

WESTERN Y.M. MEN TO CONVENT

Asilomar Host to Delegates During Holidays

UNIVERSITY TO SEND 15

Gale Seaman Gives Plans For California Meet

A convention of college men from nine Western states, British Columbia, Mexico and the Hawaiian islands, will be held at Asilomar, California, under the auspices of the student department of the Y. M. C. A., December 27 to January 3. Gale Seaman, "Y" secretary of the Pacific coast, was on the campus yesterday and presented the data on the meeting to the cabinet of the campus association and other men interested in religious work.

A quota has been worked out for each college and all have accepted their allotments, the "Y" organizations on each campus being assigned to see to it that their quotas of delegates are sent to the affair. Oregon was assigned 15 delegates and at least that many men will be sent to the convention.

Seaman has just finished a tour through the colleges of Washington and Oregon and all the schools he has visited are strongly interested in the meeting, he said. The schools are trying to arrange for their delegates to travel by automobile to the Southern city and it is thought Oregon's representatives will go the same way. In order to reach Asilomar, on Monterey Bay, in time for the opening exercises, December 27, it will be necessary for the delegates to leave on Christmas day or the day after.

According to a folder, advertising the convention, Asilomar is widely used as a meeting place in California. Many sports uncommon to Washington or Oregon in winter are promised the students who attend the gathering, such as swimming and surf bathing.

Vital subjects to students interested in religious work will be discussed during the week of the convention. Many good speakers have also been listed to speak on these subjects, according to the descriptive pamphlet. Some of the topics to be taken up are: "The West Coast Interracial Problem," "Christianity and Vital American Social Problems," "Present Needs for Men in Full Time Christian Service," "Education and Training for Christian Service," and "Campus Conditions Affecting Full Time Christian Service Conditions."

Such well known speakers as the following men have been secured: Francis J. McConnell, James A. Francis, Harrison S. Elliot, G. Sherwood Eddy, and Francis P. Miller.

This will be the first time that delegates from all of the Western states and British Columbia, Mexico and Hawaii have met together under the auspices of the Y. M. C. A. and the convention is arousing a lively interest in association circles.

A fee of six dollars will be charged all delegates but it is proposed by the California associations to entertain the Northern men without charge.

WRESTLING PROSPECTS THOUGHT FAVORABLE

From the present turnout for wrestling, indications point that places on the varsity will be closely contested. Coach Widmer has a large number of experienced men who are working out daily preparing for the hard season which will open after the Christmas holidays.

In the 125-pound division Ford, a letterman of last year is out and will try to hold down the job again this season but will find tough going in Whitcomb, also a letterman, who will attempt to drop from his regular 135-pound class to the lower division. In the 135-pound class Wingard of last year's frosh team is making a strong bid for the job. It is probable that Davis, who wrestled for the frosh several years ago, will be able to get down to 135 pounds. This will be a real battle to see who will hold down the berth.

In the 145-pound class Laurs and Christenson of last year's frosh team and Robertson, a letterman, will fight it out for the position. These men are all experienced and fast.

In the middle weight and light heavy classes, Coach Widmer has several men out. Wells, who made

his letter last year, is turning out and will offer any opponent real competition.

The prospects for a strong frosh wrestling team are very bright, declared the coach. Several men with high school experience are turning out regularly for the first year team. These men have been showing considerable class and a formidable team should be developed for the squad. Matches with various high schools and prep schools of the state will be arranged and it is probable that a match will be scheduled with the O. A. C. rooks.

PROBLEMS CONFRONT EDUCATIONAL LEADERS

"Education now is an economic problem, and educational leaders have to be students of economics and political science, as well as students of education," said Dr. Homer P. Rainey at the Phi Delta Kappa dinner Wednesday evening, at the College Side Inn.

"There are various problems confronting the educational leaders at the present. First, there is the question of getting enough money to finance the program to which we are committed," he continued. "Then comes the old problem of the tax system, which fails to provide enough funds."

The program for the year was outlined and an announcement was made to the effect that a banquet of all Phi Delta Kappa members in the state would be held in Portland during the Oregon State Teachers' association.

Charles E. Fransew, of the Oregon Normal school; H. H. Dirkson, of Monroe; and A. C. Springer, principal of the school at Marcola were the three out-of-town members who attended the dinner.

EIGHT WOMEN CHOSEN FOR VARSITY DEBATE

After three days of tryouts eight women were selected Wednesday night as a squad from which the final women's varsity debating team will be picked. Those chosen were: Flora Campbell, Mildred Bateman, Margaret Woodson, Loretta Mason, Dorothy Newman, Helen Crosby, Marguerite Clark, and Cecil May McKecher.

The women will work on the question in a group as the men have been doing and the final team will be chosen as the work progresses. The first debate is to be held with O. A. C. and Willamette university and will be on the question: Resolved that the immigration act of 1924 be so amended as to admit Japanese immigrants to the United States on the same basis as that of European immigrants.

The second debate will be with the University of Washington and possibly will be made triangular with the University of California entering. The dates have not been set for either of these debates.

APPLICATIONS DESIRED FOR TEACHING PLACES

A request for three or more applications for positions as teachers was received by the appointment bureau of the school of education from Carl W. Berryman, superintendent of the schools in Mount Vernon, Oregon.

