VOLUME XXV

UNIVERSITY OF OREGON, EUGENE, THURSDAY, APRIL 10, 1924

NUMBER 130

## DR. H. F. SWARTZ SPEAKER TODAY

"The Idealistic Vocations,"  
Is Topic for Address;  
Event to be in Villard hall

TALKS ARE WELL LIKED

Head of Religious School  
Has Done Much Study  
in European Institutes

Dr. Herman Frank Swartz, president of the Pacific School of Religion, will be the speaker at the assembly to be held in Villard hall today. He has chosen as his topic "The Idealistic Vocations."

The speaker is reputed to be a very magnetic and forceful talker—one who will hold the interest of his audience. He was very well liked by the students of the University of California, where he has spoken on the assembly program.

**Speaker Studies Abroad**  
Dr. Swartz is known as a scholar, having studied both in this country and abroad. He was graduated from Pennsylvania college, Gettysburg, with honors from there in 1893. Dr. Swartz majored in the social sciences and took special work in that line at the universities of Berlin, Paris, Rome and London.

Besides these, Dr. Swartz attended several theological seminaries. He was ordained as a Congregational minister in 1898 and has held pulpits in various places. In 1915, he was granted his degree of doctor of divinity by Fargo college, North Dakota. Dr. Swartz has also been connected with the work of missions, serving in various capacities along that line.

**Other Talks Scheduled**  
Dr. Swartz has for one of his main interests that of getting recruits for the ministry. Since he became head of the Pacific School of Religion in 1922, he has done much to build up that school with trainees candidates for the ministry. It is expected that his assembly address will deal with some of the vocations that one enters for the love of the work and not for the reward.

Besides addressing the assembly, Dr. Swartz will speak to a group at a luncheon in the Y. M. C. A. hut. He will also address a session of the state Christian Endeavor convention. Dr. Swartz will likewise be the speaker at vespers Sunday.

## O. A. C. CHOOSES NEW PHYSICAL DIRECTOR

Both a new director of physical education and a football coach have been chosen at O. A. C. to succeed R. B. Rutherford. W. A. Kearns, formerly director of recreation extension at Oakland, California, is to take the position of physical director and will have supervision of intercollegiate athletics as well as intramural sports and gymnasium courses. He has a well known standing as an official in sports and games.

Paul J. Schissler, of Lombard college of Galesburg, Illinois, will be the new football coach and comes to the college on a three-year contract. He will not only coach football but will assist in other sports and intramural athletics.

## OREGON KNIGHTS NAME SUMNER CHANCELLOR

At a regular meeting of the Oregon Knights held last night, Rufus Sumner, a sophomore, was elected to the office of chancellor of the executive to take the place left vacant by the election of Charles Norton to the office of president some time ago.

Stunt Duke Charles Norton outlined the work of the organization for the Student Union drive to be staged in the near future in which the knights will have a big part. They will also turn out in force for the handling of the Olympic tryouts to be held on Hayward field March 30 and 31.

## PLEDGING ANNOUNCEMENTS Beta Theta Pi announces the pledging of Gordon Byrne, of Eugene, Oregon.

Alpha Delta Pi announces the pledging of Barbara Chapman, of Dallas, Oregon.

Alpha Xi Delta announces the pledging of Gertrude Manchester, of Newport, Rhode Island.

## MILLION DOLLAR LIBRARY DESCRIBED BY LAWRENCE

## New Building to Be Constructed on Unit Plan; Will Accommodate University Student Body for Many Years

Plans for Oregon's greatest need—a new library—were disclosed yesterday by Dean E. F. Lawrence, head of the school of architecture, who has been largely responsible for the laying out and designing of the University's new \$5,000,000 plant.

Dean Lawrence paints a picture that will gladden the heart of every student who has pored over his books in the present structure, built in 1904 to furnish accommodations for 600, and now in a wholesale fashion serving 2,400 people.

Visions of a building 220 feet long, 200 feet deep, architecture of a type embodied in the present Law and Commerce buildings, with ample room to provide spacious reading, reference and seminar rooms, binderies and stacks, for a University of probably 10,000 students, and you have in substance Oregon's new \$1,000,000 library.

The structure, which is to stand on a line with the Law building, and on the approximated location of the Cemetery ridge ball diamond, is to face east. In form, it is to be a rectangle with two separate courts out within the rectangle to provide light.

