

# CHANGE GIVEN TO LIST GAMES

## Houses May Enter Teams In Doughnut League

## FIRST GAME THURSDAY

## Contest Schedule Posted In Men's Gymnasium

completed. All games will be played on the indoor gymnasium floor at these hours. Practice hours may be arranged at the office of the department.

All teams unable to play at the scheduled time are requested to report to the coach in charge and to make arrangements with him and a member of the opposing team for a more convenient time.

This schedule does not prohibit other teams from challenging any contender or any team already eliminated. These games will have to be scheduled through the physical education department but will not have bearing on the team standings.

**Standings to be Posted**  
The schedule is posted on the bulletin board in the basement of the men's gymnasium, and the standings of the various teams will be had at any time. The schedule is arranged by drawing the names out of a box and having the first two names drawn play each other, and so on through the list.

All games will be played under the rules and regulations of the Doughnut league, which were drawn up by the physical education department, and the attention of all entering organizations is called to this fact.

### SCHEDULE FOR DOUGHNUT BASKETBALL

7. Kappa Delta Phi vs. Oregon Club, Thursday, November 20, 4 p. m.
8. Bachelordon vs. Kappa Sigma, Thursday, November 20, 5 p. m.

Athletic competition for all men who desire it is the aim of the physical education department, says a statement issued today. Contests will be scheduled and played under the auspices of the Doughnut league. This league will give the organizations on the campus a chance to enter one or more teams in the several athletic events. The entering of teams will be left entirely to the organizations.

The real idea of the league this year is to get away from the championship incentive. The games will be played with the idea of teaching the men the rudiments of the several games and of instilling in them the spirit of fair play. The winners in the events will not be known as the "champions" of the University but will have the satisfaction of knowing that they have developed better team work and have strengthened their spirit of fairness.

### Schedule is Arranged

A basketball schedule has been arranged with the teams already signed, and active playing will start with the game next Thursday afternoon at 4 o'clock between Sigma Pi Tau and Friendly hall, followed by another at 5 o'clock.

Games will be played on each Tuesday, Wednesday and Thursday afternoons until the schedule is

# RULES FOR DOUGHNUT LEAGUE ARE ARRANGED

## No Awards are to be Given In Competition

The rules and regulations concerning the men's doughnut series for the year 1924-25, have been announced as follows:

1. There will be no awards of any kind for any event.
2. Each series will be conducted on straight elimination basis unless prearranged differently through agreement with coach in charge of sport and all entering teams.
3. Men having participated in a varsity or freshman contest for this or any other college in intercollegiate competition is not eligible for the Doughnut league in the events in which they have participated.
4. No additional entries will be recognized after drawings for tournaments have been made. Notice will be sent to all organizations three days before date of drawings. Challenge contests regardless of position of teams in the series are encouraged.
5. Postponement, cancellation or protest of scheduled contests are to be handled through an agreement between representatives of the involved organizations and the representative of the department of physical education for men.
6. Teams not entered in scheduled series, or teams defeated and thereby eliminated are welcome to challenge any other team in or out of the series. Such a game will be arranged by the representatives of the involved organizations and the representatives of the department of physical education for men.
7. Physical education credit: A man taking physical education for credit may substitute an organized practice or game for his regular attendance, provided he is eligible to play. In case of men in regular

classes the practice or game must come on the same day as the regular class meeting.

8. Each entering organization is asked to furnish the department of physical education for men with a list of the players on the respective teams together with two substitutes.

# SMALL GIRL IS STRUCK BY STUDENT'S MACHINE

Ruby Gard, 8 year old daughter of Mr. and Mrs. S. M. Gard of 852 West Fourth street, suffered a fracture of the skull Sunday afternoon when she was struck and run over by a Lincoln sedan driven by Belden Babb, a student.

The little girl had gone to the fountain in front of the library to get a drink, and after stopping for a street car to pass, she darted behind it, to cross to the other side. Babb did not see her, and she was struck before he could stop the car. He was driving very slowly, but the car was very heavy, and struck the child, the hind wheel hitting her head and fracturing her skull. She was rushed to the Pacific hospital where she has been in a semi-conscious state since Sunday, but there was some improvement in her case yesterday, it was stated.

Belden Babb feels deeply over the accident, but it was declared unavoidable as the street car hid the little girl until she darted into the path of the auto.

# For Young Men There is nothing like a STETSON

**M**OST young men today know the importance of looking fit. Good appearance counts much in the game of life. The young man who dresses with taste has a decided advantage.

But—it is surprising how little thought the average man gives to his hat. It is his crown, yet he seems to stop dressing at the neck.

Be careful in your selection of your headwear. When you buy a hat, select a Stetson. Its style is right, its quality means long wear.

## TICKETS FOR W. S. C. GAME TO BE ON SALE WEDNESDAY

## Investigate Our Claims. It Will Pay

We do not employ high salaried salesmen to solicit your business.

We do not pay high rent.

We are not forced by high overhead expenses to seek a large margin of profit.

What we save in overhead we pass on to you in better quality and better prices.

It is high overhead that increases prices—it is by reducing overhead that we reduce prices—to illustrate, our \$375.00 piano sells elsewhere for \$425.00 and is considered good value at the higher price.

HARRY L. MARSHALL.

P. S.—Nationally priced articles cannot be sold at reduced prices, but we aim to give you that kind of service that in the long run means a saving to you.
