Course in Supervision of Activities Listed

Miss Marion Brown, who holds the degrees of A. B. and M. A. from the University of California, and who is at present vice-president and dean of girls in the University high school, Oakland, California, will conduct courses on the campus this summer in a line of work which has never been given on the Oregon campus before. One course will be given for advisors of girls and another for the organization and supervision of student activities.

A demand for this sort of work has been steadily increasing until at present it is not only about as important as any other school course but it is becoming an important phase of the life of every high school in the country.

As dean of girls, Miss Brown has supervision of all phases of girls work in the school, including academic guidance, vocational guidance, health, discipline, direction of social interests, and attendance. As vice-president, she has general supervision of extra curricular activities, including student government, clubs, class organizations, publications, productions, and social functions.

Miss Brown is well prepared for teaching this work, declared Dr. F. L. Stetson, for she has had training with some of the best informed, and leading experts in the country.

FROSH PICNIC CALLED OFF; ELECTIONS SOON

Owing to lack of sufficient funds and because of the numerous other spring activities and athletic events, members of the freshman class at their meeting at Villard hall last night unanimously voted to omit the scheduled class picnic. Plans had been made to hold the affair Saturday, May 16.

The class authorized its officers to borrow sufficient funds from the University treasurer for numeral sweaters, Junior Week-end needs, the floral decoration of two graves of two Oregon students who were killed during the World War and whose remains lie in local cemeteries, and also to pay outstanding debts. The assemblage also voted that the comptroller assess a special 75 cent tax on the class next year to pay for this year's loan.

Maxine Edmunds, vice-president, announced that a meeting of the class would be held next week for the nomination of class officers for next year.
