

FROSH PARADE AND MIX TO BE ONE BIG EVENT

Student Council Votes To Cram Full Action Into Four Hours of Saturday

Early Opportunity Given to Imbue New Classes With Spirit of Old Oregon

A combination of the annual frosh parade and underclass mix next Saturday morning is a result of the student council's action taken Friday September 25. The parade will start with an assembly of the class of 1929 at the 'O' on Skinner's Butte at 9 o'clock. The mix will be held on Hayward field immediately after the parade.

With these two great freshman events to be held together, next Saturday looms as one of the most exciting times of the year both for the Frosh, who are the victims, and the members of the other classes, who are witnesses, of the demonstration.

While neither the parade nor the mix will take as long as formerly, it is planned by the junior and sophomore committees in charge to condense the program into the limited time so that there will be as much action in four hours as there has been formerly in twice the time.

Mix Committee Named

Fred West, appointed by James Johnson to act as chairman of the junior class committee in charge of the mix, has selected Al Westergren, Carl Johnson, George Mimmnaugh, Bob Love, Bob Neighbors, Bud Christianson, Rex Adolph, Proctor Flannagan and Joe Price, to handle all arrangements.

Sophomores, headed by Arthur Prialux as chairman and Jack Hempstead, Bob Keeney, Fred Joy, Bill Pendergast, Calder McCall, Howard Dilg and John Sherman, have charge of arrangements for the frosh parade preceding the mix. To-Ko-Lo, men's sophomore honorary society, met last night at the College Side Inn to perfect the organization of the parade as it has done in former years.

Dean Walker Helps

Dean Walker, freshman class adviser, is also assisting in the work of putting over the big combined event. Mr. Walker was a member of the committee which, headed by the late President Campbell, helped originate the first underclass mix years ago. Since then, both the mix and parade have become traditional annual features of underclass activities.

"There are two or three angles to the new program," said Dean (Continued on page three)

ORCHESTRA TRYOUTS WILL BE HELD FRIDAY

Students desiring to try out for the University orchestra will be given an opportunity to demonstrate their ability Friday afternoon at 5, and Saturday morning from 10 to 12 o'clock in the school of music, Rex Underwood, director, said yesterday. There is no limit as to membership provided the aspirant can comply with the requirements in musical knowledge of the instrument.

Musicians in all sections of orchestral instruments, excepting the saxophone, are urged to try for positions. Each person is required to bring his own instrument and music of his own choosing which he will be asked to play.

Expert training in orchestral work is offered under Mr. Underwood, who is a member of the faculty of the school of music, and who has directed the orchestra for the past few years. It is expected that there will be a large number trying for positions, and with the return of many of last year's members, the year should be very successful. Several concerts are being planned, and a trip for the last part of the year is anticipated.

Walter Malcolm Calls Meeting Of Frosh Committees

A meeting of the newly nominated committees for the freshman class officers has been called by Walter Malcolm for 5:00 this afternoon in room I in the basement of the Administration building.

Members of committee number one are: Joe Halliday, chairman; Margaret Wood, Lorraine Pierce, Joseph McKeown and Richard Robinson. Committee number two consists of Gladys Sleiger, chairman; Jeff Bean, Edward Sladter, Geraldine Spence and John Gailey.

FRESHMEN LOW IN GYM TESTS

Brown, Coles Tie Firsts in Physical Ability; Ord Second by Single Point

High Scoring Men Make 88 Records Show Yearly Falling Off Since 1921

Joe C. Brown, of Redmond, and Laselle Coles, of Haines, tied for high-point honors in the recent physical ability tests with 88 points each. Arthur Ord, of Nampa, Idaho was close behind with 87. The high mark was far below that of last year, when Vic Wetzel scored 103 points, and still farther below the freshman record of 119, made by Eugene Richmond in 1922.

The school record is held by Haddon Rockney with 131 points, made in 1921. Ralph Spearow, ex-varsity and Olympic pole vaulter, made 136 points, but this record does not stand because he did not take the swim.

Other Scores Low

The other freshman marks of this year are considerably below last year's scores. No record was equaled or broken. Of the total of 255 entrants in the competition, 87, or nearly one-third, failed. One hundred and sixty-eight passed and are eligible to participate in any form of supervised athletics sponsored by the University.

Dwight Kircher made the two-lap run in 23 seconds flat—eighth-tenths of a second behind the record held by Gilbert Hermance. Edward Finley made the best time in the swim—with one minute, nine seconds, holds the record. Arthur Ord came within six-tenths of a second of the record held by Alvin Hills, by climbing the rope in nine seconds. Ralph Spearow holds the high jump record with a mhe of six feet, and Donald Woodward is premier bar vaulter with a height of six feet, 10 inches.

