

OFFICIAL JUNIOR CLASS LIST OUT

Only 52 Men and 60 Women Qualified to Receive Certificate of Standing

MORE AWARDS LATER

Third Year Students Asked To Call at Registrar's Office to Obtain Status

A list of men and women in the junior class who have official standing as juniors has been issued by Carlton E. Spencer, registrar.

While 252 men and 222 women are registered as juniors, only 52 men and 60 women are entitled to junior certificates and appear as members of this class on University records. Out of a total of 474 men and women, 112 have cleared their underclass group requirements, and received the necessary hours in physical education, military and English A. This means that 23.6 per cent of the members of the class are clear. The women members are 27 per cent clear while only 20 per cent of the men have no unfulfilled requirements.

Certificates Issued Later
Mr. Spencer says that the requirements may be cleared up any time during the year, and at such times the certificates will be issued.

It is only by calling for his certificate that each student will be able to find out just what his status is, so all juniors are urged to get this matter settled at once.

Names are Listed
Following is a list of the students who are clear of all requirements and are entitled to certificates: Paul W. Ager, Alfred W. Andrews, David C. Baird, Ronald H. Beattie, George N. Belknap, Herschel J. Brown, Steve Leonard Bugar, Glen F. Burch, Charles G. Burlingham, Eugene Callaghan, Blondel H. Carleton, Lester F. Chaffee, Charles A. Colistro, Gerald C. Cray, Everett E. Eggleston, Emil D. Furrer, Robert L. Gardner, Rupert T. Gilbert, Ralph E. Herron, Edwin D. Hicks, Charles R. Hoyt, George W. Joseph, Benjamin W. Jower, J. Rodney Keating, Bartlett C. Kendall, Edward P. Koen, Evan G. Lapham, Ta Lee, Ralph P. Liveness, Frank Loggan, Archie Ray Loomis, Frank A. Ludwig, Ralph L. Luper, Guy G. Mauney, William J. Mintline, Victor Neher, David Carl Nelson, Frank Smith Post, Haven F. Potter, Albert H. Powers, Orval Rasor, Leland A. Robe, Max Robinson, Albert H. Sinclair, Clifford W. Snider, Kenneth R. Stephenson, James D. Stewart, Charles M. Stockwell, Rufus J. Sumner, Theodore N. Van Guilder, Maurice T. Warnock, Myrl E. Allman, Winifred E. Andrews, Mildred E. Bateman, Madeline V. Bayley, Cecile S. Bennett, Eula Benson, Margaret Boyer, Helena

STUDENT UNION MONEY COMING VERY SLOWLY
Although the student union drive went over big last year and many pledges were made to pay ten dollars a year for the next ten years, the money is coming in very slowly, according to A. L. Ingalls, chief clerk at the business office, who has charge of the accounts of the gift campaign.

Only thirty-three and a third per cent of those payments are now in, he states, some of them being paid during registration time this year. The reports are rather discouraging, but those in charge of the accounts think that the students are probably working now and that by the end of the year the payments will be up to the 100 per cent mark.

BERT KERNS, VARSITY TACKLE, BULLDOGGED STEERS IN WYOMING

By W. A. J.
Bert Kerns, regular varsity tackle, got his tackling experience in bulldogging wild steers in Wyoming. Beside tackling a wild steer the tackling of a man ought to be pretty easy. The steer goes at the rate of about 30 miles an hour and is much heavier than a man, but the man has the advantage in being able to think more than the animal. Anyway Kerns used to be a cowboy and flop cattle around as if it were play.

Two good tackles are on the varsity team. The other side of the line is held down by Captain Dick Reed while Kerns holds up the work of the opponents on the right side of the line.

Kerns is getting into the top of his form now. He has an admirable high school record behind him. Having played tackle on the championship high school team of Wyoming and was chosen for the position of all-state tackle. That is no mean distinction. For two years

Signatures Added To Plaster Cast As Decorations

Something unique was introduced at the Friendly hall barn dance last Saturday night. It was an autographed plaster cast. One of the residents in the hall broke his leg while jumping a hurdle in the gym last week, and was compelled to sit through the barn dance with it in a plaster cast.

Someone conceived the idea of signing his name on its surface. The crowd quickly took up the idea, and now he possesses an artificial limb with the signatures of more than one hundred people.

Homecoming Lunch Will Be Kept Secret

'No Potato Salad and Ham' Reports Chairman

"The menu for the Homecoming lunch is to be an absolute secret," says Marguerite McCabe, chairman of the Homecoming luncheon committee, "but it's not going to be the usual potato salad and ham," which opens up an interesting subject for conjecture in regard to one of the highlights of Homecoming week-end.