The application may have the choice of any three of the following subjects: algebra, English, higher mathematics, geometry, ancient history, civics, bookkeeping, or general science. This choice, however, must include English.

"Although this position is not open now, it may be at any time," Mr. Berryman wrote. Applications may be made at the appointment bureau in the education building.

CAMPUS HIGH SENIOR WRITES ONE-ACT PLAY

"Two Plus Two Equals Four," a one-act comedy written by Kathryn Fry, a senior in the University high school, will be presented at the campus high within a short time.

Virginia Fuller will play the role of Rosalee Kaine, the heroine, and Gordon Stearns will take the other leading part. The rest of the cast has not yet been selected.

This play, along with others that will be given later, was written in the senior English class, which is at present specializing on play writing. Mrs. F. O. Wakefield Scott is the instructor of the class.

MC CABE MADE HEAD OF VARSITY SWIMMERS

Robert Gardner Receives Position as Manager

Robert McCabe, diver and 50-yard dash man, was unanimously elected captain, and Robert Gardner, diver, was appointed as manager for the Varsity swimming team this year at a meeting of the lettermen in the men's gymnasium yesterday afternoon. Both men have had two years of active competition on the Varsity and are expected to add many points in the meets this year.

All men wishing to try out for the squad should report to Rudolph Fahl, swimming coach, at five o'clock next Monday night. At this time regular practices will be scheduled in both swimming and diving. Light practices have been held three times a week in order to get the men in condition, but starting Monday workouts will be more strenuous.

The varsity is scheduled to meet O. A. C. Multnomah club, and will enter the Oregon State contest at Portland. It is also a likely possibility that meets will be scheduled with the universities of Washington, California, and with Stanford. With these prospects in view a large number of men are expected to turn out and help Oregon top the list in swimming this year.

ONE COLLEGE FORBIDS STUDENT MARRIAGES

If students marry at Baylor college, the couple are forced by the faculty decree to spend a year's honeymoon outside of the college.

At Wellesley they manage these things differently. The college gives a course in love and marriage. The lovelorn and heart-broken student at Wellesley receives first aid right on the campus.

The dean of the school of arts and sciences at the University of Texas is of the opinion that the decree forbidding marriage between students while they are still undergraduates is "illegal."—New Student News Service.

MANAGERS OF HOUSES GIVEN HINTS ON BUYING

The food selections class for house managers of the home economics course met yesterday and Mrs. H. W. Davis took part in the discussion and spoke on the buying of large amounts of supplies for many people, and the economic value in knowing how to buy food stuffs on these occasions.

Mrs. Davis mentioned the value of having leaf vegetables as part of every meal in the houses and

halls on the campus. These make for better health, and should be eaten at this time of the year.

This class meets every Thursday at 2:15 o'clock and visitors are always welcome.

A practice luncheon will be given by the food preparation class today. The students prepare menus suitable for teas and other meals and guests are invited to these teas. Miss Tingle will be a guest of honor today.

Thursday the probate nurses from Mercy hospital in Eugene were guests of the home economic department and inspected various dishes that were made and could be served in dietetic courses.

MABEL GILHAM, '23, IS CAMPUS VISITOR

Mabel Gilham, '23, graduate of the school of journalism, has been visiting the campus for several days.

Miss Gilham has been ill in a San Francisco hospital for about a year, and is now recovering. She is on her way to Garden Home where she will spend the winter with relatives.

While on the campus, Miss Gilham was active in journalism work, and also appeared in many Guild Hall productions. She is a member of Theta Sigma Phi and the University company.

H. J. JOST CONFINED TO EUGENE HOSPITAL

H. T. Jost, president of the Reuter Organ company, who has been personally supervising the installation of the new Reuter organ in the auditorium at the school of music, has been confined to the Eugene hospital the last week, threatened with pneumonia. He returned to the Hotel Osburn today.

Work on the organ was continued by his two assistants, and about all that remains to be done is the wiring, which local electricians will handle. It is planned to have the installation completed some time next week.

FALLING LEAVES CAUSE MUCH WORK ON CAMPUS

For two months after the leaves begin to fall, it takes practically all the time of two or three men to keep the campus rid of them, said

ANNUAL CONVENTION AT OBAK'S

COLLEGE STOKERS AND HASHERS CONVENE AT OBAK'S

Obak's will be the scene of a busy session the coming week, when the Annual Convention of the Associated Intercollegiate Stokers and Hashers of the Pacific Coast convene for their fifth conclave. Last year this mighty organization held its yearly meeting at the University of California, but this season the honor falls on Obak's, and already delegates from all of the coast colleges are arriving for the big week.

Several important issues will be voted upon this year, perhaps the most important being the controversy of hours of stokers in Sororities. These men are of the general

opinion that an early fire is both unhealthful and uneconomic. "Why should we be called from our beds on early wintry mornings," is the query of one of the exponents of late fires. "If, by so doing, we rob the sorority woman from a tingle of frosty air which is both beneficial and beautifying.

The convention headquarters are in Obak's Auditorium, and daily sessions will be held from 9 a. m. to 12 p. m. These meetings are semi-public and afford an excellent opportunity to the average student to see a group of talented young men whose sole aim is to make better living conditions for the inmates of our modern universities.

Obak's will have special reports of the game today. Spend the afternoon following the team in Portland.
