

## TRACK TEAM IS BADLY CRIPPLED

### Casualties Pile Up as Pen Wilbur, 440 Man, Goes to Infirmary With Bad Cold

## KELSEY GAINING SLOWLY

### Loss of Hurdler and Relay Man Will Add Materially To Weakness of Squad

The list of track cripples piles up.

Pen Wilbur, varsity 440 man, by being confined in the infirmary with a severe cold will probably wreck the mile relay team. Wilbur in placing high in all the tryouts proved himself to be a strong runner. It will be hard to find a man to take his place in the relay team if he is not able to enter the meet with O. A. C. this week end. Wilbur, with Jim Kinney, Joe Price, and Don Cash, promised to be a winning combination in the final thriller of the afternoons program. Who Bill Hayward will use in Wilbur's place has not been decided. Wilbur had hard luck just before the Washington relays because he pulled a muscle and was unable to compete.

### Kelsey Improving

The latest reports from the University infirmary are to the effect that Walt Kelsey, star hurdler, is improving slowly. It is probable that he will be out by Saturday but he will be in no condition to do his usual fine work in his events.

The loss of Kelsey necessitates the juggling around of several members of the team. Ralph Staley is taking his place in the broad jump and the low hurdles. Francis Cleaver will substitute for Kelsey in the high jump. Cleaver was a consistent performer in the event on the fresh team.

### Weakness Found in Weight

The tryouts in the weights held yesterday afternoon brought out the fact that the team will probably be weak in the discus and shot. Some hard competition will be met by the Oregon men in several point winners on the Aggie team. In the shot put will be Mautz, Stockwell and Moore. Entered in the discus is Mautz, Eby and Stockwell.

The half mile will have some changing around since Ivan Houston reported yesterday with a lame leg. The two regulars in the event who have been fighting it out for first place all season, Guy Mauney and Fred Gerke, will enter, but the third man to enter the event is doubtful. Bill Hayward will have two more days to pick his man for the event.

### Jeffries to Enter Mile

Don Jeffries, who has been training all season for the half mile, will enter the mile next Saturday with Henry Tetz and Neidermeier. Jeffries ran with the mile relay team in the Washington relays and if he can put as much speed in proportion, into the mile as he does for the quarter he should place high up. Neidermeier is a new man on the team who shows a great deal of promise. This is his first year of varsity competition. He is beginning to develop this season.

The squad eased off training with the workout last night. From now on the team will limber up every day and keep in shape for the annual classic track struggle with the Aggies. Two more days remain before the big event for the veteran mentor to round out the squad and null the kinks as much as he can. The men, with the exception of the cripples, are in good condition.

## SATURDAY ENDS WOMEN'S CANOEING PRELIMINARIES

Saturday is announced as the last day of official practice for members of the woman's class canoeing teams. Second teams will hold elimination races next week, followed by first team races the succeeding week. Winners in these preliminary races will compete on Field Day for the trophy to be awarded at that time.

## Rocks of Siskiyou Mountains Topic Of E. L. Packard

Geologic evidence of the antiquity of the Siskiyou mountains, as seen in the rocks outcropping along the highway, was discussed by Dr. Earl L. Packard, professor of historical geology, in an article in the feature section of the Sunday Oregonian. The oldest of these rocks may date back to the Protozoic era, perhaps 50,000,000 years ago. The rocks comprising the geologic column for that region, and the geologic history they represent are interpreted. The rocks as seen by the tourist along the road are described according to their geologic history, so that "all who 'ride' may read."

## DAILY STAFF TO HAVE BANQUET ON MAY 29

### Prizes Will Be Awarded to Emerald Workers

About one hundred are expected to be present at the annual Emerald banquet, to be held Friday evening, May 29. This number includes all members of the Emerald reportorial and business staffs, during the school year, as well as a number of especially invited guests.