However, the orders for the food are being placed and from the large amounts of them it is a pretty certain thing that everyone is going to have plenty to eat.

The luncheon will be held outside unless it is raining and then it will be in the men's gymnasium. A system has been worked out for the serving of food, and the maneuvering of lines so that the large crowd can be handled in a quick and efficient manner, without the usual congestion. The Oregon Knights are to be called into service for the transportation of food. The committee is planning to serve over four thousand people, as approximately 1000 Washington students are expected here besides our alums and former students.

MANAGER OF OREGONA APPOINTS ASSISTANTS

Appointments to the business staff of the 1925 Oregona were announced last night by Gibson Wright, manager of the year-book. The business organization for the coming year is: Kenneth Stephenson, circulation manager; George Ross, advertising manager; Jim Manning, office assistant. Kenneth Stephenson was last year's circulation manager of the Emerald, campus daily, and James Manning is assistant circulation manager of the Emerald this year. Both are members of Phi Kappa Psi fraternity. George Ross, a junior in business administration, is a member of Phi Sigma Pi fraternity.

MEAD AND HEBER TO PLAY TODAY

Final Contest Determines Winner of Fall Tennis Championship Contests

GAMES ARE THRILLING

Twenty Candidates Turn Out for Freshman Squad; Games Being Run Off

The two outstanding contestants in the tennis tournament, "Red" Heber and George Mead, will meet this afternoon at 3:30 on the University courts. These two men have battled their way through the 18 contests and have now won the right to "fight it out" for the championship of the University.

In the semi-finals Friday afternoon between George Mead and Okerberg, Mead won the two deciding sets, 6-4 and 14-12. The second set was a real thriller with the advantage in games going first to one and then to the other until with a sudden burst of renewed energy George Mead won by taking the last two games.

Competition is Keen
Competition has been keen all through the tournament with the close scores showing the abundance of good material for the varsity squad. Thursday afternoon Okerberg won from Hubbard only to meet defeat by Mead.

"Red" Heber, a new man on the Oregon campus, has been showing real ability as a tennis player. He plays the game in a cool way yet he is always fighting. He is sure to be one of the men to give the lettermen a battle for a place on the varsity squad.

George Mead, another newcomer (Continued on Page Four)

COUNCIL PLACES LIMIT ON CAMPUS CAMPAIGNS

At a meeting of the student council recently, a resolution was adopted proposing to appoint a committee empowered to place a limit on all money-making campaigns, drives or sales, conducted by campus organizations.

The committee of four, appointed last night by Randall Jones, student body president, to be in charge of these affairs is: Edward Kirtley, chairman; Marie Meyers, secretary; Mary Bartholomew and Basil Burke, committeemen. All clubs or bodies desiring to carry on such campaigns must petition to this committee for permission.

Formerly it has been the custom of the student body to finance special campaigns in cases when they were thought to be of special benefit to the students at large.

In the future the committee will consider carefully the merits of each proposed drive or sale and will act accordingly. In this manner it is thought that all needless campaigns will be eliminated and new ones discouraged to a great extent, unless there is sufficient reason to justify their instigation.

If the petition is not granted by the committee, the petitioning body may bring its case before the student council for final decision.

POPULAR JUNIOR COUPLE ANNOUNCE ENGAGEMENT

The engagement of Cecile Bennett and Blondel Carleton, both juniors in the University, was recently announced at Hendricks hall. Miss Bennett is a major in the English department and her home is at Lebanon. Carleton, who now resides in Eugene, formerly lived in Lebanon also. He is a major in pre-medicine.

EUROPE IN MESS SAYS DR. HOOVER

Problems for Scholars of Continent Not One of Technique, Students Told

TRADITIONS ARE STRONG

Intercollegiate Athletics and Fraternities Absent in French Higher Schools

"The problem ahead of the scholars in Europe is the betterment of the conditions under which they live," said Dr. Glenn Hoover, assistant professor of political science, in speaking on the life of European students at the regular assembly in the Woman's building, yesterday.

"Europe is in an awful mess," continued the speaker, "and the conditions cannot be cured by the spreading of technique by the students."

Dr. Hoover accounted for the German "youth movements" as a revolt of the young against old traditions. There has been a surprising loss of faith in old ideas, he pointed out, and the students, feeling that all old traditions have failed, are "searching in their own souls for a new outlook on life." The movements are not unified, however, the participants hold all varieties and shades of political beliefs.

