

JAPANESE NINE TO PLAY VARSITY

Meiji University Baseball Team to Play Fifteen Games on Coast Tour

TEAM TO TRAVEL EAST

Oregon Stands Good Chance of Making an Oriental Invasion Next Spring

Oregon's baseball men will meet strong competition when they battle with the touring Meiji university nine from Japan here April 26. Jack Benefiel, graduate manager, has just announced that the Nipponese diamond athletes have been lined up with twelve games to play during their 15-day invasion of the Pacific coast. Oregon will be the eleventh team to face them, so that they will be in good condition by the time they arrive in Eugene.

Interest in this game should be keen, as there is a strong possibility that Oregon will get a chance to tour the Orient next spring, if they make a good showing against the Meiji nine.

Schedule Is Given

According to Benefiel, the invaders will play O. A. C. after their game on the campus, and then will travel East, playing against some leading nines there. They will return to the Pacific coast in August. Their complete schedule of games on the coast is as follows:

- April 15 and 16—University of Washington at Seattle.
- April 17—Sixth Avenue club of Tacoma, at Tacoma.
- April 19—City nine of Seattle, at Seattle.
- April 20—Nippon Athletic club, at Seattle.
- April 21—Gonzaga university, at Spokane.
- April 22—Washington State college, at Pullman.
- April 23—Longview City club, at Longview.
- April 24—Knights of Columbus, at Portland.
- April 25—Salem City club, at Salem, Oregon.
- April 26—University of Oregon, at Eugene.
- April 28—O. A. C., at Corvallis.

OREGON REPRESENTED BY FORMER STUDENTS

Ferdinand T. Struck, ex-'11, is representing the University of Oregon at the centennial celebration of the Franklin Institute in Philadelphia this month. Several reports have been received at the alumni office of ex-Oregon students who are representing their alma mater at various conventions and celebrations. Struck is on the board of public instruction of Pennsylvania and is author of a recent book on manual arts. All universities have been asked to send a representative to the celebration.

Another Oregon representative is Beatrice de Graff, ex-'24, who will attend the first annual meeting of Northwest alumni secretaries in Spokane, April 10 and 11. Miss de Graff will represent the Oregon Alumni association.

Defendant Fined \$4,999.99 in Case of Jones vs. Tamba

After a deliberation of less than five minutes, the jury, composed of three men and three women, in the case of Jones versus Tamba, found the defendant guilty of slander and a fine of \$4,999.99 was imposed, at the mock trial held in the moot court of the County Court House last night.

The case was the result of an occasion in front of the library, when Randall Jones, after taking a drink of water from the fountain, ran into Tamba, who was in the vicinity at the time.

"G'wan home, you are a damned bootlegger. You've been drunk for a month," were the words which Tamba is said to have used.

As a result of this uncalled slander, pressure has been brought to bear on Jones, which caused him to have to leave school, just as he was about to receive his B.A. degree.

Claude Robinson Deserts Campus to Pursue Studies

Claude E. Robinson, student body president, has demonstrated his ability to solve problems of student body affairs, campus questions, and executive problems of various kinds. There is to be added to his other achievements—that of solving the problem of studying.

Robinson has found a way to study or write papers without being interrupted which, in itself, is remarkable for a student body president.

The way of it is that Robinson leaves Eugene and campus affairs and journeys to the neighboring community of Springfield. There he takes a room in the hotel and studies to his heart's content.

This discovery was given to the public through the enterprising work of a campus journalist who covers Springfield news for one of the Eugene papers.

SENIORS DANCE AFTER LAST NIGHT'S MEETING

Orders for Caps and Gowns Must be Placed Soon

The report that the class play had been chosen was given at the first senior meeting of the term, held in Villard hall last night. The wearers of the sombrero dispatched their business in short order and adjourned to the College Side Inn, where they proceeded to give a demonstration of the spirit of '24.

