

OREGON TO MEET IDAHO MAT STARS

Wrestlers Will Hold Match In Men's Gymnasium Saturday Afternoon

LETTERMEN TO ENTER

Davis and Wingard Will Try Out for 135 Pound Berth; Elimination Bout is Today

With the exception of men in two weights, Coach Widmer has selected his wrestling team, which will meet the University of Idaho grapplers Saturday afternoon in the men's gymnasium. The definite time for the meet has not been set, as word has not been received when the Vandal aggregation will arrive.

Ford, letterman in the 125 pound division last year, will again represent Oregon in the same weight. Ford has been displaying considerable class in his workouts and earned the right to wrestle again. Whitcomb, also a letterman, who had been training all season for this berth, injured his rib which put him out of the race this season.

The 135 pound berth will be won by either Davis or Wingard. Widmer will hold an elimination bout today and a winner will be picked to go against the invading Vandals. Both men are fast and are experienced and the grappling mentor predicts that a close match will be staged between these men. Wingard wrestled for the frosh last season while Davis was a member of the babe squad several years ago. Last year Davis wrestled for the Multnomah club of Portland.

Johnson Drops Out
The wrestler in the 145 pound class to wear Oregon colors Saturday has not been selected, but "Ole" Peterson and Woods are the outstanding candidates and will also wrestle today in an elimination bout. Johnson, who has been showing up well in his workouts, has dropped out of the game because of other activities. Peterson was a member of the varsity wrestling squad last year while Woods worked for the green-cappers.

Harry Leavitt by his showing in the workouts has been selected as the 158 pound representative. Coach Widmer stated that Leavitt, though slightly overweight now, would get down to the required weight before the match. He is a sophomore and was the 158 pound grappler on the first year team during the past season.

Men Evenly Matched
By throwing Jones in an elimination bout Wednesday Cartwright won the 175 pound berth. These men were evenly matched and the first five minutes ended in a draw and after an extra two minute period Cartwright managed to pin Jones to the mat. Although inexperienced, Jones showed considerable ability in this bout.

Coach Widmer stated Wednesday evening that if the Idaho squad would arrive Friday evening the men would weigh in at 9 o'clock Saturday morning. The time may be changed, depending upon the arrival of the visitors.

UNIVERSITY TO ENTER SECOND RADIO DEBATE

If present plans work out the University of Oregon will have the honor of participating in the second radio debate in history, so far as is known, where two broadcasting stations are used and the teams are hundreds of miles apart. "Arrangements are now being worked out for a date some time this spring for a debate between the University of Oregon and Stanford university," said Alfred Powers, who is in charge of radio activities on the campus.

So far as is known, the first radio debate in history was held February 29, 1924, between the University of Oregon and the University of California. By decision of the radio fans, who listened in to the

All Californians To Skate Tonight Is Edict of Club

The California club will hold its first social affair of the year tonight, in the form of a skating party at the Winter Garden. The club is now being reorganized, and a number of social affairs are being planned, the first of which is to be a dance. The members of the club are students who come from California.

The invitation to meet with the members in front of the Peter Pan, at 7:30 tonight, and then proceed to the Winter Garden, is extended to all students who now live, or who have lived in California.

FIRST DIME CRAWL TO BE DATE AFFAIR

Dance Set for Next Week At College Side Inn

Plans for the dime crawl sponsored by the Women's League are now taking on an entirely different feature. The first one of this term will be next Wednesday, February 11, from 4 to 5:30, in the College Side Inn. Heretofore the dances have been held at the different women's organizations for an hour after dinner. Music will be furnished by Del McBride and his orchestra.

As usual, "A dime admits you to the brawl," but once in, the dancers can stay as long as they wish. Each man is expected to bring a girl, and all are advised to get their dates early.

All the plans lie in the hands of a pep committee composed of Rodney Keating, Bill Peek, Basil Burke, Al Westergren, Bob Gardner, Bob Mautz, Paul Krause, Steele Winterer, Carl Dahl, Clifford Zehring, Chick Rosenberg, Tom Mahoney, and Truman Sether.

LIEUTENANT ARNOLD TO LEAVE FOR SOUTH

Lieutenant E. G. Arnold, instructing officer of the R. O. T. C., has received transportation expenses from the government and will leave Saturday on the Shasta Limited for Presidio, California, where he will receive treatment at the Leterman general hospital.

Lieutenant Arnold had planned to leave about two weeks ago but waited for definite arrangements to be made for his treatment. His duties will be handled by the other army officers of the R. O. T. C. during his absence.

FACULTY ADOPTS SEASHORE PLAN

Entering Freshmen Will Be Given Intelligence Tests To Determine Ability

CLASSES TO BE GROUPED

Students to Be Sectioned According to Results Obtained From Tests

At the meeting of the faculty yesterday, it was decided to approve the report of the committee appointed to investigate the Seashore plan, concerning intelligence testing.

