

PROGRAM GIVEN FOR WEEK-END

Soph-Frosh Tug-o-War and Painting of the 'O' Are Scheduled for Friday

EBY CHAIRMAN OF EVENT

Campus Luncheon Music to Be Given By Orchestra Chosen for Junior Prom

Friday, May 22, has been officially declared a holiday for the observance of Campus day, according to Robert McCabe, Junior Week-end directorate chairman. All University classes will be dismissed on that day.

Plans for campus day are now complete, according to the announcement made by Kenneth Stephenson, campus day chairman, and Paul Ager who is chairman of athletics.

The first event of Junior Week-end will be the special parade of the R. O. T. C. units which will be held at 5 o'clock on the R. O. T. C. field, south of the barracks, on Thursday afternoon. All units will take part in this parade which will take place at the same time that regular weekly parades are held.

Frosh to Paint O
On Friday morning at 9 o'clock, all freshman men who have made numerals in football, are to meet at the corner near the Co-op store. All men in the Order of the "O" are asked to meet there at the same hour in order to accompany the freshmen to Skinner's butte for the painting of the letter. The list of freshmen who are to participate in the painting of the letter will be announced later.

At 9:15, the annual tug-of-war between the sophomore and freshman classes will be held at the regular place. The presidents of the sophomore and freshman classes are asked to choose their "huskies" for their respective teams within the next few days. Bert Gooding will have charge of the event.

Caps to Be Burned
Immediately following the tug-of-war, the burning of the green caps by the freshmen will be held on Kincaid field. All freshmen must report on Kincaid field at that time. Roland Eby has been chosen as chairman of this event.
Music will be provided by the same orchestra which has been chosen for the Junior Prom, while the campus luncheon is being served.

SHERIFF OF LINCOLN COUNTY CHAPERONES OREGON STUDENTS

Interesting tales are still coming to the ears concerning the coast trip of the biology class.
A puncture on the way down was at first attributed to the heavy wit on the back seat, but the accused were fully exonerated later when a file was found in the inner tube. Three cabins held the crowd—All Inn was the girls', Wait-Till-I-Cum-Inn the boys', and Aspirin the general cabin where meals were served.

"We had to get up first, build the fires, and then serenade the boys to get them up," declared the girls, "but they worked well once they got up. We arose at four o'clock and gathered specimens until ten o'clock, when the tide came in. After that we played."

Recreation in Newport is well chaperoned, as four members of the group, who were accompanied on a moonlight walk, by the sheriff, can testify. For further details inquire of Ralph Highmiller.
Skating both at the rink and on the slimy rocks was indulged in by most everyone. "Isn't this striking?" exclaimed May, viewing the scenery. Just then Blondel Carleton slipped and sat on some sharp rocks. "Yes, I'll say so," he replied pleasantly.
Pearl fishing was tried by a few

Students Requested To Fill Out Cards For Alumni Files

Seniors! Questionnaires for the alumni files must be filled out this week! "It is important that they be filed here," said Jeanette Calkins yesterday, "since all seniors are automatic members of the alumni association, following the action taken recently by the class as a whole."

Each member of the class of '25, is entitled to a year's subscription to "Old Oregon," but unless the questionnaires are filled out, there will be no way of sending the alumni magazine to them. The cards are both in the alumni office, and, for the convenience of seniors, at Grace Murfin's window in the Registrar's office.

VARSITY BALL SQUAD TO BEGIN ROAD TRIP

First Game to Be Played With Huskie Nine

The Oregon baseball squad leaves at 11:10 today on its northern invasion. An attempt will be made to swing into the lead of the north-west conference standings by winning the four games on the road trip. The initial contest will be played Wednesday, against the dangerous Washington nine at Seattle.

The complete schedule for the week is as follows: Wednesday, University of Washington; Thursday, Washington State; Friday, Idaho, and on Saturday, Whitman college, the final game of the trip. From present indications, the varsity will meet its stiffest competition against the Idaho and Washington nines, both of these teams having previously defeated Oregon this year.

Thirteen players will make up the invading squad, which includes, Bliss and Minnaugh, catchers; Brooks, Harrison and Williams, pitchers; Adolph, first; Hobson, second; West, short; Cook, third; Knudson, Wright, Reinhart, and Jones, field.

The Oregon-O. A. C. game scheduled for last Saturday was indefinitely postponed on account of the weather, however, upon the return of the team from the north, a date will be arranged for the playing of this contest.

