

## OREGON DEFEATS WHITMAN 7 TO 4

### Webfooters Make First Run In Second Inning; Visitors Cross Plate in Fourth

### NEXT GAME IS SATURDAY

### Missionary Pitcher Allows Several Walks; Makes Eight Strike-outs in Game

By Wilbur Wester

By making every hit count, Oregon defeated Coach Borleske's nine by a 7 to 4 score in a fairly evenly contested tilt yesterday afternoon on the new baseball diamond. Oregon's four long triples, and Skipper Brook's good twirling exhibition were the outstanding features of the varsity play in their second victory of the season.

The games started off with both teams holding each other to a long hit in the initial inning. In the second frame, Miller, the Missionaries pitching ace, was unable to locate the home plate, walking West, Brooks, and Reinhart in rapid succession, thus filling the bases. The Whitman twirler then hit Mimaugh, forcing in the first score of the game, holding the Oregon stickmen to this single tally in this inning, however.

### Whitman Scores in Fourth

The opposition did not break into the scoring column until the fourth canto, when they brought in their first run with a single.

The Webfooters collected eight hits during the afternoon, scoring seven runs, while the Walla Walla aggregation nicked Skipper Brooks for a total of ten solid blows, accounting for four runs. Miller, who was on the mound for the northern nine, had considerable difficulty in getting started, but at the finish of the encounter, he was alone responsible for eight strike-outs. Brooks fanned three of the opposing batters.

### Victory is Oregon's Second

Frank Reinhart, who has been shifted to the lead-off position, made a good showing with two hits out of four trips to the plate, one of his hits going for a long triple that came very close to being converted into a four-base blow.

Lynn Jones, besides playing a good fielding game, connected with a fast ball for a three-ply swat. Bliss and Skipper Brooks, also drove the ball for triples. Fred West, although getting but one chance at short, hit the ball for a solid two-base drive.

Yesterday's victory is the second time that the varsity has emerged the victor on the new baseball diamonds, having yet to be defeated on the new territory.

On Saturday at 2 o'clock, the Oregon nine will meet Willamette (Continued on page four)

## Campus 'Heaps' to Hold Speed Event At Fair Grounds

Henry Ford started something when he began making flivvers, for if there had been no flivvers there would be no campus "wrecks," and without them there could be no campus "wreck" races. So much for Henry Ford.

Next Saturday afternoon, all owners of "heaps" are urged to take part in a regular speedway event at the Lane county fairgrounds. Attractive prizes are to be given to winners of each race.

Already, half a dozen "relics" have been signed up, and several more have signified their intentions of so doing, according to the committee, consisting of Thomas Van Hines, Clare Heider, Steve Williams, Robert Crissman, and Pete Palmer.

Each driver must furnish his own mechanic who should be armed with plenty of baling wire and a pair of tin snips.

Prospective racers should see the committee at once in order to gain entrance to those races which the condition of their respective "wrecks" will allow.

The races are scheduled to start at 2 o'clock. An admission price of 25 cents will be charged the public.

## A.S.U.O. NOMINATIONS WILL BE MADE MAY 7

### Candidates to Be Announced At Next Assembly

With the Student Union drive past, campus interest is now centering on nominations for student body office. The nomination of candidates will be made at assembly on May 7. The elections will take place on Wednesday, May 13.

Candidates not nominated at the assembly may get their names on the ballot if a petition signed by 50 students is filed with the student body secretary not later than two days following regular nomination.

Furthermore, names of all candidates will be published in the Emerald on Tuesday and Wednesday, May 12 and 13, and information or announcements of candidacy to be published in the Emerald on either day must be given to the editor before 6 p. m. of the day preceding publication.

Student body offices to be filled include president, vice-president, and secretary of the student body; executive council, senior woman for a one year term, and junior man to serve two years; student council, two senior women, three senior men, one junior woman, two junior men, and a sophomore man; yell king, editor of the Emerald, and editor of the Oregonian.

Although only a week remains before the nominations there have been but few rumors concerning possible nominees.