Tentative plans provide for a lower floor of the building devoted to book room, seminar rooms, the bindery, and special libraries. The

## C. E. CONVENTION HAS FIRST SESSION TODAY

## University Students Doing Work on Committees

The opening ceremony of the annual state convention of the Christian Endeavor societies will be held at the Christian church at 7:30 tonight. E. P. Gates of Boston, who is in Oregon to prepare for the world convention to be held in Portland next year, will be the speaker, and Elaine Cooper, state president, will occupy the chair.

University students who are in charge of committees are: Dallas Rice, reception committee; Portia Kidwell, director of the conference Friday and Saturday; Mary Guiley, conference leader Friday and Saturday; Helen Andrews, entertainment committee; and George Springer, chairman of the finance committee; and Arthur Everetts, in charge of the ushering.

Students of the University who have graduated and taken up Christian work in various sections of Oregon are: Elaine Cooper, '22, state president of the Christian Endeavor; Walter L. Myers, '18, a professor at the Eugene Bible University, who will speak at several

(Continued on Page Two.)

## Request Comes From Bengal For Correspondence Studies

The director of the Bengal Institute of Arts and Science of Bengal, India, in a recent letter to the extension division of the University, requests that the people be allowed to carry on correspondence study with the University of Oregon extension department.

There is a great need, says the Bengal director, for a course of this kind. A large number of people are dissatisfied with the instruction now offered because of the nature of the courses, which are confined to scientific, technical, and agricultural subjects. The aggressive population is anxious to secure congenial or better paying work or to teach employed persons the science of their trades or professions for enabling them to start at good salaries in chosen vocations.

"Only the correspondence study serves the needs of these people," wrote the director. The people with the aid of the instructors at the institute, will select the courses they desire.

The Bengal Institute, says the director, has no intention to realize any commission from the University, or to charge the students except for postage and extra expenses for conducting the work. Their motive is fully based upon public service by the establishment of university instruction in the homes of as many people as possible.

In reply to the request it was suggested by the extension division that instead of the people enrolling through the institute that they enroll directly with the University.

## MAY 7 IS DATE FOR ELECTIONS

Nominations Will be Held  
at A. S. U. O. Assembly  
on Preceding Thursday

NO CHANGE NECESSARY

Dark Horse Year Predicted  
by Veterans on Campus;  
Aspirants to be Out Soon

Formal nominations of candidates for next year's student body officers will be held at an A. S. U. O. assembly, May 1, and elections will be held the following Wednesday, May 7.

This is according to the announcement made last night at a meeting of the student council. These dates are in accord with the student body constitution and, although there had been some talk of making a change this year, the constitutional rule will hold.

**Election Talk Slight**  
Up to this time there has been very little election talk and due to the Student Union drive, which will come only a short time before elections, it is probable that the usual activity will be concentrated into a shorter time.

Due to what is considered by campus political veterans to be a great lack of outstanding men in the field of prospects, there has been a general belief that this will be a "dark horse year." This may mean that a number of candidates may appear from the ranks of the unknown, say those who are closest to the situation.

Next week, or the week following, at the latest, should see the announcements of the first batch of contenders. The main group of aspirants are not expected to appear until the week just before nominations.

**Order of "O" Dance May 16**  
The only other act of the council, besides the one setting the dates of the nominations and elections, was to declare the night of May 16 as "Order of the 'O' Night."

A dance will be held at that time, the proceeds of which are to go into a fund to help sick or injured athletes. A number of cases have come up where technicalities prevented help being given where it was needed and this money will be used in instances like these.

## NEW TRAFFIC SIGNS PLACED IN DRIVEWAYS

Blue painted signs similar to the city parking signs and bearing the words: "No parking in the driveway," are being posted about the campus driveways. These driveways are always lined with cars, a condition which, according to H. M. Fisher, superintendent of the University buildings and grounds, is very dangerous in case of fire when the trucks could not approach the buildings.

An eight-foot cement walk leading from Thirteenth avenue east to the Sociology building will be put in soon by the campus workmen, Mr. Fisher said.

## Y. W. TO HAVE SPRING TEA-ROOM ON APRIL 22

The annual spring tea-room of the University will be held this year on April 22 from 4 to 6 o'clock in the bungalow. Home-made cakes, cookies and pies as well as other forms of pastry will be the dainties on the menu.

This tea is one of the larger social events of the student association. Funds raised from the sale of the pastries will be used towards sending delegates to the Seabeck convention this summer.

## ZETA KAPPA PSI INITIATES TO PUT STUNT ON TONIGHT

Tonight at 7:30 in the Woman's building, members-elect of Zeta Kappa Psi, women's national honorary forensic fraternity, will entertain the members and campus women with a pre-initiation stunt, the nature of which has not been divulged. It was to have been given last week, but postponement was necessary. All girls and women who care to attend are invited to do so.