Oregon now stands with five wins and two defeats, and a good record on the trip will greatly aid the varsity in swinging into the lead.

of the more daring.
It seems that May Borquist saw a gleaming, pearly object just under the edge of the rock, and, determining to have it, waded in over her boot tops and plunged her arm in up to her shoulder, but failed to reach it. Blondel came to her assistance, aided by six others who gave directions simultaneously from the top of a rock. Finally Blondel plunged in, overturned the rock, grasped the shining object, and drew forth—a worn off mussel shell.

Bill Hamilton caught his foot in a crevice while climbing about the rocks, and had to take off his shoe to release his foot. He now recommends dynamite as part of every camp equipment.
No casualties occurred except to the star fish, sea urchins, anemones, et cetera, which now repose in jars of mixtures in the smelly depths of Deady.

Pianist who will play here

David Campbell

DAVID CAMPBELL TO APPEAR HERE

Executive of Ellison-White Conservatory Will Give Piano Recital Wednesday

ARTIST, A PUPIL OF GANZ

The campus will be pleased to learn that Mr. David Campbell, head of the piano department of Ellison-White conservatory, will play a piano recital at the school of music auditorium on Wednesday, May 20, at 8:15 o'clock.

Mr. Campbell is always a favorite with his audiences. A successful concert career in Europe was interrupted by the war and the artist returned to this country. Shortly after we entered the war Mr. Campbell enlisted and was sent abroad with the American Expeditionary forces. At the close of the war he returned to his playing and his success as a concert artist has grown steadily.

Campbell Here Before
Mr. Campbell studied with Rudolph Ganz and the master said of his pupil: "He has a great public gift and surely will go far in the world of music."

Mr. Campbell's last appearance on this campus was two years ago when he played a piano concerto with the Portland Symphony orchestra.

DOUGHNUT BASEBALL TO CLOSE THIS WEEK

This week will see the close of the doughnut league baseball schedule for this year if the weather man can control the downpour of water long enough for the playing of four games.

The final game will be an added feature for this week-end providing the semi-finals are terminated.

Two games in the second round will be played this afternoon on the famous Cemetery ridge battleground. In the opening encounter Sigma Pi Tau will try to out score the boys from Sigma Nu at four o'clock. Kappa Delta Phi will meet the mighty Phi Gamma Delta team at 5:30 in the second game.

The semi-finals will be played on Thursday of this week between the two winners of today's games and the Beta Theta Pi and Bachelordon teams. These games are to be regular seven inning contests according to the ruling of the league. The final game will be played sometime Saturday and will be a regulation big league encounter. Announcement of time, place and batteries will be made later, according to Virgil Earl.

MEN TEACHERS IN DEMAND BY APPOINTMENT BUREAU

Latest reports from the University teachers' appointment bureau show that men applicants are in demand. Men who desire to, teach next year are urged to turn in their applications. Special requests have been made for men who can teach athletics, science, English and manual training.

ARTS TO MERGE IN DANCE DRAMA

Three Departments Plan To Combine in Producing Colorful Event, May 27

ORCHESTRA TO ASSIST

Members of Orchesus to Supply Leads in Mardi Gras and Lake of Swans

The combined talent of the music, art and physical education departments will be commandeered for the production of a Dance Drama this year which, on the strength of its rehearsals, promises to be one of the most spectacular events of the college year. The date set is May 27.

In previous years the Dance Drama has been produced by the physical education department alone. This year will be the first attempt to correlate three of the arts in their various modes of expression into one production planned on a proportionately larger and more elaborate scale.

Orchestra Already Rehearsing

Rex Underwood's orchestra which is now rehearsing the special music which will accompany the dancers, will represent the music department. Professor N. B. Zane of the art department, who directed the designing and painting of the colorful scenery for the recent production of Hassan, has begun work on the Oriental scenery for "A Night's Mardi Gras," one of the three intervals of the drama.

The costumes of the dancers are being designed and made under the direction of Miss Victoria Avakian, instructor in costume designing in the art department. The booth tenders who call their wares, the flower girl, the Russian peasant and the shifting mob of light hearted masqueraders who become a blaze of blended color under the swinging lights of the Eastern bazaar, will owe their brilliance to the class in costume design.

Art Department Cooperates

Art department treasures are also being loaned for the occasion. Lace, bright scarfs and valued antique pottery have been promised for the Mardi Gras scene. The collection of rugs and jewels and other stage properties for this act has been in progress for some time.

Orchesus, an honorary dancing organization on the campus, will furnish much of the talent for the dance work in the drama. The title roles in both "A Night's Mardi Gras" and "The Lake of the Swans" are being filled by members of this advanced dancing group.

July day in the art department this term has been set for May 27 in order to coincide with the date of the Dance Drama. This production will be the feature of the entertainment planned for out-of-town patrons of art who are attracted to the campus each year by the activities of these three departments.

