

ADVANCED STUDENTS GIVE MUSIC RECITAL

Public Program to Begin At 8:30 Tonight

Tonight at 8:30 in the auditorium of the school of music the advanced students of that school will be presented in a recital, which is open to the public.

Among the well-known musicians of the campus to be heard tonight are: Delbert Moore, violinist; Richard Adam, tenor; Mildred Welch, soprano; Gwendolyn Lampshire Hayden, violinist; and Alma Lawrence and Barbara Edmunds, pianists.

The program for tonight is as follows:

- 1. Sonata, Op. 2, No. 2...Beethoven Allegro Vivace Badinage...Victor Herbert Barbara Edmunds
2. Ave Maria...Schubert-Wilhelm Fantasie Appassionata...Vieuxtemps Delbert Moore
3. J'ai pleure en reve George Hue In Autumn...Pearl Curran Life's Dream...Mary Brown Mildred Welch
4. Pale Moon...Kreisler-Logan Indian Concerta...Burlleigh Gwendolen Lampshire Hayden
5. Oh, Golden Sun...Freebey Thy Beaming Eyes...McDowell Songs of Araby...Clay Richard Adam
6. Spinning Song...Mendelssohn Serenade d'Arlequin Sgararello Alma Lawrence

OREGON FROSH DEFEAT UNIVERSITY HIGH 4 TO 2

Local Nine Shows Speed; Outfield Is Question

In a fast scrappy baseball game the freshman baseball team defeated the University high school, 4 to 2. Because of a shortage of time the game only went five innings.

This week the frosh are putting in hard workouts in order to give the Aggie rooks a battle in the game at Corvallis next Saturday.

The outfield is still one of Sorsby's big problems. He has a number of outfielders turning out and with the addition of surplus infielders in the outer gardens it is a big job picking three men.

Batteries: Frosh, Bamber, Tries and Caughell; University high: Burton, Page and Bidings. Umpire, Pug Toole.

"Building for Peace" Subject of Assembly Talk by Thomas Green

Then his journalistic tendencies became apparent in 1910 when he became associate editor of Hampton's magazine in New York.

Dr. Green has been connected with the University of Minnesota and the University of Kansas as extension lecturer, and has served in the capacity of special lecturer for the Carnegie Endowment for International Peace, for the American Red Cross, and as director of the speakers' bureau of the U. S. Treasury department at the time of the Victory Liberty Loan.

ORATORIO SOLOIST ARRIVES; OTHERS EXPECTED TODAY

Mr. Gage Christopher, bass soloist for the "Creation," which will be given this coming Friday and Saturday evenings by the Eugene Oratorio society in the Methodist Episcopal church, arrived in Eugene yesterday and is stopping at the Hotel Osburn.

SUMMER SCHOOL FEES TO BE RAISED IN 1926

The recent action of the board of regents in raising summer school fees does not go into effect until summer school of 1926, according to Alfred Powers, acting director of the extension division.

"Because of the action of the regents in raising the summer school fees many inquiries have come in to the extension division asking whether or not the new \$15.00 fee goes into effect this session," said Powers. "However, it will not. And as originally announced in the catalogue the present \$12.50 rate will be charged for the six week's session at both Portland and on the campus."

FIELD TRIP PLANNED FOR GEOLOGY CLASSES

Fossils of Jasper Section Will Be Examined

The classes in historical geology will go on a field trip, Saturday, May 16, which will last from about eight in the morning until noon.

In this region several feet of rock beds are tilted up by diastrophic action and eroded by the action of the river until ridges can now be clearly traced. The classes will examine the rocks for fossilized organisms, and will collect fossilized leaves of different trees that have been preserved in the rock.

Relatively few fossil leaves have so far been collected, so it is hoped this expedition will increase the collection materially. The leaves will be used to help in determining the age of the rock beds.

GIRL RESERVE CLUBS TO GIVE JOINT BANQUET

Many Members to Receive Rings for Service

A mother-daughter banquet will be held at the Christian church Wednesday evening at 6:00 for the University high school girl reserves, the Tri-Y's and the Freshman Girl Reserve club at the Eugene high school with their mothers.

The program, although not definitely arranged, will contain several toasts and as a special feature rings will be presented to the girls who have earned them by work required by the laws of the organization.

"Girl reserve work is unique here," Miss Magowan remarked, "and is handled largely by the University students. Genevieve Chase is leader of the University high school group." Several students are also leaders of girl reserve clubs in the grammar schools.

FORD DEMOLISHED IN AUTO ACCIDENT NEAR GOSHEN

A Ford was completely demolished and two University students slightly injured in an automobile accident on the highway near Goshen Sunday afternoon. The driver of the car, Bob Walker, and a girl companion were traveling south about 20 miles an hour, when another car coming north, suddenly turned and headed straight for the car in which they were riding.

SPANISH CLUB WILL HOLD ELECTION 7:15 TONIGHT

Aside from the election of officers for the coming year, the meeting of El Circulo Castellano, to be held tonight at 7:15, in the Y. W. bungalow, will consist of the usual business. The club songs will be practiced; Spanish games have been promised.