Announcement was made to the class that the caps and gowns for graduation should be ordered from the Co-op before April 15, and that a \$5.00 deposit will be required, \$2.50 of which will be refunded when the cap and gown are returned. Commencement announcements may also be ordered at the Co-op, and will cost 12 cents apiece if ordered before April 15, otherwise they will cost 14 cents each.

Eddie Edlunds, chairman of the dance committee, submitted a proposal for a class dance to be held in a downtown hall next Friday night. He announced that the affair would be open to any senior, and that campus clothes would be in vogue. The proposal was accepted by the class with a great deal of enthusiasm.

The senior play committee reported that it had selected the farce comedy, "It Pays to Advertise," for the senior play. Tryouts for the production will be limited to members of the senior class, and will be held in Villard hall at 1:00 p. m. Saturday. The play is to be directed by the senior members of Mask and Buskin, national dramatic fraternity, members of which are among the most prominent in campus dramatics.

It was voted to assess each member of the class the sum of twenty-five cents for the campus luncheon. The election of a permanent secretary for the class was brought up by President Sayre, and he suggested that the class be prepared to vote on this selection by the next meeting.

The meeting was closed by a talk by Doug Farrell on class spirit, which culminated in the adjournment of the meeting, followed by a rally in front of the library and a party at the Inn.

SHORT COURSES WILL BE GIVEN

Commercial Secretaries to Hold Annual Session on the Campus Next Week

SPEAKERS WELL KNOWN

Instruction in Problems of State Development and Organization Is Offered

For the fourth consecutive year, a short course for commercial secretaries will be conducted on the campus under the auspices of the state association of commercial secretaries and the school of business administration of the University.

During the week of April 14 to 19, between twenty-five and thirty chamber of commerce secretaries from towns throughout the state will receive instruction in problems of state development and technique of organization work.

Sessions Are Popular

Four years ago this short course was established on the University for the benefit of the secretaries of chambers of commerce, and so effective and practicable has this proved that every secretary who attended the first course, and who has remained in chamber of commerce work, also attended the second and third courses and expects to be present at the coming session. Only about twenty-one secretaries in the state receive pay for their work, so a large percentage are giving their time merely for the good they derive from the work.

The sessions are to be held at the College Side Inn, and the secretaries will be quartered at the Osburn hotel in a series of rooms turned into the form of a dormitory.

Various Phases Taken Up

The program for the course this year is divided into the following parts: (1) a series of educational courses on economics, business cycles, salesmanship, public speaking; (2) all phases of chamber of commerce technique; (3) assembly, forum and fireside discussion; (4) discussion of the program of the state chamber and the development committee of the Portland chamber; (5) recreational features.

Jake D. Allen and A. S. Dudley will be two of the prominent speakers at the sessions. The former promotion manager is a San Francisco man of vast experience. He will have charge of the technique of chamber of commerce work. Mr. Dudley, manager of the Oregon state chamber of commerce, recently returned from a trip East, where he conducted national publicity for Oregon and her resources. He formerly had charge of this same kind of work in Sacramento.

Prosperity Prophesied

All chambers of commerce have been urged to send their secretaries to this valuable course, at which instruction will be given on how to operate a chamber at its maximum capacity. Business men profess that the next few years will see unexampled prosperity in Oregon. The state is recognizing this situation, and has reorganized the state chamber of commerce on a stronger basis than ever. The local chambers are consequently urged to prepare to receive the largest benefits possible from this period of prosperity.

FOURTH OF STUDENT RECITALS SATURDAY

About ten students in the school of music will be presented by their instructors in a recital next Saturday at 1:30 in the lounge room of the music building. This is the fourth of five student recitals for the year, the last one probably occurring about the middle of May.

An urgent invitation to be present is given to anyone interested in the school of music, as well as any town people who wish to attend.

FACULTY OF MUSIC SCHOOL TO CARE FOR REID'S PUPILS

"Arrangements have been made by other teachers in the school of music to take care of Ronald Reid's work," says Dean John J. Landsbury, and he wishes all pupils of the former instructor to report to him immediately.