## Grace Edgington, Alumni Secretary, Resigns Position

Grace Edgington, graduate of 1916, alumni secretary, and editor of Old Oregon, has resigned her position at the University and expects to leave the campus when the present school year is over. She intends to give up alumni work and teaching permanently, and for the next year at least will make her home in Central Oregon, where she has a small ranch.

Miss Edgington came to Oregon in the fall of 1920 from the University of Washington faculty, where she had been the three previous years. Her stay here was interrupted by one year's leave of absence (1921-22) which she spent mostly in visiting college campuses in connection with Theta Sigma Phi, women's journalism fraternity, of which she is a national officer.

During that year, Jeannette Calkins, '18, was acting alumni secretary, and Erma Zimmerman Smythe, '19, issued three numbers of Old Oregon.

The alumni work has developed considerably in the last four years, Old Oregon growing from a quarterly publication, six by nine inches

## MRS. MURRAY WARNER OFFERS AWARD OF \$25

## Prize Will be for Winner in Bookplate Contest

A \$25 prize for the best bookplate, to be used in the Oriental library of the Murray Warner museum, has been offered by Mrs. Murray Warner. No date has been set for the closing of the competition; and no judges have been chosen as yet.

"I have left the contest entirely in the hands of the faculty of the school of architecture and allied arts," Mrs. Warner said when interviewed.

The bookplate is to have as a motif a Chinese gateway in Japan, indicating the Chinese influence in Japanese art and architecture. Photographs of the gateway are to be seen on the north wall of the art and architecture library in the Architecture building.

Two rules only have been given for the bookplate: (1) Leave larger space for the name of the collection; (2) leave smaller space at the bottom of the plate for the library numbers.

## FIRST REPORTS SHOW CRAWLS NET \$62.50

Reports from 15 women's houses show that receipts from the dime crawl amount to \$62.50, so far. Five houses have not yet reported how much they received.

The money derived from the dances is to be turned over to Jeanne Gay, chairman of the foreign scholarship fund, for use in this department. These dances are to be given monthly, during the remainder of the spring term.

## MILLION AND HALF IS SPENT FOR STADIUM

University of California—The California memorial stadium recently dedicated at the University of California, cost the student body approximately \$1,500,000, of which \$529,951.92 has been assumed by the Associated Students as a deficit to be written off with surplus funds from athletic activities.

Football at the University of California in 1923 brought in a net surplus of \$193,210.30, of which \$120,000 has been applied on the stadium deficit.

## PROFESSOR H. B. YOCOM TO ADDRESS BIOLOGY CLUB

Dr. H. B. Yocom, a professor in the biology department, will speak on "Some of Zoology's Contributions to Medicine During the Recent War," at a meeting of the Biology club, April 10, at 8:00 p. m., in room 105, Deady hall.

## ELECTION ANNOUNCEMENT Ye Tabard Inn of Sigma Upsilon announces the election of Ray Stalker.

alumni, so that they hear from the in size, to its present nine yearly numbers, each of which carries approximately three times the material that the old quarterlies did. The work of record keeping and alumni correspondence has grown in proportion. Instead of an editorial staff consisting of one, the editor, Old Oregon now regularly carries the work of six department editors. It has also become an illustrated magazine, having carried its first picture in the spring of 1921, something of a departure from its previous formal tradition.

Her reasons for leaving, Miss Edgington says, are that she is not especially interested in the business and office routine which requires virtually seven-eighths of her time. She is mainly interested in the editorial end, but she thinks it will be several years before this can be the business of one person. Miss Edgington says that in every other respect her work has been increasingly pleasant.

"I believe it very important that close relations be maintained with

(Continued on page three)

## TENNIS TOURNAMENT COMMENCES TODAY

## Five Winners to be Chosen for Varsity Team

The varsity tennis tournament will start this afternoon and will be completed by Saturday. The five winners will be chosen members of the varsity tennis team. A sixth man may be carried during the season as a utility man.

Fourteen men have been matched by drawing for the first round. If a contestant is defeated, he will be given the right to challenge up to the semi-finals. No definite time has been set for playing the matches, but Coach Fall advises the men to get together and set a time.

