

SOCIAL CENTER TO BE ERECTED

Presbyterians Will Build Westminster House

WORK TO BEGIN AT ONCE Construction Contracts Given for \$15,400

Contracts for the construction of a \$15,400 building to be erected at the southwest corner of Kincaid and Fourteenth street, just east of the Craftsman's club, were recently let by the Westminster Foundation of the Synod of Oregon. The new building will be named the Westminster House.

Construction work will begin at once, it was said, and it is hoped that the building will be ready for occupancy about July 1. Hargreaves & Lindsey, a local firm which is also handling the construction of the Eugene hotel, have been given the general contract; and Williamson & Company, the plumbing contract.

Doctors Give Land

The building, in addition to providing a home for Mr. and Mrs. Bruce J. Giffen, the University pastor and his wife, will also be a center for Presbyterian students and their friends. The lot on which it is to be built is the gift of Dr. E. C. and Dr. S. A. Brown of Portland, who also contributed toward the Westminster House at the Oregon Agricultural college.

The building will be in the English cottage style of architecture with stucco and shingle exterior. F. Manson White of Portland is the architect. The total cost of the lot and building when complete, but without furnishings, is estimated at \$24,000, the greater part of which has already been secured.

Foundation Directs Work

The Westminster foundation, under whose supervision the building was made possible, is an incorporated body authorized by the Presbyterian Synod of Oregon to direct the Presbyterian work for the students at the University of Oregon and the Oregon Agricultural college. The Reverend Harold Bowman, pastor of the First Presbyterian church of Portland, is chairman of the corporation and J. J. Ross, president of the J. J. Ross Mill and Machinery Manufacturing company of Portland, is the treasurer. President W. J. Kerr is the member of the corporation from the Agricultural college and Dr. A. E. Caswell is the representative of the University of Oregon.

The building committee is headed by A. S. Pattullo, secretary and general superintendent of the Oregon Iron and Steel company.

JANUARY BIG MONTH FOR CORRESPONDENCE

January was one of the biggest months that the correspondence study department of the University extension division ever had, according to the monthly report compiled by Mozelle Hair, in charge of the correspondence study work. "There were 1,177 lessons sent into the division, corrected and returned during the month," said Miss Hair.

There were a total of 122 students enrolled during the month of January for correspondence courses. Seventy-eight were new students; while 44 of them were old students enrolling for new courses. According to the data compiled, 30 of these were men students, and 92 were women.

The biggest enrollment is in education, more than three dozen enrolling for courses in this field. English came second with 32. There were 12 enrollments in literature.

Some of the other courses taken up were in the following fields: botany, business administration, mathematics, modern languages, history, psychology and sociology.

There were 23 enrollments in the entrance courses which are the college preparatory courses. The report shows that 19 hours of I were made; 62 hours of II; 33 hours of III; 9 hours of IV, and 6 hours of V. One-half of an entrance unit was completed with a grade of II.

DR. WHEELER UNDERGOES APPENDICITIS OPERATION

Dr. Raymond Wheeler, professor of psychology, was operated on last evening for appendicitis at the Christian hospital. Dr. W. H. Dale and Dr. F. E. Selover performed the operation, which was announced successful. Dr. E. S. Conklin will meet Dr. Wheeler's classes Thursday.

Home Economics Patient Gets New Quarters

Move is to Save Anna Belle's Wavy Complexion

Home Economics Patient—D Good, gracious, Anna Belle, the patient who lives in the home economics building, has been moved from her regular room on the south side of the building to one on the north side, because of too much sun in her old room.

Anna Belle has a face of wax which can not withstand the rays of the sun, and hence the shift. Her present location is in the room which adjoins the kitchen, and even such tempting odors as doughnuts and fritters never make her complain.

"She's certainly a model patient," Miss Lillian Tingle said, "for even the handling that she receives from the members of the home nursing class never causes her to say a word."

Many plumbers, janitors, and others have been frightened at the sight of Anna Belle, peacefully resting in her bed, before they discover that she is only a dummy patient who is not startled by exclamations of intruders into the sick room.

EUGENE QUINTET WINS FROM UNIVERSITY HIGH

Final Score Ends 24 to 19; Long Shots made

Eugene high school hoopers took the long end of a 24 to 19 score from the University high aggregation in a torrid contest on the Armory floor last night.

This is the second meeting of these teams. In the first, the campus hoopers won in the final minute.

With the winner expected to carry district honors to the state meet, which will be held in Salem, both teams started in a hectic fashion with Eugene scoring first. Throughout the contest the lead shifted several times with the winners holding it for the last five minutes.