Plots Are Symbolic

The underlying symbolism of the plots is a quality which marks both dramatic intervals being planned for the Dance Drama. The impulsive Pierrette, gay as the thistle down in a wind-blown field, loves pleasure—the effervescent pleasure of the hour. The jewels and silks and laces of the rich merchant intoxicate her. She thrills at the glitter of the gems, the sheen of silk. She must have the glamor of lights and music and revel.

But there is Pierrot. He does not care for the lights and the baubles of the hour. His pleasures are deeper, more lasting. Pierrette loves Pierrot. From the moment they meet in the Mardi Gras crowd it is a struggle between Pierrot's love and the glitter of the artificial and empty. Pierrot and Pierrette represent the two types of pleasure men seek in the world—the pleasure of the senses and the pleasure of the soul.

Tickets for the Dance Drama are on sale at Laraway's and the Co-op. There will be a limited number of reserved seats.

Oreganas Appear Today Distributions Start 8:30

CAMPUS LUNCH PLANS OUTLINED

Committees Will Meet Wednesday to Organize; Full Attendance Urged

LIST OF WORKERS MADE

The weather is the only doubtful thing about the campus lunch, at present. Everything else is on its way to completion for the annual junior feed, to be given next Friday. Food has been ordered and workers lined up so that only the absence of old Jupe is requested to make the day a success, says Margaret Vincent, in charge of the lunch.

A meeting will be held tomorrow night in Condon hall at 7:15 for all junior women who have been asked to serve, for all sophomore men who will handle the ice-cream, and for those in charge of transportation. The meeting will not last longer than 8 o'clock. Mrs. Davis will outline plans for serving and instructions will be given to all workers. It is important that the following be present at the meeting: Ellen McClellan, Katherine Reade, Janet Wood, Helen Webber, Helen Cantine, Gertrude Harris, Philippa Sherman, Irva Dale, Marian Wagini, Betty Lewis, Mildred Kennedy, Edna Murphy, Edith Pierce, Helen Coplan, Lillian Vulgamore, Vivian Harper, Avis Langmack, Catherine de Neffe, Deloris Pearson, Margaret Woodson, Margaret Stahl, Margaret Kressman, Helen Reynolds, Sigrid Martinson, Peggy Boyer, Mildred Nichol, Louise Inabnit, Ruth Gregg, Lylah McMurphy, Esther Davis, Dorothy Abbott, Mildred Onslow, Hulda Guild, Margaret Watson, Cecile Bennett, Lucille Perozzi, Bob Gardner, Dick Lyman, Parker Brannin, Paul Peek, Cliff Powers, Nick Carter, Ralph Staley, Harold Brumfield, Lowell Baker, Don Cash, Alan Button and Bob Officer.

The total circulation this year is 1700, the largest edition ever published, and 200 more than last year. About 800 Oreganas are on hand now and more will be down today.
One of the features of the book is the paper used. It is a "natural" shade, or cream-color. The printing was done by Dimm & Sons, Portland, Oregon, the engraving by Hicks, Chatten Engraving company, and covers by Molloy and company, Chicago. Much of the success of the year-book is due to the cooperation given by these firms.
In case the weather is stormy the book will be distributed in the Administration building.

W. D. FENTON, DECEASED, DONOR OF COLLECTION

William G. Hale, dean of the law school, went to Portland yesterday to attend the funeral of William D. Fenton Sr., retired Portland attorney, who died at his home on May 15 after a long illness.

FOUR DAYS REMAIN TO COMPLETE CANOES

All houses are urged to work on their floats as much as possible within the next couple of days, for there are only four more days in which to complete them, according to the announcement made by the canoe fete chairman yesterday.

The floats must be in the mill race, and in the order in which they are to pass the bleachers, by 6 o'clock on Friday. This is imperative, it was stated, in order that the program may be carried out as it was originally planned.

Geneva Smith, who is in charge of the ticket sale, has placed them on sale at the Co-op; and she reports that they are selling rapidly. All students are asked to buy them immediately, for at the present rate of disposal they will be completely sold by Wednesday. Tickets for the bleachers are 50 cents. Tickets for the town people are on sale at Kuykendall's drug store downtown.

Betty Rauch, chairman of the feature committee for the fete, announced that the Pi-d Pipers, who have been engaged to play during the campus luncheon, will also furnish the music for the fete. A barge will be anchored across the race from the bleachers for the orchestra and for the Barber's quartette, which will furnish several selections during the fete. The orchestra will begin playing at 7 o'clock, so there will be music before the fete begins. A special spot light will be thrown upon the barge.