At this time the Emerald prizes for the best day editor, night editor, reporter, and feature writer, and for the most news tips, will be awarded. Emerald O's will be given out to members of the news and business staff. A presentation of bound copies of the Emerald will be made to the most conscientious worker. At this time also Dean Allen will present bound volumes of Dickens, the gift of Fred Lockley of the Portland Journal, to that member of the editing class writing the best paper on journalism.

Speeches will be given at the banquet by members of the faculty, student body representatives, and the old and new editors. Dean Eric W. Allen, of the journalism department, will preside.

Mary Clerin is in charge of the banquet and Sol Abramson will edit the Banquet Emerald, a tiny publication with the Emerald flag-staff, giving names of the members of the staff, printed on the back. These little newspapers will be used as place cards.

## OFFICERS NOMINATED AT CLASS MEETINGS

### Nomination of officers for the next year were made in the junior and sophomore class meetings last night at 7:15 in Villard. Elections will be held some time during the first of next week, the candidates to be balloted upon, as in student body elections.

The present vice-president of the sophomore class, Betty Beans, was appointed by Russell Lawrence, president, to have charge of the polls during the sophomore election. At the junior meeting, it was decided that the class picnic would be called off, in view of the many other social events coming before the end of the term.

Junior class nominations: President: Bob Gardner, Rodney Keating. Vice-president: Lylah McMurphy, Edna Murphy. Secretary: Mildred Bateman, Helen Webber. Treasurer: Ben Jordan, Charles Stockwell. Sergeant-at-arms: Carl Dahl, Ferdinand Kruse, Paul Krasse. Class Barber: Anna DeWitt, Adrienne Hazard, Eleanor Burtchall, Mildred Nichol, Imogene Lewis.

Sophomore class nominations: President: "Swede" Westergren, Verne Folts. Vice-president: Mary West, Lois LaRoche, Katherine Graef, Helen Pollock. Secretary: Freda Runes. Treasurer: Ward Cook. Sergeant-at-arms: Bob Neighbor, Cliff Powers.

## HELPERS NEEDED FOR PROM WORK

### All Men Urged to Report At Armory During Spare Time Today and Friday

## HALL TO BE DECORATED

### Men Advised to Purchase Tickets to Dance At Once Says Sherman, Chairman

Additional help is needed to assist in the decoration work for the Junior Prom, according to Fred Martin, general chairman of the construction work.

Every junior man, who is not actively engaged in work on another committee for Junior Week-end, is expected to appear at the Armory today. Chairmen of the various committees will be there all Thursday afternoon and evening, to direct the work.

As there will be no classes all day Friday, work will begin at the Armory immediately after lunch today, and will continue all Thursday evening. If members of the junior class wish to see all of the events scheduled for Friday and Saturday, it is imperative that they assist with the construction work today. There is sufficient work to keep between twenty and thirty men busy all day and evening; so each house is expected to keep representatives at the Armory all of the time.

The designing and making of the hangings for the orchestra pavilion and the punch booth have been completed. Anna DeWitt has charge of this work.

All of the girls who have been asked to assist Constance Cleaver are urged to co-operate with her in the preparing of the tapestries for the walls.

The various units of the work assigned to the different women's organizations by Jane BoDine is well under way, according to a report made yesterday. All members of the decorations committee are asked to be at the Armory at every hour possible this afternoon and evening to assist in the directing of the workers.

"Babe" Sherman, chairman of the tickets sale, announced that the tickets have been distributed to the various men's organizations and at the Co-op. All of the men who have not purchased their Prom tickets yet are urged to do so immediately. The sale of tickets, it was said, has been progressing rapidly; and judging by the total sale of tickets so far, the attendance at the Prom this year will be unusually large.

## MU PHI SCHOLARSHIPS OPEN TO COMPETITION

### May 27 is the date set by Mu Phi Epsilon, national musical fraternity for women, as the last day it will accept written applications for the two scholarships to be granted this year by the fraternity. All applications should be addressed to Lora Teshner, chairman of the scholarship committee, at the school of music building. These applications, if accepted, will admit the women students to the try-outs, which will be held the latter part of the month.