State Controls Schools
Dr. Hoover touched upon various phases of student life in France, especially. He pointed out the effect of tradition on the French colleges of today, based upon the systems in vogue at the University of Paris several hundred years ago.

The higher institutions are controlled by the state, and are situated in districts, presided over by an official corresponding to a superintendent of public instruction.

There are no intercollegiate athletics in the French colleges, no college newspapers, no fraternities nor any of the features which are in this country regarded almost as a part of the college. The continental institutions are established with the idea of business foremost, and activities and social life have no place.

Lecture System Used
The lecture system is carried to an extreme in the French universities, according to Dr. Hoover. Even when there are small classes (Continued on Page Four)

NEW PARKING PLACE TO CLEAR CONGESTION

The work of grading the new parking space on Thirteenth avenue, behind the nicotine bush, was started by the University workmen yesterday. It has been proposed by several city officials that the gravel be furnished by the city, but as yet this has not been definitely decided.

This new place, with the other new parking space on the south side of the sociology building, is expected to clear Thirteenth avenue and University street of the many cars now parked there.

A platform, 16x30 feet, will be constructed by the University workmen on the old baseball diamond on Kincaid street, for use by speakers during the Homecoming rally. The bonfire, as in former years, will be built on the hockey grounds nearby.

DE. STUART TO DISTRIBUTE HYGIENE PAPERS TODAY

The personal hygiene syllabus papers will be distributed today at the physical education office on the second floor of the Woman's building, according to Dr. Bertha Stuart. No charge is made for these papers.

RECORD-SMASHING NOISE FEST IS PLAN

MIX TO FEATURE SPICY PROGRAM

Campus and Outside Talent To Entertain After Big Football Rally Tonight

REFRESHMENTS ON BILL

An exceedingly interesting program is being offered Oregon students at the Y. M. Y. W. mix tonight in the Armory immediately after the big football rally which will be held for the Oregon-Whitman game. A rapid-fire, snappy entertainment will be presented which will consist of the very best of both campus and outside talent which is guaranteed by the sponsors to provide material for favorable comment for some time to come.

Yellow Journal Published
In addition to the regular program, the Sigma Delta Chi, "Yellow Fang," a scandal sheet which has been expected and anxiously looked for by those who purchased a copy of last year's expose, will find its way to the public through the medium of "newsies."

Magical Mulkey, who has achieved state-wide fame for his mysterious stunts, will present one of the most interesting acts on the mix program. And the Campus Tramps, from the College Side Inn, will furnish new and original numbers in Jazz orchestration. Paul Krause will offer an act which will be remembered for its cleverness. (Continued on Page Four)

SCIENCE BUILDING HAS LABORATORY SPACE

The entire top floor of the new science building being constructed on the northwest corner of Kincaid field will be devoted to the psychology department of the University.

The blueprint of the plans shows a compact arrangement of centers and large corridors. The center rooms for laboratory work are built in the form of booths which are intended as temporary structures to be removed at some time when the building is expanded. The space they now occupy will be filled with tables and used as a gathering place for students from the laboratory rooms on either side.

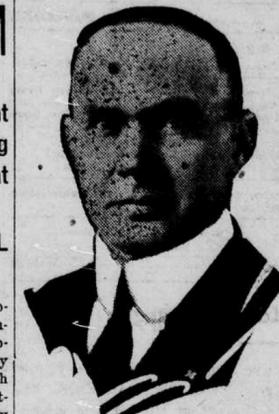

Two large lecture rooms provided for will hold about seventy-five and fifty students respectively. There will be a seminar room, six offices, fifteen small rooms for beginners' laboratory work and three rooms for advanced laboratory.

Four rooms are especially reserved for research work and two dark rooms are provided. Besides these there will be a store-room and shop.

The walls are to be padded, being constructed in the same manner as those in the music building, and the floors will be covered with heavy linoleum in order that a maximum of quiet be obtainable for carrying out psychological experiments. The doors to the laboratory rooms for the beginners are of the double-swing type to eliminate noise. The rest of the doors in this department will be set in the regulation way.

The whole floor will be elaborately wired so that each room is connected with every other. Gas and compressed air pipes will be installed in each laboratory room.

Oregon Coach Who Puts Fight in Team

Joe Maddock

STUDENTS WILL READ SCANDAL IN 'FANG'

Miniature Paper to Appear Tonight at 'Y' Mix

Hot from the press and jammed full of the very latest and most interesting scandal concerning campus personalities, both students and professors, the 1924 edition of the "Yellow Fang," flaming scurrilous sheet published annually by Sigma Delta Chi, national journalistic fraternity, will be sold to the public at the Y. M. Y. W. mix tonight.