The committee reported in favor of giving intelligence tests to all members of the freshman class next fall. This will not be for the purpose of excluding students, but for the purpose of ascertaining the general mental ability of the entering class.

The faculty also approved in general a second recommendation of the committee,—the principle of sectioning large classes on the basis of intelligence testing. In this case, the tests would be supplemented by the performance of the students.

Both recommendations were submitted by Dr. Ray Wheeler of the psychology department. The committee will continue to make further investigations.

Following the meeting of the faculty members of the Oregon chapter of the American Association of University Professors voted to send a telegram to Senator William Borah of the senate foreign affairs committee, urging that the committee report to the senate the world court plan. The university professors believe that the United States should participate in the world court. They pointed out that this plan had been approved both by President Calvin Coolidge and Secretary Charles E. Hughes.

MAUD GRAHAM, 24, VISITOR ON CAMPUS

Maud Graham, 24, who is on the physical education staff of Pacific university, is visiting on the campus where she has been attending various classes in the department of physical education. She is being entertained at the Delta Zeta house, of which she is a member.

Miss Graham played on the senior tennis, hockey, and baseball teams, and was a member of Hermitian, honorary physical education organization. She will return to her work today.

Chivalry Blooms On Campus Still, Evidence Shows

The advance March gale that sallied down on the campus yesterday, whipping brilliantly hued stickers mercilessly, proved itself the proverbial ill wind that did blow some good.

At 3:14 yesterday afternoon, while chronically belated students strove vainly to hurry against the latest freak of Oregon's weather, the gale was at its highest. Two co-eds were struggling with books, flying coats, and hats, that slipped perilously.

Suddenly, a filmy, blue something floated past the Pioneer, and on down the path. One of the girls cried, "O, my handkerchief!" as she clutched at her hat.

"I'll get it," said a young man, who was passing. He pursued the flying object, and returned it, with a smile. The girl thanked him, and they went on to their respective classes. "Chivalry isn't dead here at Oregon," remarked her companion.

FRED SMITH ARRIVES ON TOUR OF COUNTRY

"Fundamental Education" Is Assembly Topic

Arriving on his lecture tour from the University of Washington this morning, Fred B. Smith, internationally known for his activities with the Y. M. C. A., will make his first address on the campus at the regular assembly period in the Woman's building. His subject will be "Fundamental Education."

Although no longer officially connected with the American Y. M. C. A., Mr. Smith is best known for the work he has done in that field. For perhaps 15 years he was one of the international secretaries, and because of his ability as a public speaker was very much in demand. He has made at least one trip around the world. During the war, Mr. Smith was very popular at the cantonments.

His greatest work in America now is to arouse public interest in law enforcement. When the committee of One Thousand was chosen last year to meet in Washington, D. C., in the interest of law enforcement, Fred B. Smith was made chairman.

Two-day Visit Scheduled
Besides his assembly address, Mr. Smith's program is as follows:

7:15 Thursday night in Villard, subject, "Is America a Great Nation?"

Friday noon, luncheon with committee of hundred at "Y."

4:15 Friday afternoon, at "Y," subject, "The World Outlook—Peace or War, Brotherhood or Revolution?"

Thursday noon Mr. Smith will

SMITH PLANNING RIGID TRAINING

Oregon's New Grid Mentor Tells Sports Writers Of Plans for Training

WORK STARTS MONDAY

Coach Hopes to Develop Kicker and Center for Varsity Football Team

Rigid training and strict discipline will be emphasized in coaching the 1925 Oregon varsity football team, said Dick Smith, new head coach, at a meeting of the Sport Writers' association held yesterday noon at the Anchorage. Coach Smith and Virgil Earl were guests at the first of a series of bi-monthly luncheons being held by the association.

While Coach Smith is not planning to establish a complete compliance with all training rules durstfully enforce careful living for the spring turnout, he will the varsity squad in the fall. Oregon faces a hard schedule next fall and several big contests come early in the season, necessitating an early rounding into condition of the team. Men who fail to keep all training rules next fall will be dropped from the squad, Coach Smith said.

When spring turnouts start next Monday afternoon Smith plans to work with the center candidates and the kickers especially. Smith believes that most of the responsibility for speedy running of plays rests with the center and expects to put in much of his time in developing a capable snapperback.

To Develop Punters
Oregon lost considerable yardage last season because of weakness in punting, Smith pointed out, and the new mentor will attempt to improve this department of the game for next fall. He expects to work all spring with two or more kickers and to keep them practicing during the summer, if necessary.

Smith does not favor any particular system of football, but plans to have his team thoroughly drilled in fundamentals. Much of the work this spring will be drill in the rudiments of the game and the new coach expects to keep his squad out this spring until satisfied that they are thoroughly versed in the fundamentals.

Fifteen lettermen are expected to be back for places on the team but Smith declared that every man turning out will have an equal chance, with him, of making the varsity.

