

## VARSITY MEETS JAPANESE TODAY

Fast Meiji Nine, on Coast Tour, to Play Oregon's Team on Local Diamond

### HARD FIGHT EXPECTED

Reinhart's Men Feeling Fit; Oriental Champs Have Shown Fielding Ability

Baseball will assume an international aspect today when the varsity tangles with the fast Meiji nine, last year's collegiate champions of Japan. The game is scheduled for 2:30 or soon afterward.

Fresh from a successful two-game series with Whitman, Reinhart's tossers are in fine fettle for this contest, but from advanced notices the touring Orientals will make them hump to win. The Meiji nine will be particularly anxious to cop today's game as their tour of the Pacific Coast thus far has not been very successful. In their contests to date, they have come out victors in only one. They defeated a Tacoma semi-pro nine in their third game. Their first two contests with the Washington Huskies resulted in defeats by close margins, 2-1 and 5-1. The Nippon Athletic Club of Seattle nosed them out in a hard fought game, 4-3. Gonzaga university also handed them a defeat, 9-8. Longview Athletic Club and the Portland Knights of Columbus are other aggregations which won over the invaders.

**Strong Team Promised**  
Despite these losses the Japs gave a good account of themselves in all their contests. Press notices of the games give them credit for being particularly clever fielders and strong at the bat though not heavy hitters. Their pitchers are all curve ball artists and will give the varsity sluggers something to puzzle over.

The varsity contingent, on the other hand, will be greatly strengthened by the experience gained in the two clashes with the Missionaries. The Whitman games showed the fans that Bill Reinhart has a fast ball club in the making this year. The infield quartet of Latham, Ross, Bittner, and Hobson should prove on a par with any in the conference after it has gained a bit more experience, while the outfield led by Sorsby in center is a formidable trio of fly chasers. Sausser, Pil and Brooks performed well in the box. One of the most pleasing features of the Whitman games was the batting of the varsity. Oregon's batters made exactly 29 safe hits during the 21 innings they participated in. If the sluggers continue to keep their batting eyes, the chances for a victory over the Orientals seem good.

**Ringle to Pitch**  
Coach Reinhart has not decided on his entry in the box today but it is likely that Pil will draw the assignment. Pil may also be given a chance against the invaders, but it is probable that he and Sausser will be held over for the clashes with Washington Monday and Tuesday. The rest of the lineup will be the same as in the Whitman games. Latham, Ross, Bittner, and Hobson will function in the infield, while Terrill, Sorsby, and Wright or Peterson will cover the grounds. Sam Cook will be behind the bat.

## SIDELIGHTS GATHERED FROM UNION CAMPAIGN

Raymond Porter, senior in geology, was approached by a solicitor. "I do not believe in the Student Union," said Porter, "but I will subscribe \$260 to the library fund, the same as alumni are being asked to pledge." Porter was signed by the solicitor for \$260.

A man from Vanderbilt university is one of the most tireless workers on the campus. "He has been signing up students day and night," said Doug Farrell.

He is a modest chap and doesn't want his name published, but he has the "real Oregon spirit." This is his first year on the campus and

## Special Pledges Obtained from Honorary Groups

Special pledges which were given to the Student Union yesterday came from Mr. and Mrs. Campbell Church, and from Phi Theta Kappa, women's honorary commerce fraternity, and Mortar Board, women's national honorary fraternity. Miriam Swartz, soliciting, obtained the pledges from the fraternities. Mr. Church wrote a check for \$200. And Mrs. Church wrote one for \$100. The honorary groups each pledged \$150.

The campaign took a sudden flux yesterday afternoon, according to Haddon Rockey. Contributions fairly poured into the campaign headquarters. And Rockey urges all solicitors to do their level best today and above all things to keep at all times in touch with the headquarters.

## PRESIDENT AND WIFE PLEDGE \$500 TO FUND

Executive Is Pleased With Progress of Drive

Announcement was made at the campaign workers' luncheon yesterday that President and Mrs. Campbell had pledged \$500 to the Student Union fund. The following letter from the president was read to the assemblage:

"The news of the progress of the Student Union Campaign on the campus is most encouraging. Its effect on the interest of the alumni and that of the people of Eugene and the state at large is already visible, and will be far-reaching. Every dollar pledged by students will be multiplied many times by its effect on later stages of the campaign. Oregon students are again demonstrating in a larger and finer way than ever before the public spirit, vision and altruism characteristic of this campus, and especially the utter devotion to Alma Mater which is Oregon Spirit. The student campaign is going 'over the top' and will thereby insure the success of each successive stage of the whole great movement. We are all proud of the response, and when those who are students now return to the campus 'in the years to be,' I am sure that they also will feel a thrill of pride at the recollection that they were so important a part of the events which helped to make the great University."