Eugene started the second half with the score 14 to 11 against it. Long shots by Bailey and Coleman, however, placed them in the lead for the time being.

The game was featured by the long shots and close checking of the teams. Ridings, Hempy, and Stearns for the University team and Coleman, Bally, and Emmons for Eugene placed the ball in the basket from the center of the floor several times. Ridings also played a good floor game.

Eugene high must win but one more game to be acclaimed the valley champions.

New Achievements in Science is Recounted By Oregon Professor

(Continued from page one)

and especially as it bears upon problems of adolescence. At Columbia University, Dr. and Mrs. D. E. Laneefield were encountered. Dr. Laneefield was formerly with the zoology department. He is at present assistant professor in zoology at Columbia. Mrs. Laneefield is doing research work at the Rockefeller Institute of Medical Research and will take her doctor's degree in bacteriology.

Johns Hopkins university was visited and several Oregon students were met.

"Oregon has an excellent reputation at Johns Hopkins and at Harvard," stated Dr. Torrey. "We have a number of students at both universities. Among the students, I noticed an ardent enthusiasm for work and exceptional industry that did not seem to be accounted for by formal requirements."

The two Oregon students at Johns Hopkins are reported to be doing splendid work. One graduate of Reed college ranks second in the senior class.

Dr. Torrey visited his daughter, Elizabeth, at Johns Hopkins.

TEXAS UNDERCLASSMEN SIGN PEACE AGREEMENT

University of Texas—A peace treaty has been signed by the officials of the freshman and sophomore classes at the University of Texas. Each class will be permitted to give a social affair without the molestation of the other class, according to the agreement.

CORRESPONDENCE CHESS PLAYED AT CALIFORNIA

University of California—In order to increase interest in chess, the students of the University of California are holding a correspondence chess tournament with Stanford university. The various plays will be sent from the two teams by post cards mailed each day.

DISCUSSION GROUPS HOLD MEETINGS TODAY

Switzerland, India and Italy Are Topics

Switzerland, India and Italy are the nations which discussion groups fostered by the World Fellowship committee will study today. The group studying the first meets at the bungalow at 6:00 for a supper meeting and the groups studying India and Italy, meet at the Anchorage at noon.

Miss Sue Badollet who travelled in Europe last summer will speak to the group studying Switzerland on lace-making, wood-carving and the peasant life in general. The topic for this meeting of the group is the "Social and Industrial Aspects of Switzerland." Genevieve Chase, leader of the group, states that much interest in the discussions has been evinced among the members. This is the third meeting of the group. Miss Anna L. Beck of the school of music, spoke at the first two meetings and Miss Chase declares that the members of the group were well pleased with her talks.

Satya D. Loompa, from Jaloun, India, is talking on the politics of his country to the group studying India. Deloris Pearson is the leader.

The group studying Italy holds its third meeting and the topic for the discussion is the social and industrial aspects of Italy. Maxine Koon is the leader.

The group studying Korea will not meet today as was previously planned because of the personal hygiene examination which is being held tonight.

Miss Anna M. Thompson of the romance language department told the group studying Mexico of her travels through that country, in an interesting talk at an informal supper meeting held at the Y. M. C. A. last night. She supplemented her talk with photographs which she had collected on her trip. Oneita Wirtz is leader of this group.

Marjorie Fraser and Ruth Newton gave talks about the social characteristics and the constitution of Poland at a meeting of the group studying that country which was held yesterday at the bungalow during the dinner hour. Mrs. Elsie Bolt, leader of the group, is taking the place of Beulah Smith recently withdrawn from school because of serious burns received in an accident.

COLLEGES WILL HOLD Y. M. MEET ON CAMPUS

Selection of representatives from the campus Y. M. C. A. to the annual Oregon inter-college Y. M. C. A. conference to be held on the campus May 1 and 2, will be made some time in April, it was decided at a meeting of the student cabinet in the hut yesterday afternoon.

All colleges and universities in Oregon will send representatives to this annual conference. Joint conferences with the Y. W. C. A. delegates meeting at the same time will be a feature of this year's session.

KANSAS TO GIVE CREDITS FOR WORK TAKEN BY RADIO

University of Kansas—Co-operation through the University of Kansas' extension division and its broadcasting station which began operation January 5, will make possible the giving of university credit for courses taken in part by radio. Other institutions have granted certificates on the completion of certain courses given over the radio, but not the credit toward a university degree.

UNIVERSITY HIGH SCHOOL TO GIVE HARD TIMES DANCE

A hard-times, "hick" dance will be given by the senior class of the University high school at the Anchorage Saturday night. The party is a date affair, and both men and women can ask for dates from those outside the class. Funds for the dance were obtained from a pie sale which the class sponsored at the high school Friday.