High Scores Listed

The high-point men follow:

Joe C. Brown	88
L. Coles	88
Arthur Ord	87
Curtis Dyer	84
Belden Cheshire	83
Laye McGee	83
Ernest McKittrick	83
Joe J. Standard	79
Theodore Pope	79
George Burnell	77
Raphael Raymond	77
M. D. Collins	76
Ronald Blakesley	75
Ray M. Rankin	75
F. Greulich	73
Howard Dixon	73
Robert Green	73
William B. Souther	72
Aubrey Walker	69
Leonard Thomson	69
Gerald Acklen	67
Malcolm Holmes	66
A. Boyden	66
Arvie Ostrom	66
Ira Woodie	65
Tom Bunn	65
Chester Rhodes	63
L. Maxwell	63
Chalmers Nooe	63
Neil Eddy	62
Henry Neer	60

CHANGED LINEUP TO FACE WINGED 'M' SATURDAY

First Game of Season Will Find Many Second String Men Replacing Veterans

Absence of Pep and Fight In Recent Scrimmages Attributed to Wet Field

The ranks of the Oregon varsity will lack some of the familiar faces next Saturday when Oregon meets Multnomah and it is probable that a half dozen lettermen will warm the bench. This year's squad starts off with a startling shakeup in the lineup for the reason that the second stringers are doing better work than the lettermen in most cases.

The team which was announced to start the game after last night's and Monday night's scrimmage will have Louie Anderson as pilot, Lynn Jones as full back, Fred Harrison, and Vic Wetzel halves with Beryl Hodgins alternating and probably starting the game.

Scrubs Hold Varsity

The line will have Captain Bob Mautz at right end, Ed Grant, formerly of Gonzaga at the other side of the line. Gene Shields and Harold Harden will handle the guard positions. Bert Kerns, Al Sinclair and Bert Gooding will get the call for tackles and Carl Johnson will play at center.

Last night the varsity pounded the scrubs with no gain. The first rain of the year made the field soggy and the practice was listless. The men lacked the punch and drive which the coaches have been trying to put into them. Not only did it dampen the temporary practice, but it puts a damper on the high prospects for the season.

Shakeup New Policy

This startling shakeup is entirely consistent with the new policy of the coaching staff. There will be no regular varsity team. From week to week the team will be picked just before the game at the regular scrimmage on Wednesday. These men will be put thru the preliminary work for the game and started in it.

Just now at the beginning of the third week of practice it is evident that a lot of work has to be put in on the varsity to round it into a perfected scoring machine. Dick Smith, head coach, has a big job on his hands and he needs support.

Coaches Stress Fundamentals

Baz Williams, starting his first year as varsity line coach, is working wonders with the line in grounding them in the proper fundamentals. Bill Reinhart is getting the backfield organized on their functions, in fundamental practice the men are doing fine but they lack the drive and the fight to put spirit into the squad.

Last night the team which will be entered against Multnomah scrimmaged for a half hour in the pouring rain against a second team made up of Pete Motschenbacher, full back, Arnie Kiminki and Eino Puusti, halves and Parley Stoddard quarter; a line made up of Nick Carter center; Walt Socolofsky and Harry Leavitt, guards, Ed Warren and H. Mangum, tackles.

ANNOUNCING

THE SEVEN SEERS

TO APPEAR FREQUENTLY AS
AN EDITORIAL FEATURE IN
THE OREGON DAILY EMERALD

ON the evening of Thursday, September 26th, there occurred in the East Tower of Deady Hall, an explosion. When the smoke, which was of strange colour, had cleared, Seven Seers were seen grouped about a council table. Where they came from, no one knows. Where they are going, no one knows. But for a time—possibly short, possibly long, they are to make a report of their proceedings and opinions in a column of the Emerald.

These men, even though they never wear long white robes, and ponderous beards, and strange hats, are fair minded; and they will appreciate contribution from campus folks.

WATCH FOR THE ELECTIONS

Odd Specimens Of Aquatic Life Biologists' Quest

Exhibits To Be Shown During School Year

Up at four, to beat the tide; tramping about the beach all day in pursuit of queer-looking creatures; assembling at night to discuss the fruits of the chase—this was the daily program of thirteen weeks at Sunset Bay near Marshfield, under the supervision of Dr. H. B. Yocom, acting head of the biology department, last summer. About 225 different specimens of every kind of sea animals were collected and identified.

The party carried on part of its work at South Slough, about three miles from camp. Most of the edible varieties of crabs were obtained there.

While this summer's camp was a new experiment for the biologists, it proved so successful and so enjoyable that it will probably be an annual affair. The specimens obtained will be on display later in the year.