P. L. CAMPBELL.

## CARLSON'S PICTURES ARE BEING STUDIED

The methods by which an artist arrives at the successful completion of a painting are being studied by several of the students and faculty of the school of architecture and allied arts by copying some of the paintings in the John F. Carlson exhibition. Carlson's works will remain on the campus until Sunday, and the last chance to see the canvasses will be from 2 to 5 o'clock that afternoon, Dean Ellis F. Lawrence, head of the school, states.

That Carlson has combined some of the fine points of technique of five famous artists, and yet achieved one of his own, is the opinion of Dean Lawrence. These artists whom he believes to have had some part in the development of Carlson are Garber, Twatchman, Charles Davis, Wendt, and Dodge McKnight.

## TRACK MEET TO START AT 1:30

Varsity - Freshman - Relay Chances Hinge on Result of Inter-class Conflict

### JUDGES ARE CHOSEN

Bill Says Co-eds' Presence Inspires Athletes; Men Keyed for Hard Fight

The inter-class track and field meet on Hayward field, today at 1:30, will not only decide which class has the best athletes, but will show whether or not Oregon has men of sufficient caliber to warrant the sending of a squad to the Washington relays at Seattle next week. Coach Hayward also intends to pick his freshmen runners for the Frosh-Rook carnival at Corvallis next week from the showing made by the green cappers today.

**Square Mix Promised**  
This meet means more to the freshmen than any other class, for it is their one opportunity to indulge in a square mix against the whole school. Last term in the inter-class relays, they lost to the sophomore team by a narrow margin for second place, while the combined junior and senior crews walked off with first place. With each class battling for itself, the first year men have a good opportunity to show up their more experienced rivals.

Coach Hayward used due care in picking his officials for this event, and with such a corps of experienced men, the meet will be run through in a speedy manner. The officials are asked to report on the field by 1:15 so that they might be assigned to their various duties. These men are: Referee, Virgil Earl; timer, Harry Scott; starter, Ole Larson; clerk of the course, Monte Byers; judges of the finish, E. C. Simmons, Professors Gilbert, Smith, Hodge and Colonel Sinclair; Don Zimmerman and Earl Shafer will also assist.

**Frosh to Report**  
The field judges are: Blake, Bailey and Wells; inspectors, Sam Bass Warner, Spike Leslie and Dean Bovard. The announcers: H. Rockey and Hal Chapman, and the scorer, Ed Fraser. In connection with these officials, Coach Hayward asks that those freshmen listed elsewhere for work on the track report by 9 o'clock sharp this morning so that the work might be finished efficiently.

It is also announced that the finishes of all sprint and hurdle races will be in front of the grandstand, and the distance runs finish in front of the bleachers across the field. The coach also asks that the spectators do not cross the field during the meet, and that lots of the girls turn out for the event, since the men always perform better under their inspiration.

**List of Events**  
The order of running events: 1, 120 high hurdle trials; 2, 100 yard dash trials; 3, 1 mile run; 4, 440 run; 5, 100 yard finals; 6, high hurdle final; 7, 220 yard trials; 8, 220 low hurdle final; 9, half mile run; 10, 220 yard finals; 11, 2 mile run; 12, 220 low hurdle final; 13, 1 mile relay. Field events: 1, pole vault; 2, 16 pound shot put; 3, high jump; 4, discus throw; 5, running broad jump; and 6, javelin throw.

## COSMOPOLITAN CLUB TO HONOR MEIJI TEAM

The Cosmopolitan club will give a banquet in honor of the visiting Meiji university baseball team tonight at 6:30 at the Campa Shoppe. Lester Turnbaugh will be toastmaster of the affair and there will be speeches by a number of other people.

The manager of the Japanese team, George Otsuki, is a graduate of the University of Washington and a member of the Cosmopolitan club. The program will consist of the introduction of the individual members of the team and there will be speeches by the manager of the team and by the officers of the Cosmopolitan club.

**ELECTION ANNOUNCEMENT**  
Beta Alpha Psi announces the election of H. C. Thomas.

# THIRD DAY BRINGS TOTAL TO \$130,000

## Rallies Listed for Big Drive in Student Drive

Moving Pictures to Be taken at 1 o'clock

Two rallies! Both of them today! The first will be this afternoon, immediately after lunch, in front of the Student Union headquarters. The second will be tonight at the Armory. The band is coming out at 1 o'clock in uniform with trumpets, horns, and cymbals. The drum major will be there in all his glory.

There is to be live-wire entertainment in front of the campaign headquarters today. The senior cops will wield their sticks and brandish their stars before the howling mob. And the party will continue just the same.

This afternoon rally before the baseball game is to be more or less of an impromptu affair. Plenty of noise and turmoil is promised. All students need to do is to come. One of the main features of the gathering is to be the taking of motion pictures for the Student Union drive, which will be advertised throughout the state. Be there!

