BEAVERS GOING STRONG

Chapman Still Bothered by  
Injury; Probably Will  
Not Start at Corvallis

Oregon starts on the last lap of the conference journey tonight when she meets the Aggies on their own court. All pennant hopes have crashed to the ground via the injury and sickness route, but the Lemon-Yellow can still tie for the second layer of the conference heap by hanging the Indian sign on the Beavers in tonight's fray. In spite of the fact that the local squad holds a pair of victories over the Orange team, the prospects of winning the last games of the season are none too bright.

### Aggie Hopes High

Over at the sister institution, they are fairly confident of hacking the props from 'neath the Oregon platform and thus putting the Aggies on a par with the Huskies in the percentage column. Their hopes are not without rather valid reasons, it must be said, for the Ags have been eating things up lately and on their own floor with their own rosters pulling for them to crawl up into the top berth of the conference, they will be a tough outfit for the crippled varsity to beat.

Ridings, the sorrel-topped Aggie forward, has been off his feed for the last couple of days, but reports yesterday indicated that he was back in trim and would be in first class shape for the Oregon tilt. Moose Lyman is now holding down the pivot position as a regular assignment and this frees Carlos Steele to take care of one of the guard berths.

### Students Plan to Go

It is probable that Reinhart will start the same combination that went against the Cougars last Wednesday night with the possible exception that Chapman might be in Rockey's place. Chappy's knee is still heavily bandaged and slows him up considerably. It is a cinch that Reinhart will need all of the available offensive power to cop the long end of tonight's fray. The last game of the season for both teams will be played tomorrow night, but it has no bearing on the conference standings whatever. It is probable that the Oregon rooting section will be pretty well filled as many students have signified their intentions of going over for the game.

Jack Benefiel, graduate manager, has a few reserved tickets for the game. These will be on sale at his office up until noon today.

## STYLE BOOK PUBLISHED

O. A. C. Compiles Pamphlet  
Containing Rules for Newspapers

Oregon Agricultural College—The most complete and carefully compiled style book ever attempted by a college daily has been published by the Daily Barometer, the Oregon Agricultural college newspaper. The style book is a little bound pamphlet of 30 pages, and contains all information necessary in editing the college daily.

General instructions to reporters and copy-readers, Barometer policies, and writing a news story are among the features explained. Copies of the book are being mailed to every newspaper editor in the state with a notation to the effect that the publishers will welcome any suggestions and criticisms.

## SOPHOMORES PREFER EXAMS TO SHAVES AND COSMETICS

Oberlin College—Oberlin college drug stores are to suffer by a decree passed recently by the members of the class of '26, when they voted to use no shaving cream, brushes or razors, nor any cosmetics during the period of the mid-year examinations. The men of the sophomore class will not shave nor will the women of the class use powder or rouge during the week when the mid-year tests are in progress.