The drawings for the first round are: Rice versus McKelson; McBride versus Crary; Meyer versus Beatie; Slattery versus Harding; Gastrock versus Boyd; Horsfall versus Saffre; Calef versus McKenney. University courts 5, 6, 7, and 8 are reserved for the varsity and frosh teams. A five-man varsity team will go to Portland to meet Reed college and Irvington club on May 3 and 4.

## WOMEN PRACTICING IN BASEBALL WORK

Practices for women's doughnut baseball are going on now, and the houses are urged to get their practices in early. The schedule for the games is to be made out next week.

Due to the fact that the men's varsity team is using the women's diamond on Kincaid field until the new one is ready, practice room near the Woman's building is limited. Girls are asked to do much of their practicing in vacant lots and yards until the field is available.

## FINAL VOLLEYBALL GAME TO BE TODAY

The final doughnut volleyball championship game among women's houses will be played this afternoon at 5 o'clock between Susan Campbell, team 2, of League II, and Delta Omega of League I. The game played yesterday between the faculty women, champions of League III, and Susan Campbell, team 2, resulted in a 2 to 0 victory for Susan Campbell.

Tryouts for class volleyball teams are to begin today. Junior and senior tryouts will be this afternoon and the freshmen and sophomore are to practice today and try out tomorrow.

## "VAH" CHORUS BY DUBOIS TO BE SUNG AT VESPERS

The famous "Vah" chorus from "The Seven Last Words," by Dubois, will be the special anthem rendered by the University choir at vespers services next Sunday at the Methodist church. The solo number has not yet been decided upon.

## CINDER ARTISTS GREATLY NEEDED

Strength in Field Events Is  
Offset by Weakness of  
Material Out for Races

SPEAROW MAY SPRINT

Quarter - Milers' Showing  
Is Best; Hurdlers Are  
Improving Since Winter

A review of Oregon's chances in the field events creates a feeling of optimism concerning the success of the track team this year; but a scrutiny of the material left competing for places in the racing squads at least dims this feeling of confidence.

The distance candidates have dwindled until on four men rest the hopes of Oregon points in the mile and two-mile conflicts. McColl and Tetz are still with the ship, is the way Bill puts it, while Stevenson and Keating were working hard, but both have been ill the last few days.

In the 880, Coach Hayward says he has several good men in the making; but Gerke and Manney, of last year's freshman team, might be considered the only veterans. McCune and Houston have both been trying out at this distance, and may find themselves in this race.

## Hunt Doing Better

In the hurdles, the only events for which there appeared no prospects last spring have now become one of the strongest point gainers of the races. Kelsey, last year's star freshman trackster, is showing his old form over the sticks; Hunt, who won his letter going over the high timbers last year, is improving materially, according to the coach. Caruthers is also showing well. Rosenberg, who was discovered during the rein of the rubber-topped hurdle tryouts last winter, is still working with this team and is bidding fair to make a name for himself as a hurdler.

There is potential strength in Oregon's 440 crew, according to the coach; and he may attempt to make distance men out of some of the aspirants. Kinney, Ben Lucas, Rosebraugh, Ager and Risley is a crew of veterans that would look good on any man's team. Risley is a two-year letterman, while Ben Lucas and Art Rosebraugh have both won their monogram as 440 men.

## Dash Chances Poor

Conditions are almost as desperate among the sprinting crews as among the distance men. Marvin Lucas and Snyder are both inexperienced men, though as such are doing remarkably well. The loss of Art Tuck to this crew is indeed felt; for Tuck was one of the fastest men out, before injuring his knee. Bill, at present is working Ralph Spearow in the sprints—"And Spearow has possibilities as a sprinter," he claims.

"Saturday will be the big training day for all track men this season," is the way Bill puts it. He has listed competition for all candidates working out in the 440, 880, shot-put, hurdles and sprints. This includes both freshmen and varsity candidates; and Coach Hayward asks that all those unable to turn out then will tell him so beforehand.

## FORMER STUDENTS TELL OF ENGAGEMENT

The engagement of Edna Bushman, ex-'24, and Graham Smith, '19, was announced at the home of Gladys Anderson, 1442 Pearl street, Tuesday evening. Cards bearing the news were hidden in miniature nests of Easter eggs.

Miss Bushman attended the University two years ago, but was not enrolled this year. She is a member of Alpha Phi. Mr. Smith is at present engaged in the architecture business. He is a member of Sigma Chi. The wedding will take place in August.

## GIRLS' HOCKEY PRACTICE HELD THREE DAYS A WEEK

Women's hockey classes are held three times a week at 4 o'clock and so far the girls have shown up well. The practices are for class hockey, and anyone who wishes to join the group can do so now.
