

# SOCIETY

table was lovely with pink rosebuds in the center and pink candies at the ends of the table. In the corsages at each place were found tiny scrolls with the names of the couple written in gold.

Miss Allen is from Tacoma, Washington, and is a sophomore on the campus while Mr. Tappier is a senior from Milwaukie, Oregon, and member of Bachelordon, Friars and Alpha Kappa Psi. He is also chairman of the Greater Oregon committee and senior man on the executive council.

Very informal was the first dance given this year by the Craftsman's club Saturday evening at the clubhouse after the basketball game. About thirty-five or forty couples were present, to whom punch and wafers were served throughout the evening. Mr. and Mrs. Frederick S. Dunn, Mr. and Mrs. Alfred L. Lomax, and Mr. and Mrs. F. L. Stetson were patrons and patronesses.

Saturday the upperclassmen of Sigma Beta Phi entertained with a dinner dance from 5:30 to 9:00 at the chapter house. The lavender and gold tulips formed the simple, effective motif in the center of the tables. Mr. and Mrs. L. L. Simpson were patron and patroness for this affair.

Quite impromptu was the dance given Saturday evening by the girl's Oregon club at their clubhouse. This followed the basketball game and was chaperoned by Mrs. Esther Watt and Mr. Earl R. Douglass. Punch was served late in the evening.

(By Lylah McMurphey)

Although there was a lull in the social schedule of most organizations this week, the various class parties on Friday evening, the Guild hall play, and the many initiations of the different groups on the campus have kept all busy. However, February will prove to be an interesting month with its many holidays and celebrations, even though it lacks in length.

The Woman's building was lovely Saturday evening as the scene of the Kappa Kappa Gamma formal. Aecia and palms were arranged in the center of the room so that the reflection of them appeared in the mirrors. Paper over the lights cast a soft rose glow over the rooms. Mildred Roberts of Salem, gave a Russian dance for a feature. Patrons and patronesses were Mrs. Lettie Mowrey, Mrs. Virginia Esterly, Dr. and Mrs. J. M. Miller, Dr. and Mrs. George I. Hurley, and Mr. and Mrs. Frank Chambers. Supper was served in the sun parlor.

Preceding the formal, the engagement of Florence Allen and Edwin Tappier was announced at the Kappa Kappa Gamma house of which Miss Allen is a member. The

## FRESHMEN HOOPSTERS TO PLAY O.A.C. ROOKS

### Yearlings in Good Form For Basket Fracas

The freshman basketball team will meet the O. A. C. Rooks in Corvallis next Saturday afternoon, February 7, at 2:00. This tilt will be the big game of the season for the frosh hoopsters and promises to be a hard game for them. So far this season, comparative scores point to a Rook victory and give the O. A. C. first-year men a better rating than the Oregon freshmen.

These ratings are principally based on the scores of the two quintets when they played against the speedy Franklin five. In these two tilts, the Rooks defeated the Maroon and Gray players by a 27 to 24 score and the frosh lost to them by a 28 to 26 score, thus giving the Rooks a 5 point rating over the yearling squad. However this advantage can hardly be expected to hold true as two or three other facts must be sighted. When the Rooks played the Quaker squad, they were well into their mid-season form and had developed good team work. The freshmen had none of these advantages in their tilt with the Franklin five. Previous to this game the frosh had only completed two weeks of practice, the large squad had not been cut down, the style of play had not been well developed and the men who went into the game had not played together before. The only thing they had with them in that contest was their fight and they promise to show it again Saturday.

The frosh showed a great improvement over their pre-season form on their trip south last weekend. They brought home the bacon in both tilts, winning the first by a 36 to 21 score and the second by 22 to 19. Both contests were played with the powerful Medford high quintet and were run off on their home floor.

### R. O. T. C. TEAM WINS FIRST RIFLE MATCH

The men's R. O. T. C. rifle team won the first practice match of the year from the women's rifle team Saturday. The average score for the women marksmen was just above 90 points while the score of the men's team was a little better than 92 points.

Another match between these two teams will be fired some day this week. Conditions will be the same as in last week's match. Ten shots each will be fired.

The R. O. T. C. marksmen are scheduled to fire in the Ninth Corps Area match next week, and it is essential that all the men get as much practice as possible, says Captain J. T. Murray.

### DISCUSSION GROUPS POSTPONE MEETINGS

The second meeting of the World Fellowship discussion group discussing Italy which was originally scheduled for today has been postponed until tomorrow. It will be held at the Anchorage at noon. Maxine Koon is the leader.

The group studying Korea will also meet tomorrow at the Anchorage instead of today. Gladys Calef is the leader and this is the third meeting which she will have conducted.

Other meetings scheduled for Wednesday are the group studying Turkey, which meets at six o'clock at the Bungalow and the group studying India which is to be held at the Bungalow at 5 o'clock instead of six as was previously planned. Edna Spenker is leader of the former group and DeLoris Pearson leads the latter.

### PREP DEBATE TEAMS MEET ON FEBRUARY 13

The first high school debates of the season for this district will be February 13, when the University, Leaburg, and Springfield high schools meet in a triangle debate. The question to be discussed is: Resolved; that the Japanese should be admitted to the United States under the quota terms of the general immigration law.