Students Should Have \$2.00 Ready. Few Extra Copies

Oreganas will be distributed today at the student union campaign shack across from the library, from 8:30 until 4:30. To facilitate distribution, students are urged to have checks made out before hand, payable to the 1925 Oregana, and to form in an orderly line on the sidewalk.

It will not be necessary to present receipts, says Ken Stephenson, circulation manager, since a complete index has been made of all subscriptions and the amount paid. The amount deposited on the book at the time of the drive last January was \$2.00. \$2.50 more will have to be paid before the Oreganas will be issued.

Students are urged to deposit the wrapper on the book in a box beside the building, in order that the papers will not be littered up with papers. A few extra copies are available for those who did not order in advance.

Augusta DeWitt, editor of the Oregana, is very pleased to get it out in such good time. She attributes this to the splendid cooperation of all the staff who have worked hard and faithfully.

The total circulation this year is 1700, the largest edition ever published, and 200 more than last year. About 800 Oreganas are on hand now and more will be down today.

One of the features of the book is the paper used. It is a "natural" shade, or cream-color. The printing was done by Dimm & Sons, Portland, Oregon, the engraving by Hicks, Chatten Engraving company, and covers by Molloy and company, Chicago. Much of the success of the year-book is due to the cooperation given by these firms.

In case the weather is stormy the book will be distributed in the Administration building.

COLLEGES AGREE ON THREE POINTS

Concessions Made by O.A.C. Deal With Courses in Basic Arts and Science

BOARD TAKES UP CASE

Arguments Heard in Clash Between Institutions on Duplication of Effort

Portland, May 18.—(Special to the Emerald)—The Oregon Agricultural college, through Dr. M. E. Smith, dean of the school of basic arts and sciences, made the following concessions today at the formal hearing before the board of higher curricula:

I. O. A. C. agrees not to offer a bachelor's degree in the school of basic arts and sciences.

II. It will offer no major work in this school, its courses serving only as service courses.

III. In history or modern languages or English, no student at O. A. C. may present more than 27 hours towards a degree, except that in the latter subject an additional nine hours may be permitted in written English.

Oregon and O. A. C. reached an understanding on work in the school of basic arts and sciences in the college following a conference between Dean Colin V. Dymont of the University college of literature, science and the arts, and Dean Smith. The University has protested advanced courses which O. A. C. had presented to the board of higher curricula. Protests were lodged also against duplication of courses by O. A. C. in education, physical education, journalism, music, and business administration.

Executive Session Called

After hearing arguments by spokesmen from both institutions, Chairman C. J. Smith, announced late this afternoon that the board will go into executive session. There will be no further public sessions, unless the board so decides. Other members of the board of higher curricula are C. A. Brand of Roseburg, J. C. Hedges of Oregon City, Rabbi Jonah B. Wise of Portland, and C. J. Beale of Tillamook.

The University was represented on the floor at the hearing today by Dean H. D. Sheldon, Dean E. C. Robbins, Dean Eric W. Allen, and Dean Dymont. Short statements were made also by Regents Gerlinger and Gordon.

CHARGE OF HIGH COSTS AT UNIVERSITY DENIED

Portland, May 18.—Representatives of the University of Oregon and the Oregon Agricultural college appeared before the state board of higher curricula today and argued the question of duplication of courses at the two institutions of higher learning. Under ruling of Dr. C. J. Smith, chairman of the board, the case is to be taken under advisement.

The case came up before the board on the request of the University of Oregon that the Oregon Agricultural college be required by

COLONEL LEADER RETURNS TO CAMPUS FOR WEEK-END

"Next year I'm coming out from London by zeppelin for Junior week-end," declared Colonel John Leader, thrusting his thumbs into the pockets of his lemon-yellow sweater. The colonel arrived Saturday from Victoria to remain in Eugene until after Junior week-end.

Colonel Leader expects to leave in August for England, where he is buying the house in Huntingdonshire from which his family emigrated to Ireland in 1665, but he says he will be out every spring for Junior week-end.
"The house still has the moat we captured in the War of the Roses from the Beauchamps in fourteen hundred something," said the Colonel, and went on to tell how the recent occupants of the house have installed electricity, a central furnace system, and four bath rooms. "Must have been

Americans," he smiled. "The four baths, you know—a quaint change in a medieval castle with a port-cullis and bastions."
"I have been pressing for war between England the United States in hope of getting the movie rights—marching under the banner 'For God and Booze,'" chuckled the Colonel; and then, more seriously, "Judge Partridge is a hero to all respectable people in Canada—everyone was delighted with the stiff sentences served out in California to the rum runners from Canada."
"Nobody would believe the difference in American and Canadian towns. Drunkenness is rampant under government license."
Since his last visit to Oregon, Colonel Leader has written a scenario (the one for which he hopes

(Continued on page four)
