

OREGON TENNIS CHANCES GOOD

Return Match With O. A. C. to be Wednesday

FROSH WIN FROM ROOKS

Both Squads Are Strong; Courts Reserved

Tomorrow afternoon at 2:30, the varsity tennis team will meet the Aggie net men in a return match. The O. A. C. squad will be made up of five varsity and four first year men, with the frosh also holding a return tourney.

Oregon Team Dangerous
Although the Oregon court squad lost to the Aggies by a narrow margin, neither team will emerge victors without a real battle. In the tournament held at Corvallis last Saturday between Oregon and O. A. C., the question of the victorious team was not settled until the last, hard-fought game had been won by the Aggies, which gave them the match.

The frosh racquet wielders will have a considerably easier time than the varsity when they meet the rooks. The freshman tennis team swamped the rooks at Corvallis, taking four out of the five matches.

According to Coach Fah, the Oregon team has had a poor start, but these matches have really gone to strengthen the varsity until the net squad has developed into rather a dangerous quintet.

Fast Matches Expected
Some exceptionally fast and clever team work, together with some stellar work on the part of the singles artists, will no doubt feature this tourney on Wednesday. Five courts have been reserved in advance to accommodate the players.

The varsity squad will be made up of: Meyer, Rice, McBride, Slattery, and Crary, with Meyer and Rice, Slattery and Crary playing on the doubles team.

The frosh team will be composed of: Adams, Westergren, McIntosh and Meade.

EDITH SLIFFE TO GIVE GRADUATION RECITAL

Edith Sliffe, a senior in the school of music, will give her graduation piano recital, May 27, in Alumni hall, assisted by Gwladys Keeney, a student of John B. Siefert, instructor of voice. The program will consist of a Beethoven sonata, a Bach fugue, a group of Chopin, and some more modern compositions, by MacDowell, Rachmaninoff and Edward Schuett.

Last year Miss Sliffe attended the University of Washington, continuing her music there. This year and year before last, she has been a pupil of Mrs. Jane Thacher. She is well known on the campus, having appeared in a number of student recitals. The public is cordially invited to attend the recital.

Y. W. C. A. OFFICERS HOLD HOUSE-PARTY

Hiking, Fishing, Swimming, Discussions Crammed into Weekend Affair

Hiking, fishing, swimming, "the est eats," and camp-fire discussions, were only a few of the events which eleven University women managed to ram into a trip this past week at Triangle lake.

The women were the officers and council members of the campus Y. W. C. A. They went on their annual weekend house party.

The "big" excitement of the trip was brought by a boat ride on the lake Friday evening. Five were in one boat, six in another. All were enjoying a jaunt across the lake when the shrieks, "We are drowning," sounded across the waters.

The boat with the six women in it had sprung a leak and was gradually but surely filling with water. The occupants of the other boat came to the assistance.

But it was a candle which saved

the day. When all the women were wondering what could stop the inflow of the water, one happened to reach into her coat pocket and found a candle which had been handed to her at the last minute by one who is ever ready to see that campers have all the proper and emergency equipment. The candle was just the size to fit in the leak and stop the water. A small bucket was used in bailing out the water. After all the excitement had died down, some one remembered to measure the depth of the water, near where the boat first began to fill with water. It was perhaps three feet deep!

Aside from all the pleasures of the trip there was time to study and talk over the issues which will come in the examinations of the cabinet this week. The party arrived in Eugene about 6 o'clock Saturday evening.

OREGON MAN WRITES ABOUT OLD STUDENTS

Dierdorff to Visit Campus During Vacation

John Dierdorff, Oregon, 1922, now with Tambllyn & Brown, doing institutional publicity work, expects to leave the Atlantic coast July 1 for his vacation, he announces in a letter just received at the school of journalism. He expects to be on the Oregon campus during a part of the summer session.

John is now organizing a gift campaign for the Suffield school in Connecticut, under the direction of Tambllyn & Brown.

Friday, May 9, he attended the Oregon dinner in Boston. "For about the first time in months," he writes, "I saw some familiar faces." He had been down in Georgia since early spring. "There were 20 there," he continues, "and of them I knew 17. I was in Boston over the weekend, and Yay Allen and I had quite a visit. He is doing very well at Harvard.

Among others I saw were Eddie Durno, Louise Davis, Emily Perry, Ralph Hoerber, Marian Linn, Gertrude Livermore, Anthony Jaureguy, George Houck, Dick Dixon, Morton Winnard, Mildred Bettinger, Esther Wilson, Ronald McIntosh, and Norman Byrne."