## NEW PRESIDENT OF REED TO TALK

### Norman F. Coleman Familiar Throughout Oregon as Educational Authority

### VERSATILITY IS MARKED

### Speaker Holds Long Record In Industrial Fields Elected Head of Four L

Norman F. Coleman, recently elected president of Reed college, and widely known throughout the state as a speaker on both educational and industrial problems, will address today's assembly on "The Use of Group Discussion in Industrial Management."

Mr. Coleman has a long record of educational work, but his energy and versatility have carried him into other activities as well.

### Speaker Leads Students

It will be remembered that he was the leader of a party of fifteen students from the Pacific Coast in the "Student Friendship Pilgrimage" last year to Japan, where a special study of the student and industrial situations was made. Nearly all the colleges and universities on the coast were represented, although there was no delegate from this campus.

Mr. Henry W. Davis, student pastor on the campus, spent six months under the direction of Mr. Coleman, when the latter was head of the religious work for Camp Lewis during the war.

"Mr. Coleman has a strong, but unassuming personality," Mr. Davis said yesterday, "and he has a wonderful ability for taking hold of a situation and solving it. Perhaps no other man could have done what he did in the Four L organization. There is a very Lincoln-like quality about him—he is utterly sincere and sympathetic."

### Coleman Heads Four L

Mr. Coleman's connection with the Loyal Legion of Loggers and Lumbermen (Lour L), for which he is so well known throughout the state, began during the war when labor troubles threatened to tie up the lumber industry at a time when the government stood in urgent need of the output. He took a hand in the matter in Oregon, and won the confidence of the workers in logging camps and lumber mills so thoroughly that he was elected president. Although the war time necessity for the organization has passed it still exists with Mr. Coleman still at the head.

Music for assembly will consist of a solo by Mildred Welch, who will sing Brown's "God Touch the Rose."

## MATHEMATICS SOCIETY PLANS MEETING HERE

The mathematics department is preparing to send out personal invitations to all members of the western section of the National Mathematics society, to attend the convention of this branch of the society to be held here June 17.

This is the first time that the society has ever met in the Northwest, and the University should be proud of the honor of being the first northwestern university to be host, declared Professor E. E. DeCou of the mathematics department.

Since the weather at that time of the year will be excellent, Professor DeCou anticipates that many of the members from Washington and California will motor to Eugene. The society is composed of professors and instructors in mathematics in institutions of higher learning.

The mornings of the conference will be devoted to the reading of papers on mathematics and to discussions. Motor trips are being planned for the afternoons which include a trip up the McKenzie river as far as it is possible to drive in the mountains in the direction of the Three Sisters.

## Campus Gardeners Play Horseshoes During Noon Hour

"Atta boy! Pretty close."

"Good one—a ringer."

"Thirteen for me! Only two more minutes to finish this game."

Such conversation may be heard almost any day during the noon hour behind the University depot, where a game of horseshoes is usually in progress.

The campus gardeners, electrician, engineer, plumber, and others employed on the campus grounds gather after lunch every day for a hard fought contest, and play energetically until the one o'clock whistle blows.

Last year the custom of playing horseshoes was started, and it has been continued regularly since that time. Regulation horseshoes, owned jointly by the players, are used. The men are now planning to improve the place where they play by putting boards around the stakes, and filling in the ground.

## GOLFERS BEGIN SECOND ROUND IN TOURNAMENT

### Oregon to Be Represented At Pacific Coast Meet

The first round of the University golf tournament has been played off with the exception of one match, and one match of the second round has been played. As there are four matches in the second round the winners will constitute the University golf team. This team will represent Oregon at the Pacific Coast intercollegiate golf tournament, which will probably be held in Portland late this month.

In the first round, Jack Marshall defeated Basil Burke, 8 up and 6; Paul Matthews won from Bud Pearson, 2 up and 1; Armand Fuchs defeated Rables Epping, 5 up and 4; Bob Neighbor defeated Barney McPhillips, 1 up; Clate Meredith won from Dave Husted, 1 up; Ed Crowley defeated Francis Cleaver, and Leland Walker lost to Lloyd Byerly. The scheduled match between Bill McBride and Nelson has not yet been played. The matches are all scheduled 18-hole matches.