And oh, yes! We nearly forgot. Don't forget the rally and tremendous parade tonight. Bedlam will fling forth over the city, and the going-over-the-top of the Student Union will be proclaimed from the mountain tops, and even the telephone wires will sing the song of Student Union.

The parade will form at the east end of the Woman's building at 8 o'clock tonight. Led by the senior cops, it will parade down Thirteenth to Alder, north on Alder, and west again on Eleventh to the center of town. It will storm the theaters, fraternity houses, and stores, and will wind up at the armory about 9 p. m., where will be staged a big jollification time.

Two stunts—fellers, take note. One of them is "The Cheese Dream," a la Kappa Alpha Theta. Here is your chance to taste a bit of April Frolic rare-bits. And another stunt is to be put on by a trio comprised of Paul Matthews, Glenwood Archer, and Lincoln Erwin.

This dance is to be one of those Velvet Joe comfort affairs. Come in old clothes, not too dressy, yet not too tramping. Just come comfortable, and have a good time. There will be music by an eight-piece orchestra, and a general relaxation for all.

No pledges will be made for Student Union at the rally. There will be the conclusion of all drives, as far as the campus is concerned.

## NEW BALL FIELD UNLIKELY TO BE FINISHED THIS YEAR

Although the University workmen are still working on the new baseball diamond, there are no hopes of having it ready for use very soon, according to H. M. Fisher, superintendent of the campus buildings and grounds. The earth of the diamond is too soft and sandy, Mr. Fisher said, and the field may not be finished satisfactorily in time to use this year.

## GREETINGS EXTENDED BY CLUB TO MEIJI BALL TEAM

To Meiji Baseball Team:  
Greetings! We, the students of foreign birth, in the name of the University of Oregon Cosmopolitan club, welcome you in our midst. We are glad to see you on our campus. May the friendly contest at baseball this afternoon be a pleasant experience, and may it serve to bring about closer relationships between the two Universities. We wish you all good luck, and may your journey in this country attend with success.  
Members of Cosmopolitan Club.

## DRIVE TO COME TO END TONIGHT

Hope Is to Go Over Top at Banquet Concluding Four Days of Pledging

### CHEER TO REIGN AT MEAL

Saturday—and all's not so well as it might be. The Student Union drive lacks the necessary three-fourths of its quota in three out of four days of soliciting. And this is the final day, the day of reckoning. Today, Saturday, there must be pledged to Student Union something like \$70,000. It is a noble figure. It stands out like an insurmountable obstacle. But the Student Union will not be downed.

Tonight is THE NIGHT. Tomorrow, Oregon's history will have written into the annals the record of the greatest rally that was ever held. The drive goes over the top today. And the students take the town by storm tonight.

### Final Banquet Today

The drive organization will meet for the last time at 6 o'clock sharp for the last banquet at the Woman's building. When the totals are announced, and the feast is eaten, then the throng will form a procession and, rounding up the campus, gather it together in the downtown armory, after a mighty demonstration through the streets of Eugene.

There will be music by an eight-piece band, a free dance, no dates, stunts, excitement, celebration, and rejoicing at this rally. There will be men and women, boys and girls, happy and happier, laughing and dancing, pacing and prancing, loving, romancing, crazy and half crazed, all together announcing to the world what the students have done.

### Rally at one

And what is more, there will be a preliminary rally of the student body before the final one. Today there will be moving pictures taken of Student Union. There will be a gathering of the soliciting forces today in front of the Student Union headquarters at 1 o'clock sharp. The cameraman will be there to shoot as soon as everyone is assembled. Here is the chance for future Gloria Swansons and Ramon Navarros to scintillate.

## SIX ATTEND PORTLAND MEETING OF SIGMA XI

Six members of Sigma Xi, honorary science fraternity, drove to Portland yesterday afternoon by automobile to attend the April meeting of the organization, which was held there this weekend. The meeting was postponed from last weekend on account of Easter holidays.

Prof. Harry B. Yocom, secretary of the organization, said that it is expected the members will be elected at this meeting. However, he gave no assurance on this point because of the fewness of the number that made the trip. All probabilities are that the entire membership from the Medical school will be on hand, said Yocom. "The Effect of Thyroid Feeding on the Structure and Color of the Feathers of the Domestic Fowl," was the title of a lecture given to the organization last night, following the banquet at the Portland University club. It was given by Ben Horning of the zoology department.

## DR. CHARLES A. KOFOLD TO ADDRESS JOINT MEET

Dr. Charles A. Kofold, professor of zoology at the University of California, will address the joint meeting of Sigma Xi and Phi Beta Kappa some time during the first week of June. His subject will be on the amoebic infection. It is under Dr. Kofold that Dean Collin V. Dymont is being treated for amoebic infection.