Less Than Four Days Left for Paying of Fees

Fines Will Be Charged After Saturday

Three and a half more days, including today, are all that remain of the week allotted for paying fees. The cashier's windows will remain open from 8:30 to 12 and from 1:30 to 3 every day except Saturday, when the windows will close at noon. After that time, an extra fee of \$3 will be charged for late filing.

As yet the students have not flocked to pay their fees in sufficient numbers to avoid the last minute rush, according to the cashier. The morning hours, especially the first part of the morning, are not used by students and those who wish to avoid standing in line should come the first thing in the morning.

It has not been estimated as yet how many have paid their fees, but the number is not as large as it should be, due to the half-holiday Monday morning when the business office was closed.

NEW MEN APPOINTED ON EMERALD STAFF

Cash Awards to be Given for Best Term Work

Jim Case, a member of the news staff of the Emerald, has been appointed to the position of night editor, according to Art Rudd, editor, after a conference with the editorial board.

Alfred Erickson, George H. Godfrey and Pete Laurs are appointed to the sports staff. Erickson and Godfrey were members of the Emerald staff last year, while Laurs has been serving as a reporter on the news staff.

Interest is keen among the members of the staff of the daily over the contests for the term, in which prizes amounting to over \$80 will be distributed. These are given for exceptional work as reporters, day and night editors, loyal service and work in development.

EDISON MARSHALL IS AUTHOR OF NEW BOOK

Edison Marshall, former journalism student of the University of Oregon and nationally known writer, has recently completed an historical novel entitled, "Seward's Folly." The scene of the book is set in Alaska, and copies will be released by Little, Brown and company about June 24.

The future literary works of Edison Marshall will be published by the Cosmopolitan Book corporation, which is a Hearst organization. His novels are to be run in serials in the Hearst publications and will be advertised extensively by the magazines. The Cosmopolitan Book corporation has just five authors, who are: Peter B. Kyne, James Oliver Curwood, Conningsby Dawson, Peter Clarke McFarland and Edison Marshall.

MEN'S GLEE CLUB WILL ENTER CONTEST

The men's glee club will sing in Portland Monday, April 28, at the Northwest Intercollegiate glee club contest. O. A. C., Willamette university and Washington State college will also be represented.

Vernon Motschenbacher, '14, executive of the student body and also of the glee club, has charge of the Portland association of alumni from all of these schools, and is arranging the contest, which will be held in the Municipal auditorium.

GIRLS' OREGON CLUB TO GIVE SILVER TEA

The Girls' Oregon club will give a silver tea Friday afternoon, April 11, from 3 to 6, in the Y. W. C. A. bungalow. The profits of the tea will go toward making the University infirmary a more cheerful place for the students there.

Hostesses for the affair will be Frances Douglas, Thelma Kimberling, Bertha Atkinson, Thelma Biley, Mary Chisholm and Mildred Braaten.

BASEBALL SQUAD STAGES CONTEST

Work of Latham in Box Is Outstanding Feature of Six-Inning Game

HITTING IS IMPROVING

Practice Tilts Are Desired Before Opening Game With Whitman, April 23

Profiting by the excellent weather, Coach Reinhart has been putting his baseball crew through some strenuous practice the past few days. Yesterday afternoon the squad was divided into two nines and a six-inning game staged. Three of the corps of pitchers worked two innings apiece during the melee, and the coach got a good line on most of the men.

The outstanding performance during yesterday's practice session was the work of Hunk Latham in the box. The big boy relieved Ringle on the mound and between streaks of wildness displayed enough pitching ability to give him a strong consideration for a regular berth as a pitcher. He struck out at least five men during the two innings he worked, and showed that he had plenty of speed. Occasionally he would flash out with an underhand throw that had the batters guessing.

Ringle and Sausser Used
Ringle, who started the pitching, was wild as a March hare and walked the first three men. After that he settled down somewhat and showed flashes of real ability. Sausser hurled the last two stanzas. He, too, was wild, but showed enough to warrant that he will improve.