Following is the information which should be covered in the application: year in college, present address and phone number, previous musical training, whom studying with at present time, intentions after finishing school, financial help needed, etc. The scholarships will be granted in either piano, voice, or violin, and the award will be in the form of a loan covering a year's study, of one lesson a week, while the faculty will cooperate with Mu Phi Epsilon by giving the scholarship holders a second lesson weekly, gratis.

In this manner it is hoped by the fraternity to assist two worthy students in continuing their study.

(Continued on page four)

## History Repeats Itself in Reviews Of Famous Debates

The advanced public speaking class was jarred from its usually decorous and staid procedure yesterday by a rather funny incident. It was this way.

The class has been reviewing the Lincoln-Douglas debates, giving the speeches in a summarized form. A member of the class presided, and all should have been calm,—as could well be imagined.

But unfortunately, "there's many a slip" and things do not always work out as planned. The representative of Stephen A. Douglas arrived early that day. He looked stealthily around. No one was in sight.

When the class assembled it was startled to behold the white plaster bust of Lincoln, which usually reposes on a shelf in Villard, serenely above the student life which surges about it, placed upon a pedestal on the front of the rostrum, wearing a freshman's green cap perched rakishly over one ear. The contrast was startling.

"Stephen Douglas has indeed set Lincoln upon a pedestal," said the chairman. "History repeats itself!"

## BENEFIEL RE-ELECTED AS GRADUATE MANAGER

### Councils Hear Duties of New Officers Explained

The newly elected officers of the student and executive councils met with the old officers at the last meeting of the respective bodies last night. Randall Jones, president of the student body, outlined the duties of the new officers at the student council meeting and likewise at the executive council meeting.

The main business of the executive council, concerned the unanimous re-election of Jack Benefiel as graduate manager for next year. The council expressed approval of the work which Mr. Benefiel has done, in his capacity as graduate manager for the last five years.

The student council discussed the ruling against guests being entertained on the campus during Junior Week-end. No interpretation has been made of the term "guests," the council did not arrive at any conclusion in this regard.

## FIELD DAY PLANS NEARING COMPLETION

Plans for Field Day are rapidly nearing completion, according to a statement issued by Janet Wood, general chairman of the affair. June 6, has been determined as the date for this annual campus event. The entire day will be devoted to formal closing of the women's sport season. Awards, including letters (given for 500 points), stripes, and sweaters, will be made at this time.

Hockey, tennis, archery, baseball, track, canoeing, a dance demonstration, and some special features in horseback riding are to be items of the program for the day. A picnic supper is being planned for all participants, including committees.

## MU PHI ENTERTAINS FOR MRS. JANE BURNS ALBERT

Mu Phi Epsilon entertained last Saturday with a luncheon at the Anchorage for Mrs. Jane Burns Albert who was the soprano soloist in the "Creation," an oratorio, given Friday and Saturday by the Eugene Oratorio society. Mrs. Albert is a member of the University of Washington chapter of Mu Phi Epsilon, and is now a member of the Portland Alumni club.

**ATTENTION!** Officers of the student body! Will the new and old officers please meet behind the stage in the women's gymnasium, at 10:55 today. (Signed) RANDALL JONES.

## DRAMA ENTICES PORTLAND FOLK

### Artists and Society Women To Be Campus Visitors For Art Events, May 27

## SETS PLANNED BY ZANE

### 'Lake of the Swans' to Have Dancer from Eastern School; Cast Talented

The Portland art class whose members include some of Portland's most prominent artists and society women will be among the out-of-town visitors here, May 27, for Jury day and the Dance Drama. Mrs. H. C. Wortman, who is president of the art organization, recently received honorary membership in the American Institute of Architects. She is the second woman in the United States to win this distinction. Mrs. Wortman is also chairman of the Portland Art Commission, which will make a study of Oriental art next year.

