

# RIFLE SHOOTERS LOSE MATCHES

Women's and Men's Teams  
Drop Dual Meets

IMPROVEMENT IS SHOWN

Four Meetings Scheduled  
For R. O. T. C. Team

Both the men's and women's rifle teams of the University of Oregon lost their dual matches of last week, according to scores received here from the respective institutions that opposed Oregon marksmen. The R. O. T. C. team also fired the second and third stages of the Ninth Corps Area Rifle competition last week.

Firing from all four positions, the University of Oregon men's team scored a total of 3,166 points. University of Minnesota won with a score of 3,778, as did University of Iowa with 3,679. The local headquarters have not received the score for last week of Pennsylvania Military college with which a match was also held.

The girls, firing from only the prone position, lost their match to the University of Missouri, 986 to 907.

In all the matches, scores from ten members of the team of fifteen counted on the records. In the men's matches, the ten highest counted, while in the girls matches, there were twenty-three girls firing for Oregon. A team of fifteen was picked before the match, but the girls did not know who was on the team, as the instructors believe this would affect the scores.

**Use Four Positions**  
Prone and kneeling positions constituted the second stage for the men in the Ninth Corps match, while prone and standing positions were used in the third and last stage.

Individual scores for Oregon teams are as follows:  
Men: Watrous, 344; Williams, 328; Taylor, 327; Kidwell, 323; Harrison, 313; Burlingham, 312; Cepeland, 311; Getty, 307; Haddan, 305; Neidermeyer, 296; total 3,166. These scores are for all four positions, prone, sitting, kneeling, and standing. Other men's scores were, Peterson, 262; Walker, 281; Van Atta, 277; Church, 267; Brown, 266. This total score of 3,166 points out of a possible 4,000 was an increase of 147 points over the scores of the previous week.

Girls, one position: Huntsman, 98; Tilton, 93; Latham, 92; Bristol, 91; Vitus, 91; Doch, 90; Buchana, 89; Straughan, 89; Ellis, 87; Sandstrom, 87. Total 907 out of a possible 1,000. The other five girls on the team were: Blythe, 86; Compton, 85; Fleming, 84; Wilber, 84; and Pepon, 78. The following girls also fired: Dunbar, 90; Francovich, 89; Arnold, 88; Wagner, 88; Hanev, 77; Zurcher, 73; Keber, 69; and Grae, 60.

The girls have been doing well in practice, and the instructors expected a better showing from them. The score for last week was six points less than that of the previous week. Those girls showing well in practice will in all likelihood have a good chance to be selected for the team this week.

**Matches This Week**  
Matches for this week for the R. O. T. C. team are as follows: Mississippi A. and M., Syracuse university, Oregon Agricultural college, and Western Maryland college. Ten high scores will count in these matches, and firing will be from all four positions. The men have not done much record firing this week due to Monday being a holiday but will start in today.

The girls are matched with, University of Vermont, University of Cincinnati, Oklahoma A. and M. University of Washington, and University of Michigan. The team will consist of ten girls while scores of the five highest only will count in these matches. All the girls in the squad will fire however.

Results of the Ninth Corps Area match will be known by about the latter part of the first week in March as all the scores from the various institutions in the Area must be submitted by February 28. After they are checked for accuracy and compared to those of the other schools, an official bulletin containing the results will be published by the headquarters.

Theology and Science  
Compared by Professor  
In Lecture Last Night

(Continued from page one)  
may overstate his conclusions, sometimes, but the religionist is guilty of the same fault, in the opinion of the physics professor. Religion is a matter of spirit. The scientist's problem is to fit facts to-

gether.  
The Boynton lecture was a special lecture placed in the series of religious lectures sponsored by the United Christian Work of the University. There will be two more lectures given this term. "Judaism," will be discussed by Rabbi Jonah B. Wise, and "Protestant Christianity," will be given by Bishop O. Sheppard, of Portland.

## SOCIETY

By Lylah McMurphey  
PHONE 851

A true holiday spirit prevailed on the campus over the past week-end and a decided lull was noticeable in the social calendar. Many spent the time out of town, taking advantage of the unusually long week-end. During the week, however, Eugene had its quota of worth-while attractions, including the operas by the Brandon Opera company the later part of the week and the lecture by Syud Hossain on Tuesday evening at Villard hall.

The Craftsman's clubhouse was the scene of the To-Ko-Lo formal on Friday evening when the active members entertained the pledges and alumni from 9:30 until 11:30. About fifty-five couples attended the affair, which started after the basketball game at the Armory.

Patrons and patronesses were Prof. and Mrs. Frederick S. Dunn, Mr. and Mrs. Del Oberteuffer, Dr. and Mrs. Del C. Stanard and Mr. and Mrs. C. R. Manerud. Ralph Staley, Henry Hall and William F. James were the committee in charge of the dance.

News has been received of the

engagement of Miss Leone Hait, of Salem, which was announced at the home of the bride elect on Saturday, February 14, to Jack Burlington of Salem.

Mr. Burlington is affiliated with Sigma Delta Chi and Phi Gamma Delta fraternities.

The Alpha Xi Delta house became a veritable flower garden last Thursday afternoon when Hattie Fletcher became the bride of Frank Shontz before an altar of ferns and spring flowers. The service was performed by Rev. E. V. Stivers. Miss Fletcher wore a handsome rust ensemble suit with hat to match and carried a bouquet of bride's roses and lilies of the valley. Miss Marjerry Thompson, who was bride's maid was gownned in a frock of rust satin and carried a bouquet of rosebuds.

Calvin Yorán attended Mr. Shontz as best man. Vivian Harper played the "Rose of Alpha Xi" for the wedding march and was accompanied by Estelle Johnson on the violin. The ceremony was witnessed by members of Alpha Xi Delta and Phi Sigma Pi, of which house Mr. Shontz is a member, as well as a very few intimate friends of the couple and was followed by a delightful dance.

Mrs. Shontz attended the University and was a member of the class of '27 while Mr. Shontz is a junior in pre-medicine and plans to start in at medical school in Portland next year.

After a wedding trip to Newport, Mr. and Mrs. Shontz will make

### THE GAME AND "KEMPY"

their home in Eugene.

Gamma Mu chapter of Theta Kappa Psi entertained with a Valentine dance at the Hotel Portland last Saturday. This was the first dance given by the medical students since mid term examinations and proved to be a thoroughly delightful affair. The committee responsible for the attractive setting included Jesse West, Darrell Bollam and John Brand. Music was furnished by the University of Oregon Medical School orchestra. Patrons and patronesses of honor were: Doctors and Mesdames C. J. McCusker, A. A. Witham, and H. J. Sears.

Frances Karshner of Aberdeen, Washington, who attended school last year, is a guest at the Delta Delta house this week.

The local chapter of Alpha Phi entertained yesterday in honor of Mrs. H. W. Augustine, house mother, and Mrs. Martin B. Gault, visiting delegate, who is a graduate of the University of California.

## "Remembering"

Perhaps you have often remembered those flaky golden crusted pies that you get at home. Those juicy, racy pies with such a melting flavor. The Peter Pan makes just such pieces and what is more you can get them hot anytime you come in.

## Famous Yells

HEY!

"Hey," yells Officer O'Reilly; and he seems a little bit peeved at the traffic jam. But we don't feel a bit sorry for him.

He should have asked for a couple of assistants. He should have known that practically all of Oregon University would try to crowd into our store on the day we showed the new Kuppenheimer college models for spring.