The pitchers worked for both teams during their stays on the mound. No attempt was made to record the score, but one of the nines showed up considerably better than the other and appears to be the potential varsity. This aggregation consisted of the following men: Orr, catcher; Scriptures, first; Ross, second; Bittner, short; Hobson, third; Terrel, right field; Sorsby, center; and Wright, left field. Most of these men are veterans and appear to have the jump on their rivals.

Diamond to be Harrowed

The opposing nine was composed of Jimmy King, first base; Troutman, second; Dinty Moore, short; Woods, third; Frum, right field; Mills, center; Peterson, left field; Cook, catcher.

Besides Latham's pitching, some of the bright lights of the practice were the batting of Hobson, Bittner, Sorsby and Wright. Frum made an excellent throw from deep right to catch a runner at the plate. The diamond was far too rough for very efficient fielding, but will be harrowed and rolled this morning in readiness for another practice game this afternoon.

Whitman Nine Good

The varsity as yet has no games lined up before the opening conference tilts with Whitman, April 23 and 24. An effort is being made to stage a practice game with the Eugene city nine, Saturday afternoon, however. Unless some real practice games are scheduled, Oregon is likely to be sadly handicapped when they stack up against Whitman, as the Missionaries have already gone through a practice season in which they won eight games out of nine played.

The new diamond near Hayward is yet far from completed and there is a strong possibility that Cemetery Ridge may have to be used for some of the first conference games.

MEN IN ARCHITECTURE PLAN SPRING OUTING

Ye Annuale Springe Outing for the men in architecture is being planned for Friday, Saturday and Sunday, April 25, 26, and 27, at the camp of Professor E. H. McAlister near Blue River. Plans are being made to take as many of the majors in design as transportation and commissary facilities will permit.

Last year the men had a similar experience, and came back to make other students envious by recounting tales of the fish they had caught, the hikes made, and the lazy time they had spent following the completion of their architectural problems.

Women's Houses Open for Dime Crawls Tonight

A dime—ten cents. That is the only requisite for admission to an hour's dancing at any of the women's houses at 6:30 tonight. Seven-thirty has been set as the hour of departure and the committee urges the men to come on time and leave on time.

A number of the women's houses which are not near the campus will not entertain at home. Alpha Delta Pi will have the Campa shoppe, Alpha Phi will have the Delta Tau Delta house, Delta Zeta has engaged the College Side Inn, Chi Omega will have the Sigma Chi house, Kappa Omicron will have the sun room of the Woman's building, and Pi Beta Phi will use the Kappa Sigma house.

TRYOUTS FOR SENIOR PLAY TO BE SATURDAY

Mask and Buskin to Manage and Direct Farce

Tryouts for the senior play will be held in Villard hall at 1 o'clock Saturday, April 12, Ted Baker, manager of Mask and Buskin, which is handling the play, announced yesterday. All seniors are eligible to appear in the Commencement play, and as many as possible are urged to try out. The play to be given is "It Pays to Advertise," by Walter Hackett and Roi Cooper Megrue.

"It Pays to Advertise" is a well known farce, which has been played with great success before. As a laugh producer, it has always been well received. The plot is concerned with a millionaire soap man, who is too conservative to advertise, and his son, with no money, nor soap, but with certain ideas about advertising.

Mask and Buskin, of the National Collegiate players, will manage and direct the production of the play. New officers, elected yesterday, will immediately take charge of the management. The officers are: President, Dave Swanson; vice-president, Bernard McPhillips; secretary, Betty Belle Wise; manager, James Leake. Outgoing officers were, president, Darrell Larner; vice-president, Katherine Pineo; secretary, Wenona Dyer; manager, Ted Baker.

PRESIDENT'S HEALTH GREATLY IMPROVED

Word has been received from President P. L. Campbell that he is progressing nicely under his course of treatment in Portland. Surgical Campbell is at the Portland Surgical hospital under the care of Dr. Coffey. He is undergoing a treatment to aid him in convalescing from his attack of influenza.