When he lines up two teams for their first scrimmage the old second team will be in the places of the varsity and lettermen will have to work their way into the lineup

Women's Aquatics Are Handicapped By Vaccinations

Women's swimming is being seriously handicapped by the re-occurring seiges of vaccinations. No teams have been announced by any of the houses and the swimming coach has not yet been able to arrange a schedule for the expected meet.

Definite plans will be announced as soon as the handicap of vaccination cases can be sufficiently overcome.

SPEAKER EMPHASIZES NEED OF EDUCATION

Dr. Williams Says World Needs More Knowledge

One of the things the world needs today is a better knowledge of science, said Dr. Alexander Williams Jr., secretary of the American Chemical society committee which will award essay contest prizes, speaking to a group of students and faculty at Alumni hall Tuesday evening.

"The American Chemical society is the only great chemical society in the world today which is attempting to do anything along the line of public education," said Dr. Williams. "First, you have to make people think; the man in the street doesn't know what the scientist is trying to do and he certainly hasn't the faintest conception what political influence science has on the world."

Scientific Importance Given
"The whole peace of Europe is bound up in the Ruhr question, which is an economic necessity. Everywhere you look, a lonely man, working in his laboratory, is discovering something. These little things that apparently mean nothing on the surface are the small causes of effects."

"Mr. Francis P. Garvin, of New York, wanted to do something of educational value, and he donated \$10,000 of which \$6,000 was in cash awards. Last year more than a half million boys and girls wrote essays and fully a half million people read books upon the subjects. The society is not trying to make chemists, but they are trying to give the boys and girls and the man in the street an idea of chemistry and its relation to every basis of human life."

The scientist is the only intelligent man in warfare, according to Dr. Williams. "There is no glitter or glory to war. You never have to use your brain. It is a business where you get your throat cut by someone you have not quarreled with. Just remember that a war to come will not be a pretty parlor

OREGON KNIGHTS TO DANCE FRIDAY

Decorations Will Be Plain, In Keeping With Custom During Fifteenth Century

CO-OP TO SELL TICKETS

Gay and Brilliant Costumes Decried Proper Garb for New Traditional Function

Importing the rare old atmosphere of medieval Normandy, the age of brilliant costume and custom, into the modern air of the Oregon campus is a feat that is being ably accomplished by the Knights of Oregon for their first annual costume ball to be given Friday night at the Woman's building.

The Knights, however, have heralded the proclamation that anyone not in the garb of a student, shall be considered as fittingly robed for this festive occasion; thus one attending the dance will be spared the time and expense of preparing a fancy costume, should one wish to come in simple attire.

"This dance," said John Boswell, chairman of the affair, "will be one of the outstanding events on the University social calendar."

The music, features, and entertainment will set a criterion for future functions, many students have declared when the plans of the dance were disclosed to them.

The Pi-Id Pipers will furnish the music for this dance which alone is an attraction that should merit the patronage of every campus amusement seeker. Another feature which further enhances the value of this ball is that no dance outside of this function will be given on this date at the Campa Shoppe, or the College Side Inn.

The decorations will not be elaborate but more in keeping with the fifteenth century period, this era standing more for the designs of a simple nature and calling for the people to come in gay costumes.

With many students having bought tickets to the affair, the success of the dance has been particularly assured judging by the sale of the tickets. Couples desiring to purchase "admission cards" may find them on sale at the Co-op.

Larry Riddle, in charge of the features and the success of the dance, is rather optimistic over the manner in which the plans for the dance are progressing.

It has already been decided by the Oregon Knights to make this ball an annual affair. It is expected that this dance will rival the success of other University functions, and that the tradition of this affair will be eagerly upheld by future Knights.

WOMEN'S BASKETBALL TEAMS ARE CHOSEN

The senior and freshman women's basketball teams have been chosen and will compete soon at the women's gymnasium to determine the class championship.

The senior team members are: First team: Grace Sullivan and Wilma Manley, forwards; Mildred Crain, jump center; Golda Boone, running center; Alberta McMonies and Charlotte LaFourette, guards. Second team: Doris Parker and Viona Pyritz, forwards; Irene Buckley, jump center; LaVerne Spitzberger, running center; Stella Haglund and Beatrice Amundson, guards. Yvonne Smith is the substitute.

The freshman first team is made up of: Nellie Johns and Esther Hardy, forwards; Karle Land, jump center; Helen Mumaw, side center; Margaret Michel and Monica Michel, guards. Second team: Florence Grebe and Eleanor Marvin, forwards; Dorothy Gay, jump center; Gertrude Koch, side center; Eleanor Glass and Rose Cohen, guards. Substitutes are Evelyn Anderson, Edna Clark, Eldora Kingley and Eleanor Beckwith.

OREGON KNIGHTS, HOSTS TO CAMPUS FRIDAY
