BEARS OUT-PLAY FAMOUS TEAMS

In Five Consecutive

RECORD

The fact that the University of last year. California football team, coached by Andrew L. Smith has gone through five consecutive seasons without a single defeat, is a challenge in itself which cannot be laughed off by any coach, writer or team.

In spite of the fact that "Gil" Dobie, while coaching at the University of Washington, waded through eight straight seasons without a defeat, California's record is considered the best ever made by any team. Although Dobie and his Washington warriors deserve no little credit, they did not run up against teams anywhere near as strong as California did.

Smith's Work Notable In 1920, after trouncing Washington State 49-0, Stanford 38-0, against the mighty Ohio State team, cation. in the annual Tournament of Roses of 28 points.

CAST WORKING HARD ON PLAYS

Worked on By Students Of Dramatic Department

Modern Society Drama, 'The Ideal Husband,' By Oscar Wilde Will Be Presented

Activity in the dramatic department is becoming complicated, with intense work on the production of "Yellow Candle Light," two weeks off, and "The Ideal Husband" and "Hassan" just getting under way.

The number of players in the company this year makes it possible to have two and even three plays in rehearsal at the same time, and to present the University theatre-goers with a play more often than once a month, as was the custom in preceding years.

Society Drama Coming "The Ideal Husband" is a modern society drama of the popular type, written by the famous Oscar possible outbreak of small pox, has Wilde and dealing with English life been made by the state health of- of the present generation. The cast to begin next Monday.

New Ticket Office Is Cast Off Campus Picture Advertiser

Old Booth Used on Big Occasions Only

The new booth that made its first appearance in front of the library during the recent Oregana drive is not new at all but a renovation of a photographer's idea of advertising. Some ten or twelve years ago, Mr. Fred H. Kiser, a Portland photographer, who was the official photographer for the University, had colored pictures on glass of the campus fitted into this piece of furniture, inside of which were electric lights. The whole thing revolved by means of a motor, and the illuminated pictures showed out to all who cared to see, an example of Mr. Kiser's

photographic art. A few months ago, its usefulness as a picture gallery ended, the structure was brought to the campus. Under supervision of Mr. H. M. Fisher, superintendent of grounds, the pictures were taken out and in their place were put beaver board panels, a little window, and a shelf, making a most neat looking, comfortable, little booth.

The old lemon and green booth now reposes in a shed waiting for another Homecoming, or some equally important event, when it will be used for an information booth.

OREGON WINS BY SCORE OF 48-15

Pacific Defense Weak When Varsity Forwards Show

Proves Star of Contest By Running Up 22 Points

Scoring points with apparent ease, attended Wellesley in 1907. the Oregon basketball quintet ran up a 48-15 victory over the Pacific five in a rather one-sided tilt played last night.

The Badgers on the night before nad played O. A. C. and the Aggies were held to a 32-16 victory, therefore the Pacific team was fafored to give the varsity considerable trouble in last night's contest.

Oregon Uses Teamwork

The Oregon five performed with machine-like regularity. The offense had little difficulty in working down under their opponents' basket, and the shooting eye of the forwards was dangerously accurate. When the Badgers tried to take the ball down the court, the varsity defense tightened and played in regular mid-season form.

Okerberg Scores High