PHILOSOPHY CLUB TO HEAR PAPER BY DR. FRITZ MARTI

Dr. Fritz Marti, of the philosophy department, will read the paper before the Philosophy club, at a meeting to be held tonight, in the Woman's building. "Religious Reality" is the topic. After the reading, an informal discussion will take place.

MU PHI EPSILON LOAN TO BE AWARDED SOON

Tryouts Open to Women in Music Department

Try-outs for the two scholarships granted annually by Mu Phi Epsilon, national musical fraternity for women, will be held within the next few weeks. These try-outs are open to women students in voice, violin, and piano.

In this manner it is hoped by the fraternity to assist two worthy students in continuing their study of music in the University. The loan will be payable six years later without interest. By changing its policy from giving outright gifts, to making loans, Mu Phi Epsilon, expects in time to be able to help more than two students a year.

Those interested in the try-outs should watch the Emerald for further announcements regarding applications and time and place of try-outs. Students competing should be prepared with two contrasting numbers.

PI LAMBDA THETA ELECTS OFFICERS FOR SCHOOL YEAR

Pi Lambda Theta, women's national educational honorary, held the annual election of officers at a luncheon meeting, held last week at the College Side Inn. Those elected were: president, May Borquist; vice-president, Cecile Bennett; recording secretary, Winifred Andrews; corresponding secretary, Caroline Tilton; treasurer, Mrs. Henry Sheldon, and keeper of the records, Mrs. F. L. Stetson.

Regents Acts Facing Inquiry On Principles In Professors' Bulletin

(Continued from page one)

those state universities that are legally incapable of making contracts for more than a limited period, the governing boards should announce their policy with regard to the presumption of re-appointment, in the several classes of positions, and such announcement, though not legally enforceable, should be regarded as morally binding.

Formulation of grounds for dismissal.—In every institution the grounds which will be regarded as justifying the dismissal of members of the faculty should be formulated with reasonable definiteness. Your committee does not think it best at this time to attempt to enumerate the legitimate grounds for dismissal, believing it to be preferable that individual institutions should take the initiative in this.

Judicial hearings before dismissal.—Every university or college

teacher should be entitled before dismissal or demotion to have the charges against him stated in writing in specific terms, and to have a fair trial on those charges before a special or permanent judicial committee, chosen by the faculty, senate or council, or by the faculty at large. At such trial the teacher accused should have full opportunity to present evidence and if the charge is one of professional incompetency, a formal report upon his work should be first made in writing by the teachers of his own department and of cognate departments in the University, and if the teacher concerned so desire, by committee of his fellow specialists from other institutions, appointed by some competent authority."

Varsity Track Squad Hard Hit By Sickness And Injuries to Men

(Continued from page one)

team placed second, the mile relay, would probably have been won if Pen Wilbur had been running in the regular line up. He pulled a muscle in a workout before the meet in Portland and was unable to run his lap. Don Jeffries, a varsity half miler, was drafted to take his place. Not having trained and worked on the shorter race he did not do as well as the regulars.

The 880 team was minus the services of Walt Kelsey, the fastest man on the team by a good three yards, who was left behind in Eugene with a slight attack of the influenza. The team in spite of the handicap finished a good third in the relay.

Chick Rosenberg, who has been kept from working out in the javelin for a few weeks after the Stanford trip with an injured heel, has completely recovered from the injury and is tossing the spear well over 180 feet consistently. He promises to be Oregon's high point winner this year for he will probably enter the javelin, pole vault, and broad jump in all the meets. The javelin event is bolstered up

by Louie Anderson who is eligible for varsity competition this term. Louie is going to be a strong second placer to Rosenberg in the spear throw.

The varsity is training hard for the meet with Washington. There will be some strong competition in all events and it will be a fight for the Oregon team to win. Bill is hoping that his cripples come around into shape for Saturday's competition.

Communications

(Continued from page three)

gument really carries much weight when it is carefully considered. I sometimes think that we are inclined to over-emphasize the fact that a large per cent of our students are working their way through college. Yet I am glad that it is possible to do so, and I have great respect for the students who are working their way through college, for I am one of them, and would probably never have had a chance for a college education if such were not possible.

Probably there are a few students on whom the extra \$15.00 a year would place a considerable burden, perhaps even to the extent of having to drop out of school for a term or a year to catch up. But is that consequence so serious as some would have us think when compared to the great benefits that would result from the passage of the amendment? Are there not many students on our campus who would really be benefitted by dropping out of college and putting in a year in the great school of experience? Would not many of our freshmen, and other students too, get much more out of their college life if they had more experience back of them as a foundation for their college work? You will probably raise the objection that a good many students would lose interest in college or get interested in some profession and never come back to college, or never come to college at all if they have never started, if they have to drop out a year and work. That is certainly a valid objection and a good one, but I think that the majority of students who are working their way through college and who

are having such a struggle to make ends meet that the addition of \$15.00 a year to the fees would force them to delay their college work for a term or even a year in extreme cases, would certainly have enough determination and interest in their efforts to get a college education that the delay would not prevent them from going ahead with their plans. Many students would probably be benefitted if they did drop out a year and work, and then come to college and not have to carry such a burden of outside work, thus allowing them more time for doing better work in their studies or for campus activities. Let's vote for the amendment. D. E. PATTERSON.