The University affirmative team will meet the Springfield negative team at University high, while the University negative team will oppose the Leaburg affirmative team at Leaburg. Members of the University high teams are Negative, Helen Hanna and Hiram White; affirmative, Gwenn Stivers and Katherine Fry.

### FORD CAR BACKFIRES AND BREAKS STUDENT'S ARM

Hampton Allen, Phi Sigma Pi, broke his right arm above the wrist Saturday evening. Allan was cranking his fliver to go to the Oregon-Washington game when it backfired, the handle of the crank striking him on the arm. The arm was set by Dr. Ross, of the University infirmary.

### CHI SUNG PIL IS INSTRUCTOR AT Y. M. C. A. IN HONOLULU

Chi Sung Pil, who received his degree in journalism at the end of the fall term, is at present assistant physical education instructor at the Y. M. C. A. in Honolulu. He also writes some sports for the Honolulu Advertiser. In a copy of the paper received at the school of journalism he had a signed story on the Japanese baseball "world" series to be held February 21, 22 and 23, to decide the Japanese baseball championship of the world.

### HAZE AND HEAT WAVES PREVENT OBSERVATION

Astronomical observatories are usually placed on mountains because of heat waves and haze, according to E. H. McAllister, professor of mechanics and astronomy here. When a telescope is used near the sea level the stars are often seen through this haze and appear in very poor outline. Besides this, the atmosphere near the earth is full of dust, the clear air of higher elevations being much better for astronomical observations.

### MARY LOU BURTON, '23 RETURNS HOME FOR VISIT

Mary Lou Burton, '23, school of journalism, has just returned to visit her family in Eugene from Bend, where she has been employed on the Central Oregon Press. Miss Burton worked for the Associated Oil company in San Francisco for about a year before going to Bend. Miss Burton is a member of Pot and Quill, writers' organization, and Theta Sigma Phi, women's national journalism fraternity.

### MRS. LOIS COVALT RESIGNS POSITION AT LOCAL Y. W.

Mrs. Lois Covalt has resigned her position as assistant to Miss Florence Magowan, secretary of the Y. W. C. A. Mrs. Covalt's place is being filled by Thelma Kimberling. Ill health is the reason for Mrs. Covalt's resignation.

## APPLICATIONS DUE FOR SCHOLARSHIP

Fellowship of \$500 Offered By Alpha Omicron Pi

TIME LIMIT IS MARCH 15

University of Oregon to Receive Benefit

The University of Oregon is among the institutions in the United States which can take advantage of the Alpha Omicron Pi fellowship for the college year 1925-1926. This was created in memory of Ruth Capen Farmer, and will be awarded to a college woman for the use of graduate study in any accredited institution.

The successful applicant will not be limited as to her field of work, but preference will be given to women who are planning study or research in humanitarian lines with a view of practical service.

Application Rules Listed The amount of the fellowship is \$500, payable in two installments of \$250 each, on September 1, 1925, and January 1, 1926. Applications will be received from any woman graduate of the institutions included. She must have received at least a bachelor's degree, and may hold a master's or doctor's degree, provided at least one of the degrees shall have been awarded by any of the following universities or col-

leges, which comprise the list: H. Sophie Newcomb Memorial college, New York University, University of Tennessee, Randolph-Macon Woman's college, University of Nebraska, University of California, DePauw University, Tufts college (Jackson), University of Maine, Cornell University, Northwestern University, Leland Stanford University, University of Illinois, University of Minnesota, Syracuse University, University of Washington, Southern Methodist University, University of Indiana, University of Wisconsin, Montana State college, Vanderbilt University, (University of Pennsylvania), University of Kansas, Miami University, University of Michigan, University of Oregon, University of Oklahoma, and University of Maryland.

Final Date Given Application blanks may be obtained at the office of the dean of women or by writing direct to the chairman of the fellowship award committee, Elizabeth Heywood Wyman, 456 Broad street, Bloomfield, New Jersey. To be considered, an application must reach the chairman of the committee by midnight, March 15, 1925. Announcement of the successful applicant will be made not later than May 1, 1925.

## SOCIOLOGIST OBTAINED FOR SUMMER SESSION

A. A. Goldenweiser to Have Graduate Seminar

Alexander A. Goldenweiser, lecturer on anthropology and sociology at the New School for Social Research in New York City and regarded by scientists as the leader among the younger American students of anthropology and race problems, has been obtained by the University of Oregon for its summer session. Dr. Goldenweiser will offer courses in primitive social life and theories of evolution and progress and will have a seminar for graduate students, according to Fred L. Stetson, director of the summer session.

Dr. Goldenweiser, who holds the doctor of philosophy degree from Columbia, was a lecturer on anthropology at that institution from 1910 to 1919, and for the past five years has lectured at the New School of Social Research. His best known book is "Early Civilization." He is also the author of "Totemism," a study of primitive religion, and "Hanging Flower, the Iroquois," an Indian folk tale, besides many articles in scientific journals and periodicals.