SEVERAL UNIVERSITIES INCREASE TUITION FEES

Princeton.—Tuition at several universities of the country will be considerably higher next fall. Tuition at Princeton will be \$400. At Harvard, fees will be raised in the

GAY THOMPSON Marcel and Bob 75c

various schools. Tuition for non-resident students at the University of Nevada will be raised from \$50 to \$75.

JUNIOR WOMEN WIN FROM FROSH BASKETBALL TEAM

The junior women's basketball teams were victorious in both games played with the frosh hoopers in a dual contest held in the women's gymnasium yesterday afternoon. The junior first team defeated the freshmen first team 24-12 and the junior second team triumphed over the freshmen second squad 24-10.

COSMOPOLITAN CLUB TO PRODUCE PAGEANT

Scenes Will Characterize Many Foreign Lands

A pageant of foreign lands, representing all countries from which Oregon students have come, is to be presented by the Cosmopolitan club next spring. Definite plans have already been made for some of the acts and work will begin at once. The affair will be held in Guild Hall.

The Chinese students will present a court scene. The characters will wear imported costumes. The students from India are considering a crystal gazing act, but a decision has not yet been reached. Ireland will be represented by a dance skit. "The feature of the pageant will be the lighting effects, and the originality of the costumes," said Edna Spenker, who is in charge of the general program. The pageant of foreign lands is an annual affair at the University of California, and the University of Southern California.

The pageant on the Oregon campus is being staged to promote an interest in foreign lands, and foreign students. It is to be an annual affair. Each country that is represented by students at Oregon will be included.

Anne Landsbury Beck, of the school of music, has been assisting in the plans. The dramatic department will be asked to help in the stage details.

Two performances will be given, one in the afternoon and the other in the evening of April 4. Admission will be 25 cents.

HIGH SCHOOLS TO HOLD TRIANGULAR DEBATE

The University, Leaburg, and Springfield high schools will meet in a triangular debate Friday night, discussing the question: Resolved: that the Japanese should be admitted to the United States on the quota basis of the general immigration law.

The University high negative team, Helen Hanna and Hiram White, will go to Leaburg, while the affirmative team meets Springfield in the University high auditorium. Members of the affirmative team are Kathryn Fry and Gwenn Stivers. Judges for the debate to be held here will be Harold Robinson, of Portland, Walter Malcom, a member of the University debate team, and Howard Brownell, an attorney of Eugene.

Matches are Scheduled For Men's Rifle Team; Three Contests This Week

(Continued from page one)

Out of the 23, it won 17 and lost only 5. In 1921-22 Oregon entered three teams and won third place in the Ninth Corps area.

Last year, the rifle team did not perform as well as in the previous years and took only fifteenth place, with 19 teams entered.

Targets are furnished in the meet each man fires from each position in the three stages, ten shots for record and two for practice. The targets are furnished by the Corps headquarters and are returned immediately after the completion of each stage of firing. They are computed at the Presidio, and the winner determined on the basis of the highest average score.

In the separate matches, of which three come this week, the military officers in charge at each institution merely exchange scores with each other and the highest team wins. Each man on the team can make a maximum of one hundred points.

Some of the larger schools in the Ninth Corps area are entering more than one team of 15 men each. This is permitted by headquarters, but each college in the area is required

to enter at least one team. Oregon men will fire from two to four separate dual matches every week from now on until March 14, with other schools. There are 17 of these institutions with whom matches are scheduled.

PATRONIZE EMERALD ADVERTISERS

The Universal Radio

A TWIST of the wrist and the radio fan covers miles. A simple turn of the dial and he gets a bit of jazz here, a lecture there and perhaps a vaudeville act somewhere else. Hundreds of things are continually being broadcast for his amusement and edification.

But radio, or no, don't forget that many things fully as interesting and far more vital to you are being broadcast in this paper for your personal benefit.

Your messages always come clear. The condition of the air doesn't concern you. From the depths of your own armchair you listen in on the doings of the world. You know what is going on everywhere, almost as soon as the events occur.

Turn to the advertising columns and you are transported to the grocers, the clothiers, the music shop. You visit the factory of a manufacturer and talk with the maker of a new household appliance that will save you work.

And remember, too, that merchants and manufacturers who put their advertisements in this paper are progressive and dependable. THEY MUST GIVE GOOD VALUE. They know that advertising, by increasing the number of their sales, enables them to lower prices and give you more for your money.

The Advertisements Are Broadcast for You, Listen In