# Rally at Noon Revives Spirit of Canvassers

Junior Class Retains Fair Lead in Competition With 75 Per Cent of Subscriptions Signed; Last Quarter of Quota Is to be Secured Today

The quota thermometer continues to climb. Yet the little red marker has even greater altitudes to explore before the top is reached. At noon yesterday the pledges to Student Union amounted to \$130,140. This is slightly more than 65 per cent of the \$200,000 goal. The executive committee is hopeful that the remaining 35 per cent of pledges will be obtained by tonight before the rally.

Yesterday at the third banquet of the drive the lagging spirits of the workers were revived. They were inoculated with the vigor of which the leaders had not rid themselves. When it was announced that Mr. and Mrs. F. L. Campbell had subscribed to the Union fund to the amount of \$500 to be paid in ten years, applause was heard and smiles wreathed the faces of all present. The picture was not one of gloom, but one of faith and hope. John MacGregor, former president of the student body, drove home the importance of the success of this drive to the success of those which follow.

## Outline of Plans for Today Given

1. Senior Cops. Be at Student Union headquarters with sticks and stars for moving picture at 1 o'clock this afternoon.
2. Afternoon rally starts at 1 o'clock for everyone.
3. Band. Be in uniforms with instruments at Student Union headquarters at 1 o'clock.
4. Rally tonight at 8 o'clock. Parade forms at east end of Woman's building at 8, sharp.
5. Senior cops meet at senior bench at 7:45 to lead parade over campus, through organizations, and down town. Have stars and canes.
6. Band. Be at Woman's building tonight at 6 o'clock in uniform, with instruments. Big banquet to which you are invited.
7. Wear old clothes to rally and dance.
8. Big dance at armory at 9 o'clock is no-date affair.
9. Solicitors. Bring reports of progress today to headquarters, so that scores may be recorded hourly.
10. No team reports will be made at banquet tonight.
11. All class chairmen and team captains must be present at a meeting in Dean Straub's office this morning at 9:30 o'clock.

## DEAN AND MRS. DYMENT IN BERKELEY HOSPITAL

Word has reached the campus that Dean and Mrs. Collin V. Dymont have entered a private hospital in Berkeley and that they are at present taking the first part of the severe treatment for the amoebic infection for which they are suffering as a result of their service abroad during the war.

Dean Dymont will not be able to communicate with anyone during the first few weeks of the treatment, as its restrictions are so severe as to prevent him from carrying on any correspondence.

Persons wishing to communicate with him should go to Mrs. Clara Fitch in Johnson hall.

## MISS TALBOT ENTERTAINS THREE CAMPUS VISITORS

Miss Fanny McComant of Philadelphia, Pennsylvania; Miss Mabel Withycombe of Portland, Oregon; and Mrs. Charles F. Swiger, also of Portland, were guests of Miss Gertrude Talbot of Hendricks hall yesterday afternoon and evening. They had driven down from Portland, and left for the south this morning. Miss Withycombe was at one time head resident of Susan Campbell hall.

## Rosebraugh Gives Talk

A plea was made by Arthur Rosebraugh in behalf of the school of law. Rosebraugh told the solicitors they had a mistaken notion of the attitude of the school of law toward the Student Union Drive.

"We are not a bunch of bolsheviks," Rosebraugh contended. "There are some persons in the school of law who perhaps have conscientiously objected to the campaign. A few solicitors who visited members of the school were confronted with sincere arguments by their prospects, and they turned tail and fled. Then they brought back the report that we were yucking the drive."

"I dare say that in proportion to its size the school of law has pledged more to the Union than any other school. Because a few law students perhaps like to argue in spirit. We are behind the Student Union drive. Come down and get our pledges."

Mary Skinner told of the work which is expected of the flying squadron before the clock strikes twelve tonight. The members of this emergency group have the task of winning over those who are hanging in the balance. There are able workers comprising the squadron who hope to keep the gauge moving upward all day.

**Farrell Arouses Students**  
Douglas Farrell fairly wept before the crowd, exhorting them to their best efforts in the time remaining. He was afraid the drive was not going over unless some startling results were obtained in brief time.

The dinner over, the workers all formed in parade at the east end of the Woman's building and marched to the campaign headquarters where, amidst shouts and the playing of the band, the day's scores were posted.

The junior class was still leading, having subscribed 75 per cent of its quota. The seniors and sophomores are nose and nose, both struggling around the 68 per cent mark. The freshmen are lagging in the rear, slightly over the 60 per cent figure.

Yesterday the seniors brought in \$7,175, the juniors \$9,705, the sophomores \$10,580, and the freshmen \$13,950.

## OGDEN MILLS UNDERGOES APPENDICITIS OPERATION

Ogden R. "Ike" Mills was operated upon for appendicitis at the Eugene hospital, yesterday morning. At the last report he was doing well. Mills is a prominent football man and a member of Phi Delta Theta.