Work on the backdrop for the "Lake of the Swans," one of the dramatic intervals in the Dance Drama, has begun under the direction of Professor N. B. Zane, of the art department.

Setting, Marvel of Beauty No effort is being spared by the art and physical education department to make the setting for this act, a marvel of sheer beauty. There is a ruined Grecian temple in the background. A statue can be seen between the lofty Doric columns. Five water nymphs, in a soft film of delicate colors rouse themselves from the broad steps of the temple as the curtain rises, and dance at the edge of a tranquil lake in the foreground.

A fountain in the like catches and reflects all the colors of the rainbow as its waters flash and fall in the sunlight. The fountain is a spectacle of glancing colors. Three swans float in the lake.

Swan Dance Featured One of the features of the Dance Drama is the swan dance by Neva Service, who has recently returned from a period of study in the East. This dance interprets the traditional death song at the close of a swan's life.

The cast for "The Lake of the Swan," which includes many names known beyond the campus for dancing talent, is as follows: Neva Service, Maryann Hanson, Belle Taggart, Doris Parker, Louise Wise, carver, Augusta Hamilton, Bernice Lamb, Kate Lambert, Betty Lewis, Beatrice Fish, Janet Wood, Charlotte LaTourrette, Maude Schroeder, Louise Bartlett, Edith Pierce, Alene Larimer, Grace Potter, Margaret Stahl and Beatrice Peters.

## FOUR TEAMS TO VIE IN ELIMINATION CONTEST

Four teams will vie today and the outcome of this meeting will determine who will form the nucleus of the final doughnut baseball game to be played Saturday at 4:30. The winner of this tilt will carry the intra-mural horsehide honors for the oncoming year.

In the first elimination contest to be played today Beta Theta Pi will struggle with Sigma Nu for supremacy in the semi-finals. This contest is billed for 4 o'clock on the famous old varsity battleground, cemetery ridge diamond. The second tilt will be a battle between Phi Gamma Delta and Bachelor at 5:30 on the same field. The winner of this game will be eligible to tackle the winner of the first contest in the final encounter Saturday.

So far these four teams represent the only unbeaten aggregations in the doughnut league, all other teams having been defeated at least once, which automatically eliminates them from further competition.

According to the rules and regulations covering the playing of these doughnut games, the semi-finals and final games are to be of seven inning duration.

## Washington Wins From Varsity By Score of 10 to 5

Seattle, Wash., May 20.—(Special to the Emerald)—University of Washington took a commanding lead in the first three innings of its baseball game with Oregon today, and scored enough runs to beat the Webfooters, 10 to 5. Fred Harrison, of Oregon, was relieved in the third inning after seven runners had crossed the pan, and Brooks, who replaced him, pitched one inning.

Carl Knudson was on the mound for Oregon the rest of the game, and, although Washington nipped him for two runs in the seventh, he pitched well. The Washingtonians went on a batting spree in the first inning and scored three times on three home runs.

Reinhart, outfielder, was the batting star for the visitors, making a homer, a double and a single. The Webfooters fielded well, making only two bobbles.

Score: R H E Oregon .000000311—5 8 2 Wash. .30410020x—10 14 2 Batteries: Oregon, Harrison, Brooks, Knudson and Bliss; Washington, Jones, McKenzie and Walby.

## EXECUTIVES TAKE OATH AT TODAY'S ASSEMBLY

### Student Activities Awards Will Be Presented

All retiring officers, as well as the new officers of the A. S. U. O. will be provided seats on the stage at today's assembly, in recognition of the services they have rendered the student body.

The newly elected officers will be qualified for their term of service after the administration of the respective oaths of office at today's meeting.

One of the impressive features of today, following the inauguration, will be the official presentation of awards for music, forensics, and men's athletics. Awards for women's athletics will not be presented until Field Day, later in the term.

