

LIBRARY PERIODICALS IN CONSTANT DEMAND

Magazines, 1253 in Number
Aid in Class Work

The University library subscribes for 1253 periodicals, so a student may find practically any subject in the various ones. Among the more popular are the Saturday Evening Post, Good Housekeeping and the American magazines. Those dealing with current events are used a great deal as are the ones relative to art and the theatre. A great amount of reference work is done through magazines and it is by means of Poole's Index and the Reader's Guide, as well as the dramatic engineering, agricultural, industrial arts and foreign indexes, that the student can find the proper magazine for the subject material.

Only the current numbers are available on the tables in the library, as the bound numbers are kept on the stacks and on the open shelves on the third floor.

Friday's Noise Parade To Start Homecoming Festivities With Boom

(Continued from page one)
ored canopy of fire, will be hundreds of Roman candles, firecrackers, sparklers and every sort of pyrotechnic display, dear to a oriental's heart.

The judges, Dean Walker, James H. Gilbert, and Ralph Casey, will take their fingers from their ears as each float meanders past, to determine which organization is to win the beautiful silver cup, given each year to the best noisemaker.

There will be a rest period midway down Willamette street to give the rollers a chance to take another breath, get their second wind and burst out in renewed vigor for the remainder of the distance to the bonfire, on Kincaid field.

The R. O. T. C. band will leave the barracks at 6:15, and every one

will be in line at exactly 7 o'clock. Plenty of means of transportation will be on hand at the start to carry all women, and even those tinny open-work Fords which, (to borrow a term from Ring Lardner) are sometimes laughingly termed "our cars," will be asked to report to the chairman of the noise parade committee, Cyllbert McClellan, and be assigned a place in line.

Football Situation in East and West Given By World of Sport

(Continued from page one)
California-Washington game at Seattle, November 8.

At this writing nine conference teams loom as the best in America, and four of them are on the coast. The nine are, Pennsylvania and Syracuse in the east; Drake, Illinois and Notre Dame in the middle west; and Washington, California, Stanford and Southern California on

the Pacific coast. All have clean slates. The list should diminish at least by one when California and Southern California play at Berkeley Saturday.—S. W.