Not alone will scandal be featured but dope concerning both the Whitman and Oregon teams which has never before been placed in print, and which constitutes the most recent developments in the realm of football, will be contained in the four gaudily printed pages. Profuse illustrations of the Whitman backfield and Coach Nig "Burlisque" together with likenesses of campus "greats" and "near greats."

One of the most gripping, fascinating and illuminating editorials, according to the writer, which is promised to revolutionize social life on the campus, has been written by a member of the fraternity, who is leaving town just before the paper goes on sale.

A large force of "newsies" from the Bowery of New York have been brought together especially to sell the edition. These "newsies," while they are rather poor at English can count change perfectly. However, in order to prevent a rush when the papers are first placed on sale, it is suggested that each prospective buyer have the correct change of 10 cents.

EIGHT STUDENTS TRY FOR AD CLUB AWARD

Eight men students in Professor W. F. G. Thacher's advertising class have signified their intention of entering the contest for the \$150 scholarship offered each year by the Advertising club of Portland.

This scholarship is awarded on the basis of general scholarship, present interest in advertising, and intentions of entering the field of advertising as a profession, and personality.

James Leake, present business manager of the Emerald, was awarded the scholarship last year.

NEW COOKING CLASSES MAKE RAPID PROGRESS

Several neat rows of canned cauliflower, quince jelly and grape conserve grace the shelves in the home economics building reserved for the beginning cooking classes. These classes meet four times a week and in the short time since the opening of school, have made much practical headway, according to the instructor, Miss Mary Davis.

RED HOT RALLY BLAZES TONIGHT

Freddie Martin Makes an Appeal for Students to Express Oregon Spirit

NOISE BEGINS AT 6:45

An appeal for a record-breaking expression of Oregon spirit at the football rally tonight is made by Freddie Martin, yell king Martin, in a peppy announcement of the rally, to start at Thirteenth and Alder at 6:45, says:

"The arrival of the Whitman Missionaries has aroused the fighting spirit in the Oregon camp. For the past six days Coach Joe Maddock has been drilling the moral victors over Stanford to draw the aspirants from Walla Walla. Oregon must win tomorrow's battle in order to stay in the race and the team certainly has a cannibal attitude toward the coming game with the missionaries.

Oregon Team Deserving
"After last week's showing against the most formidable contender of the coast conference, under a mid-winter sun that willed our men during the whole game, the Oregon team is deserving of the largest rally they have ever received.

"It's up to the student body of the University to see that the rally tonight is going to inspire the team, to show them that the student body is behind them to the last man, and to give Joe and the rest of the coaches, our most sincere and loyal backing.

Band Will Assemble
"Oregon Rooters! We are going to do our part. The band is going to assemble at the corner of Alder and Thirteenth streets at 6:45 and will move promptly to the Armory where the old Oskie's will shake the arsenal, and Oregon fight predominate.

"Fellows, don't forget the rooters' caps and girls, drop in line and march down with the rooters. "At 6:45 let the Oskie be on the tongue of every student, with the team and varsity yells ready to break at any time. The team plays to win, it is coached to win, and Oregon will win."

EUTAXIANS PLEDGE TEN IN MEETING LAST NIGHT

Officers for this year were installed at the meeting of the Eutaxian society which met at the Anchorage last night, and formal pledging took place. Mildred Crain was installed as president, Margaret Boyer vice-president, Eloise Buck secretary, and Cecile Bennett treasurer.

The new pledges are Delia Sherwood, Margaret Clark, Dorothy Dalzell, Martha Shull, Katherine Ulrich, Florence Jones, Virginia Keating, Mary Bartholomew, Merle Olijver, and Ethel Johnson.

A short business meeting was followed by a talk by Mrs. L. H. Johnson, one of the original members of the society, who told of the earlier days when the Eutaxians and the Lorian society, a men's group, were the only organizations on the campus. This was before the University had a library, and these two organizations maintained a library for the students.

DEAN ALLEN GIVES PAPER ON HOW TO REVIEW PAPERS

The bi-weekly meeting of the education seminar was held Thursday evening at 7:30 o'clock in the Education building. Eric W. Allen, dean of the school of journalism, gave a paper on "How to Review Papers." Each member of the education department then gave a short talk on "What I Want in a Book Review." This was followed by a general discussion of the relation of book reviewing to education.