BIG SISTER MOVEMENT AIDS FRESHMAN GIRLS

Women's League Sponsors Event During Year

The Big Sister movement which is being forwarded on the Oregon campus for the first time this fall has so far proved itself to be a good thing, according to Dean Estler and other authorities interested in the welfare of the University women.

The purpose of this enterprise, which is being carried on as an activity of Women's League, is that each girl have, during her freshman year, an upper classwoman adviser, or "big sister," to whom she may turn for advice or help of any kind. The work is carried on under the leadership of a chairman appointed by the president of Women's League. Immediately under the chairman are ten captains, and under each captain are ten lieutenants. The latter are the Big Sisters, and upon them depends much of the success of the movement. The organization consists altogether of more than one hundred upper-class women.

Movement Promotes Democracy

The idea of Big Sisters for freshman girls was really started in a small way last year. A week or two after school started a Big Sister tea was given in the Women's building, to which every upper-class woman took a freshman girl. However, the affair ended with that. This year the Big Sister movement is to extend throughout the whole year.

BIG EMERALD MEETING PLANNED FOR FRIDAY

All students aspiring to positions on the Emerald staff would do well to attend the meeting of the staff that will be held at 5 o'clock Friday afternoon in room 105 on the second floor of the Journalism building. Members of the faculty and editors of the paper will speak. Plans for the year will be discussed. Staff appointments will be made in about two weeks.

RECORD BROKEN IN NUMBER OF NEW STUDENTS

Compilation of Figures At Registrar's Office Shows Large Increase

Departments In University Filled To Capacity; New Class Sections Planned

The largest enrollment of new students in the history of the University is indicated by the latest figures obtainable from the office of Carlton Spencer, registrar of the University of Oregon. Nearly every department in school is experiencing difficulty handling the increased numbers that are signing for their courses.

The total registration of new students at a late hour last night was 1077 as compared with 935 on the same day last year. This is an increase of some 142 over last year's enrollment and it will undoubtedly be materially increased by the end of the week when it is expected the bulk of the students for this term will have signed up.

List Includes Freshmen

Of this total of new students about seven-eighths are freshmen. The number of new students includes transfers from other schools throughout the country as well as a liberal number from outside states who have never attended any school before. The total of new and old students registered will not be compiled until later in the week but from all reports it will show a large increase over last year, which was a record year.

Never in the history of the University have conditions been so crowded in class rooms. The classes in the school of liberal arts are giving the University authorities more trouble than in any other school in arranging for extra sections and extra instructors to care for these sections.

FORMER PRESIDENT STUDIES AT COLUMBIA

John MacGregor, former president of the associated students, who is studying law at Columbia university, makes his home at the International House for foreign students, according to a letter received from him recently by Mrs. Anne Landsbury Beck of the school of music. Less than one-fourth of those living in the House are Americans, MacGregor wrote. Francis Taylor, University of Oregon graduate, who has been at the Columbia law school for a year, is his roommate.

MacGregor left Eugene about September 5 for Los Angeles, where he remained three days. He visited in Long Beach with Mrs. W. L. MacKnight, sister of Mrs. Beck and of John J. Landsbury, dean of the school of music, and from there went to New York.

Besides being student body president in his senior year, MacGregor has been president of the Craftsman's Club, campus Masonic organization, since its establishment, resigning his office this year to continue his studies in the East. He is a member of Alpha Tau Omega fraternity; Friars, Alpha Kappa Psi, commerce fraternity; and Phi Delta Phi, law fraternity.

Since his graduation two years ago, MacGregor has been studying law in the University of Oregon school. He plans to be graduated from the Columbia school of law next June.

All former glee club members are asked to report back of the stage in the Woman's building at the regular assembly hour on Thursday.

The combined glee clubs, will sing the "Oregon Pledge Song," as has been the custom since 1919, at the opening assembly.

Frosh Bibles Out Extra Copies Are At Friendly Hall

Hello books were distributed to the freshmen at their assembly yesterday afternoon. These books contain information designed to help familiarizing the new students with the campus and activities. More were printed this year than last to accommodate a larger class. Additional copies will be on hand at Jack Benefiel's office in Friendly hall.

WOMEN'S SPORTS TO BE ON COLOR TEAM PLAN

Swimming and Volleyball Open Monday

A women's volunteer sports committee will handle the color team plan for competition in women's sports this year. This plan was adopted as the result of a counsel meeting held Monday evening at which Janet Woods, president of W. A. A., Elizabeth Launsbury, head of swimming, and instructors in physical education were present.

This committee will be composed of representatives from all living organizations on the campus. The members will disseminate information concerning the new competitive scheme, and will encourage women on the campus to enter into competitive sports.