In the second round Marshall defeated Matthews 4 up and 3, in the only match of that round that has been played. The other matches scheduled are Byerly vs. Meredith, Neighbor vs. Crowley and Fuchs vs. the winner of the McBride-Nelson match.

David Husted, who with Lloyd Byerly, is one of the men in charge of the tournament, urges that all the matches of the first and second rounds that have not already been played off, should be played before next Monday so that the team may be definitely lined up. The tournament will later be carried out on an elimination basis to determine the school champion. The present good golfing weather should be taken advantage of to finish the tournament.

## OREGON KNIGHT DANCE TO BE FRIDAY EVENING

The Oregon Knights will sponsor a dance held at the College Side Inn, Friday evening, starting at 9 o'clock. Music will be furnished by the Winter Garden orchestra. Admission is to be \$1.00. Decorations will carry out a springtime motif, combined with the Oregon Knight helmet.

The organization is an honorary one, members acting as ushers at all games and concerts, meeting all visiting teams, conducting them to their hotel, and taking care of their baggage, enforcing Oregon traditions, and acting as guides about the campus for visiting conventions, or groups of guests.

The money raised at this dance will go towards paying for the new sweaters bought last year, which have helped to serve the student body since that time. Members of the committee in charge of the dance are, Alan Button, chairman, Lowell Baker, and LaVerne Miller.

## COUNCIL APPROVES INCREASE IN FEES

### SIDEWALKS OPEN TO CAMPUS FAGS

### Action on Petitions From Law and Architecture Departments Deferred

### MOTION NOW IN EFFECT

By accepting the revised report of the Traditions committee, the student council last night opened to smoking all sidewalks parallel to public streets running adjacent to or through the University campus. All sidewalks, therefore, on Eleventh, Kincaid, Thirteenth and University streets are open to smoking. The strip of parking on the north side of Thirteenth street from Kincaid to University was also opened to smoking.

The motion, which takes effect immediately, does not allow any privileged districts. It is understood, however, that smoking is permitted in Friendly hall and in the men's room of the Woman's building.

### Art Court Not Open

Under the adopted motion, the architecture court is not thrown open to smoking.

The traditions committee suggested that the council accept petitions for restricted districts for smoking when presented by organized groups. Because of a student council rule requiring all motions for new business to be laid on the table for two weeks, petitions from students of the school of architecture and students of the law school for restricted areas, were not acted upon.

The law school students presented a voluminous and wordy petition which finally revealed a desire to smoke under and about the two trees at the corner of the law building. The petition was signed by 49 prominent law majors.

### Vote of Thanks Given

A motion to extend a vote of thanks to the traditions committee for their work in investigating the student traditions, was unanimously adopted by the council.

A motion was passed to drop the plan of establishing a freshman court, as the plan was believed to be impracticable.

Permission was granted Mortar Board to conduct a doughnut sale on the campus.

## UNIVERSITY R.O.T.C. TO HOLD DRILL TODAY

The second of the series of weekly battalion parades, being held by the University R. O. T. C. unit, will take place this afternoon, on the drill grounds immediately south of the R. O. T. C. barracks. Assembly will sound at 5:15 o'clock, and all cadets are urged to report promptly to their company formations. Adjutant's call, for the start of the parade, will be sounded at 5:25.

"The parade last Thursday was satisfactory," said Captain Frank L. Culin, executive officer of the department, "but this one will show a marked improvement. The band has been working hard this week, perfecting the marching drill and cadence, and cadet officers and men, having had the experience of one drill, will be better prepared to go through a more efficient performance."

The military department extends a cordial invitation to all, and especially to the University women, who are interested in witnessing an impressive military ceremony, to attend the drill this afternoon. Cars may be parked along the west side of the drill field, on University street, from where the parade can be seen to advantage. The ceremony will last approximately half an hour, according to Captain Culin.

### Collection of \$5 Fee for Building Fund is Proposed

### A PROPOSED AMENDMENT TO THE CONSTITUTION OF THE A. S. U. O. CREATING A BUILDING FUND

To amend the A. S. U. O. constitution by adding Section 6, Article X.