President Campbell expects to return to the campus the early part of next week, since he feels so much better.

FRANK JUE TO BE SOLOIST AT VANCOUVER MEETING

Frank Jue, well known tenor in the school of music, will be the soloist at a meeting of the Orpheus club, at Vancouver, Washington, on April 11.

Campus Couples to Be Aided by New Student Venture

By J. W. P.
"What's all this talk I hear about Student Union?" inquired a dainty co-ed, pink of cheek and bobbed of hair. "If there's any labor connected with such a union, don't ask me to have anything to do with it. My brother joined the Canoeers' Union once and was expelled for violation of rules. And I have been leary of these unions ever since."

And patiently her masculine companion tried to explain the difference between the Student Union and the closed shop.

"Why the capitalists themselves cannot have any argument against this proposition," he explained. "This is something we are going to build. The Student Union is a building and not a bricklayers' Society for the Mutual Protection of the High Level of Wages. Can't you see, little one, that by collecting enough money, we can then

OREGON TO HAVE OLYMPIC TRIALS

Sanction of the Conference Members and Approval of A. A. U. Officers Given

TRYOUTS MAY 30 AND 31

T. Morris Dunne Is Chosen Referee; New Events Are Added to Regular Meet

The Olympic track and field tryouts for the Pacific coast will be held on Hayward field, May 30 and 31, in conjunction with the regular Coast conference meet. This, said Jack Benefiel, graduate manager, has been assured since the sanction of the other members of the conference has been gained and favorable word received from the Amateur Athletic union officials.

T. Morris Dunne, secretary for the A. A. U. of this section of the country, communicated with Mr. Benefiel yesterday that he had secured the official sanction of Mr. Reuben, national secretary, for the organization to make Eugene the scene of the far-western tryouts. This will give those elected to compete in the national tryouts, at Boston, 15 days in which to make the journey and condition themselves for this final grid.

Judges Not Picked

The selection of the officials will be attended to at once, according to Virgil Earl. He said Mr. Dunne had agreed to approve of the selections made by the University of Oregon. Coach Hayward says this problem of picking officials is made much easier by the fact that Mr. Dunne has consented to act as referee. Mr. Dunne has been prominent as a track official on this coast for many years.

The University, said Mr. Benefiel, is financially responsible only for the \$2,000 guarantee, which is divided among the coast conference members according to their mileage, and is not responsible for any expenses incurred by representatives of other institutions. The meet will call into action the best athletes of the coast, for it is expected teams will be entered from every institution capable of producing athletes.

Events to be Added

The usual distances will be run; that is, 100 yard, 220 yard races, and so on, instead of the 100 and 200 meter events, to be used next summer in Paris. Some additional eight or ten events must be added, however, and some of these will be according to the metric system. Those to be added are: 3,000 meter walk; 3, 5 and 10 thousand meter running races; the 16-pound hammer throw; the 56-pound weight heaving contest; the hop, step and jump, and the steeple chase. The steeple chase requires a specially constructed course which includes two water jumps.

The conference scoring will be kept separate from the scores recorded for the tryouts; so not only will it be possible to determine the standing of the college teams, but the ability of all individuals will be shown in this competition which will encompass the best talent on the coast.

have a Student Union; whereas by organizing a Society for the Mutual Protection of the High Level of Wages, the bricklayers can, by means of their union, then secure the money they demand?"

"Yes, of course," said she winsomely. "It seems to me I was taught something like that in my economics class. But really, old thing, what are we going to do with this Union after we get it? Is it like marriage, so that you can get a divorce if you don't like it? Or do you have to keep belonging to the blamed old thing until you disintegrate?"

"Listen, my child," said the other. "You can get all this through that petite, but nevertheless thick, head of yours if you'll only pay attention to the facts. Now quit manicuring your nails with that