The fall sports, volleyball and swimming, will be open to voluntary competitors Monday. All sports are to be on a class basis. There will be no more competition between houses, but voluntary competitors will be placed on color teams by class managers. These teams, composed exclusively of members of the freshmen, sophomore, junior or senior classes, will compete among themselves, and then with teams of the other classes. Although there will be no maximum number of teams a class may put out for a given sport, a minimum number of teams will be set as soon as the new plan is under way.

This new plan puts all competition on an individual basis. All affiliations will be disregarded. This plan was adopted by a majority vote of the W. A. A. last spring when the problem of competing with houses which had exceptional athletes became acute. Certain living organizations had acquired track teams, and by their unfeeling good fortune in winning meets were discouraging all competition. W. A. A. and the faculty of physical education took the matter in hand. It was finally decided to substitute for interhouse competition, voluntary competition.

FORENSIC PROSPECTS BRIGHT, SAYS COACH

Forensic prospects, with virtually all of last year's varsity debaters on the campus, point to a successful season, according to J. Stanley Gray, new head of the public speaking department.

A different men's squad will debate each question, giving eight men an opportunity to debate instead of four. The women's team will probably use the same question throughout the season. The only change in schedule is the possible substitution of a women's triangular debate with Washington and Idaho for the usual Oregon-Washington contest.

The first varsity event will be the Pacific Coast extempore speaking contest to be held in November at Pullman, Wash.

J. Stanley Gray has come to the University after two years as instructor in public speaking and debate coach at Gustavus Adolphus college in Minnesota, and one year at the University of Minnesota. Robert D. Horn, also a new member of the public speaking department, was an instructor at the University of Michigan for two years.

OLDEST LOCAL AT OREGON JOINS CHI PSI LODGE

Bachelordon Residence On Hilyard and Mill Race Used As Living Quarters

Union Comes As Surprise To Fraternity Circles Upon University Campus

Consolidation of Alpha Eta Delta of Chi Psi, and Bachelordon, University of Oregon fraternity into one fraternity, Chi Psi, was announced by James Forestel, president of Chi Psi, on Wednesday, September 23, the day before registration. The union of the two houses, an unusual procedure in fraternal circles, was a complete surprise to the campus. The consolidation has already taken place, the Chi Psi lodge having been moved to the former Bachelordon house on Hilyard and the Mill race. The former lodge on 877 E. Eleventh street will be disposed of as soon as arrangements can be made.

Move Thought Advantageous

All active members of Bachelordon returning to the University this fall have pledged Chi Psi. Forestel, in giving the reason for the consolidation stated that both organizations felt that the move would be mutually advantageous.

Bachelordon, the oldest local fraternity on the campus, was founded in 1919 by a group of ex-service men returning to the University in a period of rapid expansion. The fraternity entered a petition to Delta Kappa Epsilon immediately, and has been actively engaged in furthering its petition ever since that time.

Alpha Eta Delta chapter of Chi Psi was granted in 1921 to the Esmeralda club which had been founded two years previously.

Chi Psi, founded in 1841, at Union College, Schenectady, N. Y., is one of the oldest national college fraternities, and is known as an eastern conservative fraternity, maintaining but 24 active chapters. On the Pacific coast, chapters have been installed at Oregon, Washington, California and Stanford.

New Members Listed

Following are the former Bachelordon who have pledged Chi Psi: Seniors, Fred Martin, Paul Patterson, Edward Grant, Herbert Graham, Thomas McGinnis, Edgar Bohlan, Edward Miller and Raymond Moeser; Juniors, Robert Neighbors, Henry Hall, Earl Stocum and Thomas Mahoney; Sophomores, James Elliott, James De Pauli, William Prudhomme, George Karschner, Murray Burns, Howard Dilg, Homer Fitzsimons.

Eleven active Chi Psi's returned to the University. They are: James Forestel, Robert Boggs, Calder McCall, Frank Soule, Jack Crandall, Jack Reinshaw, Jack Marshall, Miller Chapman, Don Giddy, Clarence Smith, Earl Olsen.

PRESBYTERIANS HAVE NEW CAMPUS HOME

Westminster House, new manse of Rev. Bruce J. Griffen, Presbyterian University pastor, situated at 14th avenue and Kincaid street, completed during the summer months at a cost of nearly \$25,000, is the first structure of its kind on the Pacific coast. The House is headquarters for the work done on the campus by the Presbyterian church, rated as the largest religious organization at the University. Westminster House is the only building of this nature in the states owned by the Presbyterian church.

F. Manson White, Portland architect, designed the House, a rambling structure in which the English cottage style is naturally carried out with the use of stucco and shingles, in cream and a rich brown color scheme.
