Redemption of Humanity Is Plea of Syud Hossain In Lecture Yesterday

spiritual and political leader, as a disciple of the doctrine of love. Mr. Hossain cited the instances of many Europeans who declare that this great man of India is the reincarnation of Christ.

"Gandhi is living a Christ-like life," said the speaker slowly and reverently recalling the beliefs of the leader. "He is not talking about it; not making a song about it. Gandhi holds that there is only one governing principle in life. . . And that principle is the principle of love."

In contrast with the West which believes that force is a weapon of strength, Gandhi holds that force is the weapon of the weak.

"Force is the hand maiden of hatred. . . And Gandhi has no use for force, for he has no use for hatred," stated the speaker. Later in the speech, Mr. Hossain explained the aims and wishes of Gandhi as a "world governed by love, animated by co-operation."

Easy humor and vivid picturization, as well as probing sarcasm were evident in the well-balanced speech of the lecturer. He did not hesitate to criticize or compliment the United States when he thought it advisable. This may be noted

in his reference to the system of education.

"There is something radically wrong with teaching, particularly the teaching of history." And he cited the incident of the American youth thinking that the Declaration of Independence was the dawn of creation.

Mr. Hossain is the guest of Dr. and Mrs. Warren D. Smith while on the campus. He leaves for California today.

PRIEST WILL EXPLAIN CATHOLICISM TONIGHT

Rev. E. V. O'Hara of Eugene Church to Speak

Rev. Edwin V. O'Hara, pastor of the Eugene Catholic church and nationally known social and religious worker, will speak in Alumni hall at 7:15 tonight. "Catholic Christianity" will be the subject of his address. It is one of the series of seven religious lectures which are being given each Wednesday by the University of Oregon United Christian Work.

Father O'Hara's talk is to be expository, and will treat of the history, constitution, and practice of the Catholic church. The spiritual life of the Catholic, the mass, the place of the papacy in the church, and the place of Catholic Christianity in world religion are some of the topics which he will review. In conformity with the design of the organization conducting the series, this talk, as those that have already been given, will be of a purely informative nature.

Father O'Hara is a prominent figure in social work as well as in religious, and nationally as well as in Oregon. Some years ago he was active in the work of investigations and research which led to Oregon's adoption of minimum wage laws for women and children. At present he is occupied in rural life study and research. He is also the author of a historical work, "A Pioneer Catholic History of Oregon."

EFFECT OF PUZZLE CRAZE DEPLORED BY LIBRARIAN

University of Minnesota.—The cross-word puzzle craze has a bad effect upon the morale of students, declares the Minnesota University librarian. Every dictionary of synonyms which the university owns has disappeared from the shelves. Evidently students intent on finding an elusive seven-letter word meaning "sheet-music," or some other synonym, have taken these books.

WOMEN WILL GIVE TALKS TO MATHEMATICS CLUB

"Japanese Mathematics," and "Women in Mathematics," are the subjects of addresses to be given by undergraduate students before the University Mathematics club, Thursday night. The students to speak are Eula Benson, junior in mathematics, and Caroline Tilton, also a junior in mathematics. The meeting will begin at 7:15. It is to be held in Johnson hall.

JOHNS HOPKINS UNIVERSITY PLANS RE-ARRANGEMENT

Johns Hopkins University.—Re-arrangement of the entire undergraduate department of Johns Hopkins university is being considered. Under this system, it would be an institution of higher learning and scientific research. Men, desiring to come to Johns Hopkins would be forced to spend their freshmen and sophomore years at other institutions.

ANNUAL WINTER CARNIVAL HELD AT BRIGHAM YOUNG

Brigham Young University.—The students of Brigham Young University staged their fourth annual Ice and Snow carnival at a neighboring resort during the last two days of January. This carnival is unique in that it is so arranged that the entire student body may indulge in all the thrills of skiing, tobogganing and hiking.

WASHINGTON UNIVERSITY HAS GIRLS' SOCIAL ROOM

University of Washington.—A social room for all girls has been added at the University of Washington. The room, to be known as the women's federation social hall, has been furnished with wicker chairs, davenport with chintz cushions, writing desks, and a grand piano.

"MEN'S" MEETING PROVES UNSUCCESSFUL AFFAIR

William Jewell College.—The men at William Jewell college tried to have an "all-men's" meeting recently, but the women would not stay away. Before the meeting was under way, a group of women entered, whereupon all of the men filed out of the building.

MUMPS EPIDEMIC RAGES AT UNIVERSITY OF KANSAS

University of Kansas.—An epidemic of mumps is raging on the campus. Plans are being made to curb the spread of the disease.

MANY HIGH SCHOOLS ENTER DEBATE LEAGUE

Contest for Championship Of State Scheduled

With eighty-six schools enrolled, the eleven districts making up the state high school debate league, are progressing rapidly towards the ultimate goal. By a process of elimination, the eighty-six will be weeded down until the state championship is won.

This will take place some time in the middle of May, according to Dr. Dan Clark of the extension division, who is in charge of the work on the part of the extension division. It is probable that the final debate between the two high schools contesting for the state championship will be radio-cast again this year as it was last.

At the present time the teams within the eleven districts are contesting for the district championship. According to reports, there is a greater interest this year in high school debating than has ever been taken before. Dr. Clark points out that in this manner future University debating material is developed. Last year Benoit McCrosky, now of the varsity team, debated on the Salem team, which won the state championship. Ralph Bailey is another who got his training in this manner.

The intra-district debates will begin March 10. After this by the process of elimination, the two leaders will debate for the state championship.

The subjects and the judges are all selected by the executive committee of the district, said Dr. Clark.

WALKING STATISTICS TAKEN AT OHIO BY PEDOMETEE

Ohio State University.—Students walk as far as eight and a quarter miles between classes in a day, in the estimation of an Ohio State student, who has been wearing a pedometer. He further calculates that most students walk from four to eight miles daily between classes. One hour of military drill registered from one and a quarter to one and a half miles. By a series of calculations he estimated that in three quarters of a semester a student would walk 1,170 miles

going to classes, and that the total distance walked by the 9,000 stu-

dents enrolled in the university in that time would be 10,530,000 miles.