WOMEN'S SPORTS ARE ON INCREASE AT CALIFORNIA

Washington State College—Women's sports are to take a wider aspect at the University of California next semester, and the W. A. A. has formulated plans whereby there will be a broader participation in all athletics. Canoeing and hockey have been added to the list of women's competition and the Rifle club, Crop and Saddle, and Swimming club are all increasing their activities.

TRI-STATE ORATORICAL MEET TO BE THURSDAY

Contest Last of Its Kind Scheduled for Year

The Tri-state oratorical contest, in which the participants represent the Universities of Washington, Idaho and Oregon, and the last meet of its kind this season, will be held Thursday night at 8 o'clock in Villard hall.

This contest, often called the Northwest oratorical contest, is an annual affair, with the meeting place rotating among the three universities. Last year Paul Patterson took first place in this contest, which was held at Moscow, Idaho. His oration was called "The Statue of Liberty, Her Back to the World." A prize of \$100 is offered by the bar association of Seattle for the best oration.

"This makes one of the most attractive contests we have because the length of the contest is not excessive, the orations being limited to two thousand words," said Hugh E. Rosson, forensic coach, in commenting on the coming contest. The meet should not last more than an hour and a half, he said. The subject of the orations is not limited to any particular field.

Contestants, their orations, and the judges chosen for the contest will probably be announced tomorrow.

LIFE SAVING TESTS TO BE THIS WEEKEND

The American Red Cross life saving tests for men will be given Friday and Saturday in the tank in the men's gymnasium by Rudolph Fah, local Red Cross examiner. So far 14 men have signed up to take the tests. A grade of 80 must be made to pass the

test and if a grade of 95 is made the person is made an examiner.

Those who have signed up to take the tests are R. Bartlett, C. Kenyon, A. Sinclair, C. Jost, B. Alderman, J. Gastrock, L. Palmer, C. Kilgore, R. Gilbert, L. Stone, E. Calef, L. Maulding, H. Samuels and R. Jagger.

Those who desire instruction in the examination may get it from the instructor in the tank.

SUMMER DINING ROOM WORK OPEN TO GIRLS

Dean Esterly to See Those Who Wish to Apply

University girls interested in obtaining dining room work for the summer will be given an opportunity of getting such positions at either the Columbia Gorge hotel on the highway, or the hotel at Crater Lake National Park, declared Dean Virginia Esterly, yesterday.

Experienced waitresses who are talented musically, and especially girls who can sing, are the specifications for the Crater Lake position. No definite requirements are given for the work at the highway hotel.

Dean Esterly will meet the University women who desire to apply for these positions of which there are a number available, at any time after Thursday. She will be out of the city for several days, but will return by Friday.

SENIOR RECOMMENDED FOR COLUMBIA PLACE

Frances Haworth May Get Physics Scholarship

Francis Haworth, a graduating senior in physics in the June, 1924, class of the University, has been recommended by the physics department and President P. L. Campbell to a scholarship for three years in the school of mines, engineering and chemistry at Columbia university, New York. Dr. A. E. Caswell, professor of physics and head of the University school of pre-engineering, explained that this recommendation is practically an appointment because Columbia offered the University the scholarship if they could recommend any one, and secondly, Haworth has consented to accept it.

Haworth was a laboratory assistant in the physics department during his junior and senior years on the campus. He completed his work for his bachelor's degree with the close of the winter term. Dr. Caswell said that he is now employed at Portland. He is a member of Phi Beta Kappa, having been elected recently, and was a resident at Friendly hall while on the campus.

"The three years' work at Columbia will bring him a straight engineer's degree," said Dr. Caswell. "He will be permitted to major in any field of engineering that he wishes. However, the degree will bear no

strings to it." The scholarship will bring \$350 per year.

OHIO NORTHERN ADOPTS NEW RULE OF STUDENT CARS
Penn State College—In regard to students owning cars, Ohio

Northern has adopted a rather novel policy. No objection is made to such practice, but if their grades fall below, the students are required to entrust the keys to their cars with the dean until the grades are raised to standard.

The University of Chicago
95 ELLIS HALL CHICAGO, ILLINOIS

YES---

that is my conclusion after careful investigation of the merits of various lines and I can unhesitatingly recommend Gordon's as the best values obtainable in silk hosiery.

"I Am Delighted with Mine"

I know that Mr. Graham stated the facts in the case in the statement that he pays more for Gordon's than the average makes retailing at the same price. He prefers to do that as a means of giving his patrons the best hosiery value within his power to offer.

Gordon HOSIERY

The Following Numbers Are Exclusive Values

GORDON 290—Medium weight, thread silk, with lisle top—reinforced toe, heel and sole—(full fashioned hose)—in Airedale, Beige, Champagne, Mandalay, Beige, Sand, Silver, Racquet and Black at \$2.00.
