

TWENTY TO REPRESENT OREGON AT CONCLAVE

Y. W. Seabeck Conference June 23 to July 3

From all indications Oregon will be well represented at the annual Y. W. C. A. Seabeck conference at Seabeck, Washington, June 23 to July 3. About twenty girls have signified intentions of attending the conference and it is expected that even more will go. Virginia Keeney is head of the committee arranging for delegates and she announces that she will appoint a girl in each house to present Seabeck to those who would not be reached otherwise. The conference is not limited to Y. W. C. A. members. All who are interested are welcome.

Blossom Perry of Tacoma, is to be recreation leader again this year. The program has been arranged so that all addresses and discussions will be held during the morning sessions. Afternoons and part of the evenings will be devoted to recreation. A circular from the northwest headquarters in Seattle announces that the recreations will be free and unorganized so that none will feel obliged to participate in them unless it is desirable. The circular reads further "Realizing the value of music, more opportunity for group singing will be given this year."

Another interesting feature of this year's conference will be the discussion groups. "Those groups will be under the leadership of trained and competent people. Topics for discussion will be based on questions vital to every girl and will be followed by addresses from the conference speakers. Time will be given in each group to summarize the ideas and convictions gotten during the previous day," states the circular.

The general subjects which will be lectured upon and discussed are: "Validity of Christianity," "International Relationships," "Adjustment to Community Life." Speakers are to include Dr. Marvin and Rev. Mr. Hawkins of Seattle, and Dr. Yoder of Pullman, Washington. All the discussion group leaders have not been announced as yet, but Gladys Taylor of the University of Chicago, and Katherine Seay of Corvallis, Oregon, will be present.

UNIVERSITY RECEIVES GIFT FOR PRIZE AWARDS

Mrs. W. F. Jewett of Eugene, has offered her annual prize of \$25 for the best speaker enrolled in the freshman extempore speaking classes conducted by Oscar A. Brown and Paul Patterson, and the final meet will be held on Thursday evening, May 28. Disarmament is the general subject which will be handled by the contestants.

One representative from each of Mr. Brown's and Mr. Patterson's classes will be selected to compete in the contest. They will be determined by the members of the respective classes.

One hour before the contest on May 28, the students will be given a particular phase of disarmament and will speak on it extempore at the end of the allotted time for preparation.

ZOOLOGY INSTRUCTORS VISIT SUNSET BAY

Dr. H. B. Yocum and Dr. Ralph R. Huestis, instructors in the department of zoology, made a tour of investigation to Sunset bay over the week-end. The trip was made at this time to see about making collections there at various times throughout the year.

Dr. Huestis is especially interested in a specimen of mice of the genus *Peromyscus* which is to be found there, and which differ in some respects from those upon which he has been experimenting. A thorough study of this genus of mice is being made by Dr. Huestis in which he will show the geographic distribution and effects of environment on the characters of the mice. Those found at Sunset Bay will present interesting problems which Dr. Huestis will later work out.

SAVAGE TO PRESENT PAPER BEFORE CLUB

"Evolution Literature in the American Mails Prior to the Civil War" is the title of the paper to be presented by William Savage to the last meeting of the history club for this school year to be held tonight at 7:30 o'clock in the men's room of the Woman's building. At this meeting, election of officers and members for the coming year will take place.

William Savage is a graduate of a negro college in Washington, D. C. During the past year he has been a graduate student on the campus working for his master of

APPLICATION FOR DEGREE CARD MUST BE FILED NOW

All students who expect to graduate from the University some time during the next school year must file an application for degree card at the registrar's office before the end of this term, preferably at once. Those who file these cards will receive from the registrar, during the summer, information as to what requirements they must fill and how many hours they must make before graduation.

arts degree. His master's thesis was written on the subject, "Evolution in the American Mails Prior to the Civil War." Professors in the history department say he has some valuable material to present the club.

Students to Make Biological Survey At Summer Session

Approximately ten students, are planning to attend the summer session of marine biology at Sunset Bay to be conducted by Dr. H. B. Yocum of the zoology department. Final arrangements are being made, stated Dr. Yocum. It is hoped by a process of rotation to have a comprehensive survey made of marine animals along the coast within one or two years. Next year some other place will probably be chosen for the summer work of collecting. If arrangements can be made trips will be made several times during the year hereafter as some forms show at one time and some at others, explained Dr. Yocum.

FRESHMEN DEFEATED BY EUGENE HIGH NINE

Errors Mar Short Game; Rooks Here Friday

In a six-inning game marred with errors, the freshman baseball team met defeat by the speedy young Eugene high school nine, 5 to 3, yesterday. This was in the form of a practice tilt for both aggregations. The game was fast in spots but the hitting, which was scattered, was offset by the boners on both sides.

Baker and Ross hurled good ball for the yearlings while Emmons showed a lot of stuff for the prepsters. Hits were scattered but Kuhn drew two doubles for his day's work at bat. Welch of the high schoolers connected for two bingles also.

This contest was in the form of a warm-up game for the frosh and gave coach Sorsby a lineup on his material for the coming frosh-rook games this week-end. The yearlings meet the rooks in games here both Friday and Saturday. These games will take the place of varsity tilts as the varsity is now on the road.

The contest Friday is scheduled for 2:30 while Saturday the youngsters will tangle at 10:00 and give way for the track meet in the afternoon.

Score: Eugene high school 5 6 2 Freshmen 3 7 4 Batteries: Emmons and Shrader; Baker, Freis, Ross and Caughill, Hemmingsen.

BIBLE UNIVERSITY CHOR TO GIVE CONCERT TONIGHT

The Coronation choir of the Eugene Bible university will give a concert tonight at 8:00 in the First Christian church. A capella choir of about forty voices will sing German chorals and Russian church music. The singers have attempted to reach the lofty ideals maintained by the internationally known St. Claf's choir. The public is invited to attend the concert and no admission will be charged.

STATE BOARD PONDERS QUESTION ON COURSES

While the state board of higher curricula which, Monday, heard both sides of the controversy between the University of Oregon and Oregon Agricultural college on duplication of courses, has the questions at issue under advisement, members of the faculty of the two institutions are endeavoring to make adjustments. The board adjourned late Monday to study the brief and statements of representatives of both schools. Decision is not expected for some time, said Dr. C. J. Smith, chairman of the board, which is meeting in Portland.

Differences to be decided center principally around the school of commerce and the school of journalism, it developed, for efforts are being made to settle the other issues by compromises.

1925 OREGANAS MAILED TO HIGH SCHOOLS OF STATE

One hundred and seventy editions of the 1925 Oregon "The book of a thousand pictures," were sent Tuesday by the University to the high schools of the state. These books are placed in the high school libraries for the convenience of interested students.
