

CAMPUS WOMEN TO VOTE ON APRIL FROLIC TODAY

Class Stunts May Replace House Competition

"Shall April Frolic be changed so that only four big class stunts are given instead of the inter-house competition which has arisen as the result of each house being represented?"

This is the question which will be put before the women of the campus this afternoon at the first mass meeting of the year, which will be held at Villard hall at 5:10.

"There are many advantages to this proposed change," declared Anna DeWitt, president of Women's League, in an interview yesterday. "First it will eliminate much useless work on the part of girls in the different houses which interferes with their school routine, and often affects too heavily a demand upon individuals. I believe also that it will further democracy because the girls will work in a broader group rather than their own customary circle of friends."

"Just as much money can be made," Miss DeWitt continued, "because, with the talent of a whole class at the disposal of the affair, instead of one small group, we should be able to put on much more clever stunts."

"The evening as a whole will not be changed," Miss DeWitt explained, "There will be the usual costumes and dancing, and the cup will be awarded to the class instead of the house. Of course these class stunts would be allowed more time, so the evening's entertainment would be the same length as before."

Dr. Wilmoth Osborne, who is filling the vacant place of Dr. Bertha Stuart, campus women's doctor, will give a talk. Dr. Osborne is a graduate of Reed College and the University of Oregon Medical School. Miss Lydie Coghlin, beneficiary of the Women's League scholarship for this year, has also been asked to talk to the girls.

Violet Mills will sing two vocal selections and Esther Church will close the meeting with a piano solo. All women on the campus are asked to attend this meeting.

KIRK CHOSEN DELEGATE TO SCRIBE CONVENTION

Hal Kirk was chosen Oregon delegate to the annual convention of Sigma Delta Chi, men's national

honorary journalism fraternity, at a meeting of the members Tuesday. The convention will be held at the University of Colorado, Boulder, Colorado, November 16th to 18th. Mr. Kirk is president of Sigma Delta Chi.

Ted Janes attended the convention last year as Oregon representative at the University of Indiana.

Harold Hunnicutt was elected secretary of Sigma Delta Chi to take the place of Sol Abramson, who resigned because of his duties at the Emerald.

TRYOUT FOR SECOND ORCHESTRA TO BEGIN

Owing to the wealth of new material on the campus this year, and to fulfill a long felt need, a second orchestra will be organized immediately, is the word given out by Louis Artau, assistant professor of piano who will be in charge of the new organization.

It is the plan of the department to train these people for the University orchestra, and as soon as vacancies occur they will be filled by those in the second orchestra who have attained the necessary proficiency. This will afford unlimited training in instrument parts in ensemble playing and orchestral experience to many who would otherwise not be in a position to get it. It will also add greatly to the success of the University orchestra in building up material for this organization.

Applicants for positions on the second orchestra should report to Mr. Artau as soon as possible, and tryouts will be held next Monday, Wednesday, Thursday and Friday at five o'clock, in the school of music. All who play orchestral instruments with any amount of proficiency are urged to tryout.

LECTURE COMMITTEE ENGAGES NOTED MEN

Amundsen, Anderson, And Jordan To Come

Sherwood Anderson, noted author and critic, has signed a preliminary contract accepting the invitation of the University committee on intellectual activities to give a lecture on the campus this winter term. Wilbur Hayden chairman of the lecture course committee, announced yesterday. The exact date of the lecture has not been decided upon.

Plans have been made to bring Roald Amundsen, important as an arctic explorer, and David Starr Jordan, Chancellor Emeritus of Leland Stanford University, to the campus also this year. Definite an-

nouncements will be made concerning their lectures soon.

Sherwood Anderson is one of the most widely read authors of the day, "Story Tellers Story" and "Dark Laughter" are two of his popular books. He is considered one of the most modern of the modern writers, states the lecture committee. Students are seldom privileged to meet and hear so interesting a man speak.

This lecture course is not under

the auspices of the associated students, as has been stated before. To cover the expenses it will be necessary to sell tickets to students and townspeople alike. These may be in the form of season tickets.

PROGRAM COMMITTEE NAMED

Juanita Kilborn, a junior, has been chosen chairman of the student body program committee of the University high school by Wilbur S. Adams, president.

Do You Know? "HOW TO STUDY"

The Students' Hand-Book of Practical Hints on the Technique of Effective Study

by WILLIAM ALLAN BROOKS

A GUIDE containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing MAXIMUM SCHOLASTIC RESULTS at a minimum cost of time, energy, and fatigue.

ESPECIALLY RECOMMENDED for overworked students and athletes engaged in extra curriculum activities and for average and honor students who are working for high scholastic achievement.

SOME OF THE TOPICS COVERED

Scientific Shortcuts in Effective Study
Preparing for Examinations
Writing Good Examinations
Brain and Digestion in Relation to Study
How to Take Lecture and Reading Notes
Advantages and Disadvantages of Crammering

The Athlete and His Studies
Diet During Athletic Training
How to Study Modern Languages
How to Study Science, Literature, etc.
Why Go to College?
After College, What?
Developing Concentration and Efficiency
etc., etc., etc., etc., etc., etc.

WHY YOU NEED THIS GUIDE

"It is safe to say that failure to guide and direct study is the weak point in the whole education system." Prof. G. M. Whipple, U. of Michigan.
"The successful men in college do not seem to be very happy. Most of them, especially the athletes, are overworked." Prof. H. S. Ganby, Yale.
"Misdirected labor, though honest and well intentioned, may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this, his labor may be largely in vain." Prof. G. F. Swain, M.I.T.

"To students who have never learnt 'How to Study,' work is very often a chastisement, a flagellation, and an insuperable obstacle to contentment." Prof. A. Inglis, Harvard.

"How to Study" will show you how to avoid all mis-directed effort. Get a good start and make this year a highly successful one by sending for this hand-book and guide NOW.

HALLOWE'EN

Favors and Decorations

No time lends itself more to decoration and festivities than Hallowe'en, and it's the new, the original, in color and arrangement, that makes a party successful on this witching eve. Besides the regular decorations we have a very nice line of Festoons for this particular occasion, regular Hallowe'en colors. New on the market this year and you will want a supply.