Participants in such activities and the student managers are eligible for awards, which in the case of varsity football, track, baseball, tennis, basketball, wrestling, and swimming take the form of letters. Managers of the sports receive the same letters as the team members, with an "M" enclosed by and attached to the "O".

Members of the varsity cross country team must win the Pacific Coast conference cross country contest, and the members of the tennis teams must win their matches on Pacific Coast or Northwest conference teams in order to obtain their emblems.

The award given for debate and oratory consists of a gold block "O". A shield is presented to any one representing the University for two years, or who has won three official emblems.

Members of the men's glee club, the women's glee club, and the orchestra also receive gold emblems, each having its distinguishing features. Students in the R. O. T. C. band receive sweaters in recognition of their services.

Th awards will be presented by the coaches or the directors of each activity.

## DR. ERNST WILL BE ABSENT FROM CAMPUS NEXT WEEK

Dr. R. H. Ernst will be in Portland next week as an examiner at Reed college, and will be unable to meet his world literature classes on that account. He will be absent Tuesday, Wednesday, Thursday and Friday, but students should be present for examinations according to the following schedule. The examination schedule for today in first year world literature will be postponed until next Thursday, and the second year class will report on next Wednesday.

## FLOATS' NAMES NOT REVEALED

### All Reserve Tickets at Co-op And Kuykendall's Drug Store Practically Sold

## FETE SET FOR 8 O'CLOCK

### Strings of Lights Installed Under Water; All Colors Available for Spotlights

The names of the floats which will be entered in the canoe fete Friday night by the various campus organizations will be kept a secret until the night of the fete, said Clarence Toole, canoe fete chairman, yesterday.

The floats will consist of a great variety of floats, some of which will be rather mystical in nature. The names will be printed on the programs, which will be distributed at the fete.

Lights Are Installed One long string of lights has been installed under the water and in the middle of the race, as well as a second string at the side of the race. Two spot lights have also been installed, and the committee on lighting spent yesterday testing them. It will be possible to have any colors at all used in the spot lights, so a request has been made that any houses which have not as yet turned in a list of the colors they wish thrown upon their floats should do so immediately. The list of colors is to be turned into Toole.

Members of the Oregon Knights will assist the juniors in ushering at the fete. Because of the large crowd that is expected to attend, a number of ushers is necessary in order that the seating of the audience may be done as quickly and easily as possible.

A number of the houses are holding informal dances following the canoe fete Friday evening. The houses which have been working together on the same float will, in many cases, have planned a dance at one of the houses.

Tickets Sell Rapidly Only a very few of the reserved seat tickets are left, it was reported yesterday. Practically all of the tickets at the Co-op and at Kuykendall's drug store were sold by yesterday, and those who desire reserved seats are warned to buy their tickets immediately.

As all of the floats are to be in the water by 6 o'clock Friday, in the order they are arranged on the program, the fete is expected to start promptly at 8 o'clock. A committee will be at the starting place on Friday to see that all floats are entered in the correct order.

## LASSELLE TO STUDY FOR DOCTOR'S DEGREE

Percy A. Lasselle, graduate assistant in the chemistry department, under the direction of Dr. Roger J. Williams, professor of chemistry, will leave for the University of Chicago this July to study for his doctor's degree. He took his master's examination Thursday, and will receive his master's degree in chemistry from the University this June.

For his thesis, Lasselle accomplished a continuation of some work which has been published by Dr. Williams and Hugo Reed, who received his master's degree last year, the title of which is, "A study of the highly reducing substances occurring in fresh wood distillate." The thesis will be published in the "Journal of Industrial and Engineering Chemistry" in the near future. In addition to this, Lasselle has finished three other smaller pieces of research work which will soon be published.

Lasselle received his B. A. degree from the University in 1921, and recently has been elected to Sigma Xi, honorary scientific fraternity. He will be initiated Saturday night. According to Dr. Williams, Lasselle has the honor of being the first regular student who has been elected to Sigma Xi since the chapter was installed.