### SECTION I.

Each undergraduate student shall pay \$5 a term to a fund to be known as the Associated Student building fund.

### SECTION II.

The \$5 fee shall be paid at registration time and held in trust by the Comptroller of the University.

### SECTION III.

The Associated Students building fund shall be under the control of Executive Council subject to the approval of the Board of Regents, to be used solely for the construction of buildings, which are now necessary or shall become necessary to the best interests of the Student Body, provided, however, that the first \$500,000 collected, including the amount already pledged to the Student Union, shall be used to construct and equip a Student Union Building, and to build additional seats on Hayward field and erect a basketball pavilion.

### SECTION IV.

Such fees, so collected, from students who have already pledged to the Student Union fund, shall be credited on their pledge.

### SECTION V.

This amendment shall become effective next year, but it shall not apply to any student who has already pledged to the Student Union fund.

## MANAGERIAL SYSTEM FAVORED BY COUNCIL

Unqualified approval of the proposed managerial system providing for a complete revamping of the present system of managers, was expressed by the student council last night. The plan which comes before the executive council for approval today, will come up for student body approval at the annual student elections on May 13.

The new system provides for a general student manager who will direct junior managers of each respective sport, glee clubs and forensics. This general manager, who will be known as senior manager, will be in complete charge of all managerial activities, and will hold a position in campus affairs comparable to that of student body president.

A stability in the management of all sports, glee clubs, and forensics will be the result of the new plan, it is believed. Promotion is based on merit and service.

First year men are to perform the actual labor under second year men who will be termed assistant managers.

## 'HASSAN', PLAY OF BAGDAD, CONTAINS PICTURESQUE DRAMA

Probably one of the most colorfully romantic and picturesque plays produced in the department of drama within the past few years will be presented to the campus in the vehicle of the play "Hassan" May 13, 14, 15 and 16.

To those particularly interested in the drama, the name "Hassan" is a familiar one, wherein lies any discussion of what is successful or unsuccessful as concerns the legitimate stage presentation to the public. Written by an Englishman, and first presented on the London boards with as great a success as many of the finest productions, "Hassan" was later sent to New York, where it met with less enthusiasm, because of that metropolis' inability to recognize what was beautiful in the poetry and rhythm of drama, with which "Hassan" is so richly endowed. The play itself is replete with enthralling color and magnetic sparkle of motion. Through it runs the story

## MONEY TO AID BUILDING FUND

### Program Definitely Insures Student Union, Bleachers, And Basketball Pavilion

### PLAN WOULD SAVE \$40

Unanimous approval of the proposed plan to add \$5.00 a term to student body fees to pay for a Student Union, basketball pavilion, football bleachers and other buildings and structures needed by the student body, was expressed at a meeting of the student council last night.

The motion came as the result of a suggestion by student body president Randall Jones, and gives student sanction to the proposed amendment. Today the proposition will come before the Executive Council. If that body sees fit to give its sanction to the amendment, it will then come up for final approval before the board of regents next Saturday morning. Finding favor with the board of regents, the amendment will come up for student body vote at student elections May 13.

### Seven Points Favor Plan

The arguments in favor of the amendment were briefly as follows:

1. A payment of \$5.00 a term, or \$60.00 for the entire four year period is easier for the student than a \$100.00 payment stretched over a period of ten years after graduation. If the student pays his pledge starting immediately after his freshman year, the \$10.00 yearly payment is almost as large as the proposed \$15.00 payment, and drags on for six years after graduation. To pay while in school is to save \$40.00.

2. This \$60.00 payment while in school amounts to \$98.00 in ten years when the interest is compounded, and means as much to the University as a \$100 pledge.

3. Many pledges, for one reason or another, are never paid. It is well known that a large shrinkage is always prevalent when pledges in large numbers are accepted. If the money were collected with the fees the Student Union, the basketball pavilion, the bleachers, etc. would be definitely assured, and the whole proposition put on a business-like basis.

4. If such an amendment were adopted the burden upon students would be equalized and perpetuated, and would be fair and just.

5. If an income of \$15.00 a year from each student was assured, money could be immediately borrowed on the strength of that income, and much-needed improvements could progress at once.
